MOTIONS AND RESOLUTIONS

Mr. Weir:

Mr. President:—I think it advisable to make a few explanatory remarks regarding the proposed contract with the University of Pittsburgh for leasing part of the Municipal Hospital for the School of Public Health.

This proposed contract embodies the agreements reached by the sub-committee composed of Mr. Duff and you and myself with Dr. Parran and other representatives of the University.

In behalf of our Committee, I wish first to dispel any possible fear that this arrangement will in any way impair the usefulness of the Municipal Hospital in the event of an epidemic of some contagious disease. At the present time we have extra space for such a contingency in the Municipal Hospital, but the possession of this space alone does not mean much.

The more important thing is the availability of trained personnel to take care of the work when an epidemic occurs. When the School of Public Health occupies a part of the Municipal Hospital, this trained personnel will be present in the building, and Dr. Parran assures us that they would join in the work that would be required.

This is only natural since an important phase of the school's program will be teaching control of communicable disease.

The space at the hospital will still be available in an emergency, since a large part of the school's equipment

will consist of movable classroom desks, etc.

Therefore, the Municipal Hospital will become a more effective instrument potentially in fulfilling its main purpose of treating contagious diseases.

Another question might be asked about the proposed rental.

As you know, the Committee felt that the City should not make a profit from the University, but should also be assured of not incurring any extra expense.

The School of Public Health will be using exactly 28 $\frac{3}{4}$ % of the building and the round figure of 30% was taken to calculate the rent.

Under the proposed contract, the School of Public Health will pay two items of rental—one of these is 30% of the cost of amortizing the City's investment in the building during the period of the tenancy, the other item is 30% of the building maintenance costs during the period of the tenancy.

While this results in a very fair rental for this superior location, the incidental effect will be to relieve the City of some expense which it otherwise would have had. Most of these expenses were being incurred and would continue to be incurred even if a part of the building were vacant.

Therefore, the proposed contract will bring about a very unusual result—we will be aiding a highly desirable public health service while saving, rather than spending, money to do so.

Mr. McArdle:

Mr. President:—I have read this lease, and it is really amusing to me to find out that somebody has finally agreed to the proposal that I made several years ago to put the Municipal Hospital to some use.

At that time we were charged with the obligation of caring for the indigent sick at the City Hospital at Mayview. At that time we tried to make some use of what one Pittsburgh

newspaper called "a white elephant." We had patients sleeping on cots in corridors at our hospital at Mayview.

At that time we could not get one doctor connected with the medical profession to come in here and tell us that we could and should put that hospital to some use. I don't know whether some doctors getting new degrees found out something in the last year they didn't know then, but certainly this Council could not have anybody in the medical profession agree to put that hospital to any use in spite of the fact that within a block of our Municipal Hospital another private hospital, the Children's Hospital, has a contagious diseases section.

I am certainly happy that something is happening, I don't know whether this is the right thing, but we are putting the Municipal Hospital to some use so that we can get something out of it that the taxpayers have put into it.

Mr. Demmler:

Mr. President:—In the Municipal Record for the meeting of Council for December 27, 1948, there is a reference regarding the City Department of Public Health, and I quote from this record: "but you don't dare criticize the second biggest lobby in the Nation, the Public Health lobby. Look at that lobby—\$10,000.00, \$12,000.00, \$8,000.00, additional jobs that the United States Public Health Service has professionally lobbied from City Hall for medical supervision."

That is the end of the quote, but so that anyone reading the Municipal Record may know differently, what our Salary Bill for 1949 shows, I wish to call your attention to the fact that in the Salary Bill for 1949 the highest salary we have is that of the Director, \$8,000.00. I find one at \$7,425.00, two at \$7,000.00, one at \$6,680.00, one at \$6,328.00 and one at \$6,000.00. The rest of the salaries in the Department of Public Health are all less.

Mr. Demmler:

Mr. President: A newspaper issue for January 6, 1949, contains an

article headlined, "State Sales Tax Asked To Replace Local Levies." This article is based on a report of the Pennsylvania Assembly's Tax Study Committee recommending a statewide sales tax to replace most of the local taxing powers enacted by the Legislature in 1947.

This article reminded me of an editorial printed March 7, 1948, entitled, "Some More Taxes For George To Deduct," from which I quote the following paragraphs:—

"THE Romans and some other ancient peoples used to farm out the job of tax collecting to professionals. It was an unpopular but profitable business.

"The new spirit in this country is to farm out the job of tax collecting to business houses. It is both unpopular and unprofitable.

"It will involve a vast amount of work for the employer—who already has to act as a collector of Federal income and social security taxes, and who already pays unemployment compensation taxes for every worker.

"The payroll department has become pretty much a 'deduction bureau.' All of which involves a lot of work and grief for the employer and a great deal of misunderstanding and resentment on the part of the worker. It's hard for the employer to keep track of his actual rate of pay. He often figures he's getting less than he actually is.

"The philosophy back of the new system of tax collecting is that of 'let George do it.'

"Politicians impose taxes (1) because they are easy to collect, and (2) because somebody else can be made to do the collecting.

"The easiest of all taxes is the one which George (the employer) has to collect.

"A large and rapidly growing part of the businessman's clerical work has to do with these services for the government. They impose a vast expense and a complicated legal bur-

den on all business—large and small."

I am opposed to any further burdens for collecting taxes being placed on business. A sales tax is a burden on both the business man and the consumer.

This comment is for the record to show my opposition to a sales tax.

Since writing the foregoing remarks there has appeared another editorial entitled, "The Sales Tax Stalks Again." From this editorial I quote the following:—

"A state legislative study committee, sad to relate, succeeded Wednesday in exhuming the sales tax plan from its well-deserved grave. Fortunately, Governor Duff was quick to insist he wants it buried again, pending the time it may be needed temporarily to finance a veterans' bonus. We trust the General Assembly will respect his decision.

"Indeed, this tax violates the first principle of just taxation, that is, that taxes should be levied in accordance with ability to pay. The sales tax hits at the little fellow who has basically the same subsistence needs as the big fellow. In effect, it penalizes those with small incomes. Nor does the fact that the commission would exempt food "sold for off-premises consumption"—meaning the pork chops you buy at the butcher shop—mitigate the inequity. The little fellow has to eat in restaurants, has to buy clothes, toothpaste, automobiles, the same as his better-off neighbor. Moreover, since the man in the low brackets necessarily spends nearly all of his income on simply living, the sales tax falls on virtually the whole of this take-home pay, while it affects only a portion of the well-to-do individual."

Mr. Demmler (for Mr. Duff) presented

No. 2023—

BUREAU OF TRAFFIC PLANNING,
Pittsburgh, January 13, 1949.

Thomas E. Kilgallen, President
City Council
City-County Building
Pittsburgh, Pa.

Dear President Kilgallen:

We have just received a request from the Allegheny Broadcasting Corporation, Station KQV, of their desire that the City of Pittsburgh pay the talent used on the "Courtesy Payoff" program direct rather than the City reimbursing the broadcasting station and they in turn paying the talent as done previously. This request has been made to permit their conformance with current Wage and Hour Laws, and to permit the City to obtain this talent at the lowest cost. This afternoon we met with the Deputy Controller and were informed that such change would meet with the Controller's approval.

Councilmanic Bill No. 1943, approved in the Finance Committee on Tuesday, January 11th, and to be finally acted upon Monday, January 17th, authorizes the City to participate in the "Courtesy Payoff" program and to pay for this talent. This request of the Allegheny Broadcasting Corporation will necessitate a revision in the fourth and fifth paragraphs of Bill No. 1943 as follows:

4. Resolved, That the Mayor and the Director of the Department of Public Safety be and they are hereby authorized and directed to engage the services of a producer, two announcers, and an organist, and such other personnel as may be needed from time to time to conduct this program; that all personnel engaged must meet the approval of the Traffic Engineer of the Bureau of Traffic Planning; and that the total sum of not over \$3,000.00 be expended for this specialized service for this broadcast; and Be It Further

5. Resolved, That the Mayor be and he is hereby authorized and directed to issue, and the City Controller to countersign warrants, in favor of the producer, the two announcers, the organist, and such other personnel as needed, for payment of the cost of said services, chargeable to and payable from Code Account No. 1497, Adult Traffic Education.

It is hoped that when Councilmanic Bill No. 1943 comes up for passage on Monday that you will make these necessary amendments before final passage so that we may proceed with this program.

Very truly yours,

DONALD M. McNEIL,
Traffic Engineer.

Which was read.

Mr. Duff moved

That Bill No. 1943 be recommended and No. 2023 be referred to the Committee on Finance.

Which motion prevailed.

And a majority of the votes of Council being in the affirmative, the resolutions passed finally.

MOTIONS AND RESOLUTIONS

Mr. Weir presented

No. 2057. Communication from the Brighton Community Club, requesting steps be taken for proper policing of 27th Ward, particularly Brighton Heights, comprising Brighton road and California avenue sections and adjacent streets.

Which was read and referred to the Committee on Finance.

Mr. McArdle:

Mr. President: On January 21st the Director of the Department of Public Health handed to Mr. Howard Patton a notice terminating his services as Superintendent of the Bureau of Inspection of the Department of Public Health. The termination was effective the following day, January 22nd, 1949. To me the dismissal of Mr. Patton is the most unusual and one of the most atrocious that has happened in this building in my time; the Director of the Department of Public Health having dismissed him after 32 years of faithful service to the City, at the instigation of a new-comer to Pittsburgh, a so-called highly technical sanitary engineer, brought here, as I understand, from Battle Creek, Michigan, that has a grand population, according to the 1940 Census of some 47,000, plus. He comes here and dismisses an employee who has 32 years' service with the City, and does not tell why he is being dismissed. That being done in spite of the fact that Mr. Dunsmore sat down at that table there and told City Council that under the new set-up in the Department of Public Health there were no dismissals contemplated and further than that, said there would be no dismissals. That being done in spite of the fact that this Council thought they needed a man in the job as Superintendent of Inspection and kept the job in the budget. That being done in spite of the fact that the Mayor sent the budget to Council with that job in it. Yet a man comes in here and in a few months does what he

promised this Council he would not do, and dismissed an employee without giving any consideration to his 32 years' service with the City. To me this is an insult to the people of Pittsburgh, to take a man and dismiss him from the City employ after 32 years of service without saying one word or giving one reason for it.

Mr. McArdle moved

That the Director of the Department of Public Health and the Sanitary Engineer, Mr. Dunsmore, appear before the Committee on Finance tomorrow (Tuesday, January 25, 1949) at 2:00 o'clock P. M., so that he or any other member of Council who wants to, may be afforded the opportunity of trying to get the reason for this dismissal.

Mr. Stewart:

Mr. President: The dismissal of a City employee, no matter how long he has worked for the City, is not a matter of concern to this Council. It is entirely an administrative matter, and this body has nothing whatsoever to do with it. We have no business to inquire into this at all.

Mr. Leonard:

Mr. President: I second the motion. I realize that Mr. Stewart has said Council is not an administrative body and does not have the responsibility or power of hiring and firing employees; but I want to disagree with him and under the conditions at the present time there are kind of extenuating circumstances. It is not just a question of an employee being dismissed by the administrative body as I see it. It is a reorganization or a revolution within the employees of the City Hall due to the heavy-top thinking and ideas that came across the administration at City Hall since the Public Health Service has become a lobby in City Hall. There are five or six thousand employees that are very much worried, who have spent a lot of time, and spent the biggest part of their lives and did a good job in this administration and other administrations. The backbone of livelihood to certain employees and a principle of American tradition, in particular under

a Democratic regime, is being endangered. People who have worked fifteen or eighteen or twenty years and paid a long time into the Pension Fund of this City are shaking in their shoes. It is not a question of a lot of people being young and being able to get out into other industry. They spent their lives, or the biggest part of their lives with the City, and some of them have families to continue to raise and have to put bread on the table; and now their livelihood is being threatened. Picture any one of you gentlemen going home at night not knowing whether you are going to get a letter of dismissal because some one came in with a new idea. I say it is City Council's business because we appropriated \$250,000.00 in the last budget and it has only been in effect 27 days and this is just a sample under this ruthless set-up what is going to happen. This is only the first head to fly. I have been around here long enough to know there is a purge on. In order to keep the record clear, I don't think the \$250,000.00 was the right thing to put in for the new plan in the Department of Public Health, and I am no different than you or anybody else. I believe in good public health and I think when things can be done they should be done. I opposed the appropriation of \$250,000.00; also the power to be handed out to individuals. To my way of thinking, we are a city of almost a million people, with some of the greatest universities in the world, and as I understand some of the greatest doctors in the world, and they come from everywhere. Why can't we in a city of 750,000 people, find employees that are taxpayers and live in the City? Why do we have to go out of the City and get people to tell us how to run the City? Now getting back to the \$250,000.00, I said at budget time and I repeat, it was a mistake and is a mistake from good sound business principles. In the first place, that \$250,000 should not have been allotted to the Health Department; it should have been appropriated to the Department of Public Safety to provide 100 additional police to be assigned to beats throughout the City. The other reason is the Department of

Public Health Survey. It is true they came into the City and made a survey at the request of the City. I am not saying they made a correct survey. I do know this, that they are also making a survey in the State of Pennsylvania and the survey is shortly going to be released and the information I got on the survey it will be much worse than the one they made in the City. Also the City of Scranton, the City of Philadelphia, and the City of Harrisburg, and the little town of Johnstown and the little towns of Altoona, Erie and all the rest of the cities, second and third class cities, that they are making a survey in. You will find that this condition will exist in all the cities, in particular like Harrisburg, York and McKeesport. They are industrial cities, and in Reading and Scranton you will find public health is being included.

Let us get back to the other angle. I think we are putting the cart before the horse. We didn't sit down and sensibly work out ways of getting public revenue without further burdening the taxpayers. We need that City tax to protect property and property rights. We should wait and should have waited until the survey of other cities is released, in particular the survey of Pennsylvania in the State. Then the job would be to prepare legislation to place before the State Legislature and the Governor. This is a state problem. A certain amount of this money should be contributed by the State Department of Public Health through the cities of the second and third class. It was unfair to take \$250,000.00. That is only a scratch on the surface, this time. Next year it will be another \$250,000.00 when we are putting in these jobs. I am not hollering about the patronage. The only thing I am interested in is that the City with the greatest universities and we are always talking about our medical and cultural centers, that you have to go outside and bring in somebody to run the City. I will tell you it is the people who elected me and I imagine they elected everybody else and that is who we are responsible to, the people of the City of Pittsburgh.

It is true Mr. Stewart said the Council does not hire and does not fire but Council is only getting a trial balloon up and they have the right to know these things. It only goes to show you what I am saying, how this Council is held in contempt. I defy that the Council is not held in contempt.

I second Mr. McArdle's motion because I understand definite promises were made across this table, that men were not going to be fired, and we were led to believe that nothing like that was going to happen. I am interested, not for the reason Mr. Patton has been fired. You have read the letter of Doctor Alexander. That only bears out what I am saying, the contempt that is held for elected officials in the City of Pittsburgh. I second Mr. McArdle's motion because I think this is just in its infancy and I think this Council better weigh some of the things that I understand are going to be brought up in the way of dismissals.

Mr. McArdle:

Mr. President: In answer to Mr. Stewart, the Department of Public Health asked this Council and approved the job in the Bureau of Sanitation, Division of Engineering Administration, one Superintendent, \$5,266.00. The Department of Public Health and the Mayor of the City asked us to approve that job, and nobody in Council needs to be reminded of the furore that took place before this budget was passed with what the program was going to be with the new Public Health Engineer. Certainly if we created the job of \$5,266.00, and I certainly think this Council is entitled to know why the man was fired and what they intend to do about the Superintendent's job. If it is getting around here now that the City Council, which is the legislative body of the City, the appropriating body for the City, if they are not allowed to make any inquiries as to what happens in the various departments, then I think it is high time they abolish the City Council and give the powers to the administrative branch of the City government.

Mr. Demmler:

Mr. President: At different times it has been said that I have become too administrative, but in this particular case, if Council wishes any more information about the matter before it, personally, I feel that the matter should go to the head of the administrative department. From there we could then have come to Council any heads of the City staff whom he may send to us.

Mr. McArdle:

Mr. President: For a point of information, what are the rights of a member of this Council to find out what goes on in the various departments of the City of Pittsburgh, as an individual member?

The Chair: Is the statement addressed to the Chair?

Mr. McArdle: Yes.

The Chair: I always felt that the office of City Council was a very powerful office. I thought we could very properly inquire into any department. Now it is true that the City government of Pittsburgh is divided into the usual three classifications, administrative, legislative and judicial and each has its function to perform according to well established rules; but I thought and I still think that a City Councilman is entitled to receive any information that he wanted to receive from any department head or from any employee of the City of Pittsburgh.

As to the exact duties or privileges of City Council, they are so wide I won't attempt to define them. I am going on the assumption as a City Councilman, I am entitled to know what is going on in City Hall.

And the question recurring on the adoption of the motion, the ayes and noes were ordered taken, and being taken, were:

Ayes:—Messrs.

Leonard

McArdle

Noes:—Messrs.

Demmler

Gallagher

Stewart

Ayes 3. Noes 5.

Kilgallen, (Pres't)

Weir

Wolk

And there not being a majority of the votes in the affirmative, the motion did not prevail.

Mr. McArdle:

Mr. President: So far as I am concerned, I am going to find out what is going on. It is the common practice to bring Directors in here. They are in here every day.

The Chair: I don't want to shut off debate, but from this point on it is out of order. City Council has voted.

The Chair welcomed the Civic Class of the North Catholic High School, headed by their Instructor, Brother Fred Hiehle, who attended the Council meeting.

Mr. Weir moved

That the Minutes of Council of Monday, January 17, 1949, be approved. Which motion prevailed.

And upon motion of Mr. Weir
Council adjourned.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time

Mr. Duff:

Mr. President: I would like to state my opposition to Bill No. 2003, File No. 1033. This bill calls for an admission fee of fifteen cents for entrance to the Children's Zoo. I am opposed to the imposition of any fee for the use of these facilities and particularly in view of the fact that the City makes no similar charge for entrance to the

Zoo proper, whether it be child or adult, a resident or non-resident. It seems to me that here are facilities that are going to be attractive to children, and designedly so, and if we are going to charge children and not the adults, I think it is a gross discrimination. There are many children who do not possess the good fortune to be able to pay, and I fear if this bill is enacted in its present form that we will witness a spectacle of a lot of children not being able to use that facility simply for the reason that they did not have the money to get in. The cost of the operation of this facility will not be burdensome to the City, certainly not nearly so much as the operation of the Zoo, and therefore, I intend to vote against the enactment of this bill.

Mr. Gallagher:

Mr. President: I voted for this in Committee, but along the lines of general principle I do not believe we should charge admission for children. The reason I voted for it in Committee, it was the recommendation of the Director and he was following out a system and a policy that he copied from other cities. Now that the bill is at the controversial stage, I think the bill should be recommitted for further discussion and further study. On general principle I do not think we should charge admission to the Zoo. But as the Director said, he came back from cities that used the system and the reason he claims was to have control over the children's zoo.

Mr. Leonard:

Mr. President: In Committee I opposed the enactment of this bill to give the Department the right to charge admission to the Children's Zoo. I gave various reasons why I opposed it; but the main one is that the Highland Park Zoo is the poor man's park, located close to industrial neighborhoods in Pittsburgh. Highland Park is a park that is used probably more than any other facility in the City of Pittsburgh. In going back to the creation of the Zoo, it was donated by a prominent man or family by the name of Magee as a free zoo, that you could not charge to go into that Zoo.

I said, there never was a law made that couldn't be gotten around in some way, and some day the people would wake up and find that there is a charge for visiting that Zoo. I pointed out in Committee my reason for doing so. The zoo is set up right now with a turnstile at each entrance. All they need to do is move in a cashier's stand. Both entrances have turnstiles. I am just putting that in the record. On the other hand what are we going to charge fifteen cents for? They came in here and laid out an elaborate plan. They gave the plan to be published for the people to see it. But let's get down to the financial end of it. A very patriotic, civic-minded man contributed forty thousand dollars plus for a children's zoo in the city. I wonder if the people that made that contribution understood it was the purpose to charge an admission to go into the Children's zoo. After all forty thousand dollars is not a lot of money to go into a project of this type. Personally I don't think forty thousand dollars will complete it. Being a building construction man, I look at some of these angles. I know the cost of labor and know the cost to build something. I am not familiar with the cost of animals. I don't know how much a cow costs.

It is the wrong thing. On this side sets the zoo, Pittsburgh's free zoo contributed by one family. You walk across the street to Pittsburgh's Children's Zoo, and it is fifteen cents. You get in one free and pay to get into the other. These are some of the reasons I voted against it in committee, and why I am going to vote against it today. Another reason is that none of us know what it is going to look like. We know by that plan but we don't know it is going to be completed by that plan. Suppose you can't build it for forty thousand dollars, are we going to eliminate the plan or change it? Why stand up here and put a price on the children of the City of Pittsburgh and on the adults when we don't know yet what it is going to be. If this is going to take more than forty thousand dollars, let's say so. But you can't build

that plant for forty thousand dollars, and that is the reason I am opposing it, until we know more about it. We are told that the income is only to be \$15,000.00. Picture the man who goes out to the park with his family. He goes into the free zoo and you know he is going to take his children into the Children's Zoo.

Mr. McArdle:

Mr. President: I oppose the enactment of Bill No. 2003 for the same reasons I expressed in Committee. I do not agree with the recommendation of the Department. Certainly, I think the first recommendation of charging the children more than the adults was silly. I don't think we should charge admission to the Children's Zoo because we haven't charged admission to the other zoo, and in addition to that, the maintenance of the children's zoo, according to the Department, is nominal and we are certainly in a position to pay, or to add to the City budget \$15,000.00 that they recommend, or that they say, it will cost to operate this zoo. As Mr. Leonard stated, on one side of the street there is a free zoo and on the other side you charge fifteen cents. Therefore, a lot of the people who visit the park will not be able to enjoy the children's zoo because they cannot afford to pay. I think the City should absorb the cost of the zoo and give it to the people so that it will be treated the same as the other part of the zoo.

Mr. Gallagher moved

That the bill be recommitted to the Committee on Finance, for further discussion.

Mr. Stewart:

Mr. President: If Mr. Gallagher will withdraw his motion, I would like to speak on the bill.

Mr. Gallagher:

Withdrawn.

Mr. Stewart:

Mr. President: I have no intention of repeating what I said in committee when this bill was under consideration. I respect the viewpoint of those members who want to have a

free zoo for the reasons that were stated by the Director in his report, a free children's zoo. However, I am convinced it isn't feasible. As far as Mr. Leonard's assertion, or repeated assertions, that there is some sort of underlying secret malicious intent to start charging admission to the zoo, I can only repeat it is absurd and illegal. Regarding Mr. Gallagher's expressions of a desire to have the bill recommitted, I think that any member who desires that action should ordinarily be given the courtesy of having the bill recommitted. However, I would like to say this, that I think the report we had on it is full and I don't think anything can be gained by having it recommitted. We have all the data on it that we can have. I see nothing that can be gained. This is mainly an attraction for young children. The zoo has and always will be primarily attractive and educational to children. This is an additional attraction to young children, and any other idea that we are letting adults in free and charging children in a children's zoo, it is not very sensible. The zoo is there and Mr. Leonard might enjoy going out there and seeing how much it has improved. I think we have all the information we need on this bill, and I think that most of the members are ready to vote on it.

Mr. Gallagher:

Mr. President: My reasons for recommending it is for the reasons expressed, that I believe it is in the controversial state. I voted for it in committee but because I had the opportunity to visit children's zoos in other cities and have listened to the Director and the members of Council in conference, and I don't see any harm in recommending it. I have been in other cities where they have children's zoos and they did charge. I don't want to see it passed when it is in the controversial stage, and as Mr. Duff has stated maybe the general feeling of the public would be that it isn't fair to charge admission to a children's zoo and I think we should recommit it and have further discussion before we pass it finally. I again move that the Bill be Recommended to the Committee on Finance.

Mr. Leonard:

Mr. President: I said there were attempts made in committee and I said that ways were tried to be found at that time to charge admission to the zoo. All you need to do is go back into the record when there was an attempt made to charge twenty-five cents for parking on Sunday on property out there that was just for a dump, that there was an injunction issued prohibiting dumping. At that time statements were made by the people that if you don't pay, that you will be charged for admission to the zoo. I said there is never a law created that a group of attorneys couldn't get around and find a way to get around it. In this body today the majority are lawyers and it can be worked out, but for the information of Mr. Stewart, I do visit the Zoo quite often. Furthermore, when I look out my back door I look over at the Zoo and when I go to bed at night I hear the lions roar. So it couldn't be any closer than that. I live pretty close to it. I would say four or five times a week I drive through Highland Park going out Lincoln avenue and I get out to Highland Park often. I like to walk up and like to look at the zoo. When they were remodeling the zoo I happened to be the Secretary of the Building Trades Council and I helped work out certain plans and through the W. P. A. built the cages, etc. I didn't work for the City; I worked for the Pittsburgh Building Trades Council. When I was a boy I was practically raised in the vicinity of the zoo. For the information of Council, I probably will be out there this week and this coming Sunday I will be out there again. I think the people who were so kind to contribute the money for the zoo didn't do it for the purpose of having an admission charged for children.

Mr. Weir:

Mr. President: I probably wouldn't have made any remarks if Mr. Leonard wouldn't have brought in the matter of lions. Whether it be on the motion to recommit or whether we take a vote now my disposition is to vote in favor of this charge. It would be

very lovely if everything could be made free. I think though that is not likely unless we get some of those Schmoos around here. The Director said \$15,000.00 would be required if a charge were made, and if not made it would be greatly in excess of fifteen thousand dollars. Suppose it is fifteen thousand dollars, it may not be a lot of money, but it seems a lot of money to me as long as we have situations in this city where we have insufficient funds to increase our police force, where our traffic officers have to work ten hours a day, and the employees of the fire department work 14 hours and 10 hours a day. When we have insufficient funds to give vacations to City Doctors and when we have insufficient funds to take care of the matter that I discussed with Mr. Duff and you in respect to City laborers, and you stated that if later in the year funds permitted we would give City laborers consideration and twenty-five thousand dollars would go a long way towards that. It isn't that I like to see anybody charged but when we are hard pressed for funds and when we are unable to take care of certain things that our employees don't have and our laborers don't have that are in keeping with the times in which we are living and not in keeping with the social views of those in this Chamber, twenty-five thousand dollars is a lot of money, and that is the way I look at it.

Mr. McArdle:

Mr. President: Twenty-five thousand dollars might be a lot of money but the welfare of firemen and policemen and laborers is more important. Certainly you can't have a lot of money if you appropriate the money along different lines. You cannot go out and get into new innovations and still have the money you had, left over as a surplus. The Director said it would cost fifteen thousand dollars. I say this City can well afford to absorb that I read in the newspapers the other day, and that is where I get all my information lately from the newspapers, that we have saved \$70,000.00 for coal. This seventy thousand dollars, if the papers are correct, will certainly take

care of the fifteen thousand dollars that will be used and let them enjoy the zoo free the same as letting the adults go into the other part free. I hope if we have to go into the charge under our taxing policy that we don't have to go into it by charging children.

Mr. Weir:

Mr. President: I hold it this way, that it is necessary for us to scrutinize any activity that is not a strict necessity. It is my idea that the prevention of transmissible diseases and the prevention of epidemics is not a luxury. That to my way of thinking is a necessity. Even if some people do not see it as clearly as they see a hole in the street, and when somebody in their family is stricken down and the City is not to be blamed for it, nevertheless public health is not a luxury, it is a necessity. I don't put it on the same grounds as one of these things we can get along without.

Mr. Stewart:

Mr. President: I think much of what we have said has been wholly irrelevant and if we did not have such a tolerant presiding officer, it would not have been permitted, but I think there is one pertinent fact for the benefit of Mr. Duff. There are several children's zoos in the United States. There are ones where admission fees are charged and where admission fees are not charged.

Mr. Duff:

Mr. President: I appreciate the fact that there are fees exacted in other cities, but I don't think it is necessary in this City. There are a lot of cities that charge for entering zoo property and a lot of cities charge fees that we don't, but I don't think it is altogether praiseworthy, no matter what they do.

Mr. Stewart:

Mr. President: I hope it will be praiseworthy. I hope it will be permitted.

And the question recurring on the motion to recommit the bill to the Committee on Finance, the ayes and noes were ordered taken, and being

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Stewart
Duff	Weir
Gallagher	Wolk
Leonard	Kilgallen, (Pres't)
McArdle	

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. McArdle presented

No. 2086. Report of the Committee on Lands, Buildings and Housing for January 25, 1949, transmitting several resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2020. Resolution repealing Resolution No. 215, approved August 21, 1948, authorizing the Mayor to join with the County of Allegheny and the School District of Pittsburgh for the sale of property at 1314 Marvista street, to Mrs. Robert N. Barry, for the net amount of \$2,506.00; and, authorizing the Director of the Department of Lands and Buildings, Agent for the Three Taxing Bodies, to return to Mrs. Robert N. Barry the sum of \$250.60 as hand money on this property.

Which was read.

Also

Bill No. 2044. Resolution authorizing the sale of Lots No. 119 and 120 on Bassler street, 16th Ward, to Andrew Hofer and Marie Hofer, his wife, for the sum of \$400.00.

Which was read.

Also

Bill No. 2045. Resolution authorizing the sale of Lot on Vinecliffe street, 19th Ward, to Edward S. MacArthur for the sum of \$600.00.

Which was read.

Mr. McArdle moved

A suspension of the rule to allow the second and third readings

and final passage of the resolutions.

Which motion prevailed.

And the rule having been suspended, the resolutions were read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler	Stewart
Duff	Weir
Gallagher	Wolk
Leonard	Kilgallen, (Pres't)
McArdle	

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the resolutions passed finally.

MOTIONS AND RESOLUTIONS

Mr. Demmler moved

That the following members be excused for absence from Council and Committee meetings:

Mr. Duff on January 10, 18 and 24, 1949;

Mr. Leonard on January 10, 11, 12 and 17, 1949;

Mr. McArdle on January 12, 1949;

Mr. Stewart on January 10, 1949;

Mr. Kilgallen (Pres't) on January 12, 1949.

Which motion prevailed.

Mr. McArdle presented

No. 2087. **RESOLVED**, That the Director of the Department of Public Safety be requested to immediately furnish Council with a map showing the boundary of all police beats in the City of Pittsburgh, the number of patrolmen assigned to each beat, the badge number of each such patrolman, and the number of hours each beat is covered a day.

Which was read.

Mr. McArdle moved the adoption of the resolution.

Mr. Stewart:

It would be a very unwise thing to do. To make that information public would be just about as sensible as for a General before a major campaign in a war to have printed and transmitted to the enemy his en-

tire plans. If this is done and made a part of the public record, it would simply be a blueprint for burglars and I think we ought to defeat the motion.

Mr. McArdle moved

That the resolution be amended to supply each member with such information.

The ayes and noes were ordered taken on the motion to amend the resolution, and being taken were:

Ayes:—Messrs.

Gallagher	Stewart
Leonard	Weir
McArdle	Wolk

Noes:—Messrs.

Demmler	Kilgallen, (Pres't)
Duff	

Ayes 6. Noes 3.

And a majority of the votes being in the affirmative, the motion prevailed.

The Chair: The question is on the adoption of the Resolution, as amended.

Mr. Stewart:

Mr. President: As the bill is amended, it is better but I think still the bill is unwise, and if Mr. McArdle wants this information he can get it from the Superintendent of Police.

Mr. McArdle:

Mr. President: I don't think there is anything wrong. Last week we sat here with the Council Chamber filled with people making accusations about the number of police and the amount of police protection they were getting. Repeatedly members said what they wanted was information; wanted to know the facts. The passage of this resolution gives each member of this Council the facts, and that is all we want is the facts. I think the Council is entitled to know just how our police department is working, what beats are covered before they can intelligently know if we have enough, too many or not enough.

Mr. Weir:

Mr. President: I think there is a good deal of fear not only in this City but in all major cities in America and

as far as that is concerned, in a lot of places that are not major cities. It seems that such a report would fail to present a clear picture if it came into—of course, this way, it is true there would be reports to the members of Council. In other words, every member would be furnished with the typewritten reports. Presumably they would not be put out publicly or deliberately by any member of Council, but I know in my own case at least, I have lost reports. Such a report would not furnish a true picture of the police condition. Most of the policing is done by radio. You can't say, even if you wanted to say how fast they get around and just where they were at any particular time, and I believe a report would have a bad effect and certainly not serve any useful purpose. I think it is possible for any member to find out what the condition is in any particular locality and it should be done in that way.

Mr. Leonard:

Mr. President: I am interested in that report. I am interested in it for one reason. If you will look out in the hall you will see a sign, the members of Council and the names of the committees they are chairmen of in the body of City Council. My name happens to be on the Public Safety Committee. I am interested in it very much, as much or probably more than any member of this body. That for one reason. And the other for the ridicule that is thrown at you when you do something that you think is within your rights in the City of Pittsburgh. I read with great interest in the morning paper an article published by the Director of Public Safety, and going through the article, I noticed where he says more police are needed in the City of Pittsburgh. I would say, may be more so on account of being on that Committee, that I have discussed with the Bureau of Police and with the Director of the Department of Public Safety from time to time over a period of years in regard to beat patrolmen. The record will show that during the war the Director of Public Safety sent to this body a request for one hundred po-

licemen that he very badly needed. He explained at that time that he was getting quite a bit of help from the military forces. If you will read back into his report he pointed out the conditions, and some of those reasons are the reasons I held up the ordinance for one hundred policemen at that time. I did not feel it was the proper time to put one hundred men on the force due to the fact that so many of the young men were in the Army service and did not have an opportunity to take a Civil Service examination, and be on the eligible list for a job. When Director Fairley pointed out that after the war the need would be greater, and we agreed at that time we would wait, but should not wait so long after the war is over and I think he is very capable of understanding the situation of the police department where there is a shortage of men. He pointed out in particular, cities like ours where there was an influx of workers and unemployment after the war, there would be crime. We know Pittsburgh is up against the same thing as any other city. Crime is no worse than any place else. But we are a great august body that has a habit of copying what other cities do, in St. Louis, Los Angeles and Chicago. Why do we have to sit back and wait until other cities wrestle with their problems. Our number one problem is that the people of Pittsburgh are protesting the system of the Police Department in only radio cars patrolling the districts. We need the radio cars. We also need the policeman on the beat. It has been asked of me by members of Council, where do you get your information? We don't pay any attention to you. We vote down your resolution. Mr. McArdle put in a resolution that will put in your hands and my hands the facts. You cannot get that information unless it is a mandate of Council. You might as well face the issue. A civil Service examination is coming out shortly and if the Administration will have some additional men put on and Councilman Leonard will have some one to appoint. It isn't political. The only thing I want is for the people in these communities to have an opportunity to see

a policeman that they are being taxed for. Property rights come first, in any large city. I pointed out before, that I live in a community where there have been a couple thousand new homes built and probably five hundred under construction now and I tell you the people in that community never see a policeman. They are my neighbors. They ask me that. I was out Lincoln avenue yesterday and I can remember before the advent of the radio car, the people saw the policeman. They knew when there was something the matter. I was a boy one time myself and they knew the kids and if anything shabby was pulled off they had a knack of laying their hands on them. The people in the community feel more secure and that is some of the reasons I want to get that report, and that is why I am voting for the report as amended. I am surely not going out and give it to the public and if somebody takes it off my desk then I am not taking very good care of my business. I am voting for the resolution as amended because I think the members of Council are entitled to any city business.

And the question recurring on the adoption of the resolution as amended, the ayes and noes were ordered taken, and being taken were:

Ayes:—Messrs.

Gallagher McArdle
Leonard

Noes:—Messrs.

Demmler Weir
Duff Wolk
Stewart Kilgallen, (Pres't)

Ayes 3. Noes 6.

And there not being a majority of the votes in the affirmative, the motion did not prevail.

The Chair presented

No. 2088. WHEREAS, The Pittsburgh Housing Authority, as long as it was permitted to do so by the Congress, paid to the local taxing bodies 10 per cent. of the shelter rent received for its low income dwellings as payments in lieu of taxes; and

WHEREAS, The Eightieth Congress, in an effort to destroy or diminish local support for low-rent housing, forbade payments in lieu of taxes for projects receiving Federal low-rent subsidies, and the Comptroller General ruled that this prohibition applied to all projects for which a subsidy agreement existed, without regard to the actual disbursement of subsidy funds; and

WHEREAS, The action of Congress and of the Comptroller General was protested by the City of Pittsburgh, acting through the United States Conference of Mayors, and by the Pittsburgh Housing Authority, as a breach of an established agreement on the part of the Federal Government; and

WHEREAS, It was agreed by officials of the National Government that remedial legislation would be introduced in the Eighty-first Congress, providing retroactively for the payments denied to the local taxing bodies during 1948, and establishing a firm base for such payments in the future; and

WHEREAS, Such payments in lieu of taxes totalled \$60,000.00 in 1947 for Pittsburgh alone, with corresponding amounts paid to the School District and the County Government; Now, Therefore, Be It

RESOLVED, That the Council of the City of Pittsburgh does respectfully petition the Congress of the United States to enact such remedial legislation at this session, thereby correcting an injustice and restoring the sanctity of Federal agreements, and that this resolution shall be transmitted to the presiding officers of the House of Representatives and the Senate; to the Hon. Francis J. Myers and the Hon. Edward Martin, Senators from Pennsylvania; and to the members of the House of Representatives from Allegheny County.

Mr. Gallagher moved

The adoption of the resolution.

Mr. Weir:

Mr. President: I have in mind an amendment to be inserted in the

resolution and would ask that the resolution be referred to committee so that we can discuss it, together with the amendment which I will offer.

Mr. Gallagher:

Mr. President: In view of Mr. Weir's request, I withdraw my motion for the adoption of the resolution.

The Chair: If there are no objections, the resolution will be referred to the Committee on Finance.

The Chair announced the appointment of Messrs. Demmler, Duff, and Stewart as the Committee for the study and reclassification of positions.

Mr. Weir moved

That the Minutes of Council of Monday, January 24, 1949, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

Whereas, The City of Pittsburgh is the owner or lessee of four (4) tracts of land hereinafter designated, which tracts the City desires to have developed for small parks for the use and benefit of the public and exclusively for charitable, educational and recreational purposes; and

Whereas, James F. Hillman has made a grant not to exceed \$32,000, to the Allegheny Conference on Community Development to be used solely and exclusively (a) for the purpose of financing the preparation of detailed plans and specifications for four parks on properties owned by or leased to the City of Pittsburgh located within the City and designated by the City as follows:

Moorehead School Site, Enoch street.

Spring Garden School Site,
Spring Garden avenue.

Franklin School Site, Epiphany and Logan streets.

Lower Hazelwood Site, 5102 Gloster street;

and (b) for the purpose of financing the development, equipping and construction of three of the above mentioned parks, viz:

Spring Garden School Site,
Spring Garden avenue.

Franklin School Site, Epiphany and Logan streets.

Lower Hazelwood Site, 5102 Gloster street;

in accordance with the plans and specifications, subject to certain terms and conditions; and

Whereas, The Council of the City of Pittsburgh desires to accept this offer of James F. Hillman and the Allegheny Conference on Community Development; Now, Therefore, be it

Resolved, That the City of Pittsburgh does hereby accept the generous offer of James F. Hillman and the Allegheny Conference on Community Development as above stated, upon the following terms and conditions:

1. All costs for the preparation of detailed plans and specifications for the said four parks and for the construction and development of the said three parks; and for the initial purchase of equipment for the three parks are to be paid by the aforesaid grant of James F. Hillman to the Allegheny Conference on Community Development.

2. The plans and specifications for the construction and development of

the said three parks, submitted by James F. Hillman and the Allegheny Conference on Community Development, shall be subject to the approval of the Director of the Department of Parks and Recreation of the City of Pittsburgh, under whose supervision the parks will be constructed at a cost not to exceed the amount of the said grant. The Director of the Department of Parks and Recreation shall work in close cooperation with James F. Hillman and with the Allegheny Conference on Community Development.

3. Upon completion of the parks in accordance with the approved plans and specifications, the City shall acquire title to all improvements constructed thereon and the equipment placed thereon solely for use and benefit of the public and exclusively for charitable, educational and recreational purposes.

4. Upon completion of the parks in accordance with the approved plans and specifications, the City of Pittsburgh agrees to maintain the parks in a clean, sanitary and inviting condition at all times and to assume full responsibility for all damages to persons or property resulting from the use and operation of the parks.

And Be it further

Resolved, That the City of Pittsburgh express its sincere appreciation to James F. Hillman and to the Allegheny Conference on Community Development for this generous gift to the citizens of Pittsburgh; and that a copy of this resolution be transmitted to James F. Hillman and the Allegheny Conference on Community Development.

Also

Bill No. 2088. WHEREAS, The Pittsburgh Housing Authority, as long as it was permitted to do so by the Congress, paid to the local taxing bodies 10 per cent. of the shelter rent received for its low income dwellings as payments in lieu of taxes; and

WHEREAS, The Eightieth Congress, in an effort to destroy or diminish local support for low-rent housing, forbade payments in lieu of taxes for projects receiving Federal low-rent subsidies, and the Comptroller General ruled that this prohibition applied to all projects for which a subsidy agreement existed, without regard to the actual disbursement of subsidy funds; and

WHEREAS, The action of Congress

and of the Comptroller General was protested by the City of Pittsburgh, acting through the United States Conference of Mayors, and by the Pittsburgh Housing Authority, as a breach of an established agreement on the part of the Federal Government; and

WHEREAS, It was agreed by officials of the National Government that remedial legislation would be introduced in the Eighty-first Congress, providing retroactively for the payments denied to the local taxing bodies during 1948, and establishing a firm base for such payments in the future; and

WHEREAS, Such payments in lieu of taxes totalled \$60,000.00 in 1947 for Pittsburgh alone, with corresponding amounts paid to the School District and the County Government; Now, Therefore, Be It

RESOLVED, That the Council of the City of Pittsburgh does respectfully petition the Congress of the United States to enact such remedial legislation at this session, thereby correcting an injustice and restoring the sanctity of Federal agreements, and that this resolution shall be transmitted to the presiding officers of the House of Representatives and the Senate; to the Hon. Francis J. Myers and the Hon. Edward Martin, Senators from Pennsylvania; and to the members of the House of Representatives from Allegheny County.

In Finance Committee, February 1, 1949, read and amended by inserting the following Whereas clauses:

"WHEREAS, The Public Housing Bill now pending in Congress provides that a flat 5% of the shelter rent received by Federal Low Income Dwellings be paid to the local taxing bodies in lieu of taxes and does not permit the payment of a greater sum when feasible; and,

"WHEREAS, The aforesaid provision of the pending Bill will result in a decrease of the amounts formerly received by the City of Pittsburgh, the School District of the City of Pittsburgh and the County of Allegheny as payments in lieu

of taxes, Now, Therefore, be it," and by inserting in the Resolved clause, after the words, "thereby correcting an injustice and restoring the sanctity of Federal agreements," the following words, "and to provide by appropriate legislation that payments to local taxing bodies in lieu of taxes be required in the amount of 5% of the shelter rent received from Federal Low Income Dwellings and permitted in an additional sum not to exceed a total of 10% of the shelter rent received from Federal Low Income Dwellings," and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Duff moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the resolution, as amended in Committee and agreed to by Council, was read.

Which was read.

Mr. McArdle moved

A suspension of the rule to allow the second and third readings and final passage of the resolutions.

Which motion prevailed.

And the rule having been suspended, the resolutions were read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler	Stewart
Duff	Weir
Gallagher	Wolk
Leonard	Kilgallen, (Pres't)
McArdle	

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the resolutions passed finally.

MOTIONS AND RESOLUTIONS

Mr. Stewart presented

No. 2161.

OFFICE OF THE MAYOR

Pittsburgh, Pa.,

February 7, 1949.

President and Members,

City Council.

Gentlemen:

I am very happy to transmit to Council the attached letter from Mr. Edgar J. Kaufmann, which carries the welcome information that the Edgar J. Kaufmann Charitable Trust is ready to donate to the City \$500,000 for the construction of an outdoor theatre, primarily designed for the presentation of summer light opera.

This generous gift, under the terms set forth in the letter, is to be matched by an equal contribution from the City Government.

It is my sincere hope that Council will readily accept the gift and its conditions, so that construction plans may soon be underway. We would like to see the summer opera season of 1950 presented in the new theatre.

I do not have to remind the Council, I am sure, how many thousands

of Pittsburghers have enjoyed the summer operas presented in the Pitt Stadium. They will be even more enjoyable in a proper setting and a proper theatre, both of which become possible with this gift.

The city's contribution may be provided from bond funds, thus easing any immediate demands upon the city budget. It is my belief that the project will actually be self-liquidating from a city point of view, because of the return to the City Treasury from the 10 per cent levy on admissions.

Pittsburgh is fortunate in the generosity of its citizens. This offer of the Kaufmann Trust is another and very striking evidence of their belief in this community, and their desire to promote its cultural and recreational well-being.

Very truly yours,

DAVID L. LAWRENCE,

Mayor.

Mr. Wolk:

Mr. President: The proposed outdoor theatre is for me another dream come true. It has been one of my fondest hopes for the welfare of the Pittsburgh area. I am personally grateful to Mayor Lawrence and to each and every one of my colleagues in Council for the encouragement and support they have given in the realization of this dream.

I am particularly grateful to Edgar J. Kaufmann, not only for his magnificent generosity but for his vision and imagination that are making this outstanding community project possible.

Pittsburgh is on its way to becoming the greatest industrial area in the world in which to live and work. The elimination of air and water pollution, the great public health program, significant cultural, recreational and educational plans, important physical improvements, and many other proposals soon will be in full effect.

I predict that when the Civic Light Opera theatre is built and in full

operation, it will be one of the greatest prides of our people. This venture will have unusual mass-appeal. With outstanding theatrical productions, I can visualize over 500,000 people every summer witnessing and enjoying the performances.

The primary objective of this theatre is to give pleasure and enjoyment to the people of the Pittsburgh area, but there are other bi-products that will come from this great theatrical venture. With the possibility of a movable top, protecting the patrons from rain, people from miles around will come to Pittsburgh to witness the performances. They will patronize our merchants, hotels, restaurants, and even other forms of amusement, and they will enjoy the beautiful entertaining productions, and will leave singing the praises of Pittsburgh. Not even New York or Chicago can boast of this form of summer entertainment. Between those cities Pittsburgh will stand alone in this achievement.

The Civic Light Opera Association will give work to musicians, stage hands, carpenters, electricians, and many others. It will be particularly helpful to our young people who seek experience as singers, dancers and possibly in other rolls in the productions. They will be trained by the most competent instructors. Everything connected with the venture will be highly professional. No stone will lie unturned to achieve the finest theatrical performances.

However, I like to think that the most important bi-product of this venture will be the effect it has on the civic spirit of the people of our entire area.

The Civic Light Operat Association is a non-profit summer venture. The objective is to give the people the finest productions at the lowest possible cost. The success of the undertaking will depend on the number and interest of the people that attend. Every person that patronizes the outdoor theatre in a sense is a partner. By participating through his patronage he is helping make Pittsburgh a better place to live. When he sits among

nine thousand of his neighbors on a summer evening in the open, I believe, he is bound to feel that he is contributing something to the venture and to the welfare of the Pittsburgh area. I predict that in time he will be so inspired by this great community undertaking, that the effect will be translated into a fine community civic spirit that will augur well for the entire Pittsburgh area.

Mr. Wolk moved

That this Council thank Edgar J. Kaufmann for this magnificent act of generosity, and further that Council authorizes the Mayor and the Law Department to prepare an agreement with the Edgar J. Kaufmann Charitable Trust for the purpose of effecting the intent of said letter, this agreement to be later presented to Council in the form of a resolution for adoption.

Mr. Leonard:

Mr. President: I don't quite clearly understand the motion altogether. Mr. Stewart presented a letter from the Mayor and then Mr. Wolk makes a motion that the Law Department prepare legislation to submit to Council for the acceptance of this gift. That is the part I want to get clear. What is the legislation that we instruct the Law Department to prepare?

Mr. Wolk:

Mr. President: May I answer? Mr. Patterson has the letter from the donors. It is a formal letter submitting the general proposition that they are willing to contribute \$500,000.00, provided the City contributes \$500,000.00, and provided, until they determine the exact amount of the cost, they would pay all the expenses. I think we should read that letter. My motion is simply for the preparation of the agreement.

The Clerk read Mr. Kaufmann's letter as follows:

EDGAR J. KAUFMANN
CHARITABLE TRUST
Pittsburgh, Pennsylvania

February 4, 1949.

Hon. David L. Lawrence, Mayor;

City of Pittsburgh,
Pittsburgh, Pennsylvania.

Dear Mayor Lawrence:

The Edgar J. Kaufmann Charitable Trust proposes to make available funds up to \$500,000 for the construction of an arena (the arena together with the grounds required to be used in connection therewith being herein called the "Project") which will be owned and maintained by the City of Pittsburgh and which will be suitable for the presentation of light opera of the type which has in recent years been produced in Pittsburgh by the Civic Light Opera Association of Greater Pittsburgh and for other public purposes.

This letter outlines in general the terms of the proposed gift. However, the complete terms will, if the City accepts, be embodied in a formal agreement.

In general the proposal is for the Kaufmann Trust to make a gift of \$500,000 which will be matched by the City's making available a similar amount. In carrying out the terms of the gift, the Kaufmann Trust purposes to delegate to the Allegheny Conference on Community Development certain responsibilities including the possible disbursement of certain funds.

The agreement ultimately to be entered into among the Kaufmann Trust, the City and the Conference would provide in substance that:

1. The Kaufmann Trust through the Conference would arrange for and pay for preliminary surveys for the Project, including studies of the practicability and cost of a removable roof, and would similarly engage the firm of Mitchell and Ritchie, architects, of 524 Fourth avenue, Pittsburgh, to prepare preliminary plans as well as plans and specifications in form for use in taking bids.

If the project is not completed, the sole responsibility for the expense of the work mentioned in this paragraph will be borne by the Kaufmann Trust. If the project is completed, the money advanced by

the Kaufmann Trust for the payment of the expenses enumerated in this paragraph will be considered as a part of the \$500,000 gift.

2. The Kaufmann Trust will make available for the construction of the Project (with or without removable roof, as may be determined from the studies mentioned above) such part of \$500,000 as shall not have been expended by it for the purposes mentioned in paragraph 1 above, and the City will make available for the Project \$500,000. Appropriate protection by way of architects' certificates or similar evidences of progress will be provided in connection with the expenditure of the funds thus made available. It is intended that moneys furnished by the Kaufmann Trust and moneys provided by the City shall be expended from time to time in approximately equal amounts.

3. The City will furnish suitable lands for the Project. Any cost to the City of acquiring such site (other than land presently owned by the City) shall be considered as a part of the \$500,000 to be made available by the City for the Project. The Conference is to use its best efforts to arrange for the donation to the City of any privately owned land required for the Project. The agreement of the Kaufmann Trust on the final selection of a site shall be obtained.

4. If it should be determined at the time of taking bids for construction that the total cost of the Project, including without limitation the cost, if any, to the City of acquiring the land (other than land presently owned by the City) to be furnished by it and the cost to the Kaufmann Trust of preliminary studies and of all plans and specifications, will exceed \$1,000,000, the Project shall be abandoned and both the City and the Kaufmann Trust shall be free of further obligation and any unexpended moneys theretofore advanced by the Kaufmann Trust to the City or the Conference shall be returned forthwith and any

moneys set aside by the City for the Project shall be restored.

5. The City will take and retain title to the Project, will let the contract on plans approved by the City after their submission by the Conference, for the construction of the Project, and will maintain the Project through its Department of Parks and Recreation.

6. The City will grant the Opera Association such exclusive use of the Project as may be required by the Opera Association for the presentation of musical and theatrical performances during the summer months of each year (i. e., from approximately the first of June to approximately the fifteenth of September), and the exclusive year-around use of such buildings in the Project as may be required by the Opera Association without payment of rent (or for a nominal rental in case such a charge is required by law), and the Opera Association shall have the right to charge fees for admission and, any surplus accruing to, or deficit incurred by, the Opera Association will belong to or be borne by the Opera Association.

7. The City and the Conference will work in close cooperation in connection with the Project, and the Conference will keep the Kaufmann Trust advised of the progress of the Project and will consult with the Kaufmann Trust concerning the Project.

8. The formal agreement shall provide, as a condition precedent to the actual construction of the Project, that the Opera Association shall have agreed to use the Project for the purposes herein set forth and to provide for its financial requirements in connection therewith.

It is respectfully suggested that if the general proposition outlined above is acceptable, representatives of the Trust, the City and the Conference arrange for the preparation of a formal agreement.

Yours truly,

EDGAR J. KAUFMANN
CHARITABLE TRUST

Edgar J. Kaufmann,
A Trustee.

The Chair: The clerk will furnish a copy of this letter to each member of Council.

Mr. Leonard: I may know less about this than other members of Council, but this involves—first of all, I think it is a wonderful thing that Mr. Kaufmann and the Foundation can see their way clear to contribute a half million dollars to the City for the purpose of light opera and a new amphitheatre. I think it is needed and the people will very much enjoy it. Running through my mind—I do not know—does the question of \$500,000.00 involve City funds? I am very much for this opera. I don't want to be taken wrong and I hope it can be worked out. But this is the first I heard of this letter. I knew nothing about it until I read about it in yesterday's papers. The letter was read here and I think, in all fairness to the members, they should have one week to study that letter. You are put in the position, if you don't attend the conferences behind closed doors, you are in the dark. This is serious. I am for it, but I also want a chance to look into this matter. Conference for Community Development, that is fine. That is another necessary body that does a lot for the City when they get started. We are involved in \$500,000.00, whether this is going to be set up in an authority, a foundation or the Conference on Community Development. I am a member of City Council and before I vote on a half million dollar expenditure of City money I must know what it is all about. I do not want to be put in the position this afternoon of saying, "Not voting" and later have it said that I was trying to block the progress of Pittsburgh through the Civic Light Opera. I think you gentlemen all know that entertainment is close to my heart. The lady I married came out of the entertainment world; had been in civic light opera, and it is very close to

me because I hear about it continually. But on the other hand there are a lot of legal angles to this. I don't think there is anything wrong, or any great rush of just banging it through today, without giving Council at least a week to study it and learn a little more about it. Personally, I think it is a very fine thing. There is one thing that disturbs me very much, if the project goes over a million dollars, then it is, all out the window. That disturbs me. On the other hand, if they put a roof on to permit operas to be conducted when it rains, then the price may be more. There are a few things I would like to talk about. There are \$500,000.00 by the City and \$500,000.00 given by the civic organization. Kaufmann's Charitable Trust and the other \$500,000.00 is given by the taxpayers. I would like to be informed in general at a hearing or otherwise how the City can contribute \$500,000.00 and then turn over authority to somebody to construct the building and so on. I notice the architect, which is a very capable firm of architects, has already been selected. I understand it is going ahead with the plans, but the legal angles I want explained more specifically and that is the only reason I ask for at least a week. You said you will see that every member will get a copy of Mr. Kaufmann's letter.

Mr. Weir:

Mr. President: As I understand Mr. Wolk's motion, it calls for nothing more in substance than we express our appreciation to Mr. Kaufmann for the generous offer, and I for one, certainly feel it is a very generous offer regardless of what is ultimately determined in this agreement which is proposed, and I would like to thank him for that offer of a half million dollars for the benefit of this City. That is the purpose of this motion. As far as a week's time is concerned, I am sure that Mr. Leonard and everyone else will have much more than a week because no agreement of this sort can very well be written in a week. I don't know how long it will take, but I never saw an agreement of this sort written within a week. With respect to a couple of particular

questions that were brought up, as the communication from Mr. Kaufmann indicates, if it is determined that the theater cannot be built for the total sum of a million dollars the City would be entirely free of any obligation and the Kaufmann Trust would have paid whatever charges there would be, including architectural fees. One matter which is of very great interest to me is the city's amusement tax. Quite obviously from the returns of the amusement that the Civic Light Opera has been conducting out at the Stadium, it would seem to me to make this a good business proposition for the City even if there were no other considerations. From the standpoint of this alone, it would seem this is a good proposition. However, I don't want to go into the merits of it. I don't think this is the time or the place for that. The agreement is still to be drawn and there will plenty of time to think over the agreement. I am in hearty agreement with Mr. Wolk's motion that this man be thanked for this generous offer.

Mr. Leonard:

Mr. President: I also feel as Mr. Weir does. I also thank Mr. Kaufmann and I think it is fine, but if I understand Mr. Wolk's motion right it was that Council pass a motion notifying the Law Department to prepare legislation. That is the only part I am asking for one week, the motion to ask the Law Department to prepare legislation for submission to Council.

The Chair: Knowing each member of Council would want to be fully informed and receiving a request for a public hearing from a reputable person who represents responsible groups, I will fix Wednesday a week (February 16, 1949) at 2:00 a'clock, P. M., as the time of hearing on this subject; but I feel that this should not interfere with the preparation of the necessary papers.

Mr. Wolk read the motion as follows: That this Council thank Edgar J. Kaufmann for this magnificent act of generosity, and further that Council authorize the Mayor and the Law Department to prepare an agreement

with the Edgar J. Kaufmann Charitable Trust for the purpose of effecting the intent of said letter, this agreement to be later presented to Council in the form of a resolution for adoption.

Mr. Leonard:

Mr. President: Why do we have to pass a motion when we haven't conducted a public hearing? The Mayor can make that request to the Law Department to make an agreement. You say you have a request from somebody for a public hearing. I was going to raise the question for a public hearing. I would like to see it open. I see where the theatre is going to be erected in the East End. That is fine. I like to see it close to me. There is no reason to rush into this until a public hearing is held, and why should the Law Department be asked to prepare legislation when Council doesn't know anything about it?

Mr. McArdle:

Mr. President: On the motion to thank Mr. Kaufmann, for the sake of not having any opposition in Council, why not delete the part authorizing the Legal Department to prepare legislation and pass a motion thanking him for his offer? Is that satisfactory?

The Chair: The way the Chair was thinking, I was thinking along these lines, if the contract were in the process of preparation we could have the Law Department represented here that day or possibly have a paper here that day and then put the actual subject in front of us as to what we were considering ourselves. I think it is all right and I intend to vote for it.

Mr. Leonard:

Mr. President: Isn't it two motions? One motion would be to thank Mr. Kaufmann.

The Chair: We will vote on the two motions. Council is now voting on Mr. Wolk's motion to thank Mr. Kaufmann for this splendid gift.

Which motion prevailed.

The Chair: Now the vote is on the motion that the Law Department be instructed to prepare the necessary contract.

Mr. Demmler:

Mr. President: On that motion I would like to say this, that I agree with you that by the time we have the agreement before us we will gain a good deal of time. I am sure it will be a good many weeks before we get to the agreement.

Mr. Leonard:

Mr. President: I raised the question of time. Of course, if you gentlemen feel time is needed, that is all right with me. The only thing is, I raised the point that it is not a matter of Council; Council does not have to do that. The Mayor already has that authority and can tell the Law Department to get the agreement ready, which naturally they have been doing and probably have been doing for a long time. This did not just start today. I am not going to be kidded. Why does Council have to pass a motion for something that is already being done? Publicly, Council is not in the picture yet. They are not in the picture until the public hearing.

The Chair: Mr. Leonard, you can be sure that your voting for this motion does not commit you to anything. You are not committing yourself, to the contrary and not saying you are opposed to the contract, it simply instructs the Law Department to prepare the paper, giving us the proposed agreement.

Mr. Leonard:

Mr. President: It is all right. In voting for it I know it is a useless motion. It is already being done. That is my opinion, but I will vote for it.

And the question recurring on the adoption of the motion, the motion prevailed.

Mr. Leonard presented

No. 2162.

WHEREAS, The City of Philadelphia has approved an ordinance regulating Fair Employment Practices in that city; and

WHEREAS, The Council of the City of Pittsburgh is in sympathy with the principles of FEPC legislation in the

Nation, the State and the Municipality; and

WHEREAS, The Civic Unity Council is composed of persons who have long been active in promoting FEPC legislation and who have made a study of the problems relating thereto; Now, Therefore, Be It

RESOLVED, That the Civic Unity Council be requested to submit for consideration by the Council of the City of Pittsburgh such information, data and model ordinances it may have that would enable City Council to legislate properly regarding fair employment practices on the part of the City itself, (2) contractors and individuals doing business with the

City and (3) all companies, firms, partnerships, etcetera, licensed by the City to do business in the City of Pittsburgh.

Which was read.

Mr. Leonard moved

The adoption of the resolution.

Which motion prevailed.

Mr. Demmler:

Mr. President: I would like to place on the record some reports.

In 1934 I received a report as to the amount of claims the City paid on boardwalks, sidewalks and steps. In 1933 it amounted to \$98,000.00, and in 1934 the report was as follows:

	Boardwalk	Sidewalk	Steps
Common Pleas Court -----	\$18,710.00	\$74,251.00	\$22,351.00
County Court -----		3,141.67	3,375.00
Resolutions -----	490.98	1,000.00	3,275.00
Petty Claims -----	693.00	493.00	1,899.95
	\$17,893.98	\$78,885.67	\$30,900.15

The Chair: Damage suits?

Mr. Demmler: Actual claims paid. The Law Department furnished me with a report for 1948:

	Boardwalks	Steps	Sidewalks	Curbs
Common Pleas Court -----		\$7,595.00	\$8,475.00	---
County Court -----		800.00	---	---
Resolutions -----	\$107.24	473.42	330.39	---
Petty Claims -----		786.85	48.89	\$5.50
	\$107.24	\$9,655.27	\$8,854.28	\$5.50
TOTAL -----				\$18,622.29

In percentage it is only 15% of the amount we paid in 1934. But of special interest is this last sentence in the report from the Law Department in reply to my request for a statement of the amount of claims paid: "To this date (February 4, 1949) we have received no claims for injuries sustained on concrete steps."

Mr. Demmler:

Mr. President: In the final edition of the Pittsburgh Press for February 2nd, 1949, there appeared in the first column of the front page of that issue an article by W. L. Russell. This article was headlined, "Biggest Payer Here—Being Taxed Out of County, Steel Firm Says—Carnegie-Illinois Hits New Assessment," and the first three para-

graphs read as follows:

"The biggest taxpayer in Allegheny County—Carnegie-Illinois Steel Corp.—says it is threatened with being taxed out of Pittsburgh.

"A \$46 million increase has been made in assessment valuations on its mill machinery.

"This was disclosed today as the company carried its fight against the additional \$1,500,000 a year tax load to the County Tax Board."

While the headlines of this article are correct, the statement in the first paragraph which reads: "Carnegie-Illinois Steel Corp. says it is threatened with being taxed out of Pittsburgh," is incorrect. Neither the City of Pittsburgh nor the Board of Public Educa-

tion of Pittsburgh taxes machinery in the City. The County taxes machinery in the County as well as within the City of Pittsburgh.

On various occasions I have stated in this Council that if we wish to bring industry to the City, efforts should be made to have this County tax removed from machinery within the City.

The news items stating that a reassessment of machinery is being made and that this reassessment will show as much as 100% increase, I feel it will work a hardship, especially on the small manufacturers. It is with great interest that I will follow this matter of taxation of machinery.

The article regarding this Carnegie-Illinois tax boost, appearing in the Post-Gazette for February 3rd, 1949, makes a clear statement in the first paragraph, which reads as follows:

"Carnegie-Illinois Steel Corporation, Wednesday, appealed a \$46 million increase on machinery assessments by the County."

The second paragraph of this article reads as follows:

"The County's largest taxpayer said the increase has placed it at a disadvantage with competitors in other cities."

This paragraph surely draws our attention to the danger which will exist from over-taxation of machinery. The more the assessment and tax on the machinery the less the manufacturer will have to enable him to continue in business.

Mr. President: When I wrote that statement I intended to stop and merely confine my remarks to taxes on machinery, but reading yesterday morning's paper and realizing the effort that is being made to put a tax on wages or income by the County, I am compelled to state my position on this question.

The first page of yesterday's paper carried the black headline "Commissioners Seek Power to tax all Wages in County." Other tax headlines in

the first section of yesterday's paper read, "Bonus to cost 49 million more in State—500 million in Bonds Won't be enough," "City-County tax anything to get along—Real Estate used to be sole source," "Name the Tax Now," "Assessment Boosts jolts 19 more Firms—Machinery rated 59 Million higher."

Regarding the question of the tax burden on real estate, I quote my remarks made in Council December 13, 1948, when the millage rate for 1949 was fixed:

"This rate to be fixed is 28 mills on the land assessment and 14 mills on the improvement or building assessment. This tax is often referred to as a tax on real estate, and many persons fail to note the difference between the two parts (land value and building value) which are included in the term 'real estate.' Other statements are like 'almost every one agrees that since real estate could not be expected to bear any more of the burden, the tax base would have to be broadened,' 'of relieving real estate from the crushing burden of taxation,' 'one reason why an unconditional increase in the real estate tax rate was not authorized by law was because of the widespread belief that it is unwise further to burden real estate,' and many other similar statements.

"Certain groups have been advocating the return of the old system of placing a flat millage on the combined assessment of land and buildings. Should this be done it would definitely increase the burden of the home owner."

I would like to have an explanation of these statements:

"This unfair burden which real estate in Allegheny County bears," "The County needs the Money and it seems a logical way of getting it since real estate is carrying such a heavy load," "That since real estate could not be expected to bear any more of the burden, the tax base

would have to be broadened."

I will not burden you with any lengthy discussion of one source of tax revenue which is available, but I will say this, that in view of all the new industries that are planning to come to Pittsburgh and everything that is being done to make Pittsburgh and Allegheny County a better place in which to live, the rental value on that part of real estate which is the site should carry far more, and will produce far more of the revenue that the communities need. I am sure that a careful study of the question of tax burden on real estate will bring some very interesting facts to light.

Mr. Gallagher:

Mr. President: It was with a great deal of satisfaction that I read in the public press last week that the Mayor of the City of Pittsburgh has notified the Boardway Maintenance Corporation to get prepared to install the new street lighting system in the City of Pittsburgh.

I think this Council and the Mayor, the City Solicitor, the Assistant City Solicitor, Mr. Brunwasser and, particularly Mr. McArdle who sponsored the contract with the Broadway Maintenance Corporation, should all be congratulated by the citizens of Pittsburgh.

If you will look into the records of this Council you will see since the year 1935 that this Council and previous Councils unanimously agreed on resolutions that were presented here trying to get a lower rate on street lighting from the Duquesne Light Company, and up until 1944 they were even so arrogant they would not even give us the courtesy of a conference to sit down and talk the thing over. But when they took that attitude this Council on a motion presented by myself, broke the contract that was in effect with the Duquesne Light Company for many years. There was a clause in that contract that either party could cancel the contract within ninety days. At the time the contract was abrogated, periodically, every year at budget time that question came up, of street lighting in the City

of Pittsburgh. In our budget we set up \$1,125,000.00 to be paid to the Duquesne Light Company. Thanks to this administration and to this Council we finally came to the point where the Superior Court, and the Public Utility Commission in the State of Pennsylvania finally recognized that the position taken by the City was right and we are now on our way, according to news reports, within a very short time we will have a new street lighting system in the City of Pittsburgh and we will not have the old antiquated lights downtown from the horse and buggy days that is not incandescent lighting. And when this new contract goes into effect the City will have enough money every year and we will have one of the best lighted cities in the Country.

Last week the Pittsburgh Sun-Telegraph had an editorial, "Let's have no dark streets." I want to assure the people of the City that with the savings of the up-to-date lights the City will have very few dark streets, and the City will be one of the best lighted cities in the Country, and we will be doing it by breaking a monopoly that the Duquesne Light Company has had on this City for years.

I want to say again that the Mayor, the City Council, the City Solicitor, the Assistant City Solicitor, Mr. Brunwasser and everybody that had anything to do with this hard uphill fight should be congratulated by the citizens of Pittsburgh.

Mr. McArdle:

Mr. President: I am glad to see the day has come when we have been able to break the monopoly of the Duquesne Light Company, or I should say breaking the shackles the Duquesne Light Company has had on the City for so many years. By letting a contract to the Broadway Maintenance Corporation, we will not only get a better and more up-to-date street lighting system but at the end of ten years, which is the important thing in this contract, the City will own its own street lighting equipment and in addition to that I predict, and I predicted at the time I sponsored the

legislation which brought about the breaking of the shackles of the Duquesne Light Company on the City of Pittsburgh, that we will have the best lighted city in the Country, and I think that is really an accomplishment.

I think now the City Council should devote its efforts and start right now to give the City and the County in these trying days, the right to tax the utilities in the City and the County. Next week I propose to introduce legislation asking the Legislature to give us the power to make the public utilities bear their fair burden of the taxes that the poor taxpayers and the working class of this City have to bear.

The Chair: Ladies and Gentlemen: We have come to the close of our official business for the day. I note in the Chamber the presence of some 60 or 70 people. There has been no

request made of us for any public discussion or public hearing and I have the feeling that these people would be disappointed if we did not recognize their presence, and we want to give them every courtesy we can.

Mr. Walter F. Wrenn, Member of the Legal Staff of the United Tenants Association of Western Pennsylvania, asked Council to intercede in behalf of the tenants of the Pittsburgh Housing Authority who have been served with eviction notices because their incomes exceed \$5,000.00.

Mr. Wolk moved

That the Minutes of Council for Monday, January 31, 1949, be approved.

Which motion prevailed.

And upon motion of Mr. Wolk.

Council adjourned.

UNFINISHED BUSINESS

The Chair took up

Bill No. 2061. Resolution authorizing the issuing of a warrant in favor of B. Meredith Reid in the sum of \$108.75, in full settlement of his claim against the City for personal injuries sustained October 21, 1948, on Craig street near Centre avenue, and charging same to Code Account No. 42,

Contingent Fund.

In Council, February 7, 1949, read and laid on the table.

Which was read.

Mr. Demmler: I might report I have written to the City Controller requesting him to advise me whether or not this amount might be credited to delinquent taxes owed by Mr. Reid. I have had no reply. I have no objection as to what Council wishes to do.

The Chair: Here is the situation, Attorney Reid presented a claim and it came out of Committee with approval. It has since risen whether he owes City taxes. Mr. Demmler has written to the City Controller but has not received a reply.

Mr. Duff moved

That the resolution lay over until the report is received.

Which motion prevailed.

REPORTS OF COMMITTEES

Mr. Duff presented

DEPARTMENT OF LAW

February 10, 1949.

Finance Committee of Council.

Re: Bill No. 2133

Gentlemen:

By letter of February 9, 1949, you have inquired as to the probable cost of the condemnation of certain property of Margaret E. Casey, et al, in the 15th Ward, as provided in Bill No. 2133.

This is a property fronting 62½' on Gloster street by 100' on Elizabeth street. The 1949 assessment of \$1200.00 is some indication as to the value. We find, however, that city and school delinquent taxes on this property total in the neighborhood of \$3200.00.

It is, therefore, probable that this property can be acquired at a price of approximately \$1200.00, one-half of which would be applied on city taxes and the balance on school and county taxes.

Very truly yours,

BENNETT RODGERS,

First Asst. City Solicitor.

Which was read, received and filed.

Also

Bill No. 2134. An Ordinance entitled, "An Ordinance amending a

portion of Section 95, Bureau of Recreational Activities, Department of Parks and Recreation, of Ordinance No. 550, entitled, 'An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof,' approved December 30, 1948."

Which was read.

Also

Bill No. 2135. An Ordinance entitled, "An Ordinance authorizing the Mayor and the Directors of the Department of Public Works and the Department of Parks and Recreation to enter into a contract or contracts for the employment of an architect or architects for architectural services in connection with the construction of projects under the People's Bond Fund Improvement Program for the Department of Parks and Recreation, and appropriating funds for such architectural services."

Which was read.

Also

Bill No. 2136. An Ordinance entitled, "An Ordinance amending Ordinance No. 45, entitled, 'An Ordinance fixing the golf fees and regulating the granting of permits to play golf within the public parks of the City of Pittsburgh,' approved February 16, 1937, as amended and supplemented by Ordinance No. 116, approved April 20, 1943."

Which was read.

Also

Bill No. 2137. An Ordinance entitled, "An Ordinance providing for the letting of a contract or contracts for the furnishing and delivery of Power Spray Equipment for use in the Department of Parks and Recreation, and under the control of the Bureau of Automotive Equipment, Department of Public Works, and for the payment of the cost thereof."

Which was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the bills.

Which motion prevailed.

And the bills were read a second time and agreed to.

And the bills were read a third time and agreed to.

And the titles of the bills were read and agreed to.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler

Weir

Duff

Wolk

Gallagher

Kilgallen, (Pres't)

Leonard

(Mr. McArdle not voting).

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Which was read.

Also

No. 2208.

DEPARTMENT OF PUBLIC WORKS
DIVISION OF AUTOMOTIVE
EQUIPMENT

February 7, 1949.

To the Committee on Finance,
City of Pittsburgh.

Gentlemen:

Bill No. 2095. An Ordinance providing for contracts for furnishing motorcycles with truck bodies for the City Treasurer's Office, and for the payment thereof, was referred to me for approval.

I approve the above mentioned equipment to be purchased for the City Treasurer's Office.

Yours very truly,

LEO GILL,

Director, Automotive Equipment

Which was read, received and filed.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passages of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Demmler:

Mr. President: I will vote for Bill No. 2095, File No. 1099, since both the City Treasurer and the Superintendent of Automotive Equipment say it is the proper item for this use. My own opinion is that a jeep for this type of work would be more flexible and would be a better thing to buy for the sake of the City, but since both men have agreed that is what they want, I will vote for it.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

Whereas, The Council of the City of Pittsburgh desires to accept this offer of James F. Hillman and the Allegheny Conference on Community Development; Now, Therefore, be it

Resolved, That the City of Pittsburgh does hereby accept the generous offer of James F. Hillman and the Allegheny Conference on Community Development as above stated, upon the following terms and conditions:

1. All costs for the preparation of detailed plans and specifications for the said four parks and for the construction and development of the said three parks; and for the initial purchase of equipment for the three parks are to be paid by the aforesaid grant of James F. Hillman to the Allegheny Conference on Community Development.

2. The plans and specifications for the construction and development of

the said three parks, submitted by James F. Hillman and the Allegheny Conference on Community Development, shall be subject to the approval of the Director of the Department of Parks and Recreation of the City of Pittsburgh, under whose supervision the parks will be constructed at a cost not to exceed the amount of the said grant. The Director of the Department of Parks and Recreation shall work in close cooperation with James F. Hillman and with the Allegheny Conference on Community Development.

3. Upon completion of the parks in accordance with the approved plans and specifications, the City shall acquire title to all improvements constructed thereon and the equipment placed thereon solely for use and benefit of the public and exclusively for

charitable, educational and recreational purposes.

4. Upon completion of the parks in accordance with the approved plans and specifications, the City of Pittsburgh agrees to maintain the parks in a clean, sanitary and inviting condition at all times and to assume full responsibility for all damages to persons or property resulting from the use and operation of the parks.

And Be it further

Resolved, That the City of Pittsburgh express its sincere appreciation to James F. Hillman and to the Allegheny Conference on Community Development for this generous gift to the citizens of Pittsburgh; and that a copy of this resolution be transmitted to James F. MOTIONS AND RESOLUTIONS

Mr. Demmler called up

Bill No. 2061. Resolution authorizing the issuing of a warrant in favor of B. Meredith Reid in the sum of \$108.75 in full settlement of his claim against the City for personal injuries sustained October 21, 1948, on Craig street near Centre avenue, and charging same to Code Account No. 42, Contingent Fund.

In Council, February 14, 1948, read and laid over.

Which was read.

Mr. Demmler: I received a letter from the City Controller stating we cannot withhold this money from B. Meredith Reid.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler	Stewart
Duff	Weir
Gallagher	Wolk
Leonard	Kilgallen, (Pres't)

(Mr. McArdle not voting).

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Mr. Demmler:

Mr. President: Last week for the record I made a statement regarding taxation on machinery, and after that some comments on the wage or income tax. I have here a prepared statement as to my position on the wage and income tax and also some comments on newspaper editorials. I do not wish to take the time of Council and if you have a conference I do not wish to take the time, but I would ask that it be placed on the record.

Mr. Leonard:

Mr. President: I don't like that remark "if you have a conference with the Mayor." I think it should be public.

Mr. Demmler:

Mr. President: That was only part of my remark. I didn't want to take the time of Council or the conference if Council did not want to take the time.

The Chair: Mr. Demmler has requested unanimous consent to place his statement in the record. Are there any objections? If not, the statement will be placed in the record.

Mr. Demmler:

Mr. President: Last Monday, at the meeting of Council, I placed on the Municipal Record a statement about the taxation of machinery by the County of Allegheny. I believe an effort should be made to remove the taxes on machinery, as by so doing we will be able to better keep our present industries and also attract new ones. With more and better production the cost of living will be reduced.

I also made comment on the suggested wage and/or income tax proposed by the County. Today I will enlarge on this subject of taxes.

In an article by a staff writer of a Pittsburgh paper, sent from Harrisburg and printed on February 10, 1949, mention is made of Act 481 and of the suggested wage tax. Two paragraphs of this article read as follows:

"Actually, the Democratic leader-

ship and party members—without too strenuous opposition from organized labor—abandoned the anti-wage tax theory two years ago. That was when a majority of Democrats in the Legislature, at the bidding of Mayor Lawrence, the actual Democratic State leader, turned in to support Act 481 which lifted Pittsburgh out of a morass.

"Whether misunderstood or not, that act clearly gave Pittsburgh and other municipalities in the state, authority to levy a wage tax among other forms of new taxation. Pittsburgh, however, did not resort to a city tax on wages or income."

The statement, "Act 481 which lifted Pittsburgh out of a morass" is totally wrong, because Pittsburgh, at that time, 1947, was in no "morass" financially or otherwise. I shall be glad to discuss this with anyone who disagrees with my statement.

This newspaper article also has this sub-headline and paragraph:

"'Home Rule' Theme Wins—What sold the Pittsburgh package to the Legislature in 1947 was the 'Home Rule' theme. Whatever objections were voiced to provisions of the bills introduced, eventually cancelled themselves out. For Pennsylvania tradition has it that an individual city or county can propose—and usually is entitled to—legislation that concerns its boundaries alone."

The home rule granted in Act 481 is limited to taxes, and I sincerely hope the right of "Home Rule" might be granted by the State Legislature to Pittsburgh and other governmental subdivisions.

In the same issue of the newspaper that contained the article above referred to, there was printed an editorial entitled, "No Other Out" the first paragraph of which reads:

"Commissioner Kane should ask members of his party in the General Assembly, who are in an uproar over his wage tax proposal, to suggest, if they can, some other way of meeting Allegheny County's financial

crisis. That should effectively stop any further argument."

As a member of the Democratic Party, I will take up the argument of the wage tax and the question if there is "No Other Out."

A wage and/or income tax is definitely a tax on industry and when collected by the employer also makes for dissatisfaction for both the employer and the employee. The employer or business man should not be made the tax collector.

In the editorial tax conditions in Allegheny County and in Philadelphia are mentioned and then it concludes:

"But neither of these conditions exists. So the County, backed against the wall, has no alternative.

"This fact, we believe, transcends all other political or party considerations. The General Assembly cannot in conscience fail to give Mr. Kane the authority he seeks, unless it is prepared to tell him what else he might do."

I do not agree that there is no alternative or no other out. With the many improvements in Allegheny County, including the City of Pittsburgh, now being made and planned to be made (such as highways, bridges, flood control, improvements in air and stream pollution, new industries, expansion of present industries, etc.) all make this county a more desirable place to work and live. This all makes for increased real estate (land and buildings) values, which will produce more income and will stand an increase in the millage.

In a news item printed February 11, 1949, Mr. Kane is quoted as saying:

"In sponsoring the bill, I believe we are trying to help the little fellow," Mr. Kane said.

"He should be given consideration by people who are supposed to be representing his interests."

Two paragraphs in this news item read:

"He cited the case of a \$2,400 a year white collar worker who owns

a home assessed at \$4,800. This man either would pay a wage tax of \$12 or a \$14.40 increase in his real estate levy.

"These figures were gathered for the Commissioners' use by Nicholas Stabile, County Statistician. He says home owners up to the \$10,000 a year bracket would save."

Most of the little fellows are not home owners, but renters, and past records show that reductions in real estate taxes have not resulted in lower rents. I fear that the results given in the table "How higher real estate taxes would top levy on wages" will be different from those printed.

In this same newspaper issue of February 11, 1949, there is printed an editorial entitled,

"What's The Substitute?" From which I quote:

"The easiest trick in politics is to denounce some other official for the way he handles his business. Since the critic doesn't have to make good he can pan the other fellow to his heart's content.

"This is what is now happening as regards the County Commissioners' plan to impose a wage tax in Allegheny County. A lot of Legislators and other office holders are professing to be greatly shocked that such a proposal should even have been suggested.

"But it is interesting to note that none of them comes forward with a substitute. They have no idea how to meet the situation, so they content themselves with the easy and tricky method of merely denouncing the plan and offering no alternative.

"Allegheny County has to get from six to seven million dollars of additional revenue. That's the problem.

"Seventy per cent of its present revenue now comes from real estate taxes—which are already high. In order to get the necessary added income, the realty tax would have to be raised about 35 per cent.

"To do so would impose a terrific burden on the home owner and also on the renter—for real estate taxes get passed on in the form of higher rent. It also would discourage the construction of new housing, and thus add to the shortage—particularly as regards houses in the lower sale or rental brackets.

"So what is the County to do?

"That is the question which neither legislators nor union politicians attempt to answer. They merely assail the wage tax—and offer no alternative.

"But aside from any arguments either for or against the wage tax, what do its opponents propose?

"Those who are shouting so loudly against the plan which Commission Chairman John Kane reluctantly proposed should at least offer some alternative."

The real alternative to a wage or income tax is an extension of the Pittsburgh Graded Tax Law by applying this principle to Allegheny County and the Pittsburgh Board of Public Education. At the present time this graded tax law is only about a 25% demonstration of its value. If the half rate of the millage now applied to the building assessment in Pittsburgh as against the full rate applied to the land assessment, were made to apply to the County and the School tax it would give a 50% demonstration. This reduction of tax would be an incentive for more improvements and for a better county and city.

For the present, and until the law can be changed, the County should raise their millage so as to get enough revenue to meet their needs.

To show that, in the City of Pittsburgh, this increase by the County can be had I will give only two illustrations: An offer of two million dollars for a building, which with the land is assessed at \$850,000.00, was refused. A ground lease of \$120,000.00 a year, at 4% interest, would mean a value of \$3,000,000.00, and yet this lot is assessed at \$680,000.00. Remember

that the owner of the building on this lot pays all the taxes, in addition to the \$120,000.00 yearly ground rent. Other illustrations could be cited.

I will close by quoting from my remarks printed in the Municipal Record of November 29, 1947, when I commented on the three new city taxes being imposed for 1948, under Act 481:

"From the real estate boards and from the Building Owners and Managers' Association, we hear the cry that 'real estate is overburdened;' 'reduce the present oppressive burden of real estate taxation;' 'ease the burden on real estate;' 'real estate taxes must be reduced;' and these statements are printed in newspaper articles and editorials.

"I am certain that if the realtors, the building managers and those engaged in the real estate business will analyze their business they will find that the largest part of their business consists of the renting and selling the improvements, and only a small part consists in the selling and renting of the land site or engaging in speculating in land. Therefore, any encouragement to home owning and business means more business and profit to them.

"Remove the burden of taxation from that part of real estate which is the improvement and is private property, thus giving real relief to industry. Let us work for 'tax relief' and not merely for 'tax reduction on real estate.'"

Mr. Weir:

Mr. President: I want to ask your leave to make some brief remarks now with respect to the bill which was passed pertaining to the settlement of the debt between the City and the County.

I speak with all due respect to the Controller, who, in this instance, I sincerely believe has conducted a very fine audit pertaining to all these debts. However, I do wish to make it clear for myself in the record of Council that when sitting at this table here

some time ago we agreed tentatively to this settlement, we did not do it in darkness or ignorance of the counter claim of the City against the Institution District of Allegheny County, but did it with full knowledge of that claim.

At that time we knew, and I say we, perhaps I should speak for myself—I knew and I assumed that everybody else knew that the same relative percentage with respect to the various classes of juveniles would carry through the years 1942 to 1944, inclusive, as had prevailed in the four years prior to that time. All that was necessary was to perform a simple bit of arithmetic, which I then and there did and determined what this counter claim would be, and actually with almost exact accuracy. And in fairness to the Commissioners, particularly Commissioner Kane, I think I ought to remind everybody that he at that time was also aware of the facts and waived the disputed matter of neglected children in consideration that the counter claim against the Institution District be abandoned.

The reason I am saying this, is that it has been suggested that this counter claim was not known at the time the tentative settlement was agreed to. That is not so. I not only knew of it but knew almost the exact amount by performing the arithmetic I spoke of. In fact it comes out within 6% of the figures determined by the sample audit.

There is no warrant for saying that the settlement was made without knowledge of the counter claim for juveniles in foster homes.

Mr. Wolk:

Mr. President: I would like to say I am in accord with Mr. Weir's statement.

Mr. Weir moved

That the Minutes of Council of Monday, February 7, 1949, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

CITY OF PITTSBURGH

CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P.L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Works under date of February 10, 1949, in letters addressed to the Mayor and the City Controller has stated that by reason of the decent decision of the Superior Court in favor of the City of Pittsburgh in an Appeal by Duquesne Light Company in connection with three separate street lighting contracts covering Energy or Power, Equipment, and Servicing and Maintenance, it is now possible for the City to start this service without any further delay; and

Whereas, It is necessary to employ one Stenographer-Clerk and three Construction Inspectors in the Division of Public Utilities, Bureau of Engineering, Department of Public Works, in connection with the work on the new contract for street lighting; and

Whereas, This favorable ruling of the Superior Court was only recently made so that the aforementioned positions are not provided for in the 1949 Salary Budget; and

Whereas, Such appears as good and sufficient reason to impel the certification of an emergency under the circumstances.

Now, Therefore, we, DAVID L. LAWRENCE, Mayor of the City of Pittsburgh, and EDWARD R. FREY, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the employment of one Stenographer-Clerk at a salary of \$2100.00 per annum and three Construction Inspectors at a salary of \$3000.00 each per annum, in the Division of Public Utilities, Bureau of Engineering, Department of Public Works, for the reasons hereinabove set forth.

MOTIONS AND RESOLUTIONS

Mr. Demmler:

Mr. President:—

Continually we hear statements like "The real estate taxation must be reduced"; "The burden of taxes on real estate"; "Real estate cannot bear any additional taxes," etc. In view of these statements, I wish to place on the record two paragraphs from an article entitled "Legislative Debate of Tax Limit Change Is Essential to Public Understanding," from a bulletin published by the Rochester Bureau of Municipal Research, Inc., of Rochester New York. These paragraphs are as follows:

"Government was created by the people; it is supported financially by people. The only beneficiary of government is people. A tax is a scheme for collecting money from people. The essence of a tax is the presumption that it fairly establishes relative obligations of people to government; real estate is used to establish such relative obligations. But, real estate, itself, has no obligation to government; real estate pays no taxes; real estate cannot be called upon to bear its 'fair share,' real estate is inanimate. It is the people who pay taxes through a relation they bear to real estate.

"Another kind of limit is required to protect the homeowner from a burden which may be far beyond his obligation to government. This is the point at which the present limit has value. In any case it is not real estate that needs protection. It is people who need protection in the assurance that real estate will be used fairly to establish their obligation to government. Perhaps a re-

casting of the real estate tax along lines which are logically sound would be a more fundamental approach than tinkering with the tax limit. Limiting the real estate tax to those local functions which specifically and measurably benefit real estate is a logical arrangement which might be feasible."

I sincerely hope that the effects of the Pittsburgh graded tax law on real estate will be carefully studied. I am convinced that an extension of this law, applying the same to the County and to the Board of Education of Pittsburgh would be beneficial for this entire community and all of its citizens.

I have addressed a letter under date of February 18, 1949, to the Pittsburgh Real Estate Board, which reads as follows:

"At a meeting before the Committee on Hearings of City Council, held last Wednesday, February 16th, statements were made regarding the real estate taxation of the City of Pittsburgh. The statement that the real estate tax of the City has not been decreased is not proven by a study of the facts.

"In 1930 the assessed taxable valuation of the real estate in the City of Pittsburgh was \$1,164,663,760, with a millage of 26 mills on land assessment and 13 mills on the building assessment. This millage placed a tax of \$22,640,103.85 on real estate, i.e., lands and buildings.

"In 1948 the taxable assessment was \$971,953,356, with a millage of 28 mills on land assessment and 14 mills on building assessment. This placed a tax levy of \$19,411,534.28 on the taxable assessment.

"These figures show a decrease of the taxes on real estate amounting to \$3,228,569.57, a reduction of almost 15% in the course of these eighteen years.

"I am placing this letter on the Municipal Record next Monday, February 21st. Should you wish any statement of yours placed on the

Municipal Record at any time, I shall be pleased to receive such comment and will place the same on the record."

Should I receive any communication from the Pittsburgh Real Estate Board I shall place the same on the Municipal Record if they so request.

The Chair announced there was present in the Council Chamber Mr. R. H. S. Crossman, a member of Parliament from the City of Coventry, England, and appointed Messrs. Demm-

ler and Duff to escort Mr. Crossman to the rostrum.

Mr. Crossman stated it was a great honor to be here and thanked the members of Council for receiving him.

Mr. Weir moved

That the Minutes of Council of Monday, February 14, 1949, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

And the bills were read a third time and agreed to.

And the titles of the bills were read and agreed to.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	McArdle
Duff	Weir
Gallagher,	Wolk
Leonard	Kilgallen, (Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also

Bill No. 2243. An Ordinance entitled, "An Ordinance exempting the position of Assistant Chief in Administration, Bureau of Public Health Nursing, Department of Public Health, from the requirements of Section 42 of Ordinance No. 450, approved January 7, 1902, as amended."

Which was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. McArdle:

Mr. President:—On Bill No. 2243, I think the bill should be recommitted

or laid on the table, and that the City, out of its Contingent Fund, advertise in the three Pittsburgh newspapers to find out whether or not there are people available for this position rather than go out of the City to fill it. I notice here today there is a registered nurse who has applied for the job. It is not definite that she can do this job, but I think we should postpone action on this bill, and I will make a motion that we advertise—put a proper ad in the paper letting the people of Pittsburgh know there is such a job, and see if we cannot hire somebody who lives in the City of Pittsburgh.

Mr. McArdle moved

That Bill No. 2243 be laid on the table.

Mr. Weir:

Mr. President:—I was about to address you in relation to the same matter when Mr. McArdle was recognized ahead of me. Due to this controversy that has arisen about this job in particular and the jobs in the Public Health Department in general, I would like to summarize what has happened and what is in prospect.

In the 1949 budget as opposed to the 1948 budget, the new key positions that were created were these: Business Manager, Chief of Maternity and Infant Services, Industrial Health Sanitarian, Assistant Chief in Administration (Nursing), Assistant Chief in Education (Nursing) and six Public Health Nursing Supervisors. To the first of those a Pittsburgher well known to us, one Steven Grabowski, was appointed. In the second one Doctor Florence Marcus, a Pittsburgher, was persuaded to leave the job she was holding in Alaska and return here, and has now done so and is now in that job. The third one is not filled, and we have now before us an ordinance to exempt the fourth one, Assistant Chief in Administration, Bureau of Public Health Nursing. I contacted various people in the Health Department, and in particular Miss Janice Mickey who is head of nursing in the Health Department and got from her this information. She, as I am convinced in my own mind, made a sincere and ex-

haustive effort to locate a Pittsburgher, and in the absence of a Pittsburgher, an ex-Pittsburgher to take this job, as well as other jobs in the Health Department. Where did she ask? She went, of course, to those people or organizations who have personnel files on these matters because they are the only places you could go as far as I know. Among those contacted were these people: Mrs. Alice DeBenneville, Director of the Public Health Nursing Association, Miss Mary Champlin, Chief of the Health Division of the Federation of Social Agencies, Dr. Dorothy Rood, Director of the Course in Public Health Nursing at Pitt, Dean Ruth Kuehn of the Nursing School at Pitt, Miss Mary Adams, Director of the Course in Public Health Nursing at Duquesne University, Miss Alice O'Halleran, Director of Public Health Nursing of the Commonwealth of Pennsylvania, and Miss Pearl McIver, Chief Nurse of the Public Health Nursing of the United States Government, whose office is located in New York City. In each of these instances she asked them to supply a Pittsburgher, and next best a former Pittsburgher. As I said in those cases it wasn't who did they have, but who did they have that were Pittsburghers. None of those efforts brought forth anyone for the job now proposed in this ordinance. Although these efforts which are continued, have returned some prospects for the other jobs, they have also turned up quite a number of Pittsburghers who are working elsewhere. We know of no apparent prejudice against them in other cities because they came from Pittsburgh, and while the salary schedule in our Health Department is said to be adequate it is not enticing enough to lure them back to our Health Department. In view of what has occurred and what is being done, I don't think that advertising—public advertisement, as indicated, would bring results. I believe the only places you could be likely to locate such people would be the ones I have enumerated and those efforts have already been made.

The Chair:—The vote is on Mr. McArdle's motion to lay the bill on the

table.

And the question recurring on the adoption of the motion, the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Leonard

McArdle

Noes:—Messrs.

Demmler

Weir

Duff

Wolk

Gallagher

Kilgallen, (Pres't)

Ayes 2. Noes 6.

And there not being a majority of the votes of Council in the affirmative, the motion did not prevail.

Mr. McArdle:

Mr. President:—In answer to some of the questions or statements that Mr. Weir made, I don't dispute that he got the information from the Health Department that he said he got. I don't question anything he said as far as he is concerned being a truthful statement, but I do question the sincerity of the people in charge of the Public Health Department with this Council in keeping their word and carrying out a promise made to this Council, some of it official, some of it unofficial. The point I am making, as far as the Department of Public Health is concerned is that when we agreed to put Miss Mickey in the job she now holds and Mr. Dunsmore in the job he now holds, and waived the residence requirements of the City of Pittsburgh, those two people promised us that they would and could train the personnel now in the Department of Public Health to take the jobs that they now want us to waive residence requirements on. Now, Miss Mickey, in this particular job, can set up the requirements that she wants. If she says you must graduate from "Swedunk Hospital" or "Swedunk University" in public nursing and that is the requirement for the job, it prohibits anyone who does not meet those requirements from taking the examination or qualifying for the job. The thing that this Council should be concerned about is getting qualified people out of the ranks of the Health Department to do the job that Miss Mickey and these people think

should be done. There is no one going to tell me Miss Mickey or Dunsmore or anyone else that twenty year's experience—fifteen years' experience in the Department of Public Health isn't or doesn't merit serious consideration for promotion, particularly when this genius of the nursing profession came here and took this job and told us that she could train the present personnel, sitting in chair No. 2 there, and she could train the present personnel to carry out the functions of the Health Department. And it is on that statement and on my own personal knowledge of the type of nurses that we now have in our Public Health Department that I am now opposing the importing of a nurse who probably is a great friend or personal friend or former associate of Miss Mickey, into Pittsburgh to pay her this salary. I think when you do this you are telling the people of Pittsburgh you have sat for eight or ten or 12 years and didn't know anything about your Public Health Department. You are admitting you have inefficient people up there in the Public Health Department, and I am going to vote against this bill.

Mr. Weir:

Mr. President: I completely agree with the last part of Mr. McArdle's remarks, we were sitting for eight or ten years without a proper Public Health Department. But that is the way these things are being done. Whether they are being done right is no concern of ours. It is up to the Civil Service Commission to fix the qualifications for these jobs. They have done that. We don't fix those qualifications. They are on file and the efforts I have already related have been made to try to find people with those qualifications. One other matter. We could talk endlessly on this. I don't question Mr. McArdle's recollections. Mine are slightly different. As far as Mr. Dunsmore is concerned, I believe he was here before these jobs were created. On the other matter, I don't remember anything about training anyone for these particular jobs. As I say you could go on and on backwards and forwards on this job, but as I say, that is not my recollection.

Mr. McArdle:

Mr. President: This Bill No. 2243 is not a departmental problem. If it was it wouldn't have to be here. City Council has to waive the residential requirements, not the executive department, and in addition to that, if we have residential requirements, it must be for a purpose. I am wondering how many of you gentlemen would act or look upon the proposition of importing a graduate of some college, say Oxford or one of the old high-class schools, to come and take one of these places in the event of a vacancy.

The Chair:

You mean Council?

Mr. McArdle:

Yes, and that is all this is.

Mr. Leonard:

Mr. President: I opposed it in Committee and for the same reasons I will vote against the passage of Bill No. 2243 today. I am not going into any long speech. The reasons I gave in the committee remarks, and I understand the record stands. For the record in Council I am opposing Bill No. 2243 because in this great metropolitan center of Pittsburgh, the land of the working man, and the land of culture and the land of education, with some of the greatest universities in the world and surely where, we are led to believe, one of the finest medical schools in the world, and with a population of close to a million people, we have nobody in the City of Pittsburgh to take this job. I want the record to show I don't agree with it because I think it is an insult. The City of Pittsburgh, the political party in office, they don't have in their ranks capable people, that they have to turn around and place the jobs with people they see fit and spend the money we can't afford to reorganize the Health Department. It seems we have conceded all these rights to the United States Public Health Service. As I pointed out in Committee if Joe Schultz came before Council with a proposition of this kind or walked out in private industry with a proposition of closed shop such

as the United States Medical Society he would be handed an injunction for violating the Taft-Hartley Law, but this is the great medical society and great experts, and reports that anybody will die if they live in Pittsburgh. It is this that made agreements in Pittsburgh over night that used the great public health measure that showed profits of the great Consolidation Coal Company for better than six and a half million dollars for the third quarter of 1948 and showed the coal monopoly with profits in the summer months over \$450,000. They are not saying how many public health measures made millionaires over night, for little Joe is paying the profit through the nose, and the day will come when I will be able to prove my statements in this Council because I will have plenty of health cases before profits cannot be hid from the profits of the special privileged.

We will take that up later. But it is an insult to the Medical profession of the City of Pittsburgh if we don't have the proper person in the great City of Pittsburgh medical schools and don't have anybody capable and able to meet the requirements. I make the reasons I made in Committee the reasons I am voting No on this bill. There are people in the City of Pittsburgh, and as Mr. McArdle said, you wouldn't suspend the rule to put a member of this body if it was vacant and it is the same thing in the Bureau of Nursing upstairs.

The Chair:

Gentlemen, I might mention we are in somewhat of a defensive position.

Mr. McArdle:

Defensive or defenseless?

The Chair:

There is no doubt Council is somewhat defenseless when we give a job to a person who is not a resident of Pittsburgh. City Council is of the same belief that Mr. Leonard and Mr. McArdle hold, that Pittsburgh jobs ought to go to Pittsburgh people, but when it is made crystal clear to us that our health program is going to be handicapped unless we secure the proper

help, and when this has been made clear to us that efforts have been unsuccessful in securing that help in the confines of our City, then City Council is faced with the alternative of hiring a non-resident or let the health program lag, and that alternative before the members of Council is to exempt this position from the residence requirements. However, in the future, I want it made crystal clear, beyond any shadow of a doubt, that any future job cannot be filled by a Pittsburgher before I will vote to give it to a non-Pittsburgher. Just at this time I am taking it on faith that these people have made every effort to secure a Pittsburgher. I don't think it was such a bad idea that Mr. McArdle made, to advertise. I think it is a good idea to advertise in the Pittsburgh newspapers for applicants to find out whether or not we have people qualified to hold the position.

Mr. Leonard:

Mr. President: Just to repeat my charge against the U. S. Public Health Service, I am convinced it is a big lobby that is taking care of its members, and I have said repeatedly that the number one lobbyist of the Allegheny County Medical Society is Doctor I. Hope Alexander.

Mr. McArdle:

Mr. President: Do you know how much time Miss Mickey devotes to her duties to the City of Pittsburgh?

The Chair:

The Chair doesn't.

Mr. McArdle:

Mr. President: I understand she divides her time between the City of Pittsburgh and the University of Pittsburgh. I would like to know if that is the truth, then maybe if she devoted a little more time to the City of Pittsburgh we might not have to hire this Assistant Chief in Administration in Public Health Nursing in the Department of Public Health.

Mr. McArdle moved

That the Department of Public Health furnish the information as to how much time Miss Mickey devotes

to her position with the City of Pittsburgh and how much time she devotes to her position with the University of Pittsburgh.

Upon which motion the ayes and noes were taken and being taken were:

Ayes:—Messrs.

Duff	McArdle
Gallagher	Wolk
Leonard	Kilgallen, (Pres't)

Noes:—Messrs.

Demmler	Weir
---------	------

When the name of Mr. Duff was called, he arose and said:

Mr. President: I see no reason why the information should not be made available, and I am going to vote Aye.

When the name of Mr. Weir was called, he arose and said:

Mr. President: I am voting No because I see no particular reason to harass any person on the payroll. You might ask that question of many, many people.

When the name of Mr. Wolk was called, he arose and said:

Mr. President: I am voting Aye because there is no secret that she is doing work for the University of Pittsburgh.

DEPARTMENT OF PUBLIC HEALTH

March 3, 1949.

To the President and
Members of City Council:

Gentlemen:

The following motion was adopted Monday, February 28, 1949 by the City Council of Pittsburgh:

"That the Department of Public Health furnish City Council with information as to how much time Miss Janice Mickey devotes to her position with the City of Pittsburgh, and how much time she devotes to her position with the University of Pittsburgh."

The following information is herewith submitted.

Miss Mickey, since her appointment to the Health Department staff has been occupied with City of Pittsburgh Health Department activities for much more than 44 hours each week specified for city employees. As a part of her health department duties she has a direct responsibility in seeking the closest cooperation between the several nursing agencies and the nurse teaching agencies in Pittsburgh.

Her specific activities in relation to the University of Pittsburgh Nursing School has consisted of the teaching of one class during the fall semester of the 1948-49 school year, which class was held on Wednesday evenings from 8:05 to 9:45 P. M. She will teach one class during the winter and spring session on Monday evenings from 8:05 to 9:45 P. M. These teaching duties were carried on with the knowledge, consent and encouragement of this department, insofar as these duties at the University of Pittsburgh are extremely important in the over-all nurs-

ing and nurse training activities in this area.

It is my pleasure to report that Miss Mickey's interest in the general public health nursing program of the City of Pittsburgh has in nowise interfered with her intramural activities in the city health department. Quite to the contrary, all of her activities are so planned as to be of direct or indirect benefit to the City Health Department. It is further my pleasure to report, that Miss Mickey is extremely capable and conscientious in her capacity as Chief of Public Health Nursing, and to my personal knowledge has spent much more than 44 hours each and every week in the performance of her duties.

It is sincerely hoped that the City Council will agree with this office that Miss Mickey merits approbation for her extraordinary application to her job.

Respectfully,

I. HOPE ALEXANDER,
Director.

Mr. Weir:

Mr. President: I cannot let this matter pass without saying that I think it is an indication of very irresponsible charges and actions. Now, I voted against asking this information of the Department when the motion was made. Frankly I did not know what the situation was, whether Miss Mickey taught at Pitt or not. It develops that the accusation was entirely unfounded. She teaches there one class in the evening each week. The way I look at it, in the absence of very clear circumstances, and in the absence of some development which is compelling in our thinking, I would not just out of a clear sky call on any City employee to start explaining what they do with their time. Of course, I am glad to hear that she has such a perfect explanation. She is not taking out any time from her City position, but I say it is unfair for us to accuse anybody unless we have some reason for doing it.

The Chair: At our last meeting, "Mr. McArdle moved that the De-

partment of Public Health furnish the information as to how much time Miss Mickey devotes to her position with the City of Pittsburgh and how much time she devotes to her position with the University of Pittsburgh.

"Upon which motion the ayes and noes were taken and being taken were:

Ayes:—Messrs.

Duff	McArdle
Gallagher	Wolk
Leonard	Kilgallen, (Pres't)

Noes:—Messrs.

Demmler	Weir
---------	------

"When the name of Mr. Duff was called, he arose and said:

"Mr. President: I see no reason why the information should not be made available, and I am going to vote Aye.

"When the name of Mr. Weir was called he arose and said:

"Mr. President: I am voting No because I see no particular reason to harass any person on the payroll. You might ask that question of many, many people.

When the name of Mr. Wolk was called, he arose and said:

"Mr. President: I am voting Aye because there is no secret that she is doing work for the University of Pittsburgh.

"Ayes 6. Noes 2.

"And a majority of the votes of Council being in the affirmative, the motion prevailed."

Today, Miss Mickey has responded and her letter has been read. In effect she said she teaches classes at the University of Pittsburgh one night a week on her own time. In another part of the letter she said she devotes much more than forty-four hours a week to City employment. What is your pleasure?

Mr. McArdle:

Mr. President: Is that answer by Miss Mickey?

The Chair: Doctor Alexander.

Mr. McArdle: The effect of the motion was carried out?

The Chair: Yes.

Mr. Demmler moved

That the communication be received and filed.

Which motion prevailed.

Mr. Gallagher, at this time, presented

No. 2327. Communication from Charles W. Guest, Jr., protesting against the erection of billboards at Brookline boulevard and Pioneer avenue.

Which was read and referred to the Committee on Public Safety.

Mr. McArdle:

Mr. President: As this Council is well aware there is in existence now a Public Parking Authority appointed by the Mayor to build parking garages. That Parking Authority has been meeting, and incidentally this Parking Authority has been advanced \$50,000 up to date, with a commitment that they will be loaned \$75,000.00 by the City.

Some time ago, at the request of the Parking Authority, or a majority of the members of it, as a result of a meeting of the Parking Authority, the question of property owned by the City or partly owned by the City came up in an informal way, and I thought that this downtown property that might be a site for one of the garages—I must admit I don't know now where these sites will be, and I asked the Director of the Department of Lands and Buildings to hold off making sale of any downtown properties because I didn't think it was good business or fair to the Parking Authority for the City, County and School Board to sell property in the downtown area where the first set of garages are proposed, and then burden the Parking Authority with an additional expense of buying this property back at a much higher price than we could have bought it if we had negotiated with the City, County and School Board. I am now informed that all of this downtown property is going to be put up for sale. I am not opposed to selling property that the City owns. I know there is a lot of property downtown that can be sold

at a very good price today, but I want to call to the attention of Council the plight which the Parking Authority might find itself in when they go to acquire property after making their final selections of parking garage sites. So, I think it is very good business that we hold off on the sale of downtown property until the Parking Authority has a chance to know where these garages are going to be.

Mr. McArdle moved

That the Director of the Department of Lands and Buildings be instructed to hold up the sale of downtown properties from Eleventh street to the Point and from Grant street to the Point Park area until the Parking Authority has made final selection of its sites.

Mr. Gallagher

I second the motion.

Mr. Duff:

Mr. President: I wouldn't follow Mr. McArdle in this at all. We are not in the real estate business, and taking certain property that ought to be put back on the tax books, especially at a time when property will demand the best prices. To stop the sale of all the property within the area in this blanket resolution for such an indefinite period of time upon the bare possibility that some time in the future it may be used for this purpose I think it has the sound of bad business. Let each case, as the property is offered for sale, be brought before this Council to ascertain whether it is fit for use as a parking site. Why should we embrace all that property in the Triangle area without any information to this Council to guide us? It seems to me the thing can be very well handled at the time the offer is made as to whether they are useful for parking sites, and if not, they should be put out into private hands.

Mr. McArdle:

Mr. President: It is obvious to me and should be obvious to Mr. Duff, the Parking Authority, on the advice of real estate men and on the advice of the people who have a lot to say

out there, the Allegheny County Conference on Community Development, that they are not ready yet to make their sites known. If they were able to make known their sites then I, a member of the Parking Authority, couldn't tell you where one of them is going to be. Say if we were to need a piece of property that maybe we don't own at all. Maybe we owned a parcel of it—the three taxing bodies, and it is sold, then we would have to pay to take it back or buy it from the purchaser, that parcel that the City owned. And if it was property before Council that we intend to build a parking lot there and the prices would then jump. That is what the technical advisers to the Parking Authority think about it.

Mr. Duff:

Mr. President: It isn't obvious to Mr. Duff what the circumstances are and if Mr. McArdle has special information I wish it would be imparted to the rest of the members so we can form some intelligent judgment on the merits of this motion.

Mr. Weir:

Mr. President: I believe that Mr. McArdle's idea is certainly sound, and I think so is Mr. Duff's, and there ought to be a way and there is undoubtedly a way to work out the best features of the gentlemen's ideas. The thing that I can't quite understand, I believe Mr. McArdle is a member of the Committee which passes on the sale of property owned by the City, County and School Board jointly and if that is correct, any motion in that respect directing the Director of the Department of Lands and Buildings should also direct Mr. McArdle to not pass on the sale of any property which might or could reasonably be expected to be used for a parking garage by the Parking Authority.

Mr. McArdle:

Mr. President: I am perfectly frank to admit if I was to be asked today where the downtown parking garages would be erected, I couldn't tell you, and that is the reason I wanted to take in such a large territory. I don't know where they are going to be

erected in the Golden Triangle. Where they are going to be finally erected I don't know any more than anybody else. Any information I have any member can get. I am only one member and the newspapers can answer that everything that is done out there is off the record. They don't want the information to get out for the reason they don't want real estate to jump. They haven't definitely voted on one site.

Mr. Weir:

Mr. President: Perhaps I didn't make myself clear. I am not referring to Mr. McArdle's position as a member of the Parking Authority, I am referring to his position as a member of the Committee on the sale of jointly owned property. Am I correct in assuming that he is a member of that committee?

The Chair: You are.

Mr. Gallagher:

Mr. President: The reason I seconded the motion, I think every member of this Council received a list of improved and un-improved properties from the Department of Lands and Buildings and some are downtown properties. From my way of thinking, I don't think it would be right to sell these properties to some speculator and when the Parking Authority is looking for sites it will have to pay exorbitant prices. That is the reason I seconded the motion.

Mr. Stewart:

Mr. President: The Parking Authority isn't the only body interested. The Urban Redevelopment Authority is also interested in the property adjacent to the Point Park. That area having been declared a blighted area for redevelopment by the Planning Commission that couldn't be sold without some prior notice and furthermore, we now know with some considerable degree of definiteness the route of the crosstown highway, that the properties be not sold by the City or the County. I think some reasonable consideration of Mr. McArdle's motion should be made, for not too long but for a short period of time. We don't want to do

what Mr. Duff points out by this, but it would be a good idea if the Parking Authority in the next couple of months would be ready to take some sort of action for construction.

Mr. Demmler:

Mr. President: What I wanted to say, I couldn't vote for the motion as it is so broad, and unless the other taxing bodies would agree to it, I don't feel I can vote for it as it is now worded.

Mr. McArdle:

Mr. President: Make it for four or five months. I am just calling it to your attention.

Mr. Duff:

Mr. President: This information about the rights of the Parking Authority and the crosstown boulevard seem to be unfounded. What we do to sell property generally, is to find out from interested parties whether the property might be used for the widening of streets or any other public use, and I see no reason why the number of standard properties in various parts of the triangle, none of them indicated could be in this blanket motion, and the City's hands stayed from selling it. I cannot see, with this proposition for the extension of the crosstown boulevard that we ought to deviate from the practice followed heretofore. We immediately ask the Planning Commission if this property is necessary. Why should we deviate from this action? The property is now at such a figure that the City and the other taxing authorities can get a bigger return on the books than have accumulated on these properties. I think it is foolish to hold up a group of properties scattered all over the triangle without respect to the dimensions and without respect to the possibility of its use.

Mr. McArdle:

Mr. President: This Council went on record to hold up a piece of property somewhere on the outskirts of downtown area because it might be held for the Redevelopment Authority. I don't care whether they hold it up or not. I am bringing it to the attention of the Council. I think, when there is something like the Urban Re-

development, and now we are working on this so-called great plan, come up I don't think the City should move before the creatures of the City know what they are going to do, and make it tougher for them. It doesn't make any difference to me. I am going to vote for my motion. There might be only 18 feet or 10 feet or forty feet of property, and if we sell and if we go in and say a parking garage is going here and the Urban Redevelopment says a development is going here, immediately the prices go up. That is the point I am making. It might be only one-fifth of the land you need for a garage or one hundredth of what the Urban Redevelopment needs, but the price of that property goes up. That is all. I am calling your attention to it. I can't tell where the garages are going to be. They are contemplating building five or six garages in the downtown area. There are tentative sites they have discussed but the Authority has not voted on one single site and for that reason I think you have to protect the downtown property, and I am not the only man in City Council that does think that the present prices will be maintained for six months, or eight months, but two or three years.

Mr. Duff:

Mr. President: I understand Mr. McArdle says there may be six locations in the downtown section in which is to be erected parking buildings. Do you feel, Mr. McArdle, that there is any reasonable probability that those structures will be erected in three or five years?

Mr. McArdle:

Mr. President: I will say this, if the Public Parking Authority cannot have garages under construction in twelve months they ought to be disbanded. If they can't do it in twelve months they can't do it in twelve years.

The Chair: This is the motion, as the Chair understands it, Moved, that the Director of the Department of Lands and Buildings be directed to withhold from sale for a period of four months any property lying west of Grant street and Eleventh street in

which the City has an interest.

Mr. Duff:

Mr. President: Is that the time limit,

The Chair: That is what Mr. McArdle said.

Mr. McArdle:

Mr. President: I am for selling the property and getting it back on the tax books, but I don't want to get it back at the expense of the Parking Authority and don't want to get it back at the expense of the Urban Redevelopment Commission.

The Chair: What is the motion?

Mr. McArdle:

Mr. President: I made a blanket motion. It is up to you to put in the time. I don't think you will have any final action in four months.

Mr. Weir:

Mr. President: I would suggest that you make it three months.

The Chair:

Is that an amendment?

Mr. Weir:

Mr. President: I will make such a motion. At the end of that time they can come and consult with Council and if they have any information they ought to know, I will amend it to three months.

Mr. Weir:

Mr. President: Is there any reason it wouldn't be feasible for the Director of the Department of Lands and Buildings to ask the Parking Authority not where they are going to build but to ask them if they will have any particular use for the particular parcel? At the present time, as I gather from Mr. Duff's remarks, the Planning Commission does this, and why can't the Parking Authority be added and the Urban Redevelopment Authority? I think it would be sound business for the Director of Lands and Buildings to ask if they are going to have any particular use for any particular piece of ground. There will be others that will be obviously interested. They will be able to let us sell them right away. I will vote for a

motion of that nature. Of course, Mr. McArdle's motion is now before us. I agree, in a general way, with Mr. Duff's ideas. I am willing to vote for a motion which will compel the Director of Lands and Buildings to get that clearance before we sell.

Mr. Wolk:

Mr. President: I withdraw my motion, and if Mr. Weir doesn't have any objection I will make it--

Mr. McArdle:

Mr. President: I just brought it up as a matter of information. Everybody says we are going to sell all downtown property.

The Chair:

Then the motion is: Moved that the Director of the Department of Lands and Buildings be directed to withhold from sale any property lying west of Grant street and Eleventh street in which the City has an interest.

Mr. Gallagher:

Mr. President: I am in favor of the suggestion of Mr. Weir to limit it to six months.

Mr. Weir:

Mr. President: The time limitation is not my idea. It is that the Director of the Department of Lands and Buildings find out from the Parking Authority and the Urban Redevelopment, as well as the Planning Commission whether or not this parcel of land will be used by them or might be used by them. That is my idea. Of course, I didn't offer that as an amendment to Mr. McArdle's motion because it is so utterly contrary that it would not be a proper amendment.

Mr. McArdle:

Mr. President: I am telling you in four months the Parking Authority will not be able to tell you, in my opinion, any more than they will today. I am here to bring to the attention of Council what the Parking Authority's problems are and of the City, County and School Board.

Mr. Weir:

Mr. President: I offer an amendment to Mr. McArdle's motion to this ef-

fect: That the Director of Lands and Buildings should not sell property such as described in Mr. McArdle's motion unless he secures the assurance of the Parking Authority and the Redevelopment Authority and the Planning Commission that the property will not be needed by them in the foreseeable future.

Mr. Gallagher:

Mr. President: That would make it indefinite then, wouldn't it?

The Chair:

Yes.

Mr. Gallagher:

Mr. President: I think there ought to be some time limit; four months or six months. The Parking Authority and the Urban Redevelopment should know what is desirable to them in their plans and in that way four or six months from now they will know what their plans are and they can dispose of the properties.

Mr. Weir:

Mr. President: I am willing to accept Mr. Gallagher's further amendment.

The Chair:

Mr. McArdle made a motion. Mr. Weir offered an amendment. Mr. Gallagher has just made a suggestion. At the present moment the vote is on Mr. Weir's amendment to Mr. McArdle's motion.

Mr. Weir:

Mr. President: With your leave I will amend by adding thereto for six months' time.

The Chair:

Is there a second to Mr. Weir's motion?

Mr. Wolk:

Mr. President: I second the motion.

Mr. McArdle:

Mr. President: Does that mean there would be no downtown property disposed of for six months?

Mr. Weir:

Mr. President: The way the motion

reads there will be no property sold for six months unless the Director of the Department of Lands and Buildings receives word from them they will not need it.

And the question recurring on the adoption of the motion to amend, the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Stewart Wolk
Weir

Noes:—Messrs.

Demmler McArdle
Duff Kilgallen, (Pres't)
Gallagher

Ayes 3. Noes 5.

And there not being a majority of the votes of Council in the affirmative, the motion did not prevail.

The Chair:

The question is on the original motion of Mr. McArdle that no property be sold downtown.

Mr. Gallagher:

Mr. President: I amend Mr. McArdle's motion that we put a time limit of six months.

Mr. Weir:

Mr. President: I won't be able to vote for that motion because it could be that right at this very moment there is pending a sale of property which may be of such size, shape or location that it could not be conceivably used by the Parking Authority or the Urban Redevelopment Authority and we might be deprived of revenue we could get right now and deprive us of having that property put back on the tax books, and therefore, I could not and will not vote for that.

Mr. Gallagher:

Mr. President: As I see it, if the Lands and Buildings Department were to dispose of some of this property right now and the people who bought it were buying it for future speculation, and the Parking Authority and the Urban Redevelopment would need the property they will be paying exorbitant prices to get it back. That is my reason for putting a time limit.

Mr. Duff:

Mr. President: I wish to reaffirm my position. I am opposed to making a blanket prohibition on the sale of any City property within the area indicated in Mr. McArdle's motion for the reason that there are many properties, in my opinion, that have no logical relation to any of these uses here at all. I say if we follow the suggestion made that when any City property is to be sold that the answer of the Parking Authority or the Conference or the Planning Commission as to the probability of the public use of this property in the near future, that will enable us to protect the rights of these various agencies, and not stay our hands for selling property that ought to be sold and put on the tax rolls.

Mr. McArdle:

Mr. President: If this property that Mr. Duff speaks about is so valuable and can bring such a great return there is no reason why we can't get the rents that will pay us as much as the taxes will pay us.

Mr. Duff:

Mr. McArdle, I must say you are a confirmed optimist if you compare rents that the City of Pittsburgh gets to what private owners get. I want to know if you can back up and reiterate the statement you make now.

Mr. McArdle:

Mr. President: I will reiterate, if the property is as valuable as Mr. Duff said, the improved property, then there is no reason the City cannot get the same rent as the Grant Building can get. They can get it the same as anybody else. If somebody buys improved property, he is speculating and there is nothing to prevent Homer Greene from doing the same thing. You are inferring that the City gives cheaper rents than private owners do, and that is a matter that can be corrected if it exists.

Mr. Duff:

Mr. President: I make the solemn charge that it does exist.

Mr. McArdle:

Then, Mr. Duff, bring up the representatives of the Department and let them raise the rents.

Mr. Demmler:

Mr. President: When the City leases property there is usually a sixty day or ninety day clause and you can never get the rental under those conditions that some private owner can get who improves and can give a longer term lease.

Mr. Gallagher:

Mr. President: I just amended Councilman Weir's motion by making it six months.

The Chair:

The motion is That the Director of the Department of Lands and Buildings be directed to withhold from sale for a period of six months any property lying west of Grant street and Eleventh street, in which the City is interested. We will now vote on Mr. Gallagher's amendment to set up a six months' period.

Upon which motion the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Gallagher

McArdle

Noes:—Messrs.

Demmler

Duff

Stewart

Kilgallen, (Pres't)

Weir

Wolk

Ayes 4. Noes 4.

And there not being a majority of the members of Council in the affirmative, the motion did not prevail.

Mr. Wolk:

Mr. President: There was some question in my mind whether Mr. Weir's was a proper amendment, but I think there is some merit to Mr. McArdle's request, so I want to renew Mr. Weir's amendment in the original form.

Mr. Duff:

Mr. President: I rise to a point of order. Mr. Wolk's motion is entirely out of order.

Mr. Stewart:

This Council can, any time a sale comes up, find out whether it has been approved for sale by all the authorities.

Mr. McArdle:

Mr. President: As far as property

owned by the City is concerned, if I am sitting down here and informed that there might be a garage in that area and that ought to be held up, and they say why, and I have to answer because we are contemplating a garage on that site and there might be thirty feet out of 230 feet. That is a public record and Mr. Naylor, Mr. Jones and Mr. Thomas put that in the newspapers, and up goes the price.

Mr. Duff:

Mr. President: I think Mr. McArdle's fears are unfounded and I see no reason why he couldn't communicate without being put on the record.

Mr. Stewart:

Mr. President: That isn't even necessary. If the Planning Commission were informed, they would know whether there is a possibility of it being used for the Parking Authority or the Urban Redevelopment or the crosstown highway or anything else.

And the question recurring on the adoption of the original motion of Mr. McArdle, the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Gallagher Kilgallen, (Pres't)
McArdle

Noes:—Messrs.

Demmler Weir
Duff Wolk
Stewart

Ayes 3. Noes 5.

And there not being a majority of the votes of Council in the affirmative, the motion did not prevail.

REPORTS OF COMMITTEES

Mr. Duff presented

No. 2328. Report of the Committee on Finance for March 1, 1949, transmitting several ordinances to Council.

Which was read, received and filed.

Also

Bill No. 2184.

WHEREAS, Article XIV, Section 13 of the Act of March 7th, 1901, P. L. 20, as amended by the Act of May 31st, 1911, P. L. 461, provides that all

appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

WHEREAS, The Director of the Department of Public Safety, under date of February 10, 1949, in letters addressed to the Mayor and the City Controller, has stated that an emergency has arisen in the Bureau of Police, Department of Public Safety, making it necessary that an additional position of STENOGRAPHER-CLERK at an annual salary of \$2,100.00 be created in Section 46 of Ordinance No. 550, approved December 30, 1948, and that additional funds be provided therefor; and

WHEREAS, One of our Women Police has been detailed to do the stenographic and clerical work in connection with the Missing Persons Division of the Bureau of Police, and it has become necessary to employ our full complement of Women Police in their regular duties, Now

THEREFORE, We, David L. Lawrence, Mayor of the City of Pittsburgh and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring that an additional position of STENOGRAPHER-CLERK at an annual salary of \$2,100.00 be created in Section 46 of Ordinance No. 550, approved December 30, 1948 and that funds be provided therefor.

DAVID L. LAWRENCE,
Mayor.

EDWARD R. FREY,
City Controller.

Dated: February 10, 1949.

In Finance Committee, March 1, 1949, read and ordered returned to Council to be made a part of the permanent record.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2185. An Ordinance entitled, "An Ordinance amending Section 46, Bureau of Police, Department

of Public Safety, of Ordinance No. 550, approved December 30, 1948, entitled, 'An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof.'

Which was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Duff	Wolk
Gallagher	Kilgallen, (Pres't)
McArdle	

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 2263. An Ordinance entitled, "An Ordinance authorizing the purchase of a water line and appurtenances in South Twenty-fifth street, Sixteenth Ward, from Gimbel Brothers, and providing for the payment of the cost thereof."

In Finance Committee, March 1, 1949, bill read and amended in Section 2 by inserting in blank space the words, "Bond Fund No. 176," and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Duff moved

That the amendment of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Com-

mittee and agreed to by Council, was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Duff	Wolk
Gallagher	Kilgallen, (Pres't)
McArdle	

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 2265. An Ordinance entitled, "An Ordinance transferring the sum of \$478.50 to Code Account No. 1100, Miscellaneous Services, Civil Service Commission, from Code Account No. -----"

In Finance Committee, March 1, 1949, bill read and amended in Section 1 and in the title by striking out the amount "\$478.50" and by inserting in lieu thereof the amount, "\$405.00," and by inserting in blank space the words, "42, Contingent Fund," and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Duff moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Duff	Wolk
Gallagher	Kilgallen, (Pres't)
McArdle	

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Gallagher presented

No. 2329. Report of the Committee on Public Works for March 1, 1949, transmitting an ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2180. An Ordinance entitled, "An Ordinance providing for the letting of a contract for a term of ten (10) years for the sale to the City of Pittsburgh of Electric Energy for lights on streets and other public thoroughfares and places of the City, and rental to the City of conduits, cable, standard junction boxes and line sections, etc., and providing for the payment of the sections, etc., and providing for the payment of the cost thereof."

Which was read.

Mr. Gallagher moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Gallagher:

Mr. President: I just want to make this observation, that this ought to be a historic day in the City of Pittsburgh, because this contract that has been entered into has broken a monopoly that has had this City in its clutches since the beginning of the electric power. I think every member of this Council, the Mayor and every member of the Law Department who had anything to do with it, ought to be congratulated and I think we will have a much more beautiful City at night at less money than paid to the Duquesne Light Company.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Duff	Wolk
Gallagher	Kilgallen, (Pres't)
McArdle	

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. Weir presented

No. 2330. Report of the Committee on Health and Sanitation for March 1, 1949, transmitting an ordinance to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2271. An Ordinance entitled, "An Ordinance providing for a contract or contracts, in form to be approved by the City Solicitor, for ambulance hire for the year 1949 for the Department of Public Health, City of Pittsburgh, and providing for the payment thereof."

Which was read.

Mr. Weir moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. McArdle:

Mr. President: Is this a new practice? What is the purpose?

Mr. Weir:

Mr. President: In answer to Mr. McArdle's question, the purpose is that the present ambulance is in such condition, the cost of care and maintenance has become prohibitive, and it is a measure of economy as I see it. From the report from the Department it will be more economical to perform the service in this manner.

Mr. McArdle:

Mr. President: How much is involved in the deal?

Mr. Gallagher:

Mr. President: I think it is \$1,000 for each Hospital.

Mr. Weir:

Mr. President: Of course, this Ordinance provides for advertising and the letting of a contract.

The Chair: Our cost is set at \$4,000.

Mr. Weir:

Mr. President: That would be the maximum amount for both hospitals.

Mr. McArdle:

Mr. President: What do they say it will cost to get a new ambulance? From what I understand the ambulance at the Municipal Hospital is well over ten years old. The people who drive that ambulance take care of both hospitals. If it is ten years old I would like the Department to show me how much we pay, what our costs are. As I understand, the Chief Ambulance Driver's salary isn't any exorbitant salary, and if this contract goes for ten years \$40,000 is involved. I think you can buy an ambulance for eight or nine thousand dollars at the top. I happened to look at the ambulance of ours when it was out

on the street here the other day and I don't think this is going to save any money. What does Sam Massof make a year? He doesn't make three thousand dollars.

The Chair:

Will the Clerk read the explanatory correspondence?

The Clerk read letter as follows:

"The attached Ordinance provides for the award of a contract for ambulance hire for our two City Hospitals.

"During the year 1948 we had occasion to use our ambulance for the transportation of 290 patients to the Municipal and Tuberculosis Hospitals. The cost to the City for salaries alone was \$12.75 per trip. The cost of maintenance, repairs, gas, oil and depreciation was close to \$5.00 per trip.

"In discussion with a private ambulance company I was informed that the cost per trip would not be in excess of \$12.00.

"It would thus appear that it would be more economical to contract for ambulance service rather than to purchase a new ambulance at \$7,200.00 and continue the salaries and maintenance as heretofore.

Very truly yours,

I. H. Alexander,
Director."

Mr. McArdle:

Mr. President: Does that mean there is going to follow a bill to eliminate the position of Sam Massof?

The Chair: You cannot economize unless you are going to delete someone. I haven't given thought to it.

Mr. McArdle:

Mr. President: Is that another spot where you are going to eliminate a good and trusted employee; a man who has put his life in danger hundreds and hundreds of times, going into homes and taking out contagious disease patients and taking these patients to our contagious disease hospital?

The Chair: Is the contemplation a

reduction of any personnel?

Mr. Weir:

Mr. President: I can't answer that definitely but it would be my own thought that the driver would be used elsewhere. As far as I know it is not contemplated that his job be abolished. This suggestion did not come from anybody in the Department of Public Health. The way this came up was in a discussion with the Superintendent of Motor Vehicles, Leo Gill. When he began to relate what it was going to cost to get a new ambulance and the general automotive set-up which sometimes involved using this tremendous ambulance to drive somebody from Municipal Hospital to Leach Farm. In other words it is part of a general rehabilitation setup, but it did not originate in the Health Department. It was only after that that Doctor Alexander was called upon. So you cannot speak positively that there was any motive to get rid of anyone in this case.

Mr. Stewart:

Mr. President: I made the suggestion. The Chair: It is very clear that the suggestion arose from City Council, not from the Department.

Mr. McArdle moved

That the bill lay over.

Mr. Gallagher:

Mr. President: I second the motion, but for Mr. McArdle's information, I don't think there was any ulterior motive to eliminate the job. I understand it was as Mr. Weir explained, when the cost of the ambulance came up, the point came out that the City could save money by hiring several undertakers, as several of them in this town have beautiful ambulances and their charges are moderate, and I don't think the purpose in back of this ordinance to hire ambulance service had any idea of eliminating Sam Massof's job.

Mr. Stewart:

Mr. President: They have a truck and a station wagon somebody has to drive.

Mr. McArdle:

Mr. President: I appreciate Mr.

Gallagher's seconding my motion. Here is a bill that comes into Council that has far-reaching effects. "I will take over your ambulance driving," state John Smith and Harry Paport, who are the successful bidders for driving the ambulances for the City of Pittsburgh. What are these ambulances? They are combination ambulances and hearses. Suppose the ambulance breaks down, and suppose the ambulances of the two successful bidders break down. Their problem is the same as ours. You are coming in and asking me, not asking me I suppose, to vote one way or another, and in this instance it must be No. Of course, I don't know anything about this. First of all, you say you are going to save money. That is fine. That can be argued back and forth. I have respect for Leo Gill's judgment but he has his limitations, and I don't know if he knows anything about ambulances. If you are going to save money you have to show more than is in that letter. Here is a fellow that operates the ambulance, with some help, for \$2,574.00 a year. There is no private ambulance driver who is going to get less than that. Add that to the \$2,574.00 and they are not going to do the job as we do it. In addition the ambulance helper isn't qualified to help as well as Sam Massof. There was a case of spinal meningitis and it wasn't the doctor who bandaged him up, it was Sam Massof. So, I move that the Ordinance lay on the table or action be postponed for at least a week.

Mr. Weir:

Mr. President: There is a station wagon that will have to be driven and a truck that will have to be driven and I think the job will be safe. As far as I know and intend it to be so far as I have any power over the matter. I cannot remember all the details now, but the station wagon has gotten run down, and this cumbersome ambulance, and some times it is driven on trips at unreasonable cost. Taking up the cost item, \$7,200.00 is just the original cost, and the maintenance is considerable and is to be added to that. The Director of Automotive Equipment assures us, and

I think he is right, that the employing of the ambulances as proposed in this bill will be cheaper. There is one other matter. Supposing this contract is let to one person who will probably have more than one ambulance. In the second place if it should happen that all of his ambulances are broken down, we do have the police ambulances. As you probably remember, we discussed whether they might not be used for this purpose and eliminate the private ambulance. They are not entirely suitable for this purpose but they are not so far removed they couldn't be used in an emergency.

Mr. McArdle:

Mr. President: There is no saving on the salary. It is just the idea that somebody else gets Sam instead of the ambulance. If the station wagon is broken down, we need a new station wagon, to drive somebody around. So far as the police ambulances are concerned, you are not going to get police to take those cases and you have no right to expect them because they are contagious disease cases and certainly you have no right to jeopardize the police department to go into some home and carry out some person who has a contagious disease when they cannot protect themselves, and that is just the reason I say we should buy a new ambulance and leave the situation as it is. As far as the Police Department coming into these places I don't think it is fair to ask them to do it. It is not fair to the police and their families and not fair to the people they go into the homes. Here is a chauffeur who knows how to handle the people, and I think this bill, I should get more information on it at least.

And the question recurring on the adoption of the motion, the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Gallagher McArdle

Noes:—Messrs.

Demmler Weir

Duff Wolk

Stewart Kilgallen, (Pres't)

Ayes 2. Noes 6.

And there not being a majority of the votes of Council in the affirma-

tive, the motion did not prevail.

Mr. McArdle: Do you think on what information that you have, I am talking on the information that is available to me that you have a right to give to some private ambulance operator a contract for the ambulance service of our two hospitals, when after a period, in my time, going on eight years, the service we have now is ample, and one place there has never been a complaint, about our ambulance or our ambulance driver. Of course, you may be convinced you know what you are doing and what you are talking about. You know about it as much as you know when you vote tomorrow to give the Pennsylvania Railroad the right to cross Liberty avenue.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler

Weir

Duff

Wolk

Gallagher

Kilgallen, (Pres't)

Stewart

Noes: Mr. McArdle.

Ayes 7. Noes 1.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. McArdle presented

No. 2331. Report of the Committee on Lands, Buildings and Housing for March 1, 1949, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 1466. Resolution authorizing the Mayor, on behalf of the City of Pittsburgh, to join with the County of Allegheny and the School District of Pittsburgh, conveying the

taxing bodies property formerly owned by Alphonse Zydel, and consisting of a two-story frame dwelling, situated on a lot 22 x 100 feet, located at 1107 Jewel street, Sixth Ward, to M. Funaro, for the sum of \$250.00, less commission of \$75.00 to be paid to Bove Realty Company, 727 Bakewell Building.

Which was read.

Mr. McArdle moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler	Stewart
Duff	Weir
Gallagher	Kilgallen, (Pres't)
McArdle	

(Mr. Wolk not voting).

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Also

Bill No. 2267. Resolution authorizing the sale to Harry C. Dugan and Irene J. Dugan, his wife, property on Valonia street, at the intersection of Harlow street, being Lot Nos. 91 and 92 in the C. H. Love Plan, for the sum of \$300.00, reserving for public street or highway purposes a portion of Lot No. 92 at the intersection of Valonia street and Harlow street.

Which was read.

Also

Bill No. 2268. Resolution authorizing the sale to Melvin J. Greaves and Bertha P. Greaves, his wife, property on Landview street, being Lot Nos. 108 and 109 in the Boulevard Land Company Plan for the sum of \$500.00.

Which was read.

Also

Bill No. 2269. Resolution authorizing and directing the Mayor to

execute a quit-claim deed for vacant lot in the 31st Ward, owned by Oliver P. Guthrie, on Calera street, to Stephen and Anna E. Takacs.

Which was read.

Mr. McArdle moved

A suspension of the rule to allow the second and third readings and final passage of the resolutions.

Which motion prevailed.

And the rule having been suspended, the resolutions were read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler	Stewart
Duff	Weir
Gallagher	Wolk
McArdle	Kilgallen, (Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the resolutions passed finally.

MOTIONS AND RESOLUTIONS

Mr. Demmler:

Mr. President: At the meeting of February 2, 1949, Council passed a resolution, Bill No. 2162, asking for certain information from the Civic Unity Council. In years passed I have attended meetings held by the F. E. P. C., and in view of the fact that the communication from the Civic Unity Council expresses my views, I would ask that their reply be printed in full in the record.

Mr. Demmler moved

That the report of the Civic Unity Council be printed in full in the record.

Which motion prevailed.

Bill No. 2275.

CIVIC UNITY COUNCIL

Pittsburgh, February 21, 1949.

The President and
Members of City Council,

City of Pittsburgh,
City-County Building,
Pittsburgh 19, Pennsylvania
Gentlemen:

We are very happy to learn that the Council of the City of Pittsburgh recognizes the social ills attending discrimination in employment and has declared itself in favor of Fair Employment Practice Legislation. The Civic Unity Council vigorously advocates National and State FEPC laws, and is pleased to respond to your request for comments on such legislation.

In view of the support given Fair Employment Practice legislation by both Democratic and Republican Party platforms, the public statements in behalf of State legislation made by the leaders of both Parties and numerous members of the State Legislature, and the strong probability that a sound FEPC Bill will be introduced for consideration, it appears that a good law may be enacted during the current session of the Pennsylvania Legislature. However, this is by no means certain. In order that support for FEPC may not be confused by or dissipated in both Municipal and State efforts, it is urged that attention be concentrated upon State legislation at the present. There are several reasons for this view:

FIRST, it is felt that our Municipality is too restricted a field for the most effective operation of FEPC law, especially when compared with the field covered by the State. Efforts to administer a Municipal Ordinance would be embarrassed by the legal limits of the City's authority, by the financial limits of the City's resources, and by the physical limits of the City's territory. A substantial portion of Pittsburgh's residents are employed in establishments located beyond the City's jurisdiction. Painful dislocations might well accompany the enforcement of such an ordinance in but one of an inter-related complex of highly industrialized, contiguous communities such as those of Allegheny County. The employment of a top-flight, full-time, paid commission would be a considerable burden on the City's finances, yet such a commission is considered to be desirable for the effective administration of Fair Employment Practice laws regardless of the number of cases handled, so involved are the prob-

lems encountered. The cost of the State commission, on the other hand, would be so distributed among the taxpayers of the State as to produce no undue burden on any segment of the population, and one able commission would be ample to interpret policy and administer the law throughout the entire Commonwealth. In short, considerations of effective and economical administration lead the Civic Unity Council to favor State rather than Municipal FEPC legislation.

SECOND, the passage of a State FEPC law (which appears quite possible, perhaps probable) would eliminate any need for a Municipal Ordinance since a State law would apply to all employment practices in the State regardless of location, and since the legislation contemplated provides for cooperation with local agencies and the filing of complaints by local agencies.

THIRD, because there are large concentrations of minority groups living in Philadelphia and Pittsburgh, the adoption of a Municipal Ordinance here would make it possible for opponents of State legislation to argue that most of the minorities concerned are protected by local ordinances and need for a State law does not exist. This would be tragic as well as false. Many citizens living within the two cities but employed beyond their boundaries, and all those living elsewhere in the State as well, would be deprived of full rights and equal treatment by the law if this argument against State action should prevail. Therefore, in order not to jeopardize the passage of State FEPC legislation, it is recommended that no Municipal Ordinance be considered or adopted at this time.

The Council of the City of Pittsburgh has declared itself in favor of State FEPC legislation. In view of this, and because full support must be given such State legislation at this critical time if it is to be adopted, the Civic Unity Council respectfully suggests that the Council of the City of Pittsburgh communicate its recommendation of State Fair Employment Practice legislation to the Governor of the Commonwealth of Pennsylvania

and to the State Senators and Representatives from Allegheny County. The Civic Unity Council also suggests that, if such should be the wish of the Council of the City of Pittsburgh, it would be pleased to represent the City of Pittsburgh at any hearings which the State Legislature may hold on proposed FEPC legislation.

Please be assured that, in the meantime, the Civic Unity Council will gather information on the slowly accumulating, but as yet limited, experience of such cities as Minneapolis

and Philadelphia with Municipal FEPC Ordinances.

Most sincerely yours,

Austin Pardue,

Chairman, Civic Unity Council.

Mr. Weir moved

That the Minutes of Council of Monday, February 28, 1949, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Mr. Gallagher presented

No. 2373. Report of the Committee on Public Works for March 8, 1949, transmitting several ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation.

Bill No. 1994. An Ordinance entitled, "An Ordinance amending Zoning Ordinance No. 372, approved August 9, 1923, Zone Map Sheet Z-0-0, by changing from a 'B' Residence and Second Area District to an 'A' Residence and Fifth Area District, all that certain property bounded by Ridgemon't drive; Butternut way; Springfield street; Syracuse street; New York street; Springfield street; the northerly line of Lot No. 69 in Ridgemon't No. 3 Plan of Lots; and the northwesterly and northeasterly lines of said Plan, being Lots Nos. 70 to 107 inclusive, in said Ridgemon't No. 3 Plan of Lots."

Which was read.

Mr. Gallagher moved

That the bill be recommitted to the Committee on Public Works.

The Chair: This is the bill that has to do with the rezoning of the district known as "Chicken Hill."

Mr. Gallagher:

Mr. President: Just to explain my reason for recommitting this bill, it passed in Committee without any opposition, but since the bill passed out of committee opposition has developed, and I think we will have to have a public hearing on it.

And the question recurring on the adoption of the motion, the motion prevailed.

Also

Bill No. 2117. An Ordinance entitled, "An Ordinance changing the lines of Wilkinsburg avenue from a

point 50.78 feet south of Exley way to a point 57.41 feet north of Exley way by taking for public use for highway purposes two certain portions of property for the widening thereof and vacating a certain portion thereof and providing that the costs, damages and expenses occasioned thereby be assessed against and collected from properties benefited thereby."

Which was read.

Mr. Gallagher moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Stewart
Duff	Weir
Gallagher	Wolk
McArdle	Kilgallen, (Pres't)

Ayes 8. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally in accordance with the provisions of the Act of Assembly of May 22, 1895, and the several supplements thereto.

Also

Bill No. 2140. An Ordinance entitled, "An Ordinance amending Zoning Ordinance No. 372, approved August 9, 1923, Zone Map, Sheets Z-N10-E15, and Z-N10-E30, by changing from a 'B' Residence District to a 'C' Residence District, all that certain property bounded by Beeler street; the westerly line of property now or late of J. M. Clark, et ux.; the rear lines of properties fronting on the southerly side of Beeler street; the southerly line of property, now or late of East End Mortgage Company extended; the westerly line of John Haller Estate Plan of Lots; the northerly line

of the Murdoch Farms Plan of Lots; the easterly and northerly lines of property, now or late of M. R. Kaplan, the northerly lines of property now or late of M. K. Horstman, and Forbes street."

Which was read.

Mr. Gallagher moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. McArdle:

I want to get some information on Bill No. 2140. Does this bill as it is written meet all the objections of those who opposed it?

Mr. Wolk: Yes.

The Chair: Mr. Wolk answered, yes.

Mr. Demmler:

Mr. President: You will recall, the only objection was a little strip there. That has been removed. That was the only objection that was raised.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Stewart
Duff	Weir
Gallagher	Wolk
McArdle	Kilgallen, (Pres't)

Ayes 8. Noes none.

And a majority of the vote of Council being in the affirmative, the bill passed finally.

Mr. Wolk presented

No. 2374. Report of the Committee on Public Service and Surveys for March 8, 1949, transmitting two ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2266. An Ordinance entitled, "An Ordinance authorizing the Mayor and the Director of the Department of Public Works to enter into an agreement with the Pennsylvania Railroad Company, a Pennsylvania Corporation, in connection with the construction of a freight station and warehouse; the improvements of the passenger terminal facilities of the Railroad Company; the removal and construction of the Company's west bound bridges over and above the grade of City streets, and the construction of a pedestrian bridge over and above the grade of Liberty avenue east of Eleventh street, all in the vicinity of the present Pennsylvania Railroad Passenger terminal."

Which was read.

Mr. Wolk moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. McArdle:

Mr. President: In view of the communication from the Allegheny County Civic League in which they ask Council to defer taking action on the bill, I move

That the bill be laid on the table so that it can be discussed more fully by the public in general.

Mr. Duff:

Mr. President: I second the motion.

The Chair: Are there any questions or remarks?

Upon which motion the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Duff

McArdle

Noes:—Messrs.

Demmler

Weir

Gallagher

Wolk

Stewart

Kilgallen, (Pres't)

Ayes 2. Noes 6.

And there not being a majority of the votes of Council in the affirmative, the motion did not prevail.

Mr. McArdle:

Mr. President: I do not know and cannot understand for the life of me why Bill No. 2266, File No. 1177, has to be given this category. I am at a loss of words to describe this piece of legislation. Groups of the Allegheny Transit and Traffic Commission asked that they be given an opportunity to study what the Pennsylvania Railroad proposes to do by this grade crossing, and that was turned down by this Council. A day or two after Council had refused to defer action on the bill a newspaper stated that the Pennsylvania Railroad would give them an opportunity to study their proposed plan for the grade crossing at street level on Liberty avenue. Now, the Pennsylvania Railroad granted the same public group of individuals who are studying the traffic problems as it affects the County, and the City is a part of the County, yet the Council refused to take any suggestions or give them an opportunity to study the proposed grade crossing, and railroad the bill out of committee last Tuesday. Now the Civic Club of Allegheny County asks that they be given an opportunity to study this grade crossing and that this matter be discussed with the public and that they be given an opportunity to look over the plans and to come before Council and either recommend the Pennsylvania Railroad's grade crossing or ask that some other means of getting to the warehouse from the Pennsylvania Railroad tracks, in lieu of the present plan. If the Honorable President is at a loss to know what was going to happen to this bill and did not want to take action on the communication from the Civic Club of Allegheny County, then again McArdle is proven to be right and he knew what would happen and the President of Council didn't. I didn't say you couldn't, I said you didn't. Why all the mystery behind this piece of legislation? Why does it have to be rushed through at this time? Why is it a "must" piece of legislation? It ranks in my mind, in all my years in Council, as the Number one "must" piece of legislation regardless of what the Civic Club says and what the Allegheny County Transit

and Traffic outfit says. Here is a piece of legislation that grants the Pennsylvania Railroad the right to cross at street level on one of the most traveled streets in the City of Pittsburgh, probably the number one auxiliary highway to the Boulevard when it is closed down, and it is frequently closed down by virtue of the hill slides, that in certain seasons of the year rock comes over and makes it dangerous for traffic to pass. Liberty avenue, to get to the East Liberty section from the downtown section, is the number one auxiliary artery to relieve the traffic. Yet the Pennsylvania Railroad comes in here and has the audacity to ask us to grant them the privilege when all over the United States, all over the State of Pennsylvania every public body, city councils, mayors, county commissioners, borough councils, township commissions, are waging a fight for twenty years to get rid of grade crossings. You don't have to go twenty miles out of Pittsburgh, it is a big issue in the City of McKeesport. In other sections of the country, as I have enumerated before railroads have gone to great expense to either lower their tracks or raise them above street level, but here in the City of Pittsburgh, practically in the heart of the Golden Triangle, the Pennsylvania Railroad comes to the City of Pittsburgh and asks and receives the right to cross at street level on one of the busiest highways in the City of Pittsburgh. According to the public press a three-hour check of traffic as indicated between the hours that this privilege has been granted, 368 cars passed in three hours. Yet they have the audacity to tell us that it won't hold up traffic. They are promising something that they, themselves, know they have no intention of fulfilling. This is a serious charge. They are promising trains will cross over there twice between the hours of twelve and five. They know they will not do it. They know it is a physical impossibility to route the cars that come into their tracks or warehouse, and that they can't bring them in at that time, because this isn't a setup whereby all the cars going over the railroad to the warehouse are Pennsylvania Railroad cars. They are cars

that are picked up from time to time from other routes and from other railroads. That would be a very feasible proposition and we could lend some credence to their offer if they had enough space in their yards right today to take care of the freight. Right today in the yards from 26th street—say even better than that, Main street, they haven't got enough space to take care of their passenger business. Yet they are telling the people of the City of Pittsburgh they can fill up a four and a half million dollar warehouse between the hours of twelve and five in the morning. This City Council and this administration is telling the people of Pittsburgh, cooperating with the Allegheny Conference on Community Development, what a great Pittsburgh we will have in the future. I ask in all honesty, is this a development or is this taking the City of Pittsburgh back to the horse and buggy days? The only reason that the Pennsylvania Railroad advanced is that it costs more money to do it the right way. I wonder if the Pennsylvania Railroad is building this railroad the same as they built railroads twenty-five, thirty or forty years ago, or I wonder if they are not building it as a modern warehouse as they are doing in other parts of the country. My guess is that it is going to be a modern, up-to-date 1949 warehouse, with an antiquated 1900 entrance to it. The Pennsylvania Railroad doesn't suffer. They are not inconvenienced one iota by this crossing at street level. There is nobody strong enough to buck up against a locomotive with twenty or thirty box cars attached to it; so, therefore, by virtue of the danger that confronts the public and by the danger that confronts the automobile driver, they know and you know that a big locomotive will get the right of way across Liberty avenue whether at seven o'clock in the morning, ten o'clock in the morning, twelve o'clock noon, five o'clock in the afternoon or six o'clock in the evening. They know that. But they are only concerned about one thing and that is the success of the Pennsylvania Railroad and their ability to make money for the Pennsylvania Railroad. They have proven time and time again that they have no inter-

est in the City of Pittsburgh or the City of Pittsburgh's welfare. If they did they would not have the station out there that they have. If they did, they wouldn't make the people who come in here to do business in Pittsburgh and to visit Pittsburgh suffer the inconvenience they do. Time after time many people on the "Pittsburgher" coming in from the East and from the West, have to get out and walk over the railroad ties to get to the station. The Redcaps refuse to leave the platform and you have to carry your bags from where you get off the train until you get to the platform that they provide where it is better walking, and then the Redcap will take your bags. Years and years ago they promised to improve the Pennsylvania Railroad Station. They haven't done it and don't intend to do it. But they have four and a half million dollars to spend to build a warehouse that can make more money for the railroad. They know that the people coming from New York have to ride the Pennsylvania Railroad. So I say, that this bill, first of all the request of the Pennsylvania Railroad was an insult to the people of Pittsburgh and certainly it is going back twenty or twenty-five years. The Pennsylvania Railroad, by virtue of their suggestion of this proposition, has told the City of Pittsburgh that they are only concerned with this area as to how much money they can take out of it. They wouldn't dare to submit this piece of legislation to the Council of the City of Philadelphia. They wouldn't dare submit this kind of an agreement to the Council of the City of Harrisburg and they wouldn't dare to submit this legislation to any big city in which they operate, because they know it wouldn't be considered. The only reason they submit this agreement to the City of Pittsburgh, and it is not the only way it can be done; they, themselves admit and any engineer you talk to admits it can be done another way, and they can get across without going at street level, and the only reason they are not doing it in a modern, up-to-date 1949 way is because it costs them more money; and I say they owe it to the people of Pittsburgh and owe it to

the City of Pittsburgh to not build this grade crossing. I predict here and now and I will be, I hope, one to check and say to you that they won't only operate twice a day over those tracks from twelve o'clock to five o'clock. I think this Council, while it still has time to rectify a mistake, it may not pass, that they should tell the Pennsylvania Railroad that in answer to public opinion and in answer to various groups, even Mr. Greene, who usually speaks for the Chamber of Commerce, is quoted in the newspapers as being opposed to this grade crossing at street level. Surely they are not so important that they should be given a concession that you wouldn't have the second time. If Kaufmann's asked you to give them a right to cross Diamond street at street level with some kind of a dinky track to go over into their garage or to go over to the proposed new store, how many votes would they get in this Council? My prediction is none, but the Pennsylvania Railroad, they are going to get the concession that they have no right to, and this Council, in my opinion, has no right to grant.

Mr. Duff:

Mr. President: I am opposed to the enactment of Bill No. 2266 for the following reasons: In my opinion, a railroad crossing at grade in cities is archaic. While it is true that we have in this City at the present time a number of such crossings, they are but heritages from the past and I have no doubt, if it legally could, Council would vote to abolish every one. This is not the time to create new impediments to traffic. This bill contemplates the granting of a right to the Pennsylvania Railroad Company of a crossing and spur on Liberty avenue, one of our principal arterial highways. This is not merely a railroad crossing, it is an appropriation of 275 feet of Liberty avenue for the joint use of the Railroad Company and the public. I believe such a grant to be detrimental to the public interest.

Highways are provided for vehicular and pedestrian use and in these days carry an immense flow of vehicular

traffic and particularly is this true of the City triangle where there are but few arterial highways to bear the immense flow of traffic into and out of the down-town section. No additional burden should be imposed upon this street, unless in the case of utmost necessity. I see no such necessity in the present instance. I believe that with the expenditure of a reasonable sum of money the Railroad Company could make use of its property without affecting Liberty avenue by an overhead or underground crossing. Corporations no less than individuals have civic responsibilities and should not seek any rights or privileges which involve detriment or danger to the public generally.

The limitations as to the use by the Railroad Company, as provided in the Bill, do not, in my judgment, remove the objectionable features of this bill. In the movement of trains over and along Liberty avenue, the public necessarily will be restricted in the use of that highway.

If, in the future, the necessity of a more extensive use of this crossing and spur will arise, it would, in my mind, be rather difficult for a future Council to deny the petition of the Railroad Company for such use. The best way of providing against any such contingency is to deny the right, even though limited, in the first instance.

Mr. Demmler:

Mr. President: In Bill No. 2266, File No. 1177, there is suggested that permission be given to place a grade crossing across Liberty avenue. This grade crossing is quite a number of squares away from the Golden Triangle. Were this almost in the heart of the Golden Triangle I would not vote for this bill. I would also not vote for this bill if a ruling by the Public Utility Commission limiting the use of this track to certain hours of the night, from one to five o'clock in the morning cannot be enforced. I can and will say that I would not vote for it when it comes before us for final confirmation of the agreement. I do think this is a sensible and rea-

sonable suggestion to permit the use of this grade crossing.

Mr. Duff:

Mr. President: I would like to be informed whether, in line with what Mr. Demmler has stated, the agreement which is contemplated by this bill requires any further action by this Council in order to make it more effective. I haven't read the bill very carefully, but I doubt very much whether it has to come back to this body for ratification.

The Chair: This bill authorizes the Mayor and the Director of the Department of Public Works to enter into an agreement with the Pennsylvania Railroad, a Pennsylvania Corporation, and the Chair understands no later ratification is required of this body.

Mr. Stewart:

Mr. President: The bill, however, provides a form of contract so that it is apparent that the restrictions to which Mr. Demmler refers must be contained in the contract.

Mr. Demmler:

Mr. President: I am glad Mr. Duff raised the question. If you look at Section 6, which reads as follows:

"The City will by appropriate ordinance or ordinances establish new grades for Liberty avenue, as relocated, between Eleventh street and Fifteenth street, and for Twelfth street, Fourteenth street and Sixteenth street, in order to provide sufficient clearance for the 'Railroad' structures. The Railroad, at its own expense, will reconstruct the paving, curbing and sidewalks for said streets in accordance with the new grades thereof."

It speaks of certain particular things. I am not able to take issue with Mr. Duff that there will be ordinances which will in the course of time come before us.

Mr. Duff:

Mr. President: This is the bill and this is the law and confers the right to the grade crossing and spur on Liberty avenue.

Mr. McArdle:

Mr. President: There seems to be some opinions in Council that the Public Utility Commission must finally act and grant this grade crossing. If it proves to be a dud there is the possibility they can blame the Public Utility Commission. My idea on that is that we should know more about how this grade crossing affects the people of the City of Pittsburgh than the Public Utilities Commission does. And after we agree, by the passage of this ordinance, we in fact are telling the Public Utility Commission so far as the City of Pittsburgh is concerned that it is all right. You will not endanger the lives of people; it will not slow up our traffic and it will in no way affect the operation of Liberty avenue traffic or fire engines trying to get out there, ambulances or whatever emergencies might arise. I am not ready to give the Public Utility Commission the right to pass on this. I think the place that this should be stopped is right here, and not in my opinion, the Public Utility Commission, and on the basis of what has happened in this Council and elsewhere in City Hall, it is our responsibility and not the responsibility of the Public Utility Commission. I hope the Public Utility Commission uses better judgment than is used by the passing of this legislation. I hope they can see the dangers and see how far the granting of the grade crossing puts the City of Pittsburgh and I hope they refuse to grant it.

Mr. Demmler:

Mr. President: I am not hiding behind the Public Utility Commission. My reference to the Public Utility Commission, if it would be showed to me with a ruling that this crossing to be used between one and five would not be enforced, I would not vote for the grade crossing.

Mr. McArdle:

Mr. President: In my opinion, the only people that can enforce that crossing is the police of the City of Pittsburgh, and I will bet you that you won't be able to go to the police station and get a policeman to go out and take an engineer and the crew off

a train and lodge them in a cell in No. 1 Police Station for violating the provisions of this ordinance. Certainly, I don't think it would be fair to ask the police to ask them to back a train over to this side of Liberty avenue or pull it on up to the warehouse. If they go past there I will know about it after it is granted, but I am making a prediction now that you will not get one man to go out and say anything about it any more than you do about the people emitting smoke all over the City of Pittsburgh.

The Chair:

This is a very important matter, and if you will allow me, I will make a few remarks. It has received careful and serious consideration over a long period from this Council and this administration. I am voting for the bill because, in my opinion, it is for the best interests of the City of Pittsburgh. No one, in my opinion, will be inconvenienced by the passage of this bill. We are specifically stating that the crossing can be used for only two round trips over Liberty avenue in any one day. We are stating more, that the crossing can be used only during one A. M. and five A. M. I don't share the apprehensions of Mr. Duff or Mr. McArdle that the Pennsylvania Railroad will disobey the law and will not keep its agreement with the City of Pittsburgh. If this Council is going to question the motives and integrity and honesty and forthrightness of every second party that does business with the City of Pittsburgh, and use that argument to defeat the proposal before the contract is made, we are not very long going to conduct our affairs in a business-like way. No one can say that a crossing so restricted as this crossing is to be restricted will be a traffic block or a traffic inconvenience. We have grade crossings in the City of Pittsburgh and on arteries of travel much more congested and much more used than is Liberty avenue after midnight. I would suppose that one of the busiest intersections in the City of Pittsburgh is at the Point where two highly traveled highways, the Lincoln and the William Penn intersect with Water street. There is a grade crossing there, and gentlemen,

no one in Council ever heard a complaint about it. It is not true that all grade crossings are inconveniences. There are grade crossings in many places in the City. This Council has never heard a word of complaint about them because there is no inconvenience existing. The passage of this bill means that a blighted neighborhood will take on new life and new activity. Our tax revenues will be increased and large new warehouses will be constructed, not only by this corporation but possibly by other business people.

I do want to say a word about the Allegheny County Transit and Traffic Commission. Its Chairman sent us a communication last Monday requesting an opportunity to study this matter. On my motion the following day the bill was received and filed. By that action we meant no rebuff to the able and responsible men who constitute the Allegheny County Transit and Traffic Commission. We want them to study this matter. They have every opportunity to study it. Mr. Wolf's committee was created by an Act of the Legislature. It was created for the express purpose of advising the County Commissioners on traffic matters, and under the law, it is the duty of that body to report to the County Commissioners. It does not report to us. The Better Traffic Committee is still our technical advisor in traffic matters. I hope the Allegheny County Transit and Traffic Commission studies this matter and I hope it reports to the County Commissioners. It was never intended that Mr. Wolf's Committee come directly to the Mayor of Pittsburgh or City Council with its advice or recommendation or opinions. I am sure the Better Traffic Committee will be glad to cooperate with Mr. Wolf and his Committee. It is a matter of cooperation with our Better Traffic Committee. I hope that this new County Commission thoroughly understands our viewpoint. We desire their help but we want that help to come through our own Better Traffic Committee. Obviously there is going to be confusion, overlapping of opinion and jurisdictional disputes if the Mayor of Pittsburgh and the City Council are to take advice from two different bodies.

I say the Legislature never contemplated such a condition. So, summing it all up, this matter has been carefully considered by me, and no doubt it has been carefully considered by you. I think it is all right. When this crossing has been put to traffic use and the people see what little traffic tieup there will be, I am sure it will be publicly accepted that we have used good discretion and judgment in passing this bill.

Mr. McArdle:

Mr. President: In your remarks you made reference to a grade crossing at a street, I am assuming you are referring to the Water street crossing on this side of Penn avenue.

The Chair:

That is right.

Mr. McArdle:

Mr. President: Are you by any stretch of imagination, trying to connect a crossing which was under grant long before our time, with the crossing on Liberty avenue, which is to fill up a four and a half million dollar warehouse?

The Chair:

You are asking me?

Mr. McArdle:

Yes.

The Chair:

Yes.

Mr. McArdle:

What happens to the grade crossing down at the Point?

The Chair:

You might not accept my version. You should state the happenings as you view them.

Mr. McArdle:

I am asking you.

The Chair:

I say we have many grade crossings about which we have never received a single complaint. You know Heinz have a warehouse, serving facilities and buildings much more extensive than this. I ask you gentlemen, have you ever heard a complaint

about the crossing at River avenue serving its plant? Have you? Have you, Mr. McArdle?

Mr. McArdle:

No, but you are comparing this grade crossing over at Heinz with this crossing on Liberty avenue?

The Chair:

Yes.

Mr. McArdle:

Does that street carry the traffic?

The Chair:

Yes.

Mr. McArdle:

You know very well it doesn't.

The Chair:

River avenue carries more vehicular traffic during the day than Liberty avenue does after midnight. Liberty avenue is as lonely as a country lane around four o'clock in the morning.

Mr. McArdle:

I will bet you money on your comparison between Penn avenue and Water street, and as against Liberty avenue. Water street at Penn avenue ties up traffic and regardless of what you say they do tie it up. Certainly all they do is load into the Point building and empty their cars there. They are not filling any warehouse and certainly at the Heinz warehouse the street does not have the traffic on it, the crossing that leads to East Ohio street, and it is not River avenue.

The Chair:

It is River avenue.

Mr. McArdle:

There is another grade crossing.

The Chair:

Did you ever complain about it?

Mr. McArdle:

No, I never had a complaint about it, but I am making this comparison, and I will make a motion and ask for a traffic check on the various streets, and Liberty avenue will have more traffic on it than any you referred to, and I don't care, Water street and Penn. avenue, does hold up traffic between one and five A. M.,

and furthermore, why should we make mistakes that we made before. Those were granted in other times. They were not granted in our time. If the P. & L. E. came in to get a grade crossing at Water and Penn into their yards, they couldn't get it, and the B. & O. came in and asked for it and they couldn't get it. None of the comparisons you make compare with Liberty avenue.

And the bill, as read a second time, was agreed to.

MOTIONS AND RESOLUTIONS

Mr. Demmler presented

No. 2378. Resolved, That the City of Pittsburgh does hereby consent to the action of the Commonwealth, of Pennsylvania, Department of Highways, in establishing a temporary Truck Route 22-30; said route being as follows:

Beginning at the ramp of the Boulevard of the Allies at Forbes street; near Lawn street; thence westwardly by way of Forbes street to the Armstrong Tunnel; thence through the Armstrong tunnel to Second avenue; thence by Second avenue to the Boulevard of the Allies at Grant street.

Said temporary Truck Route to continue in effect until such time as that portion of the Boulevard of the Allies, between Ross street and the East abutment of the Liberty bridge connection, has been reconditioned to carry heavy trucks as permitted by the State Vehicle Code.

This consent will not affect the duty of the City of Pittsburgh to continue the maintenance of that portion of Forbes street and Second avenue used in this temporary truck detour.

Which was read.

Mr. Demmler moved

The adoption of the resolution.
Which motion prevailed.

Mr. McArdle presented

No. 2379. Resolved, That the Director of the Department of Public Works be and he is hereby authorized and directed to establish the grades of Lindberg street, Goldenrod street, Little street and Sunglow street, and to submit legislation to Council as soon as possible.

Which was read.

Mr. McArdle moved

The adoption of the resolution.

Which motion prevailed.

The Chair presented

No. 2380. Resolved, That the Mayor be and he is hereby requested to return, without action thereon, Bill No. 2271, An Ordinance providing for a contract or contracts, in form to be approved by the City Solicitor, for ambulance hire for the year 1949 for the Department of Public Health, City of Pittsburgh, and for the payment thereof.

Which was read.

Mr. Weir moved

The adoption of the resolution.

Mr. McArdle:

Mr. President: This piece of legislation is another example of the efficiency and great knowledge that our Director of the Department of Public Health has on the City health laws. Last week we passed a bill authorizing the Director of the Department of Health upon his recommendation, to take bids for ambulance service, that it would save the City money. In the past this Council did not even find out about it. One of his employees told me about it. He did not even know that he couldn't do such a thing, and it would be practically impossible to get bids because the quarantine laws of the State of Pennsylvania prohibit the use of an ambulance that has been used to carry a contagious disease patient unless it is fumigated or held out of action for twenty-four hours. With all the brain busters and brain trusters, headed by the mountain of knowledge on public health, Doctor I. Hope Alexander didn't even know that.

Mr. Stewart:

Mr. President: It seems that we ought to be advised on this. I am not so sure that Mr. McArdle's knowledge is superior to Doctor Alexander's. What do we know about this? Maybe it should be studied. If it is a legal question, I don't know any person in the Public Health Department whose opinion is worth anything.

Mr. Weir:

Mr. President: The fact is that the State Health Department's regulations on the subject-matter puts the entire thing under the City's own Department of Public Health. The State has a health regulation but it is not enforceable, that is to say the rule is that it shall be determined by the City's Department of Public Health as to whether the ambulance is proper for the work. I had been assuming myself that the successful bidder on the contract used them in that service entirely. This is rather a surprise to me.

Mr. McArdle:

Mr. President: I certainly did not want to be a party to any rule that might be laid down by the Director of the Department of Public Health in this matter. If he would say it is all right, we are outside the Department of Health of the State of Pennsylvania. Certainly I don't want to subject patients who are taken to a hospital rather than contagious disease hospitals in an emergency, particularly a woman who is taken or is often taken to a hospital in an ambulance in childbirth. I certainly don't want any woman to go into an ambulance that just came from a contagious disease hospital with a child who had diphtheria or scarlet fever or spinal meningitis or something of that nature. I am satisfied in this particular instance to rest on the Code of the Department of Health at Harrisburg. Maybe Doctor Alexander will say, this is all right, it is up to the fellow who takes him. There is a responsibility that is here, particularly when we have the knowledge that the provision exists. Commonsense dictates a man isn't going to have an ambulance wait there to go to our hospital for contagious disease cases.

The Chair:

This bill is not a matter of quick thought or hasty action, and I think, all of us, we all were present at the conference when the matter was discussed, and I think Doctor Alexander was asked at the conference whether he had ever followed this routine, and he said, yes, he had hired ambulances to carry contagious disease patients. Everyone knew that you could not use that same ambulance immediately to transport a person who was not afflicted with a contagious disease. We were under the impression that vehicles were available that did not carry anything but patients who had infectious diseases. It was understood such a vehicle was available and I think the Mayor thought the same thing. But after we passed the bill that question was raised whether there were such vehicles in the City, because obviously we could not use an ambulance to carry our transmissible disease patients and the next how carry a person who was not affected. At any rate the question was raised in the Mayor's office whether such a vehicle can be hired and Mr. Kirk has sent over a resolution asking it to be adopted so it can be held on the table until the facts can be determined as to whether or not such a vehicle is available.

Mr. Weir:

Mr. President: As you say, quite obviously there are such vehicles. The Municipal Hospital ambulance did not transport all the communicable disease patients. It only transported the ones to Leech Farm Hospital and to the Municipal Hospital. Many others go to other places and of course, such ambulances have to be in existence, whether it is an adequate number to take up this contract has to be found out.

The Chair:

Does Council intend this vehicle for anything else but people with communicable diseases?

Mr. Stewart:

Mr. President: That is a matter for the medical men. It seems a disease could be communicated in that way.

I am told that a great many of those ideas are entirely erroneous. I know there are a lot of diseases that doctors say you cannot contract except by direct contact with the person. I think that is a matter for the medical profession to decide rather than the laymen.

Mr. McArdle:

Mr. President: There is a lot of difference in the medical profession. I read with great interest some of the statements of doctors I had for my family and they disagreed with me. No later than a week ago when the measles epidemic was in the papers than Doctor Alexander let out that. I have asked different doctors and they have disagreed with me, and I don't see why this Council should be looking for any more trouble than they have. Another thing about it, if one man buys an ambulance and holds it just for communicable diseases and he is doing it for a profit, then we can do it cheaper than he can do it.

The Chair:

How do these other institutions carry their communicable disease patients?

Mr. McArdle:

Mr. President: I think in a lot of instances, particularly four or five I know myself, they are bundled up in the family car and taken, and that particularly applies to the poorer class of people.

And the question recurring on the adoption of the motion, the motion prevailed.

And the Mayor returned without action thereon,

Bill No. 2271. An Ordinance entitled, "An Ordinance providing for a contract or contracts, in form to be approved by the City Solicitor, for ambulance hire for the year 1949 for the Department of Public Health, City of Pittsburgh, and providing for the payment thereof."

In Council, March 7, 1949, bill read, rule suspended, read a second and third times and finally passed.

Which was read.

Mr. Weir moved

To reconsider the vote by which the bill was read a second and third times and finally passed.

Which motion prevailed.

And the question recurring "Shall the bill be read a second and third times and finally passed?"

The motion did not prevail.

Mr. Weir moved

That the bill be laid on the table.

Which motion prevailed.

The Chair took up

Bill No. 2369. Communication from the Civic Club of Allegheny County, F. E. Schuchman, President, protesting against the construction of a grade crossing by the Pennsylvania Railroad Company at Liberty avenue near 16th street.

Which was read, received and filed.

Mr. Weir moved

That the Minutes of Council of Monday, March 7, 1949, be approved.

Which motion prevailed.

And on motion of Mr. Weir Council adjourned.

Mr. Weir on March 21, 1949;

Mr. Wolk on March 21, 1949;

Mr. Kilgallen (Pres't) on March 21, 1949.

Which motion prevailed.

Mr. Weir:

Mr. President: In connection with the bill No. 2433 I introduced today, I may not be at the meeting tomorrow, but the principal reason I want to bring it up is to give anybody who

has any question about it time to consider it, because tomorrow's committee meeting will be the last one in March. This is a bill to raise the salaries of twelve people, stenographers, nurses and one physician in the Health Department. As far as I can see, it probably could have been put in the budget in January. There is no City money involved. The money with which to pay these employees is in a special account, obtained from the Federal Government, and disbursed by the State. This Bill calls for making their salary increases retroactive to the first of January.

The Chair: Do these people work for the Syphilis Control Program?

Mr. Weir:

Mr. President: It is called the Tuberculosis Control Program. The increase is to bring them up to the others on the City Payroll, and there is no emergency declaration needed because there is no City money involved. What happens is this, the State pays the money to the City gradually. If the money is not all used up for the first quarter ending the 31st of March, they would deduct that amount from the next payment and that is why I would like to see this passed in Committee tomorrow so they can be informed that the money is earmarked for use in these people's salaries, because whether it should have been in before, these people can't help it. It isn't our money and they may have it.

Mr. Demmler:

Mr. President: If my memory is correct, I believe we did this last year.

Mr. Weir:

Mr. President: I don't know. I think it could have been done in January, but nevertheless it wasn't, and it is not hurting anyone.

Mr. McArdle:

Mr. President: Is this proposed increase in line with what the rest of the employees up there are getting?

Mr. Weir:

Mr. President: Yes. In some cases it is just the cost-of-living increase and

in the other cases of the nurses it is an amount to make their salaries the same as the other nurses.

Mr. McArdle: You say there doesn't have to be an emergency.

Mr. Weir: I wouldn't think so. We are not spending our own money at all. It is a special fund in the Treasurer's office out of which these payments are made.

Mr. Duff:

Mr. President: I am a little doubtful whether we can make an increase in salaries without a proper declaration of emergency. Aren't these funds payable into the general fund although earmarked, aren't they payable into the City treasury?

Mr. Weir:

Mr. President: Mr. Duggan and Mr. Carney told me otherwise. They say it is a special fund. The only thing the Treasurer has to do with it he is accountable for its proper disbursement. We don't raise it through taxation and it is not City funds, except the City Treasurer is appointed as the person proper to disburse it. The reason I am bringing it up today if we don't get it done before March 1st then there would be complications.

Mr. Duff:

Mr. President: I strongly doubt the competency of this body to increase wages and make them retroactive. If by an error on the part of Council at the time of consideration of the annual appropriation bill we formed a conclusion, I can't see how we can raise wages retroactive.

Mr. Weir:

Mr. President: In answer to Mr. Duff, I examined a letter that Doctor Alexander wrote to the State Director of Health and in reply to which there is a letter in the files and from the reading of the two letters the State, whose money it is, says it is all right. It is their money and they approve it.

Mr. Duff:

Mr. President: With respect to wages and salaries, don't we handle the Frick fund in that fashion?

Mr. McArdle:

Mr. President: Why is it that it has gone three months before we find out it is proper to use this?

Mr. Weir:

Mr. President: As I said before, I don't see why it did have to go three months, but here are these people who are not getting the increases. If we don't do it before the first, the March money will go back to the State.

Mr. McArdle:

Mr. President: Where does that leave us with the building trades?

Mr. Duff:

Mr. President: This comes within the ruling of the Scranton case, in which decision it was ruled that the salary fixed at the beginning of the year couldn't be increased during the current year. That refers to money paid out of the general fund of the city. But so far as a trust fund, there is doubt whether that decision will have any application to it. If these funds are given by the State for a particular use and we employ people, and fix their salary, it does not fall within the Scranton decision.

Mr. Wolk:

Mr. President: As I see it, if Mr. Weir is correct that any balance will be deducted from any contribution for the next quarter, that clearly indicates it is not our money and the Scranton decision wouldn't hold because we are

not passing judgment on a matter of finances here because their money that is given to us is to be disbursed at our discretion. Another reason I think this is all right, is that the raises are no more than the raises we gave to others in similar capacities. As far as I am concerned it was clearly an error because I always had the intention of treating all the employees alike, and if they are our employees then we did make an error, because we certainly did intend to give the cost-of-living increase to everyone in the City employ.

Mr. Stewart:

Mr. President: I think the question Mr. Duff raised and also by Mr. Wolk, is that there was an error on the part of City Council, and since these employees were paid out of State funds and we didn't need to raise their salaries, I believe the bill would be strengthened if, in committee, we did put in it some recital of that fact.

The Chair: I think we are agreed on the merits and we can work this out in Committee tomorrow.

Mr. Weir moved

That the Minutes of Council of Monday, March 14, 1949, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

UNFINISHED BUSINESS

The Chair took up

Bill No. 2342.

Whereas, On August 26, 1948, the City of Pittsburgh entered into an agreement with Broadway Maintenance Corporation, a New York Corporation, under the terms of which the said Broadway Maintenance Corporation undertook to furnish, install, remove and relocate all electric equipment necessary for street lighting, within the corporate limits of the City of Pittsburgh, on its streets, boulevards, alleys, underpasses, by-ways, parks and other public thoroughfares within the City; and

Whereas, The City on the same day entered into an agreement with the said Broadway Maintenance Corporation under the terms of which the said Broadway Maintenance Corporation agrees to furnish all materials, tools, equipment and labor required to service street lighting equipment installed by the said Broadway Maintenance Corporation under the agreement above described, and for the nightly inspection and replacement of electric lamps of all street lights in the City of Pittsburgh; and

Whereas, The street lighting equipment and materials to be furnished will be completed by the Broadway Maintenance Corporation in about six (6) months and the payments therefor by the City of Pittsburgh will be extended over a period of one hundred and twenty (120) months; Now, Therefore, be it

Resolved, That the City Controller be and he is hereby authorized and directed to accept, to make the proper

and necessary entries on the records, and to make payments according to the terms of any assignments by the Broadway Maintenance Corporation of any and all money due the said Broadway Maintenance Corporation under either or both of the above described agreements.

In Finance Committee, March 15, 1949, read and ordered returned to Council with an affirmative recommendation, subject to reports of the City Solicitor, City Controller and the Director of the Department of Public Works.

In Council, March 28, 1949, read and laid over pending receipt of reports from the City Solicitor and the City Controller.

Which was read.

Committee on Finance

City Council

Re: Bill No. 2342

Gentlemen:

We herewith submit a report requested on the above numbered Bill, Resolution authorizing the City Controller to accept, to make proper and necessary entries on the records, etc., of any and all money due the said Broadway Maintenance Corporation.

Under Street Lighting Contract No. 2, Broadway Maintenance Corporation will be paid monthly one one hundred twentieth (1/120) of each item charged covering street lighting equipment. It is contemplated that about \$1,500,000.00 worth of equipment will be installed by the Company on behalf of the City within six months, and the City will pay for the same over a period of 120 months.

Under Street Lighting Contract No. 3, the City will be liable to pay for services rendered in the maintenance of the equipment and the nightly inspection of the street lighting lamps the month following the services rendered.

Generally, under the City's agreements for work to be paid for under appropriations in Council, the City pays 90% of the amount of the current estimates. Under Contract No. 2 in this case, however, the City will be obligated to pay less than 1% per month and it is this amount payable which is being assigned by the contractor.

The Act of July, 1941, P. L. 606, Section 1, gives statutory authority for assignments in general in Pennsylvania, and the assignment proposed in the above numbered Bill will be in conformance with the Act. As early as 1873, the Supreme Court of Pennsylvania, in Philadelphia vs. Lockhardt, 73 Pa. 211, 216, confirmed the general right of the contractor to assign an obligation due from a municipality.

It is, therefore, our opinion that there is no legal objection to the above numbered Bill.

Very truly yours,

L. I. Shapiro,

Asst. City Solicitor.

Department of City Controller

April 4, 1949.

President and Members of Council
City of Pittsburgh.

Gentlemen:

On March 16, 1949, you referred Bill No. 2342, a resolution authorizing and directing the City Controller to accept, make the proper and necessary entries on the records, and to make payments according to the terms of any assignments by the Broadway Maintenance Corporation of any and all money due the said Broadway Maintenance Corporation for the installation of street lighting equipment within the City of Pittsburgh, for a report.

After examining the aforesaid Bill, and taking into consideration the opinion of my Solicitor, John R. Bentley, I may say that the Resolu-

tion is a proper subject for action by your Body.

Very truly yours,
Edward R. Frey
City Controller.

Which was read, received and filed.

Mr. Duff moved

CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency, when special appropriations may be made to meet the same; and,

Whereas, The Committee appointed by the Mayor on September 21, 1948, to recommend ways and means of showing the true status of accounts receivable due the City of Pittsburgh with respect to tax owned property and the collectibility of old tax, water and municipal claim accounts, in its report dated February 28, 1949, recommends that the City Controller, Delinquent Tax Collector and the Office of Solicitor for City and School Tax Liens be granted additional funds and at least one each additional experienced employee to cooperate, examine the records and prepare the data necessary to show the true status of the above accounts due the City of Pittsburgh; and,

Whereas, Pursuant to a conference attended by said Committee on March 15, 1949, the City Treasurer and the City Controller have requested that the transfer of \$-----, from Code Account No. -----

-----, to Code Account No. 1061, Salaries, Temporary Employees, Department of City Treasurer, and Code Account No. 1046, Salaries, Regular Employees, and Wages, Temporary Employees, Department of City Controller, is necessary for the payment of salaries of three utility clerks at the rate of \$239.00 each per month from April 1, 1949, to December 31, 1949, for the performance of certain duties relating to the accounts aforesaid, the said services to be rendered in the Offices of the City Treasurer, City Controller, and Solicitor for City and School Tax Liens; and,

Whereas, Such appears as good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, We, DAVID L. LAWRENCE, MAYOR OF THE CITY OF

PITTSBURGH, and EDWARD R. FREY, CONTROLLER OF THE CITY OF PITTSBURGH, do hereby certify to the Council of the City of Pittsburgh the existence of an emergency requiring the transfer of the sum of \$-----, to the following Code

MOTIONS AND RESOLUTIONS

Mr. Leonard presented

No. 2543. Whereas, The State Legislature in 1947, as part of the Pittsburgh Package, created the Allegheny County Transit and Traffic Commission to advise, study and assist in improvement of traffic and transportation facilities within the City of Pittsburgh and the County of Allegheny; Therefore, be it

Resolved, That the Council of the City of Pittsburgh request the Allegheny County Transit and Traffic Commission, through its Chairman, Irwin D. Wolf, to submit for the guidance of Council, such comments as they may have regarding the problem of railroad grade crossings within the City of Pittsburgh.

Which was read.

Mr. Leonard moved

The adoption of the resolution.

The Chair: City Council agrees that the Allegheny County Transit and Traffic Commission should study this matter and make its report to the County Commissioners. The record of our last debate will show this to be true. We again respectfully request the Allegheny County Transit and Traffic Commission to make known its viewpoint on traffic problems through our Better Traffic Committee and not make its recommendations or reports directly to City Council. By so doing it would create a confusion that is bound to arise when Council is being advised by two different groups of traffic experts. The County Committee is a mass transportation committee to ad-

vise the County Commissioners. So, I am voting No on this resolution, in the hope that the Allegheny County Transit and Traffic Commission will study this matter and make its report to the County Commissioners and to our Better Traffic Committee.

Mr. Leonard:

Mr. President: I recall two years ago when all the fanfare was being thrown back and forth around City Hall and in the Legislative halls of Harrisburg about the Pittsburgh Package. This was a great selling point for the Pittsburgh Package, that we were going to have a group of Pittsburghers study traffic conditions for the development of the City of Pittsburgh. A lot has been said about the matter in the past, but for your information, Mr. President, I would like to call your attention to it, that we have a Better Traffic Committee, headed by Mr. McNeil, who calls the shots, and for your information, Mr. McNeil never had this matter up with the present City Traffic Planning Committee. Furthermore, this bill was sent down and steamrollered through City Council, the first grade crossing. In my remarks when it came up, I asked for a study from the Engineering Department or by somebody if you cannot get it from them, you should get it from the Commission that has been put up here to make the study. Why didn't you oppose this in the so-called Pittsburgh Package two years ago and not mislead these people that we were going to make regulations in the traffic in the City of Pittsburgh? It is all right now but when the publicity was in the papers nobody raised any questions then. I raised the point that we should get engineering advice in regard to Liberty avenue. The reason I raised this I felt this was going to be such a large operation that the trains only going over there between the hours of one and five in the morning was just a lot of malarkey, and I think it will only take a couple of years to prove I was right. We are starting to read and the people are starting to read through the public press, and I only know what I read in the papers, because I don't attend the star chamber sessions, and I re-

fuse to do so, so I am just another person and don't know it until I read it in the public press. Now we read where three more streets will have grade crossings. Don't you think those people in Lawrenceville and Liberty avenue and Bloomfield, don't you think they ought to be given a chance to be heard and not be held in contempt around here? How long are they going to be kidded and held in contempt? The people in that end of Pittsburgh are being held in contempt. When you are giving grade crossings one after another I ask that the railroad be brought in here and I also ask that the engineers' reports be put in here. I read that they were only to put in a spur track—that is two tracks. I don't know what the picture is, going across 16th, 14th and 12th street but I asked for a report with a dip on Liberty avenue, if you can't raise it. I asked for engineering advice for a dip. Suppose we get into a condition of wartime that we have just gone through. We read in the public papers of the condition of the world today. What do you think will happen if you say you cannot bring a train across that and put it into the warehouse. That is going to be tremendous. Has anything been done in regard to engineering with regard to moving Liberty avenue? Moving Liberty avenue down and make Liberty avenue and Penn avenue a great right-of-way. People in Lawrenceville and Bloomfield deserve a boulevard and deserve a better outlet. What are we going to do with 16th street? We are going to block that off. The only outlet from Ninth street, we are going to put a railroad crossing across that street now. Do you know the conditions of Ohio street on the North Side, the amount of traffic that goes out there that makes the turn—the amount of traffic that goes to the North Side that goes out Liberty avenue? Have we any reports on that? No. I read in the public press there are going to be a few more crossings. I think we insult the intelligence of Irwin D. Wolf and the big taxpayers and the people on that committee. They are still a big part of the City of Pittsburgh, and the office of City Council should be open to let them protest.

and that is the reason I moved for the adoption of this resolution.

Mr. Demmler:

Mr. President: Mention was made that grade crossings were being allowed, one grade crossing after another. In the fifteen years that I have been in City Council I can only recall one grade crossing being permitted, and that was on West Lacock street, to the International Harvester Company, who asked that the grade crossing there be permitted to remain in the street. We granted that. This is the first grade crossing since then, that I remember. I raised the question in regard to grade crossings when this matter was first laid before Council, but since that time I am satisfied that the inconvenience of this grade crossing will not be such as to cause any kind of a major hazard or delay or inconvenience the citizens of Pittsburgh.

Mr. Leonard:

Mr. President: I said new ones. If you haven't passed any you are starting to pass them. One is passed.

The Chair: Mr. Duff and Mr. McArdle covered every unfavorable phase of this matter in their opposing arguments weeks ago. I hope the newspapers will not put the City Council in the position of rebuffing Mr. Wolf and his Committee. This is not our intention at all. We ask them to cooperate and study this proposal and route their ideas through the Better Traffic Committee.

And the question recurring on the adoption of the resolution, the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Leonard McArdle

Noes:—Messrs.

Demmler Weir

Gallagher Wolk

Stewart Kilgallen, (Pres't)

(Mr. Duff not voting).

When the name of Mr. Duff was called, he arose and said:

Mr. President: I opposed the original bill and I was voted down and in view of the fact that my brethren voted me

down, I wouldn't see, since the bill is passed, how any gainful knowledge will be derived from further consideration unless a majority in this body moves to reconsider the action heretofore taken. I, therefore, am not voting on this bill.

When the name of Mr. McArdle was called, he arose and said:

Mr. President: I might explain, I am going to vote for the resolution, hoping that those who follow after me will see the error of their ways and try to correct a mistake they have made, which is easy to do in this body or in any other body. I vote Aye.

Ayes 2. Noes 6.

And there not being a majority of the votes of Council in the affirmative, the motion did not prevail.

Mr. Leonard also presented

No. 2544. Whereas, The Pennsylvania Railroad has applied to the Public Utility Commission for approval of three railroad crossings at grade in the City of Pittsburgh; and

Whereas, Such crossings are dangerous to the safety of the people and impede the rapid flow of traffic, resulting in a backward step in the improvement of traffic and safety facilities within the City; Therefore, be it

Resolved, That the Council of the City of Pittsburgh request the Public Utility Commission to withhold approval of all pending applications for grade crossings anywhere within the limits of the City of Pittsburgh, until a hearing has been granted public officials and interested citizens of the City of Pittsburgh.

Which was read.

Mr. Leonard moved

. The adoption of the resolution.

The Chair: I hope that the Public Utility Commission gives the same careful and long study to this matter that City Council gave it.

Mr. Demmler:

Mr. President: Might I ask on this resolution, has not the Public Utility

Commission always granted hearings?

The Chair: If the request is made in time, we feel certain it will be granted.

Mr. Demmler:

Mr. President: Do we need the resolution?

The Chair: Not at all, that was not the motive for its presentation.

Mr. Weir:

Mr. President: I would like it to be made clear here that there is nothing in the application before the Public Utility Commission that was not before us in the bill Council passed. Perhaps it should not be said, or possibly it better be said so there is no misunderstanding in the public press about it, to Mr. Leonard's remarks tended to create the impression that grade crossings on City streets were introduced later, of course, was not correct. Anyone who reads it will understand it was all done in the bill we considered at the time. That was incidental with the grade crossings on Liberty avenue. Since those remarks were made, and particularly that it might be printed that way, that is not correct.

Mr. Leonard:

Mr. President: As I understand it, you have already passed the legislation to put the grade crossings on the other streets named.

Mr. Weir:

Mr. President: It was all done. I just want to point out there was no succession.

Mr. Leonard:

Mr. President: Will there be a succession?

Mr. Weir:

Mr. President: No.

Mr. Leonard:

Mr. President: That is the point I want to bring out, and that is the lack of public hearing. That is the sneaky way of putting bills through, star chamber sessions. I don't understand, there were no meetings with the

railroad officials, but Joe Bio, he has to come into the Council Chamber and make his wants known. I am interested in this because I live in that neighborhood. I live on Stanton Heights and use Liberty avenue and Penn avenue. I am one of the thousands that use that street to keep the load off Baum boulevard. If some of you men would get more familiar with Liberty avenue and Butler street to help keep down the traffic and if you would be more familiar you would be having a new artery and not be throwing that neighborhood into a backward state by having railroads cross their streets. Maybe I am a dunce and the public doesn't know that you have granted a grade crossing on three other streets. That is holding the taxpayers in contempt. They have a right to know what goes on. I am one of them and I am going to speak up for them.

Mr. Weir:

Mr. President: In view of Mr. Leonard's last remarks, I am not certain that I made myself entirely clear. If anyone did not know this, that lack of knowledge must have arisen by the simple fact that they did not read the bill which was a matter that did not pass in great haste but passed after long debate and all these things were done very explicitly in that bill which was adopted here while Mr. Leonard was away. But there was nothing passed except in this room and everything that was passed was contained in clear language in that bill.

Mr. Demmler:

Mr. President: I wish to express this fact for the newspapers that this crossing is only to be used between the hours of 1:00 and 5:00 a. m. and if the Public Utility Commission does not limit it to those hours, and if it is shown it cannot be enforced, I would oppose it also, but since it is limited to those hours, and I am told it can be enforced and the franchise will be for a limited number of years, I will again state I will vote for this crossing, and also the crossings on 14th and 16th streets.

The Chair: This is one of those spot resolutions which members of legisla-

tive bodies sometimes present to embarrass their colleagues. It only serves to indirectly renew debate on an issue which had already been decided in this Council by roll call vote.

Mr. Leonard:

Mr. President: As far as I am concerned, it is not a spot resolution. It is a resolution that I think Council did something wrong and as I reside in that neighborhood I am asking to request the Public Utility Commission to hold up any action on any railroad grade crossings in the City of Pittsburgh.

The Chair: I repeat again that everyone in City Council will expect the Public Utility Commission to give this problem the same careful and considerate study that City Council of Pittsburgh gave it.

Mr. Leonard:

Mr. President: I have got my experience, what little I have, in the field of politics, as a member of this City Council for the last eleven years. I have been here maybe too long for some of you. I have picked up by the deliberations of this body and a great amount of this time was taken up and practically every member of this Council would agree, the great things the Democratic Council was doing to fight for the little people and the great odds they were up against in the State of Pennsylvania. Now I sit here and I hear remarks that they hope the Public Utility Commission will give it the study that City Council has given it.

The Chair: That is right.

Mr. Leonard:

Mr. President: I know and I charge that the government is getting away from the little people.

The Chair: You charge it, but is it true? Are the little people, as you keep describing them in your speeches in Council, getting good government from you? You are absent from Council more than any other member, and in fact more than all other members combined.

Mr. Leonard:

Mr. President: I charge it because there is too much by-passing of the little people. They are not getting a fair deal. Then I find in the Democratic body that I am a member of, saying that they hope that the Public Utility Commission that most of us almost fought our way in on campaigning on things they didn't like, and we are doing the things and then we make the remark that we hope they give the same consideration as Council when they refuse to give a public hearing on it. You made your decision in the star chamber sessions and you banged it through out here, and we criticise the Public Utility Commission for doing the same thing. Then we come along and say we hope they give it the same careful study.

The Chair: This matter was long and carefully considered. It was considered by a sub-committee of the Better Traffic Committee. Nothing was banged through. There was nothing sneaky about our actions, as you charge. We worked long and hard on it while you were absent in California. You did not work on it at all. It is not fair for a vacationing Councilman to periodically return from pleasure trips and scold the rest of us who, day after day, are doing the hard, slogging job of running this City. You should do your share of the work around here. You have the largest absentee record of anybody in Council. You are not serving the people of Pittsburgh. You are absent too much.

Mr. Leonard:

Mr. President: You have had no public Council for two years. You are operating under a bi-partisan government. You are doing the same thing that the great "Philadelphia Story" was created by—two meetings. You never hold a public meeting, that is what I am saying.

The Chair: We challenge that statement. You have no personal knowledge of this matter. You were absent. You are reciting hearsay, and it is false.

And the question recurring on the

adoption of the resolution, the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Duff	McArdle
Leonard	

Noes:—Messrs.

Demmler	Weir
Gallagher	Wolk
Stewart	Kilgallen, (Pres't)

When the name of Mr. Duff was called, he arose and said:

Mr. President: I opposed this grade crossing and am still opposed to it.

When the name of Mr. Gallagher was called, he arose and said:

Mr. President: I am voting No, Mr. President, and my reason for voting No, I do not want to do anything that is going to hurt the future of Pittsburgh. We discussed this so-called crossing at several conferences and it all hinges on the Point Park Improvement. We passed this legislation and the Pennsylvania Railroad has to move the railroad out of the Point and is building this warehouse. There is a lot of ballyhoo about this railroad crossing. On the South Side there has been a railroad crossing at 21st and Carson, and Sarah street and all the main streets and there is also one at 29th street on the South Side. They have been there since I was born and that is sixty-five years ago. The reason I am voting No on this resolution, I don't want to impede the progress of the City of Pittsburgh. That is what I think this resolution is helping to do.

When the name of Mr. McArdle was called, he arose and said:

Mr. President: I feel it has come to the point for me to make my position clear. First of all, I disagree with my friend, Mr. Gallagher, when we took the property at the Point. If we have any obligation to the Pennsylvania Railroad it has been fulfilled here today. The Pennsylvania Railroad, if my information is correct, has received upwards of three million dollars from the State of Pennsylvania for the

property that was taken by the State for the Point Park. The taxpayers of the State paid that amount of money. The Pennsylvania Railroad, in my opinion, and I think we have no quarrel on that, is building this warehouse for the benefit of the Pennsylvania Railroad and its stockholders to make money. That is the duty of the operators of the Pennsylvania Railroad. I contend that the warehouse could be built without grade crossings that are granted already by the action of this Council and I presume by the Mayor of the City of Pittsburgh. I don't think there was enough study by the engineering forces of the City to find out if the warehouse could be built there and still eliminate the grade crossings that were granted. I stated before and I state again, instead of being a progressive move, I think it is a backward move. I think the records will show there have been very few grade crossings granted in the last fifteen years, and the grade crossing that was granted to the International Harvester Company is in no way comparable to the grade crossing that is granted here. I don't think it should have been granted, and I hope the Public Utility Commission will agree with me and refuse to grant them the grade crossing. I am voting for this resolution. I wish to be recorded as voting Aye.

Ayes 3. Noes 6.

And there not being a majority of the votes of Council in the affirmative, the motion did not prevail.

The Chair presented

No. 2545.

Whereas, The immortal Italian actress, Eleanor Duse, died in Pittsburgh on April 21, 1924, and

Whereas, The City of Pittsburgh was destined to witness her incomparable last performance, and

Whereas, The Grand Lodge of Pennsylvania and West Virginia Independent Order Sons of Italy will, on April 24th, 1949, dedicate commemorative exercises to her memory and unveil a plaque in the Schenley Hotel as

an everlasting tribute to her artistry, and

Whereas, The said Grand Lodge of Pennsylvania and West Virginia Independent Order Sons of Italy has extended an invitation to everyone to be present at this Commemoration; Now, therefore be it

Resolved, That as a tribute to Eleanor Duse; to the artistry and culture which she so brilliantly portrayed; to the incomparable acting with which she enriched the world; to the unselfishness and tenderness which filled her soul; to the sacrifices which she made for all humanity, the day of April 24, 1949, is set apart as a day of remem-

brance for her fame, a day of reverence for her goodness, a day of meditation for the realization that the good we do lives after us.

OFFICE OF THE MAYOR

Pittsburgh, April 25, 1949.

President and Members

City Council

Gentlemen:

It is with great pleasure that I transmit the attached letter from Mr. Richard K. Mellon in which an offer of a gift of \$4,000,000 is made to the City of Pittsburgh for the acquisition and development of a downtown park.

It seems to me that the benefits of this generous gift are so obvious that there will be little hesitancy on the part of city officials in accepting it. It is my hope that the Council will instruct the Law Department to draw up appropriate legislation, which it will then carefully consider and act upon.

I also hope that the Council will join with me in consulting with the Public Parking Authority of Pittsburgh on the feasibility of using the sub-surface area in the proposed park for public parking.

Very truly yours,

David L. Lawrence,
Mayor.

T. MELLON AND SONS
525 William Penn Place
Pittsburgh, Pennsylvania

April 22, 1949.

Honorable David L. Lawrence,
Mayor of the City of Pittsburgh,
Pittsburgh, Pennsylvania

Dear Mayor Lawrence:

The Trustees of The A. W. Mellon Educational and Charitable Trust, the Sarah Mellon Scaife Foundation, and the Richard King Mellon Foundation have authorized me in their behalf formally to offer a gift of \$4,000,000, in trust, to the City of Pittsburgh to be used by it solely for the acquisition and development of the property bounded by Sixth avenue, Smithfield street, Oliver avenue, and William Penn place, for permanent utilization of that block as an outdoor public park and for other public purposes not in consistent with its use as a park. Of that amount, not more than \$3,500,000 is to be expended for the purchase of the real estate, and the remainder is to be used for landscaping and developing the surface area. The A. W. Mellon Educational and Charitable Trust is giving \$2,000,000 of the total and the Sarah Mellon Scaife Founda-

tion and the Richard King Mellon Foundation \$1,000,000 each.

Those who have studied the project agree that such a park would be most desirable and would represent a material contribution to the civic betterment of Pittsburgh.

Funds will be made available by the above organizations to the City of Pittsburgh as needed for the acquisition of the property, and the remainder of the total gift of \$4,000,000 to be used in developing and landscaping the park will be provided when required.

As a further condition of their gift, the donors stipulate that the outdoor public park shall be maintained permanently by the City of Pittsburgh, and that no part of the property be used other than for an exclusively public purpose.

Sincerely yours,

Richard K. Mellon.

Which were severally read and referred to the Committee on Finance.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Stewart
Duff	Weir
Gallagher	Wolk
Leonard	Kilgallen, (Pres't)
McArdle	

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 2593. An Ordinance entitled, "An Ordinance exempting the positions of Assistant Chief in Education, Public Health Nursing Supervisors and Public Health Nurses, Class III, Bureau of Public Health Nursing, Department of Public Health, from the requirements of Section 42 of Ordinance No. 450, approved January 7, 1902, as amended."

In Finance Committee, April 26 1949, bill read and ordered returned to Council with an affirmative recommendation, subject to report from Mr. Weir.

Which was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. McArdle:

Mr. President: Bill No. 2593, are there two file numbers on it?

Mr. Weir:

Mr. President: Bill No. 2593, I move to amend by supplying the word "Three" before "Public Health Nursing Supervisors" and the word "Four" before the "Public Health Nurses, Class III" in Section 1 and in the title.

The Chair: Does the Chair understand that the last file on the calendar was not in committee?

Mr. Duff:

Mr. President: That was not in Committee because the one in the plain type is the proper one.

Mr. Weir:

Mr. President: I can explain that. The one in the fore part of the calendar, File No. 1323—

The Chair: I wasn't here, so somebody explain it to me.

Mr. Weir:

Mr. President: The bill is as I said, with the amendments which I now move to supply, the word "Three", before "Public Health Nursing Supervisors" and the word "Four" before the "Public Health Nurses, Class III," in Section 1 and in the title. The reason I make this motion is because of a discussion which took place in Committee wherein it developed it was the sense of the Committee that the positions now exempted should be limited to those which presently need to be filled. There are altogether 26 Public Health Nurses, Class III, unfilled. It is only necessary, at this particular moment, that six need to be filled, but it is only necessary to exempt four because residents of the City have been already found for two of those. But in the very near future

at least four more will be needed, and the purpose of the amendment is limiting the scope of the ordinance as printed.

Mr. Duff:

Mr. President: I take it we should substitute the amended bill for the one that came out of Committee with an affirmative recommendation.

Mr. McArdle:

Mr. President: Doesn't this bill have to be printed and on our desks before we vote?

Mr. Duff:

Mr. President: This is a bill substituting the bill which was considered in Committee, and the report of the Committee was that it should be reported affirmatively, subject to such amendments as recommended in Mr. Weir's report. We should therefore amend the Bill in accordance with his report.

Mr. McArdle:

Mr. President: Is there any report here that I asked for; a list of the names of the applicants for those jobs?

The Clerk: At hand is a report of the Department of Public Health, Bureau of Public Health Nursing, as follows:

May 2, 1949.

President and Members of Council,
City of Pittsburgh,
Pennsylvania

Gentlemen:

In connection with the request from the Office of the City Clerk about Bill No. 2593, and its motion to furnish the Finance Committee with a list of applicants for the positions in the Bureau of Public Health Nursing, Department of Public Health, I would like to submit the following information:

1. The Assistant in Education, Bureau of Public Health Nursing, One vacancy open at the present time. No residents have applied for this position. Eight (8) non-residents have applied. Three (3) of them are definitely interested. Five (5)

others have been interested, but have signified their intention of taking other positions. All eight are well-qualified for the position. One of the applicants is from Eastern Pennsylvania, the rest from different parts of the United States.

2. Public Health Nursing Supervisors, Bureau of Public Health Nursing. One resident, well-qualified, appointment made May 1, 1949. One non-resident, well-qualified, who has worked for many years as supervisor with the Pittsburgh Visiting Nurse Association, has applied, but has lived outside the city limits. One non-resident well-qualified, from Philadelphia, Pennsylvania, available at the present time.

3. Public Health Nurse, Class III, Bureau of Public Health Nursing. There are now six (6) vacancies. There will be ten (10) more July 1, and an additional ten (10) on October 1.

(a) The following applications have been made by nurses who are qualified for the positions:

(1) Residents:

Two (2) are ready for appointment now, and will be appointed May 15, 1949. Two (2) more residents will be ready October 1, 1949. One other resident is not sure about being able to work because of illness in her family. She may possibly apply a little later.

(2) Non-Residents:

Six (6) are definitely interested. (Four (4) were interested, but took positions elsewhere.

(b) Applicants not qualified for the position:

(1) Residents—nineteen.

Non-residents—six.

We trust that this information will be of value to you in making your decision.

Very truly yours,

I. H. Alexander,

Director.

Mr. McArdle:

Mr. President: That is as valuable as that building out there for the information I wanted. I wanted the names and addresses of the people that applied for these jobs, but they didn't give them to me. One or two or three residents—I am trying to get some information. I therefore, move that this bill be held up until that motion is complied with. Telling me one or two residents—I want a list of the names and addresses of the people that filed for these jobs, residents and non-residents.

Mr. Weir:

Mr. President: After the Committee meeting on Tuesday, I talked to Miss Mickey with respect to this motion requesting this information. She was disturbed and I came to feel, in time, correctly so, by the thought of revealing the names of people for public record. She felt, and I think rightfully so, it would be in violation of their confidence in her to reveal their names publicly, because it could endanger their present employment if those people for whom they are now working learn they were considering the possibility of leaving them. When you go out to seek employment you go not necessarily with the thought to take it, but you want to find out what the job is and you may not have the idea of leaving your job and may decide to go back to it and you don't want your present employer to learn that you are looking around for another job. Then she pointed out another thing. When a person has been rejected, it would be very unfair to have to reveal their names because that does not necessarily mean they are not qualified persons in many respects, but do not meet the qualifications for this particular job. For these two reasons she was saying it would be very unfair to reveal these people's names. She said she would be willing if I would look over her files in confidence and satisfy myself that she was telling the truth; but in no event did she want their names mentioned. I

think she was right. It is on their account she did not want their names revealed, and I think she is correct in stating she did not want those names revealed. I have not availed myself of that proposal. Unless it is required, I do not want to do any prying into other people's business.

Mr. McArdle:

Mr. President: It might be well for somebody to advise Miss Mickey that there is a member of Council by the name of Joe McArdle. If she doesn't know it, she is going to know it very soon. I asked for this information to find out whether other information I received, whether her report coincides with information I have. I had not been consulted in the new set up for the Department of Public Health. I know that there has been a lot of things going on in the Public Health Department under this new set-up, and I am not as firmly convinced as some of the other members of this body that this new system up there and the method they are using in acquiring the needed help is as good as some of the other members of this body think and for that reason I requested that information. I requested it. I made the request. Council thought it was a fair request because one of the very few instances I got enough votes to get it passed. Now, until I get that information I am not in a position to know whether this thing should be done or whether the information that is being presented to us is correct, and I certainly need time to take up with the people who are telling me things before I can vote on this bill, and I am not going to vote on it as it is now. When this job of Miss Mickey's was first considered certain things happened in the Health Department, and a Pittsburgh nurse, qualified to take the job with the exception of going back to school for a few months to get only one one hundredth of an education, and was willing to do that, was ruled out of any consideration for this job now held by Miss Mickey by somebody who wasn't even connected with the City of Pittsburgh. That was even before they put the job into effect, that she would be able and

ready to take the job when the job was to be filled. She was ruled out by a public health representative from Washington, D. C., who was in here interviewing these people. I don't think anybody in this Council knows about that. And from some other things happening up there, I move that this bill lay on the table until I get the information I am asking for.

Mr. Weir:

Mr. President: I find that the information that has been supplied is very comprehensive with a single exception of the revelation of the actual names and addresses. The request to the Department might be construed, I will grant, as desiring a list of the names and addresses. That was not supplied for the reasons that I have already given. I feel, myself, that I would not want to be a party to bringing out in the public the names and addresses of people who had been rejected for jobs and who are very well qualified people in all probability but they did not meet the requirements of these particular jobs. I do not think at this time it would serve any good purpose, and therefore, I am against the motion to lay the bill on the table.

Mr. McArdle:

Mr. President: Mr. Weir is very much concerned about the feelings of those who are rejected for these jobs. I am very much concerned about the slur cast upon the ones that have been working for the City sixteen, seventeen, eighteen and nineteen years, when they are told nobody in the Department is qualified to do these jobs. I am concerned solely with the protection of the people that have given faithful service to the City of Pittsburgh. I am further concerned about what effect this waiving of the residence rule will have on the rest of the City, and particularly the Health Department. I was amazed, after investigation, to find out that here in the City of Pittsburgh the first nursing school in public health originated, and that is Duquesne University. I was further amazed to find the high standing that the School of Nursing of Duquesne University has. I think 20

years ago Duquesne University put this school in. And with the Pitt School of Public Nursing, we can't find people to take these jobs. I am informed, not by the people themselves, I am informed that we have in the Public Health Department now two people or three people qualified to take these jobs, but they don't know where they stand, and they are afraid to jeopardize the jobs they are now in. The waiving of these requirements give them the right to go any place in the County to get these nurses. I always thought it was the policy of this Council that when they were not available in the City, which at the present time I am not ready to subscribe to, that the next place they would go would be in the County. I am informed you cannot fill these jobs from Allegheny County. The passage of this bill will bring them in not from the County, not from the State but from the Nation.

Mr. Weir:

Mr. President: I can assure you that efforts are being made to enlist them from nearby when they cannot be found inside the City proper, and only after failure to find them in Pittsburgh or Allegheny County is any consideration given to applicants outside our schools of nursing.

Mr. Gallagher:

Mr. President: For a point of information, I would like to know if anybody knows if the Nurses' Association of the City of Pittsburgh has made any protest about the City going outside these limits to get nurses. They are pretty well organized and as far as I can find out they have never made a formal protest.

Mr. Weir:

Mr. President: I don't know of any protest they have made. I know that you will find this in your own experience, in many instances those nurses come from out of town. Many of the nurses working out of the Pittsburgh hospitals are people who come from out of town.

Mr. Gallagher:

Mr. President: For a point of in-

formation, I would like to know if the nurses association ever made any protest. From what I know they are well organized and I haven't heard anything where the Nurses' Association has protested against any action we are taking.

Mr. Leonard:

Mr. President: I made inquiry, in fact as late as this week. As Mr. Gallagher says, they do have an association, the American Association of Registered Nurses. They are classed as professional people. They have a constitution and by-laws and they work similar to a national association, or similar to the C. I. O. They will not criticize anyone who belongs to that association. Everyone is considered equal. They have a system—if you belong and want to go to Cleveland or to another State, they have what is called a changeable registration. They deposit their certificate with the association in the City. They are the same as doctors and the same as lawyers and the same as all professional bodies. Everybody is supposed to be equal, once they receive that certificate. They are not going to come in here as an association and protest. Everyone belongs to the National association and works under their own constitution and by-laws, and will not criticize any policy requirements of where they may be from. I asked that question and that is the answer I received.

Mr. McArdle:

Mr. President: I answer to Mr. Gallagher's request, I will state that there were objections to this system by nurses, and I am wondering whether the President of Council will grant a hearing if requested to discuss this whole problem by the people who are citizens of Pittsburgh and know something about the nurses' situation.

The Chair: Well, gentlemen, during the years I have presided over this body I have not earned the reputation of being a strict parliamentarian. I always thought that the nine men, such as we are, could conduct our affairs better informally, but during today's session I find on our calendar

File No. 1340, Bill No. 2593, with the notation, presented by Mr. Weir, April 25, 1949. The bill does not contain the written notation that it was in committee on such and such a day and affirmatively recommended. Under circumstances such as that I think we would be straining parliamentary procedure too much if I permitted File No. 1340, Bill No. 2593 to pass. I might be wrong about that, but I would like some one to explain to me how this bill came on our calendar. I was not here last Tuesday at our committee meeting and seemingly this bill was not discussed.

Mr. Weir:

Mr. President: I beg to say your impression is entirely wrong. The bill was not only discussed but consumed conservatively more than a half hour's time. During the course of the discussion I moved the return of the bill which I now have before you on my motion, to amend Bill No. 2593, File No. 1323, which was affirmatively recommended. All that this last page of the calendar does is make it easier for everyone to understand what is going on. Is that correct, Mr. Patterson? It is merely here for information.

The Chair: Do I understand Council is not asked to vote on Bill No. 2593, File No. 1340?

Mr. Weir:

Mr. President: That is right. I moved to amend Bill No. 2593, File No. 1323, which when amended will read the same as the last bill on the calendar.

The Chair: So my colleagues will understand, I favor the bill and want to vote for it but I want to vote in line with parliamentary procedure. Here is a bill which we are asked to pass that has never been printed.

Mr. Gallagher:

Mr. President: I see no harm in holding it over. From my experience here when a bill is amended, it is amended in black type. I think the bill should be returned to Committee to be amended in the regular manner and brought back and printed that way.

Mr. McArdle:

Mr. President: I so move.

Mr. Weir:

Mr. President: May I ask for a point of information, when an amendment is offered which limits the scope of the bill, is it not proper to offer it in Council?

The Chair: Yes, it is proper to do that, but it isn't proper to vote on it the same day it is amended unless the amendment is in the printed bill.

Mr. Stewart:

Mr. President: This Council has notice of this amendment. I don't know that there is any need for haste. I wasn't here last Tuesday either. I was 1500 miles away.

The Chair: Mr. Weir, why not hold this bill over?

Mr. Weir:

Mr. President: That is all right, but have I made myself clear in the discussion? In Committee the amendment was discussed.

The Chair: The vote is on returning it to Committee.

And the question recurring on the adoption of the motion, the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

MOTIONS AND RESOLUTIONS

Mr. McArdle presented

No. 2653. Whereas, The Department of Public Works in carrying out the provisions of an ordinance presented to Council by Joseph A. McArdle and duly passed by Council and approved by the Mayor, authorized a contract which was awarded to the lowest bidder, the Broadway Maintenance Corporation of New York; and

Whereas, The Broadway Maintenance Corporation has established headquarters at 210 Boulevard of the Allies and have now on display at this location the new street lighting equipment which will be used in the City of Pittsburgh; Therefore, be it

Resolved, That the Council of the City of Pittsburgh invite all public officials of the City of Pittsburgh and the County of Allegheny and the general public to view this display of street lighting equipment at a time to be fixed by the President of Council.

Which was read.

Mr. McArdle moved

The adoption of the resolution.

Mr. Stewart:

Mr. President: I don't think there ought to be a reference to the one who introduced the ordinance.

Mr. Duff:

Mr. President: I would like to be advised as to whether this is a general exhibit of street lighting equipment of such type contemplated under the present contract now existing between the City and the Broadway Maintenance Corporation.

Mr. McArdle:

Mr. President: It is the type of equipment they propose to install.

Mr. Gallagher:

Mr. President: Talking with Mr. Brunwasser last week he informed me they placed these proposed lights on exhibition, and I think Mr. McArdle's resolution is inviting the public officials and the public to go down and look them over. As far as the ordinance you referred to, Mr. Stewart, we

can go back many, many years, and it has been, I think, about two years ago that Mr. McArdle introduced this ordinance to enter into the contract. As far as history, we broke the agreement with the Duquesne Light Company about four years ago and gave us the right to enter into a contract.

And the question recurring on the adoption of the resolution, the motion prevailed.

Mr. Leonard presented

No. 2654. Whereas, As soon as Congress makes funds available, the Housing Authority of the City of Pittsburgh plans to construct 7,000 low-rent units, costing about \$49,000,000.00; and

Whereas, These projects will be exempt from municipal and school taxes of approximately \$1,715,000.00, which with existing projects would result in a revenue loss of more than \$2,500,000.00; Now, therefore, be it

Resolved, That the Council of the City of Pittsburgh request the Housing Authority of the City of Pittsburgh to join with agencies and groups who are attempting to amend pending housing legislation to permit housing projects to make payments in lieu of taxes adequate to cover the actual cost of municipal and school services furnished to tenants of housing projects; and, be it further

Resolved, That the Members of Congress from Pennsylvania be urged to support amendments to housing legislation for the payment of adequate sums in lieu of taxes.

Which was read.

Mr. Leonard moved

The adoption of the resolution.

Mr. Weir:

Mr. President: I am in favor of that, but I believe you will find that it is covered by a previous resolution. I believe I presented that some time ago. I take that back, the Chair had the idea and I worked it out.

The Chair:

There is enough credit to go around

Mr. Leonard:

Mr. President: I bring these things up to get some knowledge myself, but you understand, I am a little guy in the front room and not the back room. I understand there has been a lot of discussion pro and con about this. Getting off the subject, somebody came up to me and handed me a bill, and if you recall it was the F.E.P.C. resolution that I put in. To my surprise a representative of the Pittsburgh Courier came to me and gave me an argument about the resolution and said to me, "You didn't have anything to do with that resolution?" I said, "No; 'I am the one who presented it.'" To my surprise he showed me a letter and a copy of the resolution, passed by City Council and signed by Thomas E. Killgallen, President, and James W. Patterson, City Clerk. I think it is a good thing to get into these things. Let's put the names of the members who introduced bills when they are sent out by the City Clerk. I realize it works both ways. Getting back to the resolution, if I recall, Mr. Weir introduced a similar resolution; but I think I know a little bit about building and housing. I have a printed statement here I will read: Local taxing bodies now receive 10% of shelter rent in lieu of taxes but the bill as passed by the United States Senate provides a ceiling of 5% as payment in lieu of taxes. Even the 10% was inadequate. I believe that if local housing authorities get together, we can obtain larger payments from the Federal Government. Congressman Buchanan is sponsoring such an amendment and if sufficient support is given him we have a good chance of success. Cutting tax payments in half for housing projects is unwise economy. I say that a government with a Forty-one million dollar budget, with fifteen billion for the Marshall Plan, Two billion for the Atlantic Pact and Fourteen Billion for Defense should not suddenly get economy-minded with a few thousand dollars at the expense of the local home owner. We now receive 10% in lieu of taxes on the now existing projects. Under the new bill, we will be limited to 5% of shelter rents, and, if agreements are not entered into at 5%,

the Housing Authority will lose its subsidy which amounts to 3½% of construction costs.

You must enter a cooperative agreement at 5% of shelter rents. That is all in lieu of taxes. In other words this bill is much different than that bill. We expected in McKees Rocks 30% of the shelter rent with the right to negotiate on garbage collections and street lighting and certain street maintenance, so that the result of the McKees Rocks project under low-cost housing being able to collect and get about 40% in lieu of taxes. I bring this resolution in only to try to bring interest of City Council to get knowledge of what is the best thing to do under the housing program.

We are dealing in millions. That is not just something you brush off and I do think that a strong resolution will be a help in Washington, in particular the Congressmen from Pennsylvania and the City of Pittsburgh must give this consideration.

Don't forget 7,000 units only paying 3% in lieu of taxes. That can't collect your garbage or light your streets. That bill is passing in the United States Senate as it did in the House of Representatives under certain amendments.

I think we, representing the people of the City of Pittsburgh, that are strong for housing and slum clearance, must exert all efforts behind them. There are \$49,000,000 to be spent and we must drive the best bargain we can, and we cannot afford to have the door shut on a 3% in lieu of taxes. We must restore the right to negotiate for garbage collection and street lighting, etc. Forty per cent then may be what you can get on it.

And the question recurring on the adoption of the resolution, the motion prevailed.

Mr. Leonard also presented

No. 2655. Resolution requesting the Director of the Department of Public Safety to withhold permits for tag days until same have been approved by the Civic Unity Council; directing the Director of the Department of Public

Safety to enforce such rules and regulations for the conduct of tag days as may be formulated by the Civic Unity Council as part of its program to promote good will among all groups of citizens, and that this resolution shall become effective when the above mentioned rules and regulations have been adopted.

Which was read and referred to the Committee on Public Safety.

Mr. Leonard also presented

No. 2656. Whereas, The Mayor of the City of Pittsburgh has repeatedly praised Woodrow Wilson's principle of "Open Covenants Openly Arrived At"; and

Whereas, Secret sessions of public bodies undermine democracy, and endanger the functioning of free government; and

Whereas, Good, honest, efficient government depends on the eternal vigilance of citizens as represented by the press, radio and civic bodies who must have reasonable access to all sessions at which plans for the conduct of public business are formulated; Now, therefore, be it

Resolved, That the City Clerk re-establish the policy of furnishing each Member of Council with a copy of the agenda for all meetings and conferences with the Mayor or other persons at which public business is discussed, and that within 24 hours after such meetings or conferences a complete transcript be furnished each Member of Council and the representatives of the press, and a copy be made available for public inspection.

Which was read.

Mr. Leonard moved

The adoption of the resolution.
Which motion did not prevail.

Mr. Demmler:

Mr. President: Since the question of housing has come up, I would like to

spread on the record a letter which appeared in the Post-Gazette on April 26, 1949, written by Henry Ware Allen of Wichita, Kansas. It refers to the exemption of taxes in New York City, I would like to spread it on the record:

"Editor, the Post-Gazette:

"Perhaps the greatest need today is that of houses and apartments. This should be accomplished by free enterprise and not by a socialistic government at enormous expense to taxpayers.

"The right way was put into effect April 1, 1920, in New York City at a time when apartments were greatly needed. From that date until April 1, 1932, every building started that was a home was exempted from taxation. The tax exemption applied only to the house and the structure itself and did not apply to the tax levied on the lot on which the home or homes were erected.

"Directly following the effect of this home-exemption law, there were built in seven years a total of 378,732 separate buildings. This great reform was put into effect by Al Smith, Governor Miller and Lawson Purdy.

"The City of Sidney, Australia, has exempted all dwellings from taxation for a very long period of time. This plan should be put into effect without delay by every American city. To penalize property owners with rent regulations because of the shortage of houses is like scolding a small congregation because church attendance was so unsatisfactory."

Mr. Weir moved

That the Minutes of Council of Monday, April 25, 1949, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

CITY OF PITTSBURGH

CERTIFICATE OF EMERGENCY

WHEREAS, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

WHEREAS, The City Treasurer, under date of April 28, 1949, in letters addressed to the Mayor and City Controller, has stated that by reason of adverse court rulings the sum of \$10,000.00 appropriated as of January 1, 1949 to Code Account No. 38—Refunds Mercantile Taxes, Department of City Treasurer, is insufficient to take care of refunds on these taxes, in accordance with court rulings, and that an additional appropriation is necessary to cover same; and

WHEREAS, The exact amount of the refunds which will be required is not ascertainable at this time, the appropriation of \$150,000.00 will permit uninterrupted processing of this tax; and

WHEREAS, Such appears as good and sufficient reason to impel the certification of an emergency under the circumstances.

NOW, THEREFORE, we, DAVID L. LAWRENCE, Mayor of the City of Pittsburgh, and EDWARD R. FREY, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the appropriating and setting aside of the sum of \$150,000.00 to Code Account No. 38—Refunds Mercantile Taxes, Department of City Treasurer, from the general fund to enable the City Treasurer to continue the uninterrupted processing of these taxes.

And the bill was read a second time.

Mr. Leonard:

Mr. President: For a point of information on Bill No. 2817. Will somebody explain that bill to me?

The Chair: The bill was presented by Mr. Gallagher. It is an ordinance accepting the dedication by the Pennsylvania Railroad Company of certain property along 14th street from Liberty avenue to Penn avenue.

Mr. Demmler:

Mr. President: This is for the widening of 14th street, and the property is being dedicated by the Pennsylvania Railroad. The reason this bill was sent in early is so that it might be considered in connection with the hearing before the Public Utility Commission. That is the reason it was sent here before the other bills.

Mr. Leonard:

Mr. President: The reason I raised the question, I don't know how to vote on the bill. That is a bill that was just sent down here and after all, we didn't grant a hearing on this

problem and I am kind of in the dark. I don't know what the plans of the Pennsylvania Railroad are going to be. I want to be cleared up a little bit better than this for the reason that I have to vote one way or the other.

Mr. Stewart:

You are against this.

Mr. Leonard:

Mr. President: Answering Mr. Stewart, I was against it. If this distinguished body would have discussed it out in this chamber and had a hearing I might be for it.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Duff	Wolk
Gallagher	Kilgallen (Pres't.)
Stewart	

(Messrs. Leonard, McArdle not voting).

When the name of Mr. Leonard was called, he arose and said:

Mr. President: For the reasons stated, I am not voting.

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 2818. An Ordinance entitled, "An Ordinance providing for the letting of a contract for the furnishing and delivery of One Boring Machine for the Bureau of Automotive Equipment, Department of Public Works, and for the payment thereof."

Which was read.

Mr. Gallagher moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

Ayes 9. Noes none.

And a majority of the votes of Council being in the affirmative, the resolutions passed finally.

MOTIONS AND RESOLUTIONS

Mr. Leonard presented

No. 2705. Whereas, Business establishments in the City of Pittsburgh pay mercantile tax on the gross volume of business which should entitle them to all municipal services provided all other taxpayers; Now, therefore, be it

Resolved, That the Director of the Department of Public Works be authorized to direct the Bureau of Refuse to collect garbage and rubbish from all mercantile establishments within the City of Pittsburgh, and if necessary, to present legislation to

Council covering this subject.

Which was read.

Mr. Leonard moved

The adoption of the resolution.

Mr. Leonard:

Mr. President: I presented this resolution because we are receiving complaints from small merchants in the outlying communities. Although it is true the City of Pittsburgh was upheld in the test suit that they don't have to collect refuse from small business establishments, I think the time has come when we have to consider the small business man as well as other people. They are going along on the mercantile tax; but the big thing that confronts us when you travel the streets of the City the small business people, some small and some large, are cluttering up the sidewalks and back yards and causing unsanitary conditions, through no fault of their own. They find it is impossible to get people to haul refuse in some of our outlying communities. Downtown the problem might not be so great. The men in the hauling business can receive a good bit of business in the downtown of Pittsburgh, but in the outlying communities some of the restaurants, stores and butcher shops have no way of having refuse taken away and it is piling up in the back yards and on the sidewalks. The sanitary officers get after them, but they don't have trucks, except the little trucks that they use for hauling orders and they are busy doing that. When we collect mercantile taxes from them, we ought to give them this service to alleviate the conditions I have mentioned. I am not talking at random. If you will go out and investigate, you will find there is a lot to justify the complaints. I don't care if you pass it or send it to committee, that will be all right. I know the defense will get up and say, you are out of order, but I am saying investigate and if necessary bring in the legislation, and then at the proper time it can be brought into force. If you don't face it now, you will have to face it in the budget next time because there is an obligation and prin-

ciple involved.

Mr. Duff:

Mr. President: I think there is merit in Mr. Leonard's resolution but I think it is of such gravity it should not be passed at this session, and I would therefore, move that the bill be referred to committee for discussion.

Which motion prevailed.

Also

No. 2706. Whereas, The Pittsburgh Press in a series of articles blamed the municipal mess in Philadelphia on the fact that the Philadelphia City Council and Mayor held closed-door, secret sessions at which policies for the conduct of public business were formulated; and

Whereas, The Mayor of the City of Pittsburgh has repeatedly praised Woodrow Wilson's principle of "Open Covenants Openly Arrived at;" and

Whereas, Secret sessions of public bodies undermine democracy, and endanger the functioning of free government; and

Whereas, Good, honest, efficient government depends on the eternal vigilance of citizens as represented by the press, radio and civic bodies who must have reasonable access to all sessions at which plans for the conduct of public business are formulated; Now, therefore, be it

Resolved, That the City Clerk re-establish the policy of furnishing each member of Council with a copy of the agenda for all meetings and conferences with the Mayor or other persons at which public business is discussed, and that within 24 hours after such meetings or conferences a complete transcript be furnished each member of Council and the representatives of the press, and a copy be made available for public inspection.

Which was read.

Mr. Leonard moved

The adoption of the resolution.

Mr. Stewart:

Mr. President: I think the motion is

out of order since it is the same resolution that was presented here last week.

Mr. Leonard:

Mr. President: If Mr. Stewart will go back to the record, the language is different.

Mr. Stewart:

Mr. President: The meaning of the resolution is the same, maybe the language is different.

And the question recurring on the adoption of the resolution, the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Leonard McArdle

Noes:—Messrs.

Demmler Weir
Gallagher Wolk
Stewart Kilgallen (Pres't)

(Mr. Duff not voting).

When the name of Mr. Duff was called, he arose and said:

Mr. President: I am not acquainted with the full import of that resolution and at the present time I am not voting.

Ayes 2. Noes 6.

And there not being a majority of votes in favor of the motion, the motion did not prevail.

Mr. Duff:

In view of the death of Commissioner George Rankin, Jr., and in view of the fact that his funeral services will be conducted tomorrow afternoon at 2:00 o'clock, and for the benefit of those who wish to attend those services, I move that the Committee meetings be held on Wednesday, May 11, 1949 at 2:30 o'clock, P. M., D. S. T.

Which motion prevailed.

Mr. Demmler:

Mr. President: In the bulletin of the Bureau of Municipal Research of Philadelphia for March 8, 1949, there appeared the statement that the average interest on their outstanding bonds amounted to 3.452%. I was interested to know what the interest

rate on the City of Pittsburgh's outstanding bonds might be, and so I had the Controller's office prepare a statement. I find that the oldest bond or next to the oldest bonds is one for \$6,000.00 of the Borough of Knoxville, carrying 5½%. The interest on the outstanding bonds came down from 5½% to 1%. The average interest rate of the City of Pittsburgh's outstanding bonds, including the \$4,600,000.00 Peoples Bonds and \$2,000,000.00 Funding Bonds, dated April 1st, 1949, amounts to 2.070141%. Another interesting item that came to my attention was the report of the debt burdens of the 14 largest cities. I read from this bulletin of the Bureau of Municipal Research of Philadelphia:

"A recent publication of the U. S. Bureau of the Census on Large-City Finances in 1947 offers data for comparison of debt burdens of large cities of the United States. The following table shows, for each of the 14 cities that has a population of more than 500,000 in the 1940 census, the relation between the reported debt service in 1947 (payments for principal and interest) and the reported expenditures exclusive of capital outlay."

This table shows Buffalo is high with a debt service total of 23.79%, Washington is low with 1.05%. The average for the 14 cities is 14.02%. It is interesting to note that Pittsburgh with 13.55% has a very favorable financial status among all the large cities of the United States.

The Chair: In accordance with the directions contained in Bill No. 2653, the Chair fixes Wednesday, May 11, 1949, at 9:00 o'clock, P. M., D. S. T., at Market street and the Boulevard of

the Allies, as the time and place for the inspection of the new street lights.

The chair announced that Memorial services would be held for Commissioner George Rankin in the Gold Room, Court House, at 3:00 o'clock, P. M., D. S. T., today.

The Chair presented

No. 2707. Whereas, The Council of the City of Pittsburgh has learned with profound regret of the death of County Commissioner George Rankin, Jr., and

Whereas, Commissioner Rankin's distinguished services to Allegheny County and the Commonwealth of Pennsylvania have been marked by a high sense of duty, integrity and sincerity; Now, therefore, be it

Resolved, That the Council of the City of Pittsburgh expresses its deep sorrow upon his passing; that this Resolution be spread upon the record of the Council and that a copy be forwarded to his bereaved family.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.

Which motion prevailed.

Mr. Gallagher moved

That when Council adjourns it shall adjourn out of respect to the memory of George Rankin, Jr.

Which motion prevailed.

Mr. Weir moved

That the minutes of Council for Monday, May 2, 1949, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

Which were read and referred to the Committee on Public Works.

Mr. Duff presented

No. 2710.

Whereas, the Trustees of The A. W. Mellon Educational and Charitable Trust, the Sarah Mellon Scaife Foundation, and the Richard King Mellon Foundation, have by letter dated April 22, 1949, formally offered a total gift of four million dollars (\$4,000,000), in trust, to the City of Pittsburgh to be used by it solely for the acquisition and development of the property bounded by Sixth avenue, Smithfield street, Oliver avenue, and William Penn place, for the permanent utilization of that block as an outdoor public park and for other public purposes not inconsistent with its use as a park; and

Whereas, such offer is conditioned upon the expenditure of not more than three million five hundred thousand dollars (\$3,500,000) for the acquisition of the real estate and the use of the remainder of the total gift for landscaping and developing the surface area as a public park; and

Whereas, the Council of the City of Pittsburgh is of the opinion that the creation of a park in the described location would constitute a material contribution to the civic betterment of Pittsburgh;

Now, therefore, be it

Resolved, that the City of Pittsburgh does hereby accept the generous gift of two million dollars (\$2,000,000) from the A. W. Mellon Educational and Charitable Trust, and one million dollars (\$1,000,000) each from the Sarah Mellon Scaife Foundation and the Richard King Mellon Foundation, to be used by the City for the acquisition and development of the property bounded by 6th avenue, Smithfield street, Oliver avenue, and William Penn place, for the permanent utilization of that block as an outdoor public park and for other public purposes not inconsistent with its use as a park, and agrees to the following terms and conditions prescribed by the donors:

1. The City agrees to use the four million dollars (\$4,000,000) in the following manner: Not more than three million five hundred thousand dollars (\$3,500,000) for the acquisition of the real estate, and the remainder for developing and landscaping the park.

2. The surface of the property bounded by Sixth avenue, Smithfield street, Oliver avenue, and William Penn place, will be dedicated permanently by the City of Pittsburgh as an outdoor public park.

3. The City agrees to maintain the park permanently.

4. The City agrees that the property shall at all times be used exclusively for public purposes.

Be it further

Resolved, that a copy of this resolution be sent to each of the donors expressing the deep appreciation of the City of Pittsburgh for their generous gift.

Re: Bill No. 2489—Larimer St. vacation

President and Members of Council

Sirs:

Bill No. 2489. An Ordinance "vacating Larimer street, 12th Ward, from

Nelson street to Lemington avenue, is up for final passage Monday, May 16, 1949.

The question has arisen whether the cost of publication should be required from the property owner as for a private ordinance under Ordinance No. 34, approved February 26, 1930.

Please be advised that this ordinance is not of a private nature but is presented at the request of the Planning Commission as a revision of the original plans for the development of this territory, adopted by Ordinance No. 525 of 1912, the locating ordinance and Ordinance No. 186 of 1919, the opening ordinance.

It will therefore be proper for your Body to enact this ordinance without requiring the property owner to pay the cost of publication.

Very truly yours,
BENNETT RODGERS,

1st Asst. City Solicitor.

Which was read, received and filed.

Mr. Weir moved

That the property owner be not required to pay for the cost of publication of Bill No. 2489.

BOARD OF STANDARDS AND APPEALS

Pittsburgh, Pa., May 14, 1949.

Committee on Public Safety,
City Council.

Gentlemen:—

In compliance with your instructions to report on Bill No. 2689, an ordinance authorizing the Superintendent of the Bureau of Building Inspection to issue a permit to the Staab Soap Company to erect a smoke stack for a heating boiler at 40 Royal street, I beg to report as follows:

Application for permit to erect a stack approximately 80 feet in height was refused by the Bureau of Building Inspection on April 29, 1949, and an appeal was taken on the same day to the Board of Standards and Appeals. The Board held a hearing in the case on May 5, 1949.

Section 3114 (b) of the Code provides that a smoke stack shall be at least 50 feet above the top of any building within a radius of 300 feet. The Board has taken into consideration the fact that because of the topography of the land within a 300 foot radius compliance with the foregoing provision for any building located at a lower elevation would create an undue hardship. There are within the 300 foot radius a number of buildings located at a very much higher elevation. It is evidently not the intent of the Code to enforce this regulation under conditions similar to those which prevail in the vicinity of this site. The Board is therefore of the opinion that the requirement should be waived, but since it does not have authority to waive the requirement, the members believe that Council should enact an ordinance authorizing the erection of a stack as proposed.

The Board therefore recommends the passage of this ordinance.

Very truly yours,

BOARD OF STANDARDS & APPEALS

Laurence O'Toole,
Secretary.

Which was read, received and filed.
Mr. Leonard moved

A suspension of the rule to allow the second and third readings and

final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

MOTIONS AND RESOLUTIONS

Mr. Weir:

Mr. President:—During the past week, the Western Pennsylvania Restaurant Association began an advertising campaign against the Restaurant Grading Ordinance.

This campaign may be designed to strengthen their hand in Court proceedings against the Ordinance, or may be preparatory to seeking repeal of the Ordinance.

The Association professes to favor the strictest provisions for sanitation, but opposes the grading principle.

It bases its opposition to the grading principle mainly on the assertion

that Grade A depends upon conditions which have nothing to do with health and sanitation.

In particular, it claims that it is necessary to have a hardwood floor in order to obtain a Grade A, and pictures the City as cruelly branding a poor restaurant operator with a B Grade simply because he does not have a hardwood floor, in spite of the fact that he has the "cleanest and most sanitary eating place in his neighborhood."

This argument is cleverly presented in the most persuasive advertising manner.

On its face, it is a serious indictment of the intelligence and competence of the members of this Council who voted overwhelmingly for the Restaurant Grading Ordinance after protracted study and deliberation and an extensive public hearing.

The only thing that is wrong with this argument of the Restaurant Association is that it is all wrong, because it is based upon a completely false premises.

I wish to emphatically state that Grade A does not depend upon the possession of a hardwood floor in a restaurant kitchen.

The requirement of the Ordinance is that floors must be cleanable and must be kept clean. To quote the interpretive code issued by the U. S. Public Health Service, which is the basis of our Ordinance, floors must be "smooth and in good repair. Floors may be of concrete, terrazzo, tile or wood covered with linoleum, or tight wood. Wooden floors containing cracks, holes or broken or poorly fitting planks, or which otherwise fail to be tight, do not comply with this item." There is no requirement in the Ordinance whatsoever that floors must be of hardwood.

The advertisement further asks, "Can you imagine this in your own home?" As a matter of fact, under kitchen conditions plain, uncovered soft wood has long proven so unsatisfactory that every housewife covers her floors with linoleum—because linoleum is easy to clean, does not splinter when scrubbed, and can be washed like a china dish.

Under restaurant conditions where scrubbing must be daily, a softwood floor would splinter even quicker. The water would get between its seams and open them up. It would raise cracks in which food could lodge.

Water would so roughen its surface that it would hold grease and dust.

In fact a softwood floor would have such a short life in a busy restaurant that it wouldn't be an economical surface for a restaurant man. He would cover it with linoleum or some rubber type of composition. If any of the new liquid plastics would seal the floor so that it would be "tight wood" and not contain any "cracks, holes or broken or poorly fitting planks" it would meet the requirements of the Ordinance perfectly.

But there is positively no requirement of hardwood floors as the Association has advertised. Indeed a hardwood floor that had splintered or was loose fitting or contained cracks in which food would lodge, would be just as bad as a softwood floor.

In many cities the restaurant associations have helped the responsible officers of the city in clarifying and bring a better public understanding of the provisions contained in health regulations. Mr. Dunsmore made his first public talk to the Western Pennsylvania Restaurant Association last October. The Association, which has 90 members out of the 2,700 restaurants in the City, was asked to form a committee to discuss such problems of interpretation, to help the industry on the one hand to understand the Ordinance better, and to present the industry's case, where necessary, to the Health Department. It is regrettable that the Association never saw fit to accept Mr. Dunsmore's invitation, but is spending its money for propaganda — especially when that propaganda contains statements which are untrue.

I wish to make it perfectly clear that I do not dispute the right of the Restaurant Association or anyone else to oppose the grading principle or to point out any other weakness in the Ordinance by fair argument, nor do I find any fault with the fact that

the advertising campaign is starting now rather than before the Ordinance was passed.

We welcome constructive criticism, even if belated.

However, as Chairman of the Committee on Public Health, I consider it my duty to the members of this body to answer an argument based upon a mis-statement of fact. Failure

to do so would be construed as an admission of its truth.

Mr. Weir moved

That the Minutes of Council of Monday, May 9, 1949, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Lands and Buildings in letters addressed to the Mayor and City Controller, under date of April 25, 1949, has stated that it is necessary to transfer the sum of \$2,816.00 to Code Account 1367-1, Wages — Temporary Employees, Painters, Bureau of Repairs, Department of Lands and Buildings, to supply the funds necessary for the wages of employees engaged in the reconditioning of Engine House No. 18, 8th street and Duquesne way, which is being re-opened to replace Engine House No. 2 at 14th street and Penn avenue, which has been closed; and

Whereas, Such appears as good and sufficient reason to impel the certification of an emergency under the circumstances.

Now, Therefore, we, David L. Lawrence, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the transfer of the sum of \$2,816.00 to Code Account No. 1367-1, Wages, Temporary Employees, Painters, Bureau of Repairs, Department of Lands and Buildings, for the reason above set forth.

Also

Bill No. 2710.

Whereas, The Trustees of The A. W. Mellon Educational and Charitable Trust, the Sarah Mellon Scaife Foundation, and the Richard King Mellon Foundation, have by letter dated April 22, 1949, formally offered a total gift of four million dollars (\$4,000,000), in trust, to the City of Pittsburgh to be used by it solely for the acquisition and development of the property bounded by Sixth avenue, Smithfield street, Oliver avenue, and William Penn place, for the permanent util-

zation of that block as an outdoor public park and for other public purposes not inconsistent with its use as a park; and

Whereas, such offer is conditioned upon the expenditure of not more than three million five hundred thousand dollars (\$3,500,000) for the acquisition of the real estate and the use of the remainder of the total gift for landscaping and developing the surface area as a public park; and

Whereas, the Council of the City of Pittsburgh is of the opinion that the creation of a park in the described location would constitute a material contribution to the civic betterment of Pittsburgh;

Now, therefore, be it

Resolved, that the City of Pittsburgh does hereby accept the generous gift of two million dollars (\$2,000,000) from the A. W. Mellon Educational and Charitable Trust, and one million dollars (\$1,000,000) each from the Sarah Mellon Scaife Foundation and the Richard King Mellon Foundation, to be used by the City for the acquisition and development of the property bounded by 6th avenue, Smithfield street, Oliver avenue, and William Penn place, for the permanent utilization of that block as an outdoor public park and for other public purposes not inconsistent with its use as a park, and agrees to the following terms and conditions prescribed by the donors:

1. The City agrees to use the four million dollars (\$4,000,000) in the following manner: Not more than three million five hundred thousand dollars (\$3,500,000) for the acquisition of the real estate, and the remainder for developing and landscaping the park.

2. The surface of the property bounded by Sixth avenue, Smithfield street, Oliver avenue, and William Penn place, will be dedicated permanently by the City of Pittsburgh as an outdoor public park.

3. The City agrees to maintain the park permanently.

4. The City agrees that the property shall at all times be used exclusively for public purposes.

Be it further

Resolved, that a copy of this resolution be sent to each of the donors expressing the deep appreciation of the City of Pittsburgh for their generous gift.

Which was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. Leonard:

Mr. President: On Bill No. 2710, in regard to the four million dollar contribution by the Sarah Mellon Scaife Foundation and the rest of the Mellon Foundations, if I am not mistaken, I requested in Committee, and Council approved it last Tuesday, if the Planning Commission or Public Works or the Parking Authority had a report to submit to Council with regard to the proposed park with an underground garage. Has there been such a report submitted to Council? I understand from an outside source that the Parking Authority has submitted a report.

The Chair:

This is your bill, Mr. Duff, do you care to respond to that question?

Mr. Duff:

Mr. President: I know the motion passed requesting the report.

Mr. Stewart:

Mr. President: It was lost. Mr. Leonard made a motion. It was lost.

Mr. Duff:

Mr. President: The bill contemplates the acceptance of the gift of money to be utilized as a park. The further use of the park for the purpose mentioned by Mr. Leonard could not be given consideration at this time and has no bearing on the acceptance of the gift, so that the report at this

time would not be of any value for consideration of the bill.

Mr. Leonard:

Mr. President: I raise the question, because, first I repeat I understand from an outside source that the Parking Authority has made a general report, which is public business. I don't know where it is being held up, but I know this, they have made a report. It is a general report of the Parking Authority. I am sorry I have to differ with my friend, Mr. Duff, when he says that it isn't important at this time and has nothing to do with it; it is a question of accepting the gift. I might say I think it is important right now. I know there is one vote for it and up to the present time I voted to accept the gift, but I don't think we ought to take that block of valuable real estate off the tax books if they don't intend or are not going to build a parking garage.

I am entitled to my way of thinking as a member of this body. I think the biggest problem today in the Golden Triangle is parking. I don't believe in locking the stable door before the horse goes in. We are taking off the taxes downtown and we can't afford to exempt the real estate taxes in the Golden Triangle and pass it on to property in the outlying communities.

I am and have been for the acceptance of this gift. I think it is fine that any family and trust want to contribute to the City to help it.

We are going to have a park second to none at the Point. I will agree with what you say that we need a breathing space up there, but you have got to do something about short-time parking. Mr. Duff just said it is not important if we get a parking garage or not. It is important. I think that should be considered, but first of all if you take that piece of property, that piece of property should have another value besides a place to plant flowers and grow trees.

The assessed valuation of the property is too much. I mentioned in Committee some weeks ago when the

matter came up, is the Parking Authority going to build a parking garage? The answer was yes. Fifteen minutes later that answer was, you don't know.

I am informed there is a report made by the Parking Authority, and it is public business. The letter of agreement that was sent in here and accepted by the City conflicts with the architect's sketch and the story that was published in the newspapers some three weeks ago on a Sunday. The newspaper story, released by the Mayor's office, said there will be a one-thousand car parking garage constructed underneath this park, and a picture of it; and on the other hand, also, that there would be a restaurant and a cocktail lounge and several stores.

When you look into the letter of agreement that was sent by the Foundation into City Council it said you take that land forever and a day and cannot use it for commercial purposes. This isn't good public business to hold up this report of the Parking Authority and continue to make any great decisions in a smoke-filled room and not tell the public. I will repeat this Council Chamber is the place for public business. You are representatives of the people. Controversial issues and agreements and explanations must be made to the public. They shouldn't be made in secret meetings with the public press locked out. This is important. It is important for the City to accept this four million dollars, but it must accept it under certain conditions. It is also important because on that tract of land the City will probably lose a couple hundred thousand dollars in taxes.

Those things must be taken into consideration. They were not taken into consideration in the public Council Chambers. I am a member of this Council and I voted in Committee to accept this gift on the assumption that there must be a parking garage for short time parking for people that come in here to shop in this district. That parking garage will help the people more in the City of Pittsburgh.

I think if we take that off it is important that we let the public know if the release that was made by the Mayor's office is true. If it is true, say so. And if it isn't true, why are we rushing in here to accept this gift until, in all fairness, we have a chance in open Council Chamber to discuss it? I think the bill should be recommitted to study the parking problem. If you are not going to put up a parking garage I don't want to vote for the bill, but if you are going to put a parking garage there for short-time parking I am 100% for that bill. I am not for taking a piece of land and taking a hundred and some thousand dollars off the tax books and saddling it on the residence properties, where I live and where others live. That is not good, sound business. I want to see the Parking Authority's report. They anticipate building several garages in the downtown. That is where homes will get reassessed in order to raise funds to operate the City if the land that is up for consideration is taken, and maybe more has been discussed in all these meetings behind closed doors; but I, as a member of Council, don't know it. Several hundred thousand people in the City don't know it if it isn't discussed openly in the public Council Chamber.

Mr. Leonard moved

That Bill No. 2710 be recommitted to the Committee on Finance.

Mr. McArdle:

Mr. President: I am in an embarrassing position in this particular instance, being a member of the Parking Authority and also a member of this Body. I don't know what has been discussed. I know some things, I am not at liberty to divulge until the Parking Authority has made a report, and for that reason I cannot second this motion of Mr. Leonard's. But I think that somebody, if they have any information, ought to give it to him. I am not in a position to tell. I know about the situation because I meet with the Parking Authority and then I come in here as a member of Council.

Mr. Leonard:

Mr. President: I don't think it is

fair. No matter what stand I take, I have said over and over again in this Council Chamber I don't believe in the policy of closed doors and I don't believe in setting a policy behind closed doors and locking out the press. I have repeated that time and again, and after all, I am an elected member of this body and am entitled to the courtesy of receiving the reports of these authorities and committees and I think City Council owes me the courtesy to see that I get the opportunity to read the bill and fairly vote as I want to vote. I think it is very important that the report of the Parking Authority should be in the hands of the members of City Council before they finally cast their vote on the acceptance of this gift. I know I can get up and be answered, we are just accepting the gift. Later on we will see if we can build the parking garage. I personally think we should build it. I have talked with engineers personally and talked to ones who, years ago, were for cutting down the hump and said they wouldn't cut it that far. I raised the question in Committee, and pointed out where the contractors on the William Penn Hotel in 1915 and 1916 went broke on that contract. I asked if they had test borings on this property. The reason wasn't the fact that we are going to have a park. I read in the paper and saw the architect's sketch and all the people who read the newspaper saw it, had a restaurant, a cocktail lounge and carried a story there would be a 1,000 car parking garage. That is the reason I am bringing it up. Let's be truthful before we accept it. The big thing that is needed downtown is parking. Are we going to vote on something that was a newspaper release by professional newspapermen and then afterwards discover that it is impossible to build. Somebody, engineers or architects, or somebody, must have supplied the information. If we are telling the truth, that is one thing. If we are taking the word of an architect, that is another thing. We are taking a hundred thousand dollars and more off the tax books, because land is the big assessment downtown.

time would not be of any value for consideration of the bill.

Mr. Leonard:

Mr. President: I raise the question, because, first I repeat I understand from an outside source that the Parking Authority has made a general report, which is public business. I don't know where it is being held up, but I know this, they have made a report. It is a general report of the Parking Authority. I am entitled to my way of thinking as a member of this body. I think the biggest problem today in the Golden Triangle is parking. I don't believe in locking the stable door before the horse goes in. We are taking off the taxes downtown and we can't afford to exempt the real estate taxes in the Golden Triangle and pass it on to property in the outlying communities.

I am and have been for the acceptance of this gift. I think it is fine that any family and trust want to contribute to the City to help it.

We are going to have a park second to none at the Point. I will agree with what you say that we need a breathing space up there, but you have got to do something about short-time parking. Mr. Duff just said it is not important if we get a parking garage or not. It is important. I think that should be considered, but first of all if you take that piece of property, that piece of property should have another value besides a place to plant flowers and grow trees.

The assessed valuation of the property is too much. I mentioned in Committee some weeks ago when the

matter came up, is the Parking Authority going to build a parking garage? The answer was yes. Fifteen minutes later that answer was, you don't know.

I am informed there is a report made by the Parking Authority, and it is public business. The letter of agreement that was sent in here and accepted by the City conflicts with the architect's sketch and the story that was published in the newspapers some three weeks ago on a Sunday. The newspaper story, released by the Mayor's office, said there will be a one-thousand car parking garage constructed underneath this park, and a picture of it; and on the other hand, also, that there would be a restaurant and a cocktail lounge and several stores.

When you look into the letter of agreement that was sent by the Foundation into City Council it said you take that land forever and a day and cannot use it for commercial purposes. This isn't good public business to hold up this report of the Parking Authority and continue to make any great decisions in a smoke-filled room and not tell the public. I will repeat this Council Chamber is the place for public business. You are representatives of the people. Controversial issues and agreements and explanations must be made to the public. They shouldn't be made in secret meetings with the public press locked out. This is important. It is important for the City to accept this four million dollars, but it must accept it under certain conditions. It is also important because on that tract of land the City will probably lose a couple hundred thousand dollars in taxes.

Those things must be taken into consideration. They were not taken into consideration in the public Council Chambers. I am a member of this Council and I voted in Committee to accept this gift on the assumption that there must be a parking garage for short time parking for people that come in here to shop in this district. That parking garage will help the people more in the City of Pittsburgh.

I think if we take that off it is important that we let the public know if the release that was made by the Mayor's office is true. If it is true, say so. And if it isn't true, why are we rushing in here to accept this gift until, in all fairness, we have a chance in open Council Chamber to discuss it? I think the bill should be recommitted to study the parking problem. If you are not going to put up a parking garage I don't want to vote for the bill, but if you are going to put a parking garage there for short-time parking I am 100% for that bill. I am not for taking a piece of land and taking a hundred and some thousand dollars off the tax books and saddling it on the residence properties, where I live and where others live. That is not good, sound business. I want to see the Parking Authority's report. They anticipate building several garages in the downtown. That is where homes will get reassessed in order to raise funds to operate the City if the land that is up for consideration is taken, and maybe more has been discussed in all these meetings behind closed doors; but I, as a member of Council, don't know it. Several hundred thousand people in the City don't know it if it isn't discussed openly in the public Council Chamber.

Mr. Leonard moved

That Bill No. 2710 be recommitted to the Committee on Finance.

Mr. McArdle:

Mr. President: I am in an embarrassing position in this particular instance, being a member of the Parking Authority and also a member of this Body. I don't know what has been discussed. I know some things, I am not at liberty to divulge until the Parking Authority has made a report, and for that reason I cannot second this motion of Mr. Leonard's. But I think that somebody, if they have any information, ought to give it to him. I am not in a position to tell. I know about the situation because I meet with the Parking Authority and then I come in here as a member of Council.

Mr. Leonard:

Mr. President: I don't think it is

fair. No matter what stand I take, I have said over and over again in this Council Chamber I don't believe in the policy of closed doors and I don't believe in setting a policy behind closed doors and locking out the press. I have repeated that time and again, and after all, I am an elected member of this body and am entitled to the courtesy of receiving the reports of these authorities and committees and I think City Council owes me the courtesy to see that I get the opportunity to read the bill and fairly vote as I want to vote. I think it is very important that the report of the Parking Authority should be in the hands of the members of City Council before they finally cast their vote on the acceptance of this gift. I know I can get up and be answered, we are just accepting the gift. Later on we will see if we can build the parking garage. I personally think we should build it. I have talked with engineers personally and talked to ones who, years ago, were for cutting down the hump and said they wouldn't cut it that far. I raised the question in Committee, and pointed out where the contractors on the William Penn Hotel in 1915 and 1916 went broke on that contract. I asked if they had test borings on this property. The reason wasn't the fact that we are going to have a park. I read in the paper and saw the architect's sketch and all the people who read the newspaper saw it, had a restaurant, a cocktail lounge and carried a story there would be a 1,000 car parking garage. That is the reason I am bringing it up. Let's be truthful before we accept it. The big thing that is needed downtown is parking. Are we going to vote on something that was a newspaper release by professional newspapermen and then afterwards discover that it is impossible to build. Somebody, engineers or architects, or somebody, must have supplied the information. If we are telling the truth, that is one thing. If we are taking the word of an architect, that is another thing. We are taking a hundred thousand dollars and more off the tax books, because land is the big assessment downtown.

I, as a member of City Council, demand that courtesy, to be able to have a chance to study this thing. It doesn't take long, and at least read the report of the Parking Authority that is ready and has not been released yet. It doesn't look good to pass this bill and tomorrow or next day release the Parking Authority's report if it is sent to the Mayor's office.

Mr. Stewart:

Mr. President: We have all grown quite accustomed to Mr. Leonard's weekly scoldings regarding our conferences of which he does not approve, but I think this record should show that this report that he talks about, is not in the hands of Council. We do not have the report. The people he should address his remarks to are not the Council but the Parking Authority. If the report is released to Council he will have it as soon as I will have it. We don't have information he doesn't have.

Mr. Leonard:

Mr. President: I do have information, and if he doesn't have it, he is sleeping. There was a report made for each member of this Council before this came up. This is the assumption. I am not referring to Mr. McArdle. As far as weekly scoldings, I am not a weekly scolder. I am a believer in public meetings in the Council Chamber. I think if there is any scolding, it is Leonard who is getting it. Mr. Stewart's way of putting it as a lawyer, if you talk back and ask questions you are called a "scold." They are honest questions and the answers are coming from the people, the people who thought enough of me to elect me a member. As far as the Parking Authority, yes the Parking Authority has made a report as to how much land it will take to build parking garages in the City of Pittsburgh. I hope the Parking Authority can pay the City in lieu of taxes what the City may lose when they turn over this land which will be tax exempt. If it is not asking fair questions the City Council should know about the finances of the City then I am wrong, but I don't think so. I have a little

red book in my drawer and boiled down it says it is the Charter of the City of Pittsburgh, and nobody has said I am wrong on the stand I have taken. I am not a scolder, I am a man that asks questions and believes in open meetings and open conferences.

The Chair:

I want to respond to Mr. Leonard's viewpoint as to secret conferences. The Mayor of this City and the members of this Council want to give the people of Pittsburgh a business-like administration of its affairs. In order to do that, we must have the same rights and privileges that private business enjoys. Among these is the right to hold private conferences, or as Mr. Leonard, Chairman of the Allegheny County Housing Authority, is handling its business, or as Vice President Leonard at a great International Union, helps to conduct its business. These are all clothed to some degree with the public welfare and they all hold private conferences. Nevertheless, Councilman Leonard professes to be opposed to private conferences. It is Mr. Leonard's idea that there is nothing in the affairs of the Parking Authority or his own Housing Authority or the Union organization and Jones and Laughlin, it is his idea that there is nothing in the business life of those companies which would require private conference. He is of the opinion that a business-like administration of this City, the Housing Authority, and Jones and Laughlin Steel Company and the Parking Authority can best be conducted by gathering in a hall such as we have here and making speeches. I differ with him on that. I think it is impossible for Mr. Leonard to handle the Housing Authority—he is Chairman of the Allegheny County Housing Authority—I think it is impossible for Mr. Leonard to conduct the affairs of his Authority by inviting the people of Pittsburgh into a large hall and have the Audience make speeches as to how he is going to conduct the Housing Authority. No business can be conducted successfully that way. Take the specific issue we have before us. The Mellon interests have offered to give the people of Pittsburgh four million

dollars if we will use that four million dollars to buy that square which is just next to the William Penn Hotel. It is Mr. Leonard's idea that immediately we should gather here in City Council and begin talking about it. It is the Mayor's idea and the City Council's and the Mellon's, that it would not be good business to allow everybody to know that the City was going to buy that property because obviously the price would go up and obviously there would be competition there and we would have to pay much more for that property if it became public. There is a drastic difference between Mr. Leonard and myself on that point. I believe that in conducting a great business here in Pittsburgh we are running a thirty-five million dollar corporation. That it is absolutely necessary for the Mayor and the nine members of Council to sit down from time to time in private conferences and discuss affairs. I say as I have said a half dozen times we never make any public decisions except in this Council Chamber. Now as to the particular point which Mr. Leonard raises, I understand that the Parking Authority has prepared a report as to where they are going to place the different garages. That report was prepared by the Parking Authority. It was not prepared by City Council. It is not here. As President of City Council, I have not seen it. I have no control over it. My colleagues have no control over it. I suppose, from what Mr. Leonard says, the report has gone to the Mayor. I do not control the actions of the Mayor. Mr. Leonard may make a proper complaint to the Mayor but he is complaining to City Council. It isn't here. The difference between Mr. Leonard and myself is this, he thinks the City's business can best be conducted by speeches in City Council and I think it can be conducted by conferences, followed by speeches in City Council.

Mr. Leonard:

Mr. President: How long has the City been in business?

The Chair:

From 1816 is a good guess.

Mr. Leonard:

The City of Pittsburgh has done very well, since the time when Mr. Denny became Mayor of the City of Pittsburgh. This is a great industrial City, the workshop of the world, and since we have cleaned it up it has done pretty well. I have not gone back too far into history but I have looked up the Charter of 1911. During that long record of time and in looking over the newspapers, and there has never been a time when the Council and Administration made all decisions in a closed room and locked out the newspapermen, with one exception, in the second Kline administration there were five members in City Council sat back and made the policies and then came out and voted on them. I will say no more on that because from there on it is a matter of history. I read with great interest in the Pittsburgh newspaper about the great Philadelphia story. They went on to say that, the City Council held two meetings; held one with the Mayor and passed their policy and then held a meeting in the public chamber. I know speeches don't make laws. I am not too much of a believer in too many speeches; but I am a person who will ask questions because that is where you get your knowledge. I think it is wrong for a legislative body to sit behind closed doors in a smoke filled room and lock out the public press and take up controversial issues and walk out and say, yes or no. Mr. Chairman, you are approving the bill for four million dollars and there are things in the letter of agreement that I am asking questions about. Can this be used for commercial purposes under the letter agreement we have accepted from the Mellon Foundation? That question has not been answered. Three weeks ago I asked that question and that question has not been answered. I, as a member, ask that this bill be recommended for that reason—one of the reasons.

The Chair:

This bill goes on to recite that the Mellon interests offer a total gift of four million dollars in trust to the City of Pittsburgh to be used for the

acquisition and development of this property, and "for the permanent utilization of that block as an outdoor public park and for other public purposes not inconsistent with its use as a park." I, personally speaking as one member of Council, would vote for this bill if it did nothing else than provide a park for downtown Pittsburgh. I am informed that authorities agree that, I quote again, "and for other public purpose not inconsistent with its use as a park," will permit the underground garage. I hope that the underground garage will be built. I am still convinced of the merits of this bill used solely as a park.

Mr. Leonard:

Mr. President: You are for it if there is a parking garage or not. That is our difference, I am for it if it can be used as a parking garage. If it isn't I am not for just making a park down there. Real estate is too valuable. Maybe the City of Pittsburgh does need a park for a breathing space—maybe a Union Square or a Pershing Square, maybe a great place to gather to make speeches. But when you talk in four million dollars, that is a question where the City of Pittsburgh is talking and it won't take long to exhaust the four million dollars.

The Chair:

Three great new buildings are going to be constructed there which would not be constructed if the park wouldn't exist. These buildings alone will more than offset the one hundred seventy thousand dollars of tax loss which you have mentioned, not to mention the additional valuation that will be placed on the perimeter of the park. All around there the real estate values will increase. An increased value in assessment will be coming to the City and not decreased value.

Mr. Leonard:

Mr. President: That is a very good question. I am glad you brought that question up. Is that part of the deal in order to build two buildings?

The Chair:

The whole deal is in this bill, Mr. Leonard. There is no other deal. We hope other deals will be realized. We are voting on this bill.

Mr. Leonard:

Mr. President: You said if we didn't build the park they would not build the buildings. What session was that taken up?

The Chair:

The nine members were invited to appear in the Mayor's Conference Room and told we were going to talk about this gift.

Mr. Leonard:

Mr. President: Maybe the eight members—the nine members were never told there was going to be a conference. I was never told there was going to be a conference with big bankers and big real estate men. I was never told that was going to be taken up. If I was told that was going to be taken up and was going to sit in a secret meeting I would give the same answer, it ought to be out in the public Council Chamber.

The Chair:

I am foolish to continue our discussion. I understand very completely the reaction of the reporters to your viewpoint. It is favorable. For time immemorial they have been a lazy crew and if I were a newspaper reporter I would want everything handed to me on a hot and emotional public debate. Good for them. Not good for a business-like administration of affairs.

Mr. Stewart:

Mr. President: Mr. Leonard said he liked to ask questions. Mr. Leonard, like me, like the rest of us, you are a believer in the policies of government of the late Franklin D. Roosevelt?

Mr. Leonard:

I think so.

Mr. Stewart:

Mr. President: I would like to remind Mr. Leonard that throughout

Mr. Roosevelt's terms and continued by his successor, there have been weekly conferences between the leaders of the Congress of the United States and the President of the United States to which the newspapermen were not invited and at which the business of the United States was discussed. That is not, as Mr. Leonard would say, the exceptional way of doing public business something which is invented by this Council, but something which has always been done by public bodies. I also recall that one of the complaints that was made concerning Mr. Lawrence's predecessor as Mayor of the City of Pittsburgh, was that he did not have conferences with this Council. So it is perfectly clear to all of us what Mr. Leonard's position in this matter is, and he is entitled to his position and certainly we are never allowed to forget what his position is, but I think it should be pointed out that what is done between our Mayor and this Council is similar to what has been done by governments elsewhere.

Mr. Weir:

Mr. President: To get back to the point supposed to be at issue here, this bill to accept four million dollars, one matter raised in your colloquial with Mr. Leonard, might require some clarification. He asked if it is part of the deal that this park be accepted in order to have two buildings. It was not part of the deal because one of the buildings is already in the progress of being erected or the buildings are being torn down and we have not passed the bill yet, so there could not be any deal. I believe that the people feel that anyone would be foolish to turn down four million dollars. Certainly anyone would be foolish to turn down four million dollars when the two new buildings would congest that area if you don't have a breathing space and reduce the valuations of the surrounding property if you don't have a breathing space. I know from information that was handed to Mr. Leonard and to everybody else that unless we take this gift and own that area it would not be possible for the Parking Authority to build a down-

town underground garage, because you cannot economically build an underground garage unless the building is subsidized. When we acquire this property, which our Director of the Department of Lands and Buildings assures us can be acquired for three and a half million dollars and when we thereafter turn it over to the Parking Authority for its use it will in effect be a subsidy of three and a half million dollars and will enable them to build a garage, and it will be only by that action they will be able to do it.

Mr. Leonard:

Mr. President: Mr. Stewart explained about the late President Roosevelt. I just want to bring to your attention what they do. They operate on a caucus system because it is a division of Democrats and Republicans, I don't think the City of Pittsburgh has to operate on a caucus system. We are all of one party in the City of Pittsburgh. We got into office following the doctrine of Woodrow Wilson and Franklin D. Roosevelt. I follow the doctrine of Franklin D. Roosevelt and will follow the doctrine of Woodrow Wilson, but in the long run, I follow the doctrine of the people of the City of Pittsburgh. When there are ten or eleven people who are elected by the people there is no reason why they cannot bring their business out into the chamber. It is true that from time to time the Mayor and Council should sit down together, but we go beyond that. When we adjourn today there will be a conference and a policy will be formed and you will know what the votes will be when you come out. That is the policy. The legislative body administers the laws.

The Chair:

Mr. Leonard, you have overstated the facts and I must simply continue the conversation. It is true we have conferences with the Mayor but we also frequently disagree with him. We not only disagree with him there, we disagree with him out here. My memory goes back to Mr. Duff's recent very strong opposition to the

crossing on Liberty avenue. Doesn't yours? The conferences bind nobody. The meetings of President Truman and the meetings President Roosevelt had were not caucuses at all. At these meetings there are leaders of both parties. At our meetings with the Mayor, he cordially invites Mr. Leonard and Mr. McArdle. He does not ask for Mr. Leonard to agree with him. He thinks Mr. Leonard would be serving the people best by coming to these conferences and putting up his fight, and I say it is not fair for statements to be made that Councilmen come back here and say "yes" to whatever is proposed. That is not the situation at all, and no one with sincerity can say it. There not being a second to the motion, the motion fails.

And the resolution was read a second time and agreed to.

And the resolution was read a third time, and agreed to and upon final passage the ayes and noes were taken and being taken were:

Ayes:—Messrs.

Duff	Weir
Gallagher	Wolk
Stewart	Kilgallen (Pres't)

(Mr. Leonard not voting).

When the name of Mr. Leonard was called he arose and said:

Mr. President:

For the reasons so given and not having a report from the Parking Authority, I will refrain from voting on the bill.

Ayes 6. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Also

MOTIONS AND RESOLUTIONS

The Chair presented

No. 2795.

Whereas, There has been introduced in the House of Representatives a bill known as H. R. 4320, which authorizes and directs the Postmaster General to issue, during 1949, a special postage stamp of a design embodying on its face the Capitol, the United States Flag, and the official Pledge of Allegiance to the Flag of the United States; and

Whereas, The request for the issuance of this commemorative "Pledge of Allegiance" stamp was inaugurated by the Americanism Committee of the American Legion of Allegheny County, Pennsylvania; Therefore, be it

Resolved, That the Mayor and the Council of the City of Pittsburgh respectfully request the Postmaster General of the United States to select, as a commemorative issue, the "Pledge of Allegiance" stamp as outlined in H. **CITY OF PITTSBURGH
CERTIFICATE OF EMERGENCY**

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The continuing high rate of traffic accidents justifies the scheduling of the Mayor's Highway Safety Conference as a follow up in the Pittsburgh area of the National State Conference called by the President of the United States; and

Whereas, The Director of the Department of Public Safety in letters dated May 17, 1949, addressed to the Mayor and to the City Controller, has stated that the services of two (2) temporary typists will be necessary in the Bureau of Traffic Planning for a period of two hundred and ten (210) working hours to handle the details of the Mayor's Highway Safety Conference; and

Whereas, Such appears as good and sufficient reason to impel the certification of an emergency under the circumstances.

Now, Therefore, we, DAVID L. LAWRENCE, Mayor of the City of Pittsburgh, and EDWARD R. FREY, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the appropriation of the sum of \$200.00 to permit the employment of two (2) temporary typists in the Bureau of Traffic Planning for a period of two hundred and ten (210) working hours to handle the details of the Mayor's Highway Safety Conference.

DAVID L. LAWRENCE,
Mayor.

EDWARD R. FREY,
City Controller.

Dated: 5/20/49

Which was read, received and filed.

Mr. Duff moved

To amend the resolution by inserting the following Whereas clause:

"Whereas, A certificate of Emergency signed by the Mayor and the City Controller relating to this matter has been filed with Council, Now, Therefore,"

Which motion prevailed.

And the resolution having been printed as amended and placed upon the members' desks, was agreed to on second reading as amended.

Mr. Duff moved

A suspension of the rule to allow the third reading and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Duff	Weir
Gallagher	Wolk
Leonard	Kilgallen (Pres't)
Stewart	

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

Miss Millicent Leech, Teacher and a class from the Westinghouse High School attended this meeting of Council. The Chair greeted them and then introduced Mr. Stewart, who gave them a talk on the procedure of Council.

Mr. Weir moved

That the Minutes of Council of Monday, May 16, 1949, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

CITY OF PITTSBURGH

CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Safety has stated that additional traffic regulations, laning and marking of highways are necessary throughout the City because of the increased volume of traffic, and that an additional paint crew will be required to perform this work; and

Whereas, Such appears as good and sufficient reason to impel the certification of an emergency under the circumstances.

Now, Therefore, We, David L. Lawrence, Mayor of the City of Pittsburgh, and Edward R. Frey, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring an amendment of the Salary Ordinance to provide for One Additional Paint Crew in the Bureau of Traffic Planning, Department of Public Safety, at a cost of approximately \$5800.00 for the balance of the year.

David L. Lawrence, Mayor.

Edward R. Frey, City Controller

Dated: May 19, 1949.

In Finance Committee, May 24, 1949,

read and ordered returned to Council to be made a part of the permanent record.

Which was read, received and filed and made a part of the permanent record.

Also

DIVISION OF AUTOMOTIVE EQUIPMENT, DEPARTMENT OF PUBLIC WORKS

May 25, 1949.

To the President and Members of Council.

Gentlemen:

With reference to Bill No. 2760, An Ordinance for the purchase of an automobile for the City Controller's office, which was referred to me for recommendation, I wish to report that I recommend the purchase of of an automobile for this department.

Yours very truly,

Leo Gill,

Director of Automotive Equipment.

And the bill was read a second time.

Mr. Demmler:

Mr. President: Being absent from the City last Tuesday, I was not at the Committee meeting which was considering the Finance Bills. I notice Bill No. 2760, File No. 1416, is for the purchase of a four-door sedan automobile for the Department of City Controller at a cost of \$3,500.00. I do not know any reason why such an expensive machine is needed, and I feel all services of the City can be supplied with a machine at a cost of two thousand dollars, and no more than twenty-five hundred dollars. Unless there is some special reason, I will vote No on this particular bill.

And the bill, as read a second time, was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

Bill No. 2762.

Whereas, By Resolution No. 96, approved by the Mayor of the City of Pittsburgh, May 1, 1945, and recorded in Resolution Book Vol. 10, page 670, the Mayor was authorized and directed to accept from the Yellow Cab

Company and the Pittsburgh Transportation Company a bond in the amount of \$2,000.00, conditioned upon the appearance for hearing of each and all of their drivers when arrested because of accidents involving taxicabs of the said companies operated by the said drivers; and

Whereas, The provisions of the said Resolution were renewed and extended from time to time and were last renewed and extended by Resolution No. 105, approved May 19, 1948, and recorded in Resolution Book Vol. 11, page 303, from May 1, 1948, to and including April 30, 1949, except that the said provisions were made applicable to the Yellow Cab Company of Pittsburgh in lieu of Yellow Cab Company of Pittsburgh and the Pittsburgh Transportation Company, and further, that the amount of the bond was increased from \$2,000.00 to \$10,000.00; Now, Therefore, be it

Resolved, That all the authority, directions, terms and provisions of Resolution No. 96 of 1945, approved May 1, 1945, as modified by Resolution No. 105, approved May 19, 1948, be renewed and extended from May 1, 1949, to and including April 30, 1950, and thereafter until written notice be given by the Mayor of the City of Pittsburgh to the Yellow Cab Company of Pittsburgh that thirty (30) days after said notice the said bond or renewal thereof will be deemed inoperative.

Which was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the resolutions.

MOTIONS AND RESOLUTIONS

Mr. Demmler:

Mr. President: In the issue of Sunday's Pittsburgh Press for May 29th, there appeared an article entitled, "Fourth of City's Real Estate Goes Untaxed." This is a most interesting article. I wish to call attention to the headline to the last section of this article. They have in heavy black print "Assessments Soar," and when you figure you will find the increase of 1949 over the 1948 tax is about 1.1 per cent. I make mention of this for the reason that we have failed to receive a reply to our resolution asking for a report of the assessments.

Mr. Leonard:

Mr. President: I notice in the Minutes of last Monday's meeting there was quite a controversy in regard to a large tract of land in downtown Pittsburgh where four million dollars was donated to the City, to the Conference on Community Development, in order to purchase a plot of land in downtown Pittsburgh for park purposes. In the Minutes of last Monday there is quite a debate or discussion on the acceptance of this amount of money. I raised a lot of questions, and one in particular that I was not in favor of accepting this grant and taking this large amount of assessed property off the tax books in the Golden Triangle if it wasn't going to be used for the purpose of a parking garage underneath. I based my statement, as the record shows, upon the release of a story, through the office of the Mayor, stating that the City of Pittsburgh—this is a great thing, this contribution, for the City of Pittsburgh—was going to build a garage to house one thousand automobiles for short-time parking. I think you know that there was a report sent in for the nine Councilmen, each member of Council to receive a copy, that was being released by the Parking Authority. The report was not sent into Council, hasn't been sent into Coun-

cil but was held up in the office of the Mayor pending the release of the story to be made. I want the record to show that we have no assurance that there is going to be a parking garage built underneath the so-called park. I want the record to show that I am making the statement they anticipate in the future to see if they cannot build a parking garage at that particular site. Furthermore, the newspaper release that I had the pleasure of reading Sunday, put out by professional press agents, worded with nice phrases and fancy claims and architectural drawings, the same architectural drawings they showed on the four million dollar piece of property that cannot be used according to the letter for commercial purposes, and also released in this. As I stated, there was a report released, and, as I stated then, the report was held up until the professional press agents rewrote this report and most of it was held up until we accepted the gift of four million dollars that we needed to purchase the property. I want to further state, for the record, that I said when the Parking Authority was created over a year ago that this is a good thing and it is something that is vitally needed in the Golden Triangle, and not only in the triangle but in other parts of Pittsburgh also. And one of the principles for creating the Public Parking Authority was the fact that the Public Parking Authority with its bonds and with the money we have contributed or loaned, that in return it was going to make payments to the City of Pittsburgh in lieu of taxes that would be taken off this property. I am very much for the public parking authority. It is very badly needed, not only in the Golden Triangle but in other places. But the Public Parking Authority is going into competition against free enterprise. Private enterprise cannot undertake, in my opinion, to construct the number of buildings that the Public Parking Authority can. But on the other hand, when this property is exempted and when it is tax exempted in the Golden Triangle, the home owners of the City of Pittsburgh cannot bear this. Let us face the facts and let us go into this in the public Council Chamber with

the public press present. There are a couple hundred thousand little people in the City of Pittsburgh who own or are buying their homes, and we know that the assessed valuation of the City of Pittsburgh back a few years ago was two billion, two hundred million dollars. Today it is nine hundred, seventy-one million dollars, the assessed valuation in round figures. The bulk of that cut has been down in the First and Second Wards of the City of Pittsburgh in the Golden Triangle. The County has employed—which is supposed to be privately operated, must be professional, not political appointments, experts in real estate, who made the major cut down in the Golden Triangle. Out in the wards and residential districts where some homes are sixty and seventy years old, we didn't raise the taxes but they upped the assessments. If we take off any real estate valuation down in Pittsburgh and take property in the value of 25 or 30 million dollars in the Golden Triangle we do not have sufficient revenue coming in to the City Treasury to replace this tax that we are exempting; and then the people of the City of Pittsburgh are going to get another boost in assessed valuation. I don't think you can raise real estate taxes any more than what they are. These are things that must be considered. Maybe you gentlemen know the answers. You are meeting in a private room and locking out the public press or any member of this body that don't believe in any business of this sort being taken up in private rooms and then being released with nice fancy words by professional ghost writers. I just want the record to show that when the report was released it wasn't released until this particular gift was accepted by the City of Pittsburgh to purchase this land. When that bill passed finally, we read in the newspapers the report of the Public Parking Authority.

Mr. Demmler:

Mr. President: Whether I heard correctly or not, I understood Mr. Leonard to say "two billion two hundred million Dollars" assessment.

Mr. Leonard:

Mr. President: I said "two billion, two hundred eleven million dollars." I should have said "one billion, two hundred eleven million dollars."

Mr. Demmler:

Mr. President: For the record I would like to state that when in Committee meeting around this Council table the question of the offer of the Mellon Trust was before us, I stated that this offer and this matter was not conditioned upon the placing of a garage underneath this park. While it will take considerable property there from the assessment rolls, personally I feel a large amount of this reduction should be reflected and will be reflected in the increase in the land assessments surrounding this park. I wish the Council record to show the other statement was made in Committee, around the Council table here.

Mr. Leonard:

Mr. President: I would like to correct my remarks and have them changed in the record, I meant to say one billion, two hundred million, but it was a slip of the tongue.

Mr. President: I read with amazement in the public paper yesterday, and it surely must have been something that came out of conference, that Council was anticipating to recess for the months of July and August. I want to know if that is so.

The Chair:

We have never discussed it, although I am very much in favor of a recess.

MOTIONS AND RESOLUTIONS

Mr. Demmler:

Mr. President: I would like to extend my remarks regarding assessments, mention of which I made last week. A group of students has gathered all the assessments by Wards in the City of Pittsburgh from 1900 to 1948, and in these remarks regarding that study I quote:

'It is probably needless to point out that the figures in themselves are worthless unless considered in the light of various qualifications. For example, if one wishes to contrast the property valuation of the second ward in 1920 with the same ward in 1940, he must also contrast the "real" value of the dollar in those two years. In determining the "real" value of the dollar, a base year in itself arbitrary must be selected, and thus even with this qualification the figures will remain largely a matter of personal interpretation.

"Another qualification which must be considered is that between 1877-1912, valuation of property included four classes, three of real property and one of personal property. The three classes of real property and one of personal property. The three classes of real property were full, rural, and agricultural. While all three types of property were assessed on the same scale, a different millage rate was applied to each. While the first named class was charged the full millage rate, rural property was charged $\frac{2}{3}$ and agricultural $\frac{1}{2}$. Thus if the millage rate was 12 mills, an urban property would be charged 12, a suburban property 8 and agricultural classifications were abolished, and one full class valuation was constituted throughout the City.

"The Legislature of 1913 required the city to tax buildings in 1914 and 1915 at 90% of the rate on land, at 80% in 1916-17-18, and 10c less each triennial assessment until the year 1925 when the tax on buildings would stand at 50% of the rate on land.

"Let us first take a quick look

at the geographic distribution of property values in Pittsburgh during the present century. The Peninsular Area of Pittsburgh between the two rivers while fluctuating to some extent, remained largely constant from 1900 to 1933, representing about 76% of the total value of Pittsburgh property. After 1933 however, this area began a slow but steady decline until 1947 it represented 69.6% of the total value.

"Prima facie evidence from the statistics would also seem to indicate that in recent years the assessments have failed to keep pace with the inflationary trend in dollar values, and the new influx of building in the city. Most statisticians place the real value of the dollar today at about 50 or 60% of its 1938 value, yet even in total dollars, assessments have showed a steady decline since that date. Also since the end of the War there has been in excess of forty million dollars of new building and repairs and alterations completed in the city, and to the casual observer it would seem that the assessments have not reflected this. Of course, the writer realizes that Pittsburgh is an old city as property values go, and that a correction between new building and inflation on the one hand will be greatly neutralized by depreciation on the other, but it still seems that the whole amount cannot be so accounted for. However, an intensive study would have to be made before an objective student could even hope to advance such a statement. The most evident way appears to be set up a correction between assessed. It is a well known fact however, that assessed valuations lag behind market valuations in times of inflation, valuation and market valuation based on today's real estate sales, which is particularly hard on cities and school districts who rely on taxes from real property for the greater part of their revenue."

I will not take the time to read the assessments for every five years, but I will ask them to be placed in the record as well as the total assessments

Mr. President, The one reason why I spread this on the record is that last week there appeared in the papers articles on the report of the State Tax Equalization Board and in which it showed the Pittsburgh real estate assessment was about 53% of the present market value. If Council agrees, I will make this motion:

That Council request the State Tax Equalization Board to advise us what methods it used in arriving at the market value, and also to furnish Council a copy of its printed report.

Mr. Leonard:

Mr. Demmler, in your remarks you refrained from putting into the report the decline of the assessed valuation in the First and Second Wards in the last five years. Are you going to ask that the figures be put into the record?

Mr. Demmler: Yes.

Mr. Leonard:

Mr. President: I read that also. I was very much interested in that one remark that 53% of the assessed valuation or the assessed valuation of taxable property is only assessed 53% of its value according to this report, along with the First and Second Wards of downtown Pittsburgh, and I would like to find out how they arrive at that. But for the record, one thing that runs through my mind is the amount of the assessment that has been cut in the so-called Golden Triangle and the City does not have its own power to assess this property. But what disturbs me more than anything else, as I stated last week, that back a few years, there was a billion two hundred million dollar assessments on the property in the City, and at the present time the assessed valuation is nine hundred seventy-one million dollars. We know that most of that reduction has been cut in the Golden Triangle, some by the Assessing Board and a great deal through court action. They go out into the residential wards, where, in some instances, the houses are sixty, seventy-five and ninety years old, where the assessed valuation should be cut, up

goes the valuation in some of those wards; and if they didn't up them our assessed valuation would be much lower than nine hundred seventy-one million dollars. But getting back to my point, what I am disturbed about is the property in the Golden Triangle that we are taking off the tax books. If our Public Parking Authority accepts that large lot in William Penn way and Smithfield street, what is going to happen? Is the assessment board going back in the residential districts and up the assessments in order to keep up the taxes of the City of Pittsburgh? The report also shows, which is very serious, that one quarter of the real estate in the City is tax exempted. That is a matter of record—tax exempted. Now we are starting to throw off big property taxes and exempt them in the Golden Triangle. Who is going to pay for this? I know you have to have a certain amount of money to operate the City of Pittsburgh and I know you have to get it from real estate taxes. One of the few things we have that is not real estate taxes is the hundred thousand dollars derived from parking meters and we just approved that bill to turn it over to the Parking Authority. Everything that we do we are eliminating taxes. I repeat, nobody is kidding me. You have to raise the money some where. Maybe back of the administration policy and the bipartisan system, they may have a solution where we are going to raise several millions of dollars that we are giving away, that we are tax exempting. I can recall my ten years in City Council, how we yelled about taxing public utilities. Bring in some taxes from public utilities! We went to Harrisburg to get the so-called Pittsburgh Package. We went to the Legislature and had this enabling legislation passed, and, in return, we were to get something back to benefit the City of Pittsburgh and to alleviate the heavy tax load. And what was done for Pittsburgh in regard to finance? I will answer that for the record, "nothing." Now what are we going to lead into? Come the next year, two years, we may have a bankrupt situation facing us. We raise considerable money from mercantile tax, from

amusement tax and from the other taxes. I hope we don't get into a tax-crazy situation; but we are giving away today, and we have been giving away, heavily. We are making no preparation for getting additional income for what we are giving away. I know it is nice to pick up the newspapers and I know it is nice to read the architects statements and drawings and high-powered press agent's words. It is good advertising and good reading material for the public; but it must be the truth and the truth must come out with it. The truth that comes out with it is, where are we going to get that money? We are confronted with a serious situation that we are brushing aside, every month we are brushing it aside. It is additional policemen so that the taxpayers have better police protection. We must increase the number of police officers and we must do something about the living conditions of City employees. Where are we going to get this money? This has certain things in it to serve as a warning for us. I think I gave the answer, that some of the big trades are going to adopt it. I remember that in this bipartisan system of government where the big brass of one party sits down with the big brass of the other party and they adopt a policy that was made in Harrisburg. I know when we come to a decision next year, not this coming budget, the budget session following that, we are not going to have enough revenue to balance the budget and to operate the City of Pittsburgh and to take care of the employees and the high cost of materials that we need to keep the City of Pittsburgh going. Then we have to find another source of taxation, and if that is the plan, the truth should be told what we are running into by the exempting of all this valuable property in the Golden Triangle in the First and Second Wards. I think the true story should be told. When we exempt it, where are we going to get the money to replenish it, along with a lot more needed to run the City government?

Mr. Demmler:

Mr. President: When the County Board of Assessment and Appeals replies to our motion regarding assess-

ments we will then have on the record the various questions that are being raised by Mr. Leonard.

The Chair:

The vote is on Mr. Demmler's motion.

And the question recurring on the adoption the motion, the motion prevailed.

The Chair:

Is there unanimous consent that Mr. Demmler's remarks be extended in the record? There being no objection, consent is granted.

The Chair presented

DEPARTMENT OF PUBLIC SAFETY

Pittsburgh, Pa.,

June 6, 1949.

Mr. James W. Patterson,
City Clerk.

Dear Sir:

In reply to your letter of June 1st, inre: "An Ordinance amending Ordinance No. 298 of 1923, regulating vacation of all city employees by allowing patrolmen in the Bureau of Police six holidays, and on which you request a recommendation and report; and you also request that the members of the Bureau of Fire be included:

To put in such a program at this time would entail an additional appropriation of approximately \$120,000.00 or a reduction in manpower, and inasmuch as both Bureaus are now undermanned, I would not recommend that such a program be instituted at this time.

Yours very truly,

George E. A. Fairley,
Director.

Which was read and referred to the Committee on Finance.

Mr. McArdle moved

That the Director of the Department of Public Safety furnish City Council with a detailed report to substantiate the figures contained in Bill No. 2863.

Which motion prevailed.

Mr. Weir moved

That the Minutes of Council of Tuesday, May 31, 1949, be approved.

Which motion prevailed.

CITY OF PITTSBURGH

CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Lands and Buildings in letters under date of June 6, 1949, addressed to the Mayor and the City Controller, has stated that it is deemed advisable to advertise for proposals and to purchase insurance covering the following buildings, to-wit:

City County Building, Grant St.

N. S. Carnegie Library, Federal and Ohio Sts.

Public Safety Garage, 556 S. Negley Ave.

City Stables, 1020 Bedford Ave.

Traffic Planning Building, 617 Second Ave.

No. 1 Police Station, Water and Short Sts.

No. 3 Police Station, 2608 Penn Ave.

No. 7 Police Station, So. 13th St.

No. 12 Police Station, Arch and Erie streets; and

Whereas, Ordinance No. 549, approved December 30, 1948, made no appropriation for this purpose; and

Whereas, in order to secure insurance on the aforesaid buildings it is necessary to appropriate the sum of \$20,000.00 to Code Account No. 1361-Miscellaneous Services, Department of Lands and Buildings, for this purpose; and

Whereas, such appears as good and sufficient reason to impel the certification of an emergency under the circumstances.

Now, Therefore, we DAVID L. LAWRENCE, Mayor of the City of Pittsburgh, and EDWARD R. FREY, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring the appropriation of \$20,000.00 to Code Account No. 1361, Miscellaneous Services, Department of Lands and Buildings, by transfer of the aforesaid sum from Code Account No. -----, for the purposes aforesaid.

DAVID L. LAWRENCE,
Mayor.

EDWARD R. FREY,
City Controller.

June 11, 1949.

Which was read, received and filed.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Duff	Wolk
Leonard	Gallagher
Stewart	(Pres't Pro tem.)
Weir	

Noes:—Mr. Demmler.

(Mr. McArdle not voting).

Ayes 6. Noes 1.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also, with an affirmative recommendation,

Bill No. 2865. An Ordinance entitled, "An Ordinance authorizing an Agreement with the Allegheny County Sanitary Authority for the preparation of construction plans for a sewage disposal system, and providing a loan of \$2,000,000 therefor."

Which was read.

• Also

Bill No. 2866. An Ordinance entitled, "An Ordinance authorizing the Mayor and the City Controller to execute a contract with the Allegheny County Sanitary Authority to provide for a further loan by the City of Pittsburgh to the Allegheny County Sanitary Authority, in the sum of \$100,000.00 for organization costs, administration expenses and costs for the preparation of construction plans

for a sewage disposal system; and providing for the repayment of said loan with interest from the proceeds of the first bonds issued by the said Allegheny County Sanitary Authority."

Which was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the bills.

Which motion prevailed.

And the bills were read a second time.

Mr. Leonard:

Mr. President: I just want to bring up a question in regard to Bills 2865 to 2868, relating to the Sanitary Authority. Mr. President, we settled on a proposition to loan the Sanitary Authority \$100,000.00 and also \$2,000,000.00. One question I want to ask, does that mean when we close this agreement, does that forever lock out any other boroughs or townships that are not included in this, under this \$2,000,000.00 we are going to loan? I would like to know whether they will have the opportunity later on of coming in, or whether when we pass this we are locking out all other boroughs and townships who may want to join at a later date. I, in all probability, know less about this Sanitary Authority question than anyone but I have been told that we may be blindly going into something that may cost us more money in the long run by taking the cheapest proposition today and then later taking over the proposition and making it a central plan for the entire Allegheny County. The only thing I am interested in, does this lockout the other communities?

The Chair:

As far as I know, any other municipalities, excepting the 42, as far as I understand they can make an agreement and pay the cost of using our facilities.

Mr. Duff:

Mr. President: In answer to Mr. Leonard's remarks, the present plan does include 42 neighboring municipalities. There is nothing that I know

of that would preclude other municipalities from joining, provided, however, they bear the expense which would be properly apportionable to the extension of the works so as to provide treatment for their municipalities. To include other communities, according to the original plan, would cost approximately 82 million dollars, and it is known that the City would be required to pay 50% of that amount. A large portion of that amount is the cost of interceptors beyond the City line. These interceptors are not for our immediate benefit but for outside communities and for that reason it is unjust to the citizens of Pittsburgh to impose the additional cost upon them. As I said, if these outlying communities are willing to bear their share of the expense for the extension of the lines, I suppose they could join and be entitled to the benefits.

Mr. Leonard:

Mr. President: I brought the question up, and I am glad to hear Mr. Duff say that he supposes they can join in with them, but as I understand this \$100,000.00 is to keep them operating for a certain period of time, and the \$2,000,000.00 to continue on the engineering and planning for six months or maybe a year, and a year from now it may be feasible and it may seem cheaper to have a central plan, and that is the part I am interested in. I am just as much for purification of rivers and streams and for good water as anybody else, but when we are wrestling around with this large sum of money, and on paper it looks like the cheapest thing to do today, but is it the best thing ten years from now? That is something we must take into consideration. I notice from the publicity we have on the Sanitary Authority that there will be cat fish down at the Point. I am one who wants to catch rainbow trout down at the Point. I would like to get an answer from the Law Department and the Department of Public Works—does this completely tie us down to one plan? That is the question I would like answered, and I think in fairness to the members of Council for the future, and maybe the

next five or ten years to come, that should be in the record of this Council, not when things start to roll three or four months from now, and we have nothing to show for the record and we may have to open up and change our plans and will cost us an additional million dollars. I think we should have it clear whether it will be possible at a later date by laws passed by the Commonwealth and by agreements that can be made by the third-class cities, boroughs and townships, whether that can be done, or where we are starting off today, that is the end of it.

Mr. Duff:

Mr. President: In answer to Mr. Leonard, the policy of admitting other municipalities as members of the Sanitary plan is not a question for the Department of Public Works or the Law Department; it is purely for this Council to determine if the benefits of this sanitary plan can and should be extended to other communities. It is up to this Council to decide that. It is purely a question of policy which must be determined by Council. The plans that are being prepared certainly are not going to be brought to completion in the next week. It is going to take a couple of years; and if these other communities manifest any disposition to participate in the integrated plan and they can show us that they can be admitted without imposing on the City undue financial burden, I think they should be admitted.

Mr. Leonard:

Mr. President: The only thing, I still think we should have a letter or some kind of a report from our Department of Public Works or our Law Department.

The Chair:

As far as these two bills are concerned, one is a loan of \$2,000,000.00 and the other is for \$100,000.00, and this is to help them get started. We have to meet the State deadline.

Mr. Leonard:

Mr. President: I am not trying to stop it. I am going to vote for it. But

I think it is better policy that this Council have on record a report from its own Works Department or a written report from its Law Department.

Mr. Duff:

Mr. President: It isn't for the Law Department or the Department of Public Works to prescribe the policy which the Council shall adopt.

Mr. Leonard:

Mr. President: I know that the Law Department and the Department of Public Works went over to Harrisburg and represented the City of Pittsburgh, with the State Sanitary Board. If we gave them that authority to go there, maybe they have that authority. Council is the appropriating body. We are the ones appropriating the money to finance that. I, as one member, want to protect my rights.

Mr. Duff:

Mr. President: The extension of this sewage plan to other communities is a matter which is to be addressed to Council for its consideration. Certainly neither the Public Works Department nor the Law Department can prescribe the policy which this body is to adopt. If other communities wish to be included in the plan, they can apply to Council, at which time any Councilman may express his views.

And the bills, as read a second time, were agreed to.

And the bills were read a third time and agreed to.

And the titles of the bills were read and agreed to.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Duff	Wolk
Leonard	Gallagher
Stewart	(Pres't Pro tem.)

(Mr. McArdle not voting).

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also

Bill No. 2867. An Ordinance entitled, "An Ordinance appropriating and setting aside the sum of One Hundred Thousand (\$100,000.00) Dollars to Code Account No., Stream Pollution and Sanitary Authority, to be loaned to the Allegheny County Sanitary Authority for organization costs, expenses of administration and costs for the preparation of construction plans for a sewage disposal system to treat and dispose of sewage in the City of Pittsburgh."

In Finance Committee, June 15, 1949, bill read and amended in Section 1 and in the title by inserting in blank space the figure "49," and as amended ordered returned to Council with an affirmative recommendation, subject to receipt of Certificate of Emergency signed by the Mayor and the City Controller.

Which was read.

Mr. Duff moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Also

No. 2946.

**CITY OF PITTSBURGH
CERTIFICATE OF EMERGENCY
REQUIRING A SPECIAL
APPROPRIATION**

Whereas, Article XIV, Section 13, of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinances except in cases of emergency, when special appropriations may be made to meet the same; and

Whereas, The Sanitary Water Board of the Commonwealth of Pennsylvania has directed that the City of Pittsburgh shall, on or before June 20, 1949, definitely inform the Board how the City intends to meet the Board's requirement that it (1) abate the discharge of its sanitary sewage wastes, (2) effect agreement with the Alle-

gheny County Sanitary Authority, or (3) submit detailed construction plans and specifications for the collection and treatment of these wastes; and,

Whereas, The City has reached an agreement in principle with the Sanitary Authority for the preparation by the Sanitary Authority of detailed construction plans and specifications for a sewage disposal system to serve the City of Pittsburgh and a number of adjacent municipalities; and,

Whereas, The Allegheny County Sanitary Authority has completed preliminary work and is now in need of further funds to carry on the program toward final completion; and,

Whereas, There appears a good and sufficient reason to impel the certification of an emergency;

Now, Therefore, we DAVID L. LAWRENCE, Mayor of the City of Pittsburgh, and EDWARD R. FREY, Controller of the City of Pittsburgh, do hereby certify to the Council of the City of Pittsburgh the existence of an emergency requiring the special appropriation of the sum of One Hundred Thousand Dollars (\$100,000.00), to be loaned to the Allegheny County Sanitary Authority as an aid in carrying out its program for the City of Pittsburgh as required by the Sanitary Water Board of the Commonwealth of Pennsylvania.

DAVID L. LAWRENCE,
Mayor.

EDWARD R. FREY,
City Controller.

Dated: June 13, 1949

Which was read, received and filed.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

Also

Bill No. 2876.

CITY OF PITTSBURGH

CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, in order to implement the CLEAN-UP CAMPAIGN it is deemed necessary to employ 30 special police officers to assist in the purposes of the MAYOR'S COMMITTEE FOR A CLEANER CITY; and

Whereas, such appears as good and sufficient reason to impel the certification of an emergency under the circumstances,

Now, Therefore, we, DAVID L. LAWRENCE, Mayor of the City of Pittsburgh, and EDWARD R. FREY, Controller of the City of Pittsburgh, do hereby certify to Council of the City of Pittsburgh the existence of an emergency requiring an amendment to Section 46 of Ordinance No. 550, Bureau of Police, approved December 30, 1948, entitled, "An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof" to permit the employment, during the months of July and August 1949, of 30 special police officers to assist in the purposes of the MAYOR'S COMMITTEE FOR A CLEANER CITY.

DAVID L. LAWRENCE,
Mayor.

EDWARD R. FREY,
City Controller.

Dated: June 11, 1949

In Finance Committee, June 15, 1949, read and ordered returned to Council to be incorporated in the permanent record.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2877. An Ordinance entitled, "An Ordinance amending a portion of Section 46, Bureau of Police, of Ordinance No. 550, approved December 30, 1948, entitled, 'An Ordinance fixing the number of officers and employees of all departments of the City of Pittsburgh, and the rate of compensation thereof.'"

Which was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Duff	Wolk
Leonard	Gallagher
Stewart	(Pres't Pro tem.)

(Mr. McArdle not voting).

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 2871. Resolution authorizing the issuing of a warrant in favor of Michael Bertha and Capitol Mutual Fire Insurance Company, c/o Thomas H. Cauley, Esq., in the sum

of \$194.33, in full settlement of claim against the City for automobile damaged February 12, 1949, at 1814 Funston street, and charging same to Code Account No. 42, Contingent Fund.

Which was read.

Also

Bill No. 2872. Resolution authorizing the issuing of a warrant in favor of H. Ryerson Decker in the sum of \$374.41, in full settlement of his claim against the City for personal injuries and automobile damaged Feb. 25, 1949, at 1814 Funston street, and charging the same to Code Account No. 42, Contingent Fund.

Which was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the resolutions.

Which motion prevailed.

And the rule having been suspended, the resolutions were read a second and third times, and upon final passage the ayes and noes were taken and being taken were:

Ayes:—Messrs.

Demmler	Weir
Duff	Wolk
Leonard	Gallagher
Stewart	(Pres't Pro tem.)

(Mr. McArdle not voting).

Ayes 7. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolutions passed finally.

Also

Bill No. 2874. Resolution authorizing the issuing of warrants in favor of the Duquesne Light Company for lighting furnished during the months of June, July and August, 1949, not exceeding the sum of \$61,000.00 for any one of the months, and at rates which shall not exceed the rates charged for street lighting in the account rendered by said company for the month of May, 1949, said payments to be charged to Code Account No. 1597-2, Street Lighting, and providing that Council, upon reconvening, will pass the necessary legislation validating these payments to the said Company.

Which was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the resolution was read a second time.

Mr. Leonard:

Mr. President: I note under Bill No. 2874, in regard to the payment of \$61,000.00 to the Duquesne Light Company, the bill is worded: "WHEREAS, The City Council may hold no meetings during the months of July and August," I don't know what you are paying bills for under conditions like that unless you decide what you are going to do.

The Chair:

If we don't pay the bills of the Duquesne Light Company on the day they are due we lose the discount, and that amounts to \$800.00 a month, and that is the purpose in case Council does decide to recess. We can get the discount.

Mr. Leonard:

Mr. President: That is not the point. The point is that Council may not hold meetings during July and August. For three years I have heard great bragging of Council completely staying in session. That we have so many things to do that we were not able to recess. In my opinion, now is the time we have a lot of things to do. I asked the question, and the President said, "No, we don't have anything up like that," but through the grapevine I was able to find out that they did, and I was just wondering if Council is going to recess, because this happens to be a campaign year.

The Chair:

I can't answer your question. That is up to the majority to decide.

Mr. Leonard:

Mr. President: I don't think we ought to pass that bill.

The Chair:

We don't want to lose the discount, and the bill was put in for the pur-

pose of saving the discount.

Mr. Leonard:

Mr. President: If we are going to stay in session we don't have to pay July and August discount. We will pay it when it comes up. We will be in session.

And the resolution was read a third time, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler	Weir
Duff	Wolk
Leonard	Gallagher
Stewart	(Pres't Pro tem.)

(Mr. McArdle not voting).

Ayes 7. Noes none.

And there being a two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Also

Bill No. 2868. Resolution authorizing the issuing of a warrant in favor of Allegheny County Sanitary Authority, in the sum of \$100,000.00, pursuant to the contract between the City of Pittsburgh, and the Allegheny County Sanitary Authority, and charging the cost to Code Account No.-----

In Finance Committee, June 15, 1949, read and amended by inserting in blank space the figure "49," and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Duff moved

That the amendment of the Finance Committee be agreed to.

Which motion prevailed.

And the resolution, as amended in Committee and agreed to by Council, was read.

Mr. Duff moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the rule having been suspended, the resolution was read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler	Weir
Duff	Wolk
Leonard	Gallagher
Stewart	(Pres't Pro tem.)

(Mr. McArdle not voting).

Ayes 7. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the resolution passed finally.

Mr. Duff (for Mr. Gallagher) presented

No. 2947. Report of the Committee on Public Works for June 15, 1949, transmitting two ordinances to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

An Ordinance entitled, "An Ordinance amending Zoning Ordinance No. 372, approved August 9, 1923 Zone Map, Sheet Z—O—E30, by changing from a 'B' Residence, Thirty-five Foot District to an 'A-B' Residence, Forty-five Foot District, all that certain property lying within the Beechwood Drive Development Plan of Lots, except that part dedicated as a public reservation."

Which was read.

Mr. Weir moved

That the bill be laid on the table.

Which motion prevailed.

Also

Bill No. 2765. An Ordinance entitled, "An Ordinance supplementing Zoning Ordinance No. 372, approved August 9, 1923, by extending the Zone Map to include that portion of Ross Township annexed to the City of Pittsburgh by Ordinance No. 26, approved January 30, 1948, and by order of Court of Quarter Sessions on April 28, 1948, at No. 67 March Term, 1948, as shown on the accompanying map.

Which was read.

Which was read.

Also

Bill No. 2892. An Ordinance entitled, "An Ordinance granting unto the Sun Oil Company, a New Jersey Corporation, its successors or assigns, the right and privilege to install, maintain and use a 1" connection to the 80" City Water main crossing Boyd avenue at Fountain street in O'Hara Township, Allegheny County, Pennsylvania."

Which was read.

Mr. Wolk moved

A suspension of the rule to allow the second and third readings and final passage of the bills.

Which motion prevailed.

And the bills were read a second time and agreed to.

And the bills were read a third time and agreed to.

And the titles of the bills were read and agreed to.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Duff	Wolk
Leonard	Gallagher
Stewart	(Pres't Pro tem.)

(Mr. McArdle not voting).

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Mr. McArdle presented

No. 2949. Report of the Committee on Lands, Buildings and Housing for June 15, 1949, transmitting sundry resolution to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2881. Resolution authorizing the Mayor, on behalf of the City of Pittsburgh, to join with the Country of Allegheny and the School District of Pittsburgh, on the one part, and the following person on the other part, in separate agreement for the sale of the following real estate free and clear of all encumbrances for the following sum, and upon receipt of the sum set forth in the agreement, to execute and deliver a deed for the interest of the City in the following real estate:

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the Resolutions passed finally.

MOTIONS AND RESOLUTIONS

Mr. Leonard:

Mr. President: Over the week-end, and especially last Friday night, I had in my office and in my home a group of people, who say they are representing the people of the North Negley avenue section surrounding Highland Park and that district. They informed me that there are surveys being made, and the rumor is out, that a group of properties are to be condemned for public purposes, and they are hunting a reason so they may be able to enter a protest. I was asked the question, and the only answer I had, was that I am not aware of any surveys being made, or any moves being made to condemn any real estate in the Negley avenue district, I was telling the truth. I did go over and take a look at some of the property and saw some stakes and saw that the surveyors have been around. Several people have asked me that question. I have no way of answering it. I do know there is a committee in that community that is collecting ten dollars per family in order to fight the case of condemning property without holding a public hearing. My answer was that

I didnt' know what authority I had, and they said they knew the City passed the railroad bills without a public hearing and wanted to know if we are going to condemn that property without first granting a public hearing to the people of the neighborhood. I was interested in one statement by one of the men, who is a lawyer, who was at my home. When he was leaving he said he doubted whether the City of Pittsburgh had a right to condemn property for opera purposes. I am just bringing it in and the only way I can find out anything is through the City Council, in the open Council Chamber.

The Chair:

As far as I know, I know nothing about a survey.

Mr. Leonard:

Mr. President: I am bringing it up to get it on the record. I am told that the people of the Negley avenue district close to Highland Park are organizing a committee and collecting \$10.00 a family and want to know

who they can see in the City or if they can see City Council to find out what it is all about. I have not said I was for it or opposed to it. I said, I don't know any more about it than you do. I am just asking for advice as to what they should do. After all, they are a group of taxpayers and they do have rights as taxpayers and home owners to raise their objections publicly. If we are out there surveying the land for the purpose of condemning it, that is not the proper way of handling public business.

Mr. Weir moved

That the Minutes of Council of Monday, June 13, 1949, be approved.

Which motion prevailed.

The Chair announced

A conference of the Mayor and City Council in the Mayor's Conference Room, on Tuesday, June 21, 1949, at 10:00 o'clock, A. M.

Upon motion of Mr. Weir

Council adjourned.

Which was read.

Also

No. 3034.

OFFICE OF THE BUDGET CONTROLLER
Pittsburgh, Pa., July 5, 1949.

President and Members
City Council,
City of Pittsburgh.
Gentlemen:—

In Re: Bills Nos. 2923 and 2924.

The above bills are proposed ordinances repealing Ordinances No. 388,

approved September 24, 1946, and No. 509, approved December 30, 1946, were affirmed, subject to report from the Budget Controller.

Ordinance No. 388, was for the purchase of a 25 Kilo Generator which the Bureau of Fire was endeavoring to purchase from U. S. surplus materials, but was unable to secure delivery from the government authorities.

Ordinance No. 509 was for the purchase of three quarterfold life nets and covers, for which the Bureau of Fire was unable to secure bids.

By repealing these two ordinances amounting to \$2,325.00, this sum would permit the purchase of bedding, chairs, fire extinguishers and small equipment, all of which are badly needed. A shortage of this equipment has occurred by reason of high prices and short stock during the past few years.

Respectfully submitted,

John Duggan,
Budget Controller.

Which was read, received and filed.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of Bills No. 2923 and No. 2924.

Which motion prevailed.

And the bills were read a second time and agreed to,

And the bills were read a third time and agreed to.

And the titles of the bills were read and agreed to.

And on the question, "Shall the bills pass finally?"

• The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Leonard	Wolk
McArdle	Gallagher
Stewart	(Pres't Pro tem.)

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

President and Members
of City Council,
City of Pittsburgh.

Dear Sirs:—

In compliance with your request of July 7, to report on Bill No. 3006 of City Council, being an ordinance authorizing the Superintendent of the Bureau of Building Inspection to issue a permit to St. Michael's R. C. Church for alterations, please be advised as follows:

The Board of Standards and Appeals in Case No. 63, under date of July 1, 1949, denied the appeal of the St.

Michael's R. C. Church to change the occupancy of the third floor of the building located at 25 Pius street, 17th Ward, from a dormitory to classrooms for the reason that in the opinion of the Board, it has no authority to grant such permission. Copy of the Board's decision is enclosed herewith.

In the face of the Board's decision, the Bureau cannot make an affirmative recommendation on the proposed ordinance. If Council sees fit to authorize the change of occupancy, together with various safeguards which are specified in said ordinance, this Bureau will see that the construction and the occupancy complies in every respect with the requirements of the enactment.

Very truly yours,

George E. A. Fairley,

Director.

Department of Public Safety.

July 1, 1949.

BOARD OF STANDARDS AND APPEALS

Appellant—St. Michael's R. C. Church.

Subject—Application for certificate of occupancy, building to be converted from a school and dormitory to a school, the third floor thereof to be changed from a dormitory to school rooms.

Location—25 Pius St., 17th Ward.

Hearing—June 28, 1949.

Present at hearing—John Schurko.

Board Members Present—Messrs. Fisher and Peters.

The building which is of Type V construction was built prior to 1880. The basement and the first and second floors have been occupied for many years for school purposes and, according to testimony given by Mr. Schurko, the third floor which has been used as a dormitory since 1940 was occupied for school purposes during a number of years prior to 1925 and as classrooms and dormitory from 1925 to 1940.

Table 5-B of the Code does not permit occupancy as a school of any building of Type V construction which

exceeds one story in height. While the existing occupancy as a school of the basement and the first and second stories constitutes a non-conforming use, extension of such use to any other part of the building not now legally occupied for such purpose is not permitted under the Code. The Board is therefore of the opinion that it has no authority to grant this appeal.

Appeal denied.

BY THE BOARD

Laurence O'Toole (M) (s)

Secretary.

Which was read, received and filed.

Mr. Leonard moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. McArdle:

Mr. President: This is similar to an ordinance which was passed for Duquesne University. While it does not meet the Building Code, it is impossible to meet the requirements of the Building Code as now written and to keep the present structure. So, I think the report of the Department, while they do not have authority, is very favorable, and I think Council should pass this bill.

Mr. Leonard:

Mr. President: I looked over the plans and specifications after the ordinance came before Council, and upon inspection I find it is not a problem of new construction. The alterations comply with the new Building Code in every respect. The only question in doubt is the present structure. I, myself, see nothing wrong with that. I think what we are interested in is the new work, not the existing structure.

Mr. Weir:

Mr. President: I agree with what has been said, and I believe if Mr. O'Toole had been present the report would have been worded a little differently; but he is in the hospital.

We have had the same thing up a couple of times. The fact that they prepared the ordinance is indicative that they feel it is a good thing to do this. They do not have the power, at least they did not have the power. This is the fourth time we have taken action of this nature. They have prepared the ordinance and I believe that they prefer that we pass this ordinance. They feel that they cannot do it, but that does not mean that they do not want us to do it.

And the bill, as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Stewart
Gallagher	Weir
Leonard	Wolk
McArdle	Kilgallen, (Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Mr. McArdle presented

No. 3072. Report of the Committee on Lands, Buildings and Housing for July 6, 1949, transmitting sundry resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 2974. Resolution authorizing the sale to Charles J. Nardina and Margaret Nardina, his wife, property on Lacock street, between Corry and Itasco streets, being part of Lot No. 166 in the Robinson, Jr. Plan, for the sum of \$1,200.00.

Which was read.

Also

Bill No. 3008. Resolution authorizing the sale of Lot on Downlook avenue, 10th Ward, to Amico Colaizzi and L. Maria Colaizzi, his wife, for the sum of \$200.00.

Which was read.

Also

Bill No. 3009. *Resolution authorizing the sale of the westerly half of Lot No. 130 on Downlook avenue, 10th Ward, to Andrew P. Demos and Aryola M. Demos, his wife, for the sum of \$200.00.

Which was read.

Also

Bill No. 3010. Resolution authorizing the sale of Lots No. 1, 2 and 3 on Gladys avenue, 19th Ward, to Joseph F. Hagan and Marie M. Hagan, his wife, for the sum of \$1,500.00.

Which was read.

Also

Bill No. 3011. Resolution authorizing the sale of Lot No. 133 on Edith street, 19th Ward, to William W. Harper, for the sum of \$250.00.

Which was read.

Also

Bill No. 3012. Resolution authorizing the sale of a portion of Lots No. 3 and 4 on Gladys avenue, 19th Ward, to Joseph A. Ridge, Jr., and Anna Ridge, his wife, for the sum of \$1,200.00.

Which was read.

Also

Bill No. 3013. Resolution authorizing the sale of Lots No. 151 and 152 on Wabash avenue, 20th Ward, to Otto A. Smith and Mary M. Smith, his wife, for the sum of \$1,000.00.

Which was read.

Also

Bill No. 3014. Resolution authorizing the sale of Lots Nos. 253 to 260, inclusive, on Harris avenue, 28th Ward, to Ellen R. Weichrauch, for the sum of \$1,600.00.

Which was read.

Also

Bill No. 3015. Resolution authorizing the sale of Lot No. 828 on Shore avenue, 22nd Ward, to Max Yahr, for the sum of \$6,500.00.

Which was read.

Also

Bill No. 3016. Resolution authorizing the sale of Lots No. 693 and 694 on Mayville street, 19th Ward, to James Wonn and Annetta Wonn, his wife, for the sum of \$300.00.

Which was read.

Mr. McArdle moved

A suspension of the rule to allow the second and third readings and final passage of the resolutions.

Which motion prevailed.

And the rule having been suspended, the resolutions were read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler	Stewart
Gallagher	Weir
Leonard	Wolk
McArdle	Kilgallen, (Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the resolutions passed finally.

Also

Bill No. 3017. Resolution authorizing the sale of Lots No. 124 to 131, inclusive, on Salisbury street, 16th Ward, to Alexander R. Bartman and Catherine M. Bartman, his wife, for the sum of \$1,000.00.

Which was read.

DEPARTMENT OF LANDS AND BUILDINGS

Pittsburgh, Pa.,

July 7, 1949.

President and Members of Council,
City of Pittsburgh,
Pennsylvania.

Gentlemen:—

Referring to Bill No. 3017, Resolution authorizing the sale of Lots Nos. 124 to 131, inclusive, on Salisbury street, 16th Ward, to Alexander R. Bartman and Catherine M. Bartman, his wife, for the sum of \$1,000.00, please be advised that at a meeting

of representatives of the Department of Lands and Buildings, the School Board and the City Planning Commission it was decided it would be best to disapprove the sale of the aforesaid lots at this time.

We would appreciate it if you would table the sale of these lots.

Yours very truly,

Homer R. Greene,
Director.

Which was read.

Mr. Gallagher moved

That Bill No. 3017 be recommended and No. 3073 be referred to the Committee on Lands, Buildings and Housing.

Which motion prevailed.

MOTIONS AND RESOLUTIONS

Mr. Leonard presented

No. 3074.

Whereas Robert B. King, owner of a large tract of land in the Eleventh Ward of the City of Pittsburgh, in a statement made to the Committee on Hearings of Council, at a meeting held Friday, July 8, 1949, said, *inter alia*:

"After long thought and careful consideration, I make this suggestion which I hope you will regard as constructive:

"If the City will agree to let me live out my life, unmolested, where I am now living, I will agree to give to the City the property proposed to be condemned and, in addition, my home, all other buildings and adjoining grounds, upon the condition that the City use the property as a part of Highland Park, for park purposes only, such as a sanctuary for birds and wild life, and a place for nature study, which all of the people may enjoy and learn to enjoy, forever; and upon the condition that no arena or other building be erected to the detriment of my neighbors and neighborhood." And

Whereas, The Council of the City of Pittsburgh is of the opinion that such an addition to Highland Park

would constitute a material contribution to the civic betterment of Pittsburgh; Now, therefore, be it

Resolved, That the City of Pittsburgh does hereby accept the generous gift of Robert B. King of his property in the Eleventh Ward of the City of Pittsburgh as an addition to Highland Park upon the terms and conditions outlined in his statement to Council; And be it further

Resolved, That a copy of this resolution be sent to Robert B. King expressing the deep appreciation of the City of Pittsburgh for his generous offer.

Which was read.

Mr. Leonard:

Mr. President: I can ask for the passage of this resolution today, or it can be referred to Committee for discussion tomorrow. Yesterday I talked to Mr. King and also several people in that community. In fact, I went over the property once again and looked over it. I had with me, in my opinion, one of the most competent engineers that I think is available to consult on a matter of this kind. I do not know whether any members of City Council have been out and went down through that ravine and that wild life plantation down there abutting Highland Park, but I understand no member of City Council has been on the King property. I was informed that in the past several weeks there have been a lot of low-flying airplanes flying around that property too. For what reason I do not know; I wasn't in the airplanes. Mr. King is very much interested in doing what he thinks is the right thing for the City of Pittsburgh and for all the people, and in particular his neighborhood and surrounding community. I have been authorized to bring this question up, although I don't believe it belongs here, but two weeks ago Mrs. King passed away. So, I am bringing this up to show their love for their neighborhood and this community. In Mrs. King's Will, which I have been authorized to mention publicly, there is \$150,000.00 left in that Will, plus her jewelry and other possessions, which will make a few hundred thou-

sand dollars more, and the purpose of that is to build a new church for St. Raphael's Parish, that practically abuts King avenue. I bring that in, and I was authorized to bring that up for the reason to show the spirit of the King family in that community for the people. Mr. Chairman, I can move for the passage, and I might say the Will is public record and you can get it and read it in the Register of Wills office. I bring those things in, Mr. Chairman. I live in the community. I have been the one that has criticised and was of the opinion that too much real estate has been taken off the tax books of the City of Pittsburgh. It has been exempted for parks, for memorials and for monuments that have been built and it comes back to the little home owner who has to pay the freight. I never thought I would be a party to exempting any more real estate of Pittsburgh but this is a very extenuating case, and I hope you members, before you take any action and before you decide that the Civic Light Opera will be built out there, that at least all of you visit that property. It isn't a question of the King Estate, it isn't a question of the surrounding community, but it is a big question if you will look at Doctor Conti's property and Balls' property and also the Hayes property, these homes that are worth in the neighborhood of a hundred thousand dollars. I had an engineer along to give professional advice. I was told that it will take almost a million dollars to make the excavation and approach to this civic opera. I am only speaking from advice I got from professional people. As I remember on that opera the ordinance that was passed, it says that the Kaufmann Trust Fund will contribute five hundred thousand dollars to the City of Pittsburgh and then they will pay and will have a right to select the architect and engineers, etc., but if this project exceeds one million dollars it is out the window, but the Kaufmann Trust Fund will stand the expense of the engineering and architectural costs; it will not cost the City anything. In fairness, I have been advised as when I asked the question

has any member of Council been on the property, I am advised by pretty good engineers, and at the right time I will submit names and at another hearing they will appear, and that no kind of engineering or architectural design can build this project for one million dollars. So, if we make a study of our own as members of City Council and find out that it will cost more than a million dollars, then, according to that, we cannot go ahead unless we appropriate additional money. Let's get the true story of it. Can we build it for a million dollars or can't we build it? If we can't build it for a million dollars, then let us let these people sleep at night, and say it is impossible to put it there. I just ask a little advice from the members of Council. I realize you men had a meeting since that hearing, in star chamber session behind closed doors. I don't know whether you came to a decision. I am hesitant whether to move for the adoption of the resolution at the present time or refer it to Committee—I don't know. I just don't know whether to move for the adoption today or refer it to Committee for further discussion.

The Chair:

Gentlemen: You know I have been absent from Council for some weeks. The matter of teeth. I no longer have a tooth in my head except one that was manufactured and have a little difficulty articulating with it. The site for the proposed civic light opera has been under study and consideration for weeks and for months. The members of Council are very often accused of being hasty and quick in their decisions and very seldom is the accusation accurate. The group of people who made this decision, that is the decision that the King property was most suitable for the proposed civic light opera is large in number; I think it contains forty people and none of them have any personal interest and certainly none of them have any partisan interest in the matter. City Council has been sitting here waiting for that neutral group, that well selected group of Pittsburghers, to make its recommendations. Now it

has made its recommendations, and we were told this morning that this committee had considered all the elements involved and had gone over the site with a very close scrutiny. They had considered the matter of the neighborhood protests and had considered every reasonable thing that every man and woman would be properly supposed to consider, and after sincere, earnest and I will say unselfish and certainly non-partisan consideration, they recommended to City Council that this be the site. Now it is true as Mr. Leonard has intimated that no member of Council has been on that property. Certainly I haven't. I have been raised in that neighborhood and am fifty-seven years of age and live on Friendship avenue and I know the property as well as any man reaching my years. I have played around there as a boy and I know that property as well as a man of my years could be expected to know it, but I don't know it as intimately as Mr. Leonard would like. It is closed property. It would be rude of me or any member of Council last week for any of us to visit the property and go over the grounds. I don't think the people of Pittsburgh would expect that of us. I accept the thought that this is going to be a stadium neighborhood if that civic opera goes through. There are stadiums of all kinds. You can have a saloon and honky tonk and have quite a disreputable neighborhood or you can have a neighborhood that gives the very finest and is the very finest and has a very little detrimental value on real estate. There are very many throughout the country. There are people in this audience who have been in the Rose Bowl in California. Mr. Leonard has been there and I can name quite a number of stadiums in the United States where realty values are not affected and living conditions are not affected; but as I say now, I don't want to overstate here it will be a stadium neighborhood. I think the best thing to do is to refer this bill to Committee tomorrow, so we can have last and final discussion by anyone who wants to talk about it. If I am Chairman of that meeting it is going to be

much more orderly than our last meeting was. If I read the papers correctly, if we have public discussion, I am going to protect anybody who stands to talk. If there is an audience here tomorrow, I assure you, if I am sitting in the chair, it is going to be an orderly, American discussion and any time it is going to get out of hand the hearing is going to be adjourned.

Mr. McArdle:

Mr. President: You were not at the hearing for the reasons stated. You made a pretty tough statement to keep it orderly.

The Chair:

I will or else it will adjourn. We want you to know we are nine hard boiled politicians and we want the facts on the merits of the case.

Mr. McArdle:

Mr. President: I don't know what the sentiment of City Council is going to be with regard to the condemnation of this property. There are two points in this. I think the demonstration here last Friday and the offering here of Mr. King certainly is the thing that is primarily before this Council. In my opinion, it is based, by consultation with lawyers, I don't think the City can condemn this property for the opera. But I don't think that is the thing that should be considered by this Council. One of the most tragic things that I have experienced in the eight years that I have been a member of Council, was to look at Mr. King standing there reading the paper, at the age of upwards of seventy years, and I understand, his sight leaving him to make this request of the City Council: "If the City will agree to let me live out my life, unmolested, where I am now living," that to me is pretty strong language and it is pretty brutal to walk in and take a man's property after he is seventy-four years of age, and two weeks after the death of his wife; to go in and take that property for public purposes with the thought in mind, to build a civic light opera in that area. Those words uttered by Mr. King should be enough to have the people who are concerned and

interested in Civic Light Opera to look elsewhere for a site. The men who made this engineering study and the people who appeared here as the engineers and represented the committee, not one of them an elected public official, and I think, as far as I am concerned, I am not going to be any part of condemning a piece of property or taking it away from a man. I hope the statement I am going to make is in error but by virtue of the fact he just has a few years to go, to deprive him of dying upon the place that he built up.

Mr. Stewart:

Mr. President: There is only one thing before this Council. With deference to you, Mr. President, I think your remarks were not pertinent to the matter before us, and I think Mr. McArdle's were not. Mr. Leonard asked the question whether his resolution should go to committee or whether he should ask us to vote on it now. Under the rules of this Council this resolution goes to committee unless a motion is made for its immediate adoption and the motion is passed. That is all there is. We are not talking about another ordinance that's in Committee tomorrow. And it seems to me that in the absence of any motion that we immediately consider this thing, that it would go to committee, and it seems to me that is where it should go.

Mr. Leonard:

Mr. President: As Mr. Stewart mentioned, I made those remarks and I was only trying to find out where the wind was. I will not attend any closed conferences of this City Council.

Mr. Leonard moved

That the resolution be referred to Committee on Finance.

Mr. Stewart:

Mr. President: The bill automatically goes to committee.

And the question recurring on the adoption of the motion, the motion prevailed.

Mr. Gallagher presented

No. 3075. Resolved, That the Director of the Department of Lands and Buildings be and he is hereby authorized and directed to furnish Council with a report and an estimate of the cost of installing an amplifying system in the Council Chamber.

Which was read.

Mr. Gallagher moved

The adoption of the resolution.
Which motion prevailed.

Mr. Weir moved

That the Minutes of Council of Tuesday, July 5, 1949, be approved.
Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

UNFINISHED BUSINESS

The Chair took up

Bill No. 2695. An Ordinance entitled, "An Ordinance amending Zoning Ordinance No. 372, approved August 9, 1923, Zone Map, Sheet Z—O—E15, by changing from a "B" Residence and First Area District, to a Neighborhood Retail and Third Area District, all that certain property bounded by Devlin street; a 30 foot street as appears on William J. and H. Howard's unrecorded plan; a line parallel with and distant 175 feet southwardly from Devlin street; and Castel street."

In Council, July 11, 1949, Bill read and laid on the table.

Which was read.

Mr. Gallagher moved

That Bill No. 2695 be laid on the table.

Which motion prevailed.

OFFICE OF THE BUDGET
CONTROLLER

Pittsburgh, July 14, 1949.

President and Members,

City Council,

City of Pittsburgh.

Gentlemen:

In re: Bill No. 3052

The above bill is "An Ordinance transferring the sum of \$2,500.00 from Code Account No. 1443, Salaries, Regular Employees, to Code Account No. 1452, Equipment and Machinery, Bureau of Police, Department of Public Safety," and was affirmed subject to a report from the Budget Controller.

The sum of \$2,500.00 being transferred from Code Account No. 1443, is needed to pay for four oxygen therapy units for use in police ambulances and patrol wagons. As this equipment is used in emergencies, lives are endangered in using the old equipment, which is practically worn out.

Code Account No. 1443, Salaries, Regular Employees, Bureau of Police, has a surplus of \$2,500.00 due to unfilled positions.

Respectfully yours,

John Duggan,

Budget Controller.

Which was read, received and filed.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler

Gallagher

Leonard

McArdle

Stewart

Weir

Wolk

Kilgallen, (Pres't)

Ayes 8. Noes none:

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 2870. An Ordinance entitled, "An Ordinance setting aside and appropriating the aggregate sum of \$44,880.00 from Bond Fund No. 176, General Public Improvement People's Bonds of 1949, Series A, for the payment of costs incurred in connection with the preparation of plans for the general and particular revamping and replanning of the City's street system as related to a Master Highway Plan for the City, and to the Master Plan of the City in all its phases, by the Department of City Planning."

In Finance Committee, July 12, 1949, bill read and amended in Section 1 and in the title by striking out the figure "\$44,880.00" and inserting in lieu thereof the figure "\$26,180.00," and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Demmler moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

McArdle	Kilgallen, (Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 3018. An Ordinance entitled, "An Ordinance authorizing the taking, using, appropriating and condemning by the City of Pittsburgh of certain property of Robert B. King, Ruth Newcomer, and John E. Tasero, Jr., and Anna May, his wife, situate in the 11th Ward of the City of Pittsburgh, for public purposes and authorizing the Director of the Department of Public Works of the City of Pittsburgh to take the necessary proceeding therefor."

In Finance Committee, July 12, 1949, Bill read and amended in Section 1 as shown in red, and in the title by inserting before the words "public purposes" the words "the enlargement of Highland Park, the erection of a municipal Outdoor Theatre and other" and by inserting after the words "the Director of the Department of Public Works," the words, "and the Director of the Department of Parks and Recreation," and as amended ordered returned to Council with an affirmative recommendation.

Which was read.

Mr. Demmler moved

That the amendments of the Finance Committee be agreed to.

Which motion prevailed.

And the bill, as amended in Committee and agreed to by Council, was read.

Mr. Leonard:

Mr. Chairman, in regard to Bill No. 3018, File No. 1559, I am going to ask that the Bill be returned to Committee for further study. In asking for that action I would like to ask you, Mr. President, if the Law Department has rendered an opinion on what they think will happen in regard to this legislation?

The Chair:

We have no written opinion here in

Council.

Mr. Leonard:

This is a double question. I, as one member of Council think that I should be supplied with a written opinion from the Law Department on the original Bill. As a layman, not as a lawyer, but as an elected City official, I am demanding the right that Miss Alpern, the head of the City Law Department, furnish me, as a member of City Council, with a legal opinion on the amphitheater that is proposed to be built. I demand that right as an elected member of Council, That I be furnished that information before this Council votes on this Bill. I have been elected to Council three times. I am no lawyer. I am a layman. I demand that the Law Department furnish me with legal advice before I vote on the Bill.

Mr. McArdle:

I second the motion.

The Chair:

Any questions or remarks on the motion?

Mr. Demmler:

I am sure a request from Council to the Law Department will receive a reply. All the years I have been in Council any request I have made has always received a reply, and there is no need to demand a reply. I am sure the Law Department will give a written opinion on this matter without the necessity of demanding it.

Mr. Leonard:

That is alright with me but I am demanding it under the constitutional rights of the Charter of the City of Pittsburgh as an elected member of Council by the People of the City of Pittsburgh, that I have legal advice of the Law Department before I vote on this Bill. We are entitled to that advice as elected officials of the City of Pittsburgh. I do not think I am asking too much. I am entitled to that courtesy the same as any member of this Body is entitled to it.

Mr. Stewart:

I would like to ask Mr. Leonard if after the City Solicitor did render an

opinion saying it was legal whether or not that would change his heretofore opposition on this Bill?

Mr. Leonard:

Mr. Chairman, that is not the question as to how I am going to vote. I am asking the question to be advised on what the law is. I am asking it to find out what the opinion of the legal department is. I am entitled to this information as a member of Council.

Mr. Stewart:

The point I am raising is that when a man is against a Bill I do not know why he is asking for information about it.

Mr. Leonard:

I realize the former speaker was at one time the head of the Law Department. I have always been advised by lawyers never to be afraid to get legal advice on any question. It is not a question how I vote on the Bill. It is a question of my being supplied with the legal knowledge I want from the lawyers of the Law Department. I now request that the head City Solicitor furnish me with that information. I do not care who she designates as long as the answer comes from her office. I am entitled to that information under the Charter of the City of Pittsburgh. Mr. Stewart intimates he knows how I am going to vote. Nobody knows that but Mr. Leonard. When the Bill comes up for action before I vote I would like to be informed as to any legal obstacles.

The Chair:

This Bill was presented in Council on July 5th. Before that the subject matter has been under discussion for many months. Had Mr. Leonard's request been made more timely I would have been agreeable to favor it, but here on the threshold of the vote Mr. Leonard desires to call the City Solicitor before City Council to interrogate her as to the legality of the matter. This does not meet with my personal approval. I am personally going to vote against Mr. Leonard's motion.

Mr. Leonard:

When you make that statement that is the cue for what is going to happen. I have a lawyer that has been advising me on different matters and he gave me that advice this morning that I ought to know as a member of Council the legal status of this Bill. I have as much regard for that lawyer's advice as I have for any lawyer's advice in City Hall. A lawyer is a lawyer to me. He advised me to protect myself on my rights as a member of this body. Mr. Kilgallen, you are a lawyer, and several other members of this Body are lawyers, but the people of the City of Pittsburgh do not always elect lawyers to public office, and I have sat here time and time again and listened to you men debate and listened to you get mad at one another. I have never seen all of you agree on an opinion. You have your differences of opinion. I am entitled to legal advice as a member of this Body. Why the rush? What is the hurry that this has to be passed today? Is the ground to be broken, pictures to be taken, news reel cameramen with high-powered press agents to give off political propaganda. There are several thousand people in this community who are being disturbed. You met at 10:30 o'clock this morning, and no doubt discussed it in the private conference. As a member of City Council I am against shutting the doors on elective officials. These matters should be discussed out here in this public Council Chamber. I am advised by an outside lawyer that I should have legal advice on this Bill before I vote on it.

The Chair:

As a lawyer I think any Court will inform you that you are too late. This matter has been before Council for months, and the matter is now on the threshold of a vote and your remarks would not make the slightest difference. Mr. Leonard, you are opposed to this Bill. Your motion is intended for no other reason than to delay action on this Bill. Therefore, you are not in the right.

Mr. Leonard:

Mr. Kilgallen, it would not be the

first time I had a change of mind. I have been a believer in legal advice and the people that have been advising me have been doing so for years; but whether I am trying to hold up the Bill I am asking point blank that the Law Department, as one-ninth of the representatives of the people in this Council, to furnish an opinion in the matter. If you refuse, that is only another step higher with the back door policy. You are adding a new law when you deny me the right of an opinion as a member of this Body.

The Chair:

You are not going to be denied full information as to the legality of this Bill. You are only going to be denied the motion you made that the City Solicitor appear before City Council and supply an opinion. You will be fully informed as to the legality of this matter.

Mr. Leonard:

I will withdraw that motion. I move that Bill No. 3018 be laid on the table until I receive that information.

Upon which motion a call of the Ayes and Noes was taken, and being taken were:

Ayes:—Messrs.

Leonard

McArdle

Noes:—Messrs.

Demmler

Weir

Gallagher

Wolk

Stewart

Kilgallen, (Pres't)

Ayes 2. Noes 6.

And a majority of the votes of Council not being in the affirmative, the motion did not prevail.

Mr. Leonard:

I want the record to show that my request for information from the Law Department has been refused before my vote on the Bill.

Mr. Demmler:

With respect to Bill No. 3018, File No. 1559, it is absolutely a legal Bill when passed by this Council and signed by the Mayor. What the Courts may do later on that is another question. As far as this Bill is concerned, it is absolutely legal.

Mr. Stewart:

I would like to say a few things for the record because Mr. Leonard's remarks might lead some people to believe this Council had not considered the question. Mr. Leonard knows, as every member of this Council knows, the question has been discussed fully and I think he knows also that we would not be trying to pass this Bill or have it introduced for passage unless we had been advised and felt that it was legal. As you have said, Mr. President, this is a type of thing which is not absolutely clear. There can be differences of opinion which will have to be settled by Court action. I believe Mr. Leonard knows Miss Alpern is on her vacation and it makes it doubly clear that Mr. Leonard's motion and its purpose is nothing more than to delay action and nothing else.

Mr. Leonard:

I did not know Miss Alpern is on her vacation but if Miss Alpern is on her vacation the City still got to function and there is such a thing as a First Assistant in the Law Department and such a thing as quite a number of lawyers in the Law Department.

Mr. Stewart:

Mr. Leonard demanded that the City Solicitor come before us.

Mr. Leonard:

Mr. Stewart was head of the Law Department and he knows that in his absence somebody must have been in charge of the Law Department.

Mr. McArdle:

As far as my knowledge of this Bill is concerned I have never gotten any legal opinion. Several of the members might have been given an opinion. Mr. Leonard says he has not and I know I have not been given an opinion. However, that is not the basis on which I will be against the Bill. They can have all the legal opinions they want. I am going to be against the Bill on principle and not on a legal basis.

The Chair:

Is the Bill up for second reading.

The Bill has passed first reading. Now we will have the Bill read for the second time and then go back to parliamentary rules.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Leonard:

I did move for the Bill to be laid on the table until I was able to secure an opinion from the Law Department.

Mr. McArdle:

I move that Bill No. 3018 be recommended to the Committee on Finance for further study.

Upon which motion a call of the ayes and noes was taken, and being taken were:

Ayes—Messrs.

Leonard McArdle

Noes:—Messrs.

Demmler Weir

Gallagher Wolk

Stewart Kilgallen, (Pres't)

Ayes 2. Noes 6.

And the majority of the votes of Council not being in the affirmative, the motion did not prevail.

The Chair:

These Bills have been read for the second time. Is there any question or remarks on second reading?

Mr. McArdle:

On Bill No. 3018, taking, I will not use that word, confiscating, private property and homes of individuals in the Negley avenue district in the 11th Ward, under the guise of enlargement of Highland Park, but for the real purpose of erecting an outdoor theatre. I do not know how a Body of elected officials in the face of the opposition that exists on this particular Bill how they can vote to go out and take this property for the purpose of putting in that neighborhood an objectionable outdoor theatre. This Bill has not received a lot of study—it was presented in this Coun-

cil on July 5th; reported out of the Committee on Finance one week later and is now before us for final passage. I think it is the boldest and cruelest thing that has ever happened in the City of Pittsburgh. How any man can vote to condemn Mr. King's property after what he said on the day of the hearing right here in this Council Chamber is beyond me? How they can go out and take the property of a man with six children in a good neighborhood where he invested his money and life savings to raise a family of six children is beyond me, and I think that in spite of the difference of opinion in this Council, if the difference is in this Council, or whether it is over there, that anyone that votes for this Bill is violating his oath of office, when Mr. King offered to give us his property for nothing for park purposes. Under this Bill we are going to pay Mr. King for the property we take.

We approved a \$21,000,000.00 bond program, and the people of Pittsburgh voted for it. The Director of the Department of Parks and Recreation was consulted, and not once, and not in any place in the records of this Council, is there any recommendation to enlarge Highland Park. It was never contemplated until somebody got the screwy idea that is the only place for an opera theatre.

When the amphitheatre was first considered, and when it was first discussed, the site mentioned was Flag Staff Hill. This site was picked not by elected officials, not even by employees of elected officials, but by outside interests and agencies, and how anybody can say that is the only site in the City for an outdoor opera theatre is beyond me. I think the residents in that area should be given consideration. There are other areas in the City that are clamoring for this opera theatre, I am told, yet this Council is going to jam it down the people's throats simply because they think there is no registered Democrats out there, and that is the only reason. They would not dare to bring this to the South Side if the people were opposed to it. It is a sad state of affairs when you ignore the people

in this particular neighborhood. It must be important when a Catholic Church urges its members to take an interest in opposing a matter of this nature.

Mr. Leonard:

Mr. President and Members of Council, in the letter that came from the Regional Planning Commission and in the statements that were made by Councilman Wolk in his explanation for the purpose of the Civic Light Opera site, I recall it being said by members of Council that we were not picking this site. This site is being picked by the Civic Opera Association as 40 members of the Civic Opera. I may say I have discussed this with some of the members of the so-called 40 and they are as bitterly opposed to that site as I am.

The Chair:

Will you name some of them?

Mr. Leonard:

I will when they want to name themselves. There are 40 members of the Committee.

Mr. Wolk:

They have nothing to do with the site.

Mr. Leonard:

Can somebody answer this question? What is the hurry? Can you answer that, Mr. Wolk?

Mr. Wolk:

You are making your speech, Mr. Leonard. I am not arguing with you.

Mr. Leonard:

This is getting to be a fine place. You cannot get a question answered.

The Chair:

This site has been under discussion for months. The subject has been under discussion for a year and it so happens it is being discussed on the day we vote.

Mr. Leonard:

I will grant you that this has been under discussion, but in a smoke-filled room and the public and news-

papermen locked out. The only time I knew about this was on July 5th when it was introduced in Council. Let us look at these homes and see what they are like. Look at the man who practically loses his home altogether. Let us look at the other properties, Dr. Conti and others on that private street. Those beautiful homes. The valuation of those homes will drop probably half of what they are today if this Bill should pass. Those homes are worth at least \$50,000.00 today and this would depreciate the property to the extent of \$25,000.00. It is just like reaching in their pockets and taking out that much money. You are not taking into consideration that those people are losing half of their life's savings as a result of this. It is not right. It is not fair. I think you are trying to play a hypocritical act because you are trying to play both sides and in the middle. If you lose legally you will say to the big brass higher-ups we tried to go along but the Courts restrained us. When you pass this legislation you are putting a smear and smirch on Light Opera in the City. These people all like Light Opera, but, as I said before, you are not taking into consideration that by the passage of this Bill their properties will be depreciated to the extent of one-half of their values. The Board of Managers as set up has one representative of the City, one representative of the Opera and one representative a disinterested party. The City of Pittsburgh will pay the bills. You will not do much more than scratch the surface and the project will bog down and a drive will be made to raise money on the outside through some charitable trust.

Now we go in there and take this property. Even school children are discussing this matter about the City of Pittsburgh going in there and using an old railroad law, the right of eminent domain, to take the property. That might be alright for railroad crossings, or for expansion of industry in war times but here you are going in there and ruining those beautiful homes by exercising the right of eminent domain. If you have the right to condemn property here why not

condemn it in Schenley Park on Flag Staff Hill. Can you answer that, Mr. President?

The Chair:

We have that right.

Mr. Leonard:

Everybody has said you cannot use it and charge an admission price in Schenley Park for entertainment. I say, and I am glad to hear you say, if we have a right to condemn private property then we have a right to condemn property anywhere for the same purpose and that is the reason I want the Bill to go back to Committee for further study. I am pleading with you gentlemen in behalf of the thousands of people in the Highland Park area to let this Bill go back to Committee.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Weir
Gallagher	Wolk
Stewart	Kilgallen, (Pres't)

Noes:—Messrs.

Leonard	McArdle
---------	---------

When the name of Mr. Leonard was called, he arose and said:

Mr. President, I predict that with the taking over of the property at Oliver avenue, Sixth avenue, William Penn way and Sixth avenue for park purposes and other properties for public parking purposes in the downtown area and these properties being taken off the tax books that there will be a tax millage increase which the home owners will have to pay. When you take those downtown properties off the tax books you are going to have to raise taxes or you are going to have to fire a thousand off the payroll, and there is probably a lot of dead wood that could be dispensed with, or get taxes from another source.

The Chair:

I know of no movement in City Hall to impose additional taxes on poor people. That sort of discussion has no part in the Bill before us and is made for his own personal interests. It has no other motive.

As for delaying the passage of this Bill, it will not make any difference if we held this Bill over for six months. It would still meet the opposition it meets today. I think I might also mention here that if a charge is made in Court that this Council is acting illegally because it is condemning property which is being offered to the City free of charge the rebuttal will be quickly made by the City lawyers that Mr. King has never offered this property for use as a site for the Civic Light Opera.

This will go on and on like Tennyson's Brook but under parliamentary procedure we are supposed to talk on second reading of a Bill. We permitted you to talk on the first reading and now on the third reading.

Mr. Leonard:

Every member has been shown that courtesy. Personally, I would like to see you follow parliamentary procedure.

The Chair:

You do not request it, you just do it.

Mr. Leonard:

That is the only way you can do things around here.

I vote NO on this Bill.

Ayes 6. Noes 2.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

• Also, with an affirmative recommendation,

Bill No. 3046. An Ordinance entitled, "An Ordinance authorizing the issuance of warrants in favor of Smith Bros. Co., Inc. for \$80.00 for the printing of briefs furnished the Department of Law, for the benefit of the City without previous authority of law."

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Stewart
Gallagher	Weir
Leonard	Wolk
McArdle	Kilgallen, (Pres't)

Ayes 8. Noes none.

And there being two-thirds of the votes of Council in the affirmative, the bill passed finally.

Also

Bill No. 3053. An Ordinance entitled, "An Ordinance providing for the letting of a contract for the furnishing and delivery of one (1) electric coin sorter and counter and stand, for the Bureau of Traffic Planning, Department of Public Safety, and for the payment thereof."

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Stewart
Gallagher	Weir
Leonard	Wolk
McArdle	Kilgallen, (Pres't)

Ayes 8. Noes one.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 3044. Resolution amending Resolution No. 198, approved June 21, 1949, to read:

Resolved, That the Collector of Delinquent Taxes be and he is hereby authorized and directed to accept the sum of \$92.28 in full settlement of delinquent metered water charges against the property of Natalie Taylor, 618 Belinda street and 58 Lawson street, 5th Ward, for the years 1943, 1944 and 1945, and in full payment of lien at D. T. D. 2441, October Term, 1946.

Which was read.

Also

Bill No. 3047. Resolved, That the Delinquent Tax Collector be and he is hereby authorized and directed to accept the sum of \$2,389.71 in full settlement of unpaid flat rate and metered water charges against the property of Nettie Martinsky, 1826 Bedford avenue, et al, for the years 1930, 1945, 1946 and 1947; Nettie Martinsky, trustee for Julius and Abraham Nether, 85-87 Crawford street, for the years 1937 to 1942, both inclusive and for the years 1945, 1946 and 1947; Samuel Grossinger, 76-78 Crawford street, et al, for the years 1941 to 1945, both inclusive and the year 1947; Nettie Martinsky, Rowley street, et al, for the years 1931, 1932, and 1936 to 1940, both inclusive, and the years 1943 and 1944; Mildred Levinson, 1828 Bedford avenue, et al, for the years 1932 to 1939, both inclusive; Celia Savage and S. Langue, 34 Rowley street, for the year 1943; Celia Savage and Sarah Langue, 139 Crawford street (137), for the years 1943, 1944 and 1947; Sarah Langue and Celia Savage, 1612, 1622 and 1626 Wylie avenue, for the year 1947; Nettie Martinsky, 76-78 Crawford street, for the years 1932, 1933, 1934 and 1935; and Nettie Martinsky, 2943-45 Webster avenue and 3018 Bedford avenue, for the years 1943 and 1947, plus lien costs, if any, all located in the 3rd Ward.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the resolutions.

Which motion prevailed.

And the rule having been suspended, the resolutions were read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler	Stewart
Gallagher	Weir
Leonard	Wolk
McArdle	Kilgallen, (Pres't)

And a majority of the votes of Council being in the affirmative, the resolutions passed finally.

Also

Bill No. 3048. Resolution authorizing the issuing of warrants in favor of the corporation, company and individual hereinafter named, in the amounts hereinafter set forth, being refunds of inspection fees erroneously paid by said corporation, company and individual under the provisions of Ordinance No. 318 of 1946, as amended by Ordinance No. 102 of 1948, for the inspection period beginning July 1, 1948, and ending June 30, 1949, and charging same to Code Account No. 42, Contingent Fund:

Cottage Donuts Co., 115 Dennison Avenue	\$35.00
Pop Beverage Co., 730 Filbert St.	25.00
Oscar Franceski, 1217½ Grandview Avenue	10.00

Which was read.

UNFINISHED BUSINESS

The Chair took up

Bill No. 2695. An Ordinance entitled, "An Ordinance amending Zoning Ordinance No. 372, approved Aug. 9, 1923, Zone Map Sheet Z—O—E15, by changing from a 'B' Residence and First Area District, to a Neighborhood Retail and Third Area District, all that certain property bounded by Devlin street; a 30 foot street as appears on William J. and H. Howard's unrecorded plan; a line parallel with and distant 175 feet southwardly from Devlin street; and Castel street."

In Council, July 11, 1949, Bill read and laid on the table.

In Council, July 18, 1949, Bill read and laid on the table.

Which was read.

Mr. Gallagher:

Mr. President, Council held a public hearing on this bill, and at the hearing some objections were recorded.

Among the objectors was Conrad A. Eibeck, President of the St. Clair Board of Trade. Mr. Eibeck said a lot of the opposition has been removed. It seems several small storekeepers will be affected if the change is made. There has been a meeting of the tenants of the Arlington Heights Housing Project and they voted unanimously in favor of the change. They claim it will be a benefit to them. I do not know how the other members of Council feel about this zone change. I do not personally think there is any serious objection to the change except by three or four owners of small stores in the neighborhood, who feel that their trade will be taken away from them if these new stores are permitted.

The Chair:

What is the pleasure of Council on this bill?

Mr. Gallagher moved

That Bill No. 2695 be laid on the table.

Which motion prevailed.

The Chair took up

Bill No. 2931. An Ordinance entitled, "An Ordinance amending Zoning Ordinance No. 372, approved Aug. 9, 1923, Zone Map Sheet Z—N10—E30, by changing from an 'A' Residence, Forty-five Foot and Second Area District to a 'B' Residence, Thirty-five Foot and First Area District, all that certain property fronting on the southerly side of Walnut street, extending westwardly 120 feet from a point 70 feet westwardly from the westerly side of College street."

In Council, July 18, 1949, Read and laid on the table.

Which was read.

Mr. Stewart:

Mr. Chairman, Since our last meeting I am informed that the opponents of this Bill have become the owners of the lot in question. In other words, Mr. Smith, whose house is next, and Dr. Kitlowski, who is on the other side of the vacant lot have title to this vacant property. I am satisfied that the transaction has been consummated but it might be well to

let the Bill lay on the table so we can make it perfectly clear that the title has passed. I am sure that the deed has been recorded. That is what I have been told. I have not checked in the Recorder's Office but Mr. Smith, who is a member of the Bar, called me and informed me the deed has been passed and recorded. However, before the meeting is over we could get some one to come here and tell us if it is recorded.

There was a delay of 2 minutes.

Mr. Stewart:

Mr. Chairman, I have called on the telephone Mr. Boas who represents Mr. Paul, and inquired of him the matter concerning the Walnut Street Zoning Bill and have this to report to the members of Council: The deed has been passed conveying this property to Mr. Smith and Dr. Kitlowski. The consideration has been paid and the deed placed on record. The deed contains the restriction inserted by Mr. Paul against building more than a two family house on this lot and Mr. Boas states his client has no objection whatever to the passage of this Bill and it seems we are in a position to vote on it.

Mr. Leonard:

What does this Bill do to the rest of the block?

Mr. Stewart:

It does not do anything, Mr. Leonard. The only change it makes in the Zone is two lots.

Mr. Leonard:

Would that come under spot zoning?

Mr. Stewart:

No, sir. It adjoins a "B" Zone. It is not spot zoning. It adjoins an existing "B" Zone.

Mr. Leonard:

The original zone is "B". I do not have any serious objection to this. The only thing is the way I look at it every time a question comes up of building apartment buildings what affect it will have on other streets.

Mr. Stewart:

Mr. Paul brought that same question

up when I was trying to get the proponents of the Bill together which I was able to do and I pointed it out to Mr. Paul what Mr. Leonard has referred to. He is about to begin the construction of an apartment building on a piece of property that would be clearly spot zoning. This is no precedent.

Mr. Leonard:

Mr. Stewart said this will not be a precedent. His word is good enough for me, but I know out in the Fifth avenue and Shadyside Districts there is a lot of talk every time an apartment is going up. Our Zoning Bills are fooled around with too much.

Mr. Demmler:

The appearance of the representative of the Shadyside group is chiefly because of the number of builders that have asked for special adjustments on property which we have zoned "A-B". They have been asking the Board of Adjustment for a number of exemptions which the Board has rejected and it is for that reason the representative of the Shadyside community appears at hearings.

Mr. Stewart moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Stewart
Gallagher	Weir
Leonard	Wolk
McArdle	Kilgallen, (Pres't)

Ayes 8. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of As-

sembly of May 11, 1921, which provides that, where a protest is filed against a proposed zoning amendment, a three-fourths vote of all the members of Council in the affirmative shall be required for final passage.

REPORTS OF COMMITTEES

Mr. Demmler (for Mr. Duff) presented

No. 3152. Report of the Committee on Finance for July 18, 1949, transmitting sundry ordinances and resolutions to Council.

Which was read, received and filed.

Also, with an affirmative recommendation,

Bill No. 3081. An Ordinance entitled, "An Ordinance authorizing the Mayor and the Director of the Department of Public Works to execute and deliver to the County of Allegheny a bond in the sum of \$20,000 for a term of five years, indemnifying the County against loss or damages arising from the installation and/or operation of City facilities in thoroughfares under the jurisdiction of the County of Allegheny."

Which was read.

Also

Bill No. 3088. An Ordinance entitled, "An Ordinance authorizing the Mayor and the Director of the Department of Lands and Buildings to enter into a contract of employment with an architect or architects, for the purpose of rendering the usual architectural services in connection with the building of a warehouse at Arch and Erie streets for the Department of Public Safety and for the renovation of a comfort station at Fifth avenue and Liberty avenue for the Department of Lands and Buildings and all necessary construction conditions as may be required before improvements, alterations, or new construction can be undertaken, and appropriating funds therefor."

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bills.

Which motion prevailed.

And the bills were read a second time and agreed to.

And the bills were read a third time and agreed to.

And the titles of the bills were read and agreed to.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken, agreeably to law, and were:

Ayes:—Messrs.

Demmler	Stewart
Gallagher	Weir
Leonard	Wolk
McArdie	Kilgallen, (Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also

Bill No. 3096. An Ordinance entitled, "An Ordinance amending Section 1 (a) of Ordinance No. 302, approved June 27, 1949, entitled, 'An Ordinance authorizing an agreement with the Allegheny County Sanitary Authority for the preparation of construction plans for a sewage disposal system and providing a loan of Two Million (\$2,000,000.00) Dollars Therefor.'"

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Weir:

Mr. President, Today, in behalf of the sub-committee appointed to confer with the Sanitary Authority, I introduced an ordinance which embodies the terms in full of the agreement between the City of Pittsburgh and the Allegheny County Sanitary Authority. The lawyers for the City and the Sanitary Authority, Mr. Gallagher and myself stating for the committee, believed it better that the entire terms of sub-ject-agreement be passed on by Council, and that is why it is presented today. So that there will be no gap or

lapse of time until this new agreement ordinance is enacted into law, I would suggest that Council pass this bill now before it.

And the bill as read a second time was agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Stewart
Gallagher	Weir
Leonard	Wolk.
McArdle	Kilgallen, (Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the bill passed finally.

Also

Bill No. 2997. Resolution authorizing the City Solicitor to enter into settlement with William H. Whitman in the sum of \$800.00 in full satisfaction of the claim of the City of Pittsburgh by virtue of a judgment entered at No. 3159 April Term, 1945, sur Judgment No. 2822 July Term, 1931, and to make entry of satisfaction of the lien and judgment in the prothonotary's Office as of the time when receipt in full of the sum of \$800.00 is had, together with satisfaction costs; and further, authorizing the City Solicitor to make settlement of said claim in said sum of \$800.00 by receiving \$100.00 immediately and by receiving the balance in twelve equal monthly installments and do all other things necessary in connection with the said settlement and entry of satisfaction.

Also

Bill No. 3077. Resolution exonerating the taxes listed below, assessed against the South Side Brick and Stone Company, 16th Ward, for the reason that the property was condemned by the Housing Authority of Pittsburgh in 1949:

1942	\$219.60
------	----------

1943	101.25
1944	112.50
1945	112.50

and authorizing and directing the City Treasurer to note this exoneration on the tax books.

Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the resolutions.

Which motion prevailed.

And the rule having been suspended, the resolutions were read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler	Stewart
Gallagher	Weir
Leonard	Wolk
McArdle	Kilgallen, (Pres't)

Ayes 8. Noes none.

And a majority of the votes of Council being in the affirmative, the resolutions passed finally.

Also

Bill No. 3079. Resolution authorizing the issuing of a warrant in favor of Pluma Rumberger, 222 W. Which was read.

Mr. Demmler moved

A suspension of the rule to allow the second and third readings and final passage of the resolutions.

Which motion prevailed.

And the rule having been suspended, the resolutions were read a second and third times, and upon final passage the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler	Stewart
Gallagher	Weir
Leonard	Wolk
McArdle	Kilgallen, (Pres't)

And the titles of the bills were read and agreed to.

And on the question, "Shall the bills pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Stewart
Gallagher	Weir
Leonard	Wolk
McArdle	Kilgallen, (Pres't)

Ayes 8. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bills passed finally in accordance with the provisions of the Act of Assembly of May 22, 1895, and the several supplements thereto.

Also

Bill No. 3051. An Ordinance entitled, "An Ordinance authorizing and directing the execution of an agreement with Allegheny County whereby the City takes over for maintenance the Ohio River boulevard and the County takes over for maintenance Banksville road and a portion of the Brown's Hill road, and prescribing the terms thereof."

Which motion prevailed.

Mr. Gallagher:

Mr. Chairman, under Motions and Resolutions. On Saturday afternoon

the Fraternal Order of Eagles played host to 1500 orphans at the Highland Park Zoo. They transported them in buses to the park, furnished them with refreshments and took them around the Zoo. Among the group were seven or eight helpless cripples and none of them has ever seen a wild animal in their lives and there was no way of transporting them around the Zoo. I sent for Edward J. House, Superintendent of the Zoo, and tried to secure some means of transportation for them. Finally he came around with a dump truck which was not suitable at all for these crippled children. They then rounded up a little dog wagon and some of the Eagles Committee pulled these children around in the wagon. I asked Mr. House if there was any kind of facilities to take care of crippled people, or children, as in this case, and he said no. He said very often that crippled people are brought out in automobiles and have to sit in them because there is no means for them to get around. He said there ought to be some kind of conveyance for these crippled people when they come out to the Zoo. I did not have time to prepare a resolution authorizing the Director of the Department of Parks and Recreation and Mr. House to make some recommendation but I am going to ask the privilege of submitting that resolution in Committee this afternoon, to make a study and recommendation to take care of any crippled people who visit the Zoo.

Mr. McArdle:

Mr. Chairman, I arise on a question of personal privilege. In signing the ordinance permitting the City to use its power of Eminent Domain and seize the private property of Robert B. King and John B. Tessaro for use as an amphitheater for civic opera, Mayor Lawrence has favored the citizens of this City with yet another example of his contemptible arrogance. The Mayor forced this Ordinance through City Council, having first laid the ground work for its passage in secret sessions. The Mayor used the occasion as a sounding board to berate and belittle those who had the temerity to oppose him and thus exemplified again

the high-handed tactics of the present Chief Executive of the City. It is a fundamental tenet of democratic government that its citizens have the right to oppose any government-sponsored project to which they object. When the project trespasses on the private and property rights of individuals to serve the domineering aggressiveness of certain interests, the citizens have not only the right but the duty to object. To characterize these protests as "government by pressure groups" is an evasion, not an answer.

The Mayor termed the question "a scientific problem." This is scientific in the same way that a hold-up is scientific, but with this exception . . . this was poorly timed. The residents of the Highland-Negley District and citizens all over the City deeply resent totalitarian procedures and fear the usurpation of power by Dictator Dave and his controlled Council. They have no mind to tolerate another Stalin even on a local scale and in junior size. Despite the Mayor, the people persist in believing that their American heritage gives them the right to a voice in government. And they are right.

In accusing the two Members of Council, Mr. Leonard and myself, who opposed the land-grab, of seeking "a free ride on the publicity merry-go-round" the Mayor is not only insinuate but patently ridiculous. His charge has all the genuineness of a three dollar bill. One of the outstanding accomplishments of the Mayor's term has been the frequency with which he has succeeded in having his face plastered in public print. There is nothing of the shrinking violet about Mr. Lawrence. He has never been known to run from a camera-man. In fact, he obviously enjoys their company, especially if they come well equipped with flash-bulbs. He is the last person in the world to talk against 'publicity-seeking or political fakery.' He is a past master in both and has presented the public more often with face than with facts.

There must have been a long and loud laugh in Homewood and Brush-ton when the people read the Mayor's

assurance of "ample protection through police power." Where has this "ample protection" been during the past few years? We all remember the Mayor's opposition to our proposal to increase police personnel during the very recent wave of sex-crimes. While to refer to the property taken as "only a border strip" is to confuse through ludicrous understatement. The total area to be used for the amphitheater is approximately eleven (11) acres. Of the eleven, six, or over half, are private properties taken through condemnation procedures by the City.

The civic opera is fine for those who can afford it. But I hope the day will never come when elected officials of this City will be permitted to evict home owners, risk the ruining of a residential area and ignore the angry protests of an aroused citizenry to further the recreational hobbies sponsored by a few.

Mr. Leonard:

Mr. Chairman, I read with great interest the statement of the Chief Executive of the City of Pittsburgh about "publicity-seeking and political fakery." I could come in here and take the 11 points one at a time and tear them apart, but I think the people understand the situation and tomorrow the Courts may decide on this issue and as far as I am concerned let the people consider the source where it comes from.

Mr. Demmler:

Mr. Chairman, during this year at various times I have placed on the Municipal Record reports of the assessments in the City. The 1949 assessment on which the City placed the tax millage for 1949 was

Land - - - - -	\$413,682,935.00
Buildings - - - - -	567,399,829.00
Total - - - - -	\$981,082,764.00

In the Pittsburgh Press of Wednesday, July 20, 1949, there was printed a report from the Allegheny County Board of Assessment which shows that now the total assessment of lands and buildings in the City of Pittsburgh is \$985,082,361.00 which makes an increase of \$3,995,597.00, which is only

\$403.00 short of a \$4,000,000.00 increase.

Mr. Wolk moved

That the Minutes of Council
of Monday, July 18, 1949, be ap-

proved.

Which motion prevailed.

And upon motion of Mr. Wolk

Council adjourned.

And a majority of the votes of Council being in the affirmative, the bills passed finally.

Also

Bill No. 3158. An Ordinance entitled, "An Ordinance authorizing Asphalt Repairs of streets with City forces, including the purchase of materials, the purchase and rental of equipment, and the employment of additional personnel."

In Finance Committee, July 25, 1949, bill read and ordered returned to Council with an affirmative recommendation, subject to receipt of a declaration of emergency signed by the

Mayor and the City Controller.

Which was read.

Also

No. 3190.

CITY OF PITTSBURGH CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, The Director of the Department of Public Works by letters dated July 22, 1949, and addressed to the Mayor and City Controller has stated that while it was the original intention when the 1949 Budget was prepared to use Code Account No. 1655-8 for the restoration of utility cuts through the letting of contracts, it now appears that a great many asphalt streets require patching, and that the \$75,000.00 appropriated to Code Account 1655-8 can be used to cover the repair of more streets through the employment of personnel and the purchase and rental of equipment, than if the work was done by contract; and

Whereas, There are many streets in need of repairs which the Asphalt Division will be unable to reach; and

Whereas, Such appears as good and sufficient reason to impel the certification of an emergency under the circumstances.

Now, Therefore, we DAVID L. LAWRENCE, Mayor of the City of Pittsburgh, and EDWARD R. Mr. McArdle:

Mr. President: I have a copy of a communication from the International Brotherhood of Electrical Workers, signed by William G. Shord, Business Manager, calling attention to the fact that the title of the positions created by this ordinance should be Electrical Sign Inspectors.

The Chair:

Gentlemen: I have the letter to which Mr. McArdle refers and will submit it so that it can be made a part of the record today.

The Chair presented

No. 3192.

INTERNATIONAL BROTHERHOOD OF
ELECTRICAL WORKERS
LOCAL UNION NO. 5

Pittsburgh (19), Pa.,

July 29, 1949.

Pittsburgh City Council,
City-County Building,
Pittsburgh 19, Pa.

Attention: Honorable Thomas E. Killgallen, President.

Gentlemen:

It has come to our attention that pursuant to a Certificate of Emergency signed by the Mayor, Council has under consideration the enactment of an ordinance which would add three "Structural and Construction Inspectors" to the Bureau of Building Inspection.

It is fairly obvious that the Certificate of Emergency under which this ordinance is proposed, arises out of the recent disaster on the North-

side involving the collapse of a wall from which a large electric sign was suspended. This tragedy has spotlighted a situation about which we have been complaining for many years. As long ago as November 14, 1946, and again each year when the budget is being considered, we have urged that provision be made for electrical sign inspectors, and for an adequate staff to inspect electrical installations of every character.

Now that some corrective action is contemplated, we firmly believe that the new employees should be electrical sign inspectors. These men should be electrical workers thoroughly familiar with the electrical sign industry and the stresses and strains arising out of the installation of various types of display signs. A structural and construction inspector would have no knowledge of the make-up of signs, or the weights of transformers inserted within the frame. We know of many instances at the present time, for example, where transformers weighing from 40 to 60 lbs. are resting on the bottoms of signs without steel frame support. Furthermore, Inspectors should be provided with a truck and standard equipment to closely examine every sign and the manner in which it is affixed to a building.

In short it is our position that only an experienced electrical worker is qualified to pass judgment on electrical signs and we therefore ask that the ordinance be changed to provide for three electrical sign inspectors in the Division of Inspection at current union wages.

Before taking final action we trust you will give the above your careful and favorable consideration.

Yours very truly,

William G. Shord,
Business Manager.

Which was read, received and filed.

Mr. McArdle:

Mr. President: At the meeting of the Committee on Finance this afternoon I will offer a motion that the Salary Bill for 1949 be further supplemented

Whereas, Section 8 of the Housing and Redevelopment Assistance Law, Act. No. 493 of the 1949 Session of the General Assembly of the Commonwealth of Pennsylvania requires that a Preliminary Statement of Housing and Redevelopment Interest be filed with the State Planning Board in order for the City to participate in the State housing and redevelopment program, and

Whereas, The Council of the City of Pittsburgh is required, by Section 14 of the above act, in order that moneys allocated to the City can be used for

redevelopment purposes, to declare its opinion that the housing needs of the city can best be met through the expenditure of the state funds for slum clearance and redevelopment of blighted areas rather than directly for subsidized construction of rental housing; now,

Therefore, be it

Resolved, That the President of the City Council of Pittsburgh is hereby authorized to execute the Preliminary Statement of Housing and Redevelopment Interest, and

That, in accordance with Section 14 of the Housing and Redevelopment Assistance Law, Act No. 493 of the 1949 Session of the General Assembly of the Commonwealth of Pennsylvania, it is hereby declared to be the opinion of the Council of the City of Pittsburgh that the housing needs of the city can best be met through the expenditure of all of the State funds provided by the above act and available for allocation to the City of Pittsburgh for slum clearance and the redevelopment of blighted areas rather than directly for subsidized construction of rental housing, and

That, the City Clerk is hereby authorized to forward immediately to the State Planning Board, Department of Commerce, Harrisburg, Pennsylvania, a certified copy of this resolution and the executed Preliminary Statement of Housing and Redevelopment Interest.

MOTIONS AND RESOLUTIONS

The Chair presented

No. 3247. An Ordinance authorizing the issuance of a warrant in favor of Wesley Stephens, Planning Draftsman, Department of City Planning, in the sum of \$99.00 for two weeks' time attending the National Guard Summer Camp, Camp Perry, Ohio.

Which was read and referred to the Committee on Finance.

Mr. McArdle:

Mr. President: I want to make a few remarks and then I want to make a motion.

Every member of this Council knows that the City of Pittsburgh, through this Council, started a program to try to break the shackles the Duquesne Light Company had on the City of Pittsburgh in its street lighting contract. This Council passed the necessary legislation to bring about the taking of bids for a new street lighting system under a proposition that after ten years the street lighting system would be owned by the City of Pittsburgh. That contract was worked out that any additional cost—

capital investment—by the City of Pittsburgh would result in a substantial saving for the taxpayers, operating over a ten-year period, and after we become the owners of this equipment.

The dates leading up to this contract, I will take them in the order in which they come:

On May 27, 29 and 31, 1946, the street lighting contract was advertised. On June 11, 1946, the City received bids from the Broadway Maintenance Corporation for the installation and maintenance of a modern, up-to-date street lighting system. On August 26, 1948, the contract was awarded for the street lighting to the Broadway Maintenance Corporation. On May 11, and June 29, 1948, the Public Utility Commission handed down its decision with respect to the charge for energy by the Duquesne Light Company. On January 14, 1949, the order of the Superior Court was issued. On June 9, and 16, 1949, the City took bids for energy. The contract was awarded on June 16, 1949, for energy, to the Duquesne Light Company. On May 11, 1949, the members of this Council and the public were invited to inspect the new, modern system that was installed for inspection on Second avenue. Up until the present time this work has not started. The Council of the City of Pittsburgh and its members have been trying to get some action and to have the work started on this contract. Every day that this contract and the work is not started, and the contract is held up, for reasons I don't know anything about, the City of Pittsburgh and the taxpayers are being mulched by the Duquesne Light Company.

Mr. McArdle moved

That the Director of the Department of Public Works and the Utilities Consultant, Mr. Brunwasser, be requested to appear before the Committee on Finance this afternoon (Aug. 8, 1949) so we can find out why there has not been any work started on this contract.

Which motion prevailed.

Mr. Leonard:

Mr. President: I want to report for the record, I would like to put in this question also. Is the street lighting equipment on exhibition on the lot next to 210 Boulevard of the Allies the same as called for in the City's specifications and as bid on by the Broadway Maintenance Corporation?

The Chair:

That question will be redirected to Mr. Brunwasser and the Director for response in the Finance Committee meeting.

Mr. Demmler:

Mr. President: In the City Manager's News Bulletin for August 1, 1949, of Kansas City, Missouri, there appeared this item:

"Record of Building Permits. For the first six months of 1949, the Commissioner of Buildings and Inspections reports declines of 29.3% in total valuation of permits issued

and 18.9% in total number of housing units as compared with the same months of last year."

For the six months' period from January to June, 1948, their new single family dwellings, two-family dwellings, multi-family apartments and all other classes, totaled 968 housing units. For the same period in 1949 their total number of housing units was 785. For the same six months' period of 1948 the City of Pittsburgh had a total of 522 new housing units with a valuation of \$3,677,000.00, and for the same period in 1949 there were 622 new housing units, an increase of 19%, with a valuation of \$4,336,625.00, an increase of 18%.

Mr. Wolk moved

That the Minutes of Council of Monday, August 1, 1949, be approved.

Which motion prevailed.

And upon motion of Mr. Wolk

Council adjourned.

UNFINISHED BUSINESS

The Chair took up

Bill No. 2695. An Ordinance entitled, "An Ordinance amending Zoning Ordinance No. 372, approved August 9, 1923, Zone Map Sheet Z-0-E15, by changing from a 'B' Resi-

dence and First Area District to a Neighborhood Retail and Third Area District, all that certain property bounded by Devlin street; a 30-foot street as appears on William J. and H. Howard's unrecorded plan; a line parallel with and distant 175 feet southwardly from Devlin street; and Castel street."

In Council, July 25, 1949, bill read and laid on the table.

Which was read.

Mr. Gallagher:

Mr. President: As far as I can find out the only people who are opposing the change are the two or three people who will be affected in this retail shopping district. From what I get the people of the Arlington Heights Housing Project are in favor of it.

Mr. Leonard:

Mr. President: I would like to study that bill. It might be all right. The people in the Arlington Heights Housing Project may want that store, but don't forget this public housing is public business, and as Mr. Gallagher says, there are two or three small stores opposing it. Maybe that is the livelihood of these two or three small stores. We have a duty and that is to protect small business. We should be careful in re-zoning to permit commercial uses in housing projects. That may be all right for a year or two years and then later on there will be an A. & P. and chain stores and take them over. In Terrace Village we had the same thing. Look at the pressure City Council has been under for a large chain store to get in this project. There are a lot of things we have to consider. I, myself, was raised in a small grocery store. My mother, being a widow, had to raise her children by having a small grocery store, and I realize what happens when Mister Chain Store moves in. The citizens of Pittsburgh who have a small store in that community should be protected because he pays taxes. Our policy should be to protect small business people. I would like to have further study on that bill.

While I am on my feet, I want to say that I ran into quite an ex-

perience in Glen-Hazel Project, which is a co-op housing store. About two or three weeks ago I went up to visit some people in Glen-Hazel and stopped at the only store in that project. It was warm that evening and there were two other people with me, and I ordered a milk shake. This is a co-op store and non-profit. I received one-half pint of milk, a half scoop of ice cream and a dash of syrup, and when it was served it was warm, and I was charged twenty cents for that. I asked the girl, "What about this?" I said, "It is a terrible milk shake." She said, "That is the orders and that is the way we serve them." She said, "I filled it up to there, and that is the way we are supposed to do." The paper cup was almost an inch from the top. We, as City Council, are not trying to get into the Housing Authority but there is an absolute monopoly and that is the condition. There is a product that probably cost seven cents wholesale, being sold for twenty cents, where nobody has the opportunity of buying any place else. When I questioned the girl about it, she said, "That is orders." I said, I thought the people were being gypped. When I walked out of the store the Manager of the store followed me out and wanted to know who I was, and I had the pleasure of telling him who I was, and I said I intended to take it up in City Council. This is the first opportunity I have had to bring it up. I think it ought to be a little cheaper for them to sell their merchandise to compete. The people in Greenfield must be able to compete with any store in the project where there is a monopoly.

Mr. Leonard:

On this rezoning to permit a store to go into Arlington Heights Housing Project I think we ought to first study this situation. We ought to know more about it. I want to study this more. I do not want to wreck small merchants in that neighborhood.

Mr. Duff:

There is another point, Mr. President, and that is with respect to the matter of the business to be conducted under this proposed rezoning. This Bill only contemplated a Neighbor-

hood Retail business. Hence, under that classification no chain store could be operated. On the major proposition of protecting the small storekeeper against competition the very life of our business world is competition. This Bill comes to us with the information that a large number of the residents of Arlington Heights are compelled to go clear down to Carson street in order to shop.

Mr. McArdle:

As I understand it, Mr. Leonard wants to postpone action to study it.

Mr. Gallagher:

I see no objection.

Mr. Demmler:

This Bill has been before us for sometime. What is the date of the introduction in Council.

Mr. Patterson:

It was introduced on May 9, 1949.

The Chair:

Mr. Leonard, your request is that the vote on this Bill be postponed.

Mr. Leonard:

That is right.

Mr. Gallagher:

I second the motion.

Mr. Leonard moved

Which motion prevailed.

And the rule having been suspended, the resolution was read a second time.

Mr. Leonard:

Will somebody explain Bill No. 3223.

The Chair:

Who introduced the Bill?

Mr. Leonard:

I do not know.

Mr. Patterson:

Mr. McArdle.

The Chair:

Will you please explain the Bill, Mr. McArdle?

Mr. McArdle:

I cannot explain the Bill.

The Chair:

Will the Clerk read the letter he has from the Department of Public Works on the matter?

(Clerk reads letter).

Mr. Leonard:

I do not think that letter was read in the Committee the other day. The reason I am interested in it is I remember a hearing on a matter on Nelson street and at that time Mr. Parish attempted to rezone a Residential District for a factory. I know that property is owned by the Allegheny Asphalt Company and there is a lot of rumors going around out there since they did not rezone it. As I understand it this is only for a gas line.

Mr. Duff:

The City has an easement affecting a sewer in there.

Mr. Leonard:

If you do not ask questions you do not find anything out.

Mr. Duff:

They have found out there is a certain easement belonging to the City affecting a sewer.

Mr. Leonard:

Mr. Chairman, there are rumors out in the 12th Ward, I do not know how much truth there is in them, and it has been asked of me, and since there is the closed door policy, I am going to ask these questions. The rumor is out Lincoln avenue that the Allegheny Asphalt Company, Mr. Parish, is acquiring this land for the purpose of dumping refuse. I got to have answers to these questions to answer these people. And since they cannot have the factory there they are going to put a dump out there

like was done in the 28th Ward.

The Chair:

Please tell those people it was not ever, as much as discussed in City Council, in secret session as you say, or in any any discussions. This subject has not been discussed.

Mr. Leonard:

That is the reason I ask the question. They ask me. I said I did not know. We do not talk about those things in City Council. You have star chamber sessions where these things are gone over. The reason I am asking the question is there are rumors there is a ravine in the 12th Ward adjacent to Leech Farm and those rumors are that they are going to use that for a garbage dump like the sanitary fill in the 28th Ward. Your answer to me is that nothing like that will happen.

The Chair:

I did not say that. You are the only person in City Hall that mentioned it.

Mr. Leonard:

Wait a minute, the only person in this open Council Chamber that mentioned it.

The Chair:

It could not be more appropriate for you especially at this time of the year.

Mr. Leonard:

That might be true. You are not kidding me. You are working on a \$21,000,000.00 bond issue and no department heads come to this table to discuss what is going on and I have to ask questions here. Is it the purpose to have a sanitary fill here in the 12th Ward like they have in the 28th Ward? You have to ask these questions.

The Chair:

I repeat again so far as I know the matter has not been discussed in this Chamber or any other chamber I know of. This particular Bill we are now discussing was on the calendar last week and you had a full oppor-

tunity to bring up any point you cared to but you stood mute. You never raised a question until today when the Bill is up for final passage.

Mr. Leonard:

I said nothing about it because when you go to that table you are handed a piece of paper and you get no chance to inquire about it. You introduce a Bill at 11:30 o'clock and then you go into Committee meeting after that and are handed a typewritten sheet of the Bills that are to be considered. You have no way of finding out because just like this morning you met at 10:30 o'clock behind closed doors to discuss the Bills to be considered today.

The Chair:

Why not meet with us? It is open to you.

Mr. Leonard:

I do not believe in that. I believe in open government. Is the newspaper men allowed in to these meetings?

The Chair:

They are given a public statement after every conference. You are not doing your duty by the taxpayers in refusing to attend the conferences.

Mr. Leonard:

I am doing my duty better than you are. I am still bringing these matters up publicly for discussion.

The Chair:

When this campaign is over you will be absent from City Council just as much as before. This is purely campaign stuff.

Mr. Leonard:

I will be absent from City Council because I will be in another office, and when I am in that office you will meet with your department heads in the City Council Chamber in open meetings and not behind closed doors at the orders of dictatorial rule. I am going to ask a lot of questions about the Allegheny Asphalt Company syndicate. You can get mad, brother, there will be a lot of questions asked about the Allegheny Asphalt Company bids

that are not out in fair competition. I get under your skin if I mention the Allegheny Asphalt syndicate. I want to know if it is their intention to make a garbage dump in the 12th Ward. I have been asked that question.

The Chair:

Newsmen, please give Mr. Leonard a play on this. It is a dull campaign.

Mr. Leonard:

Do not worry about that. You can give me the rib all you want but I will ask questions about the Allegheny Asphalt syndicate that operates the City.

The Chair:

You want that printed in the newspapers.

Mr. Leonard:

You think you can give me the bird. I am asking public questions and you are trying to embarrass me. I am going to continue to ask questions. I am a member of this Council. I am questioning a Bill.

The Chair:

This afternoon there are certain Bills on the calendar. If you do not understand the Bills you may inquire this afternoon.

Mr. Leonard:

If I do not I will inquire next Monday. You already met this morning on all of these Bills before they were introduced. You talked about them in the star chamber session.

And the resolution was read a third time, and upon final passage the ayes and noes were taken and being taken were:

Ayes:—Messrs.

Demmler	Stewart
Duff	Wolk
Leonard	Kilgallen, (Pres't)
McArdle	

(Mr. Gallagher not voting).

Ayes 7. Noes none.

And a majority of the votes of Council being in the affirmative, the resolution passed finally.

MOTIONS AND RESOLUTIONS

Mr. Gallagher presented

No. 3285. Petition of residents asking for the repair of the unpaved portion of Loretto street, between Frank street and Tesla street.

Which was read and referred to the Committee on Public Works.

Mr. McArdle presented

No. 3286. Resolution requesting the Director of the Department of Public Works to fix, scrape and put in passable condition, Neeld avenue, from Broadway to Candace street.

Which was read and referred to the Committee on Public Works.

Mr. McArdle:

Mr. Chairman, last Monday we had discussed with the Director of the Department of Public Works the matter of the lighting contract. At that time the Director of the Department of Public Works said that as soon as he received information in connection with the light contract that he could make a decision and get the contract started. He was supposed to report to Council what decision he made and then they were supposed to start. A week has elapsed and I would like to inquire from the Clerk whether there is any report from the Department of Public Works relative to the discussion which we had last Monday.

Mr. Patterson:

No report, Mr. President.

Mr. McArdle:

I move that the Clerk have Mr. Devlin give Council a report on what has happened in connection with the lighting contract for this afternoon.

The Chair:

I personally think the Director should not make that decision until Council is fully informed as to what his decision is.

Mr. McArdle:

The important thing, in my opin-

ion, to the citizens of the City of Pittsburgh is that we get this contract started. I do not know what is holding up the issuance of the orders. Here is the record. Here is 20,160 poles, of these 1770 are part of the 1770 metal poles that are to be ordered leaving 19,390 individual poles. Of these 19,390 individual poles 2700 are attached to the trolley poles leaving 16,690 attached to wooden poles. What is wrong with us proceeding with the work and with the department executing that contract and getting this lighting system built. Why not go ahead and order the brackets.

Mr. Wolk:

I understand brackets have been ordered.

Mr. McArdle:

There is no report here. I want the information.

The Chair:

You are entitled to that information.

Mr. McArdle:

I move that the Director of the Department of Public Works immediately furnish Council with a progress report on the new street lighting contract.

Which motion prevailed.

Mr. McArdle:

I understand the Director is leaving on a two weeks' vacation and I want to know about that contract before he takes his vacation.

The Chair:

The Clerk will immediately notify Director Devlin of the motion.

Mr. Wolk moved

That the Minutes of Council for Monday, August 8, 1949, be approved.

Which motion prevailed.

And upon motion of Mr. Wolk

Council adjourned.

UNFINISHED BUSINESS

Mr. Gallagher called up

Bill No. 2695. An Ordinance entitled, "An Ordinance amending Zoning Ordinance No. 372, approved Aug. 9, 1923, Zone Map Sheet Z—O—E15, by changing from a 'B' Residence and First Area District, to a Neighborhood Retail and Third Area District, all that certain property bounded by Devlin street; a 30 foot street as appears on William J. and H. Howard's unrecorded plan; a line parallel with and distant 175 feet southwardly from Devlin street; and Castel street."

In Council, August 15, 1949, bill read and laid on the table.

Which was read.

Mr. Gallagher moved

A suspension of the rule to allow the second and third readings and final passage of the bill.

Which motion prevailed.

And the bill was read a second time.

Mr. Gallagher:

Mr. President: When this Bill was first presented I was opposed to it and, as I have heretofore stated, two small storekeepers came to me and pointed out their situation if this retail change was made. There was other opposition to the change from the St. Clair Board of Trade and some other people, but I understand that objection has been removed, and the people in the Arlington Heights Housing Project are now in favor of it. Mr. Demmler, Mr. Wolk and myself went up last Friday and looked the site over again and I do not see where it will affect anybody with the exception of one or two stores and they are quite a distance away from the proposed change of Zone. I am calling this Bill up for final action and I am in favor of the change.

And the bill, as read a second time, was agreed to.

And the bill was read a second time and agreed to.

And the bill was read a third time and agreed to.

And the title of the bill was read and agreed to.

And on the question, "Shall the bill pass finally?"

The ayes and noes were taken agreeably to law, and were:

Ayes:—Messrs.

Demmler	Stewart
Duff	Weir
Gallagher	Wolk
Leonard	Kilgallen, (Pres't)
McArdle	

Ayes 9. Noes none.

And there being three-fourths of the votes of Council in the affirmative, the bill passed finally, in accordance with the provisions of the Act of Assembly of May 11, 1921, which provides that where a protest is filed against a proposed zoning amendment,

a three-fourths vote of all the members of Council in the affirmative shall be required for final passage.

REPORTS OF COMMITTEES

Mr. Duff presented

No. 3320. Report of the Committee on Finance for August 15, 1949, transmitting sundry ordinances and a resolution to Council.

Which was read, received and filed.

No. 3322.

August 20, 1949.

Council Bill No. 1058
Homestead High Level Bridge
Committee on Public Works,
Council, City of Pittsburgh

Gentlemen:

Your Committee on August 15, 1949, referred Council Bill No. 1058, an Ordinance amending Zoning Ordinance No. 372, approved August 9, 1923, by changing to a Commercial District certain property at the intersection of Brown's Hill road and the Homestead High Level Bridge Approach, to this Department as to whether there is any objection on the part of the City of Pittsburgh or the County of Allegheny to the proposed change.

Mr. Houlihan, Acting Director of the Works Department of Allegheny County, was contacted in regard to this matter. While the County was familiar with this and has had it under consideration for some time, they have not arrived at a decision as to whether they have any objections.

This Department has had insufficient time to make an independent investigation of its own. Therefore, we concur in the report of July 14, 1949, of the Department of City Planning to your Committee. In this report the Department of City Planning reaffirms its previous action of August 3, 1948, disapproving the requested zoning reclassification.

Yours very truly,

JAS. S. DEVLIN, Director

Department of Public Works

Which was read, received and filed.

Mr. Gallagher moved

That Bill No. 1058 be laid on the table.

Which motion prevailed.

Also

Bill No. 2913. No. 3324.

Department of Lands and Buildings

August 16, 1949.

President and Members of Council
City of Pittsburgh

Gentlemen:

Please be advised that the reason for Mr. Hite's request for the renewal of his lease on the corner of Federal and Ohio streets, at the North Side Market, which expires April 30, 1950, has been brought about by the fact that he owns a building at 520 Federal street from which the tenant is moving April 30, 1950.

He has a chance to rent this building to a very desirable tenant but must give an answer within a reasonable length of time whether he is going to occupy it. His idea was that if he could not get a desirable lease with the City he would move into his own building, but he would much rather stay as a tenant at the corner of Federal and Ohio streets.

I might add, however, that this is the usual time for business leases to be negotiated rather than the unusual. It is not at all practical for a business operating under a long lease to wait within 60 or 90 days of that expiration before negotiating a new lease.

Trusting this is the information desired, I beg to remain,

Yours very truly,

HOMER R. GREENE,

Director.

Which was read.

Mr. McArdle moved

That the amendment of the Lands, Buildings and Housing Committee be agreed to.

Which motion prevailed.

And the resolution, as amended in Committee and agreed to by Council, was read.

Mr. McArdle moved

A suspension of the rule to allow the second and third readings and final passage of the resolution.

Which motion prevailed.

And the resolution was read a second time.

Mr. Leonard:

Mr. President, under questions and remarks. I have been a member of City Council a long time and this is the first time before a new Council starts on the first of January to turn around and take a piece of City property and give somebody a five-year lease when the present lease does not expire until May 1, 1950. You are starting to hit a new low. What is the matter? Is somebody getting afraid Council will not be back? Does private industry do a thing like that? We are stepping on ground which is not fair in case a new Council or a new Ad-

ministration is elected. What authority do we have to tie up something now when there is pretty nearly five months of this present Council left to turn around and give a renewed lease which does not expire until next May. That is hitting a new low. I realize the recommendation was made by Mr. Greene, Director of the Department of Lands and Buildings. It is a known fact that Mr. Greene was past president of the Pittsburgh Real Estate Board of the City of Pittsburgh and past president of the North Side Chamber of Commerce. What is coming off around here. He uses the excuse they want to remodel a building they own. I say if they want to move into a building of their own there are other tenants willing to come into that corner. That is a good business corner and it always has been. I am glad to see Hites make money and no matter how much money they make that is their own business. When we as Council start to give new leases that do not become effective until May 1, 1950, it is a bad way to do business.

What about restaurant establishments throughout the City that have to comply with the A. B. C. Ordinance and have 60 days to move and do not have the City to back up their leases. When this Council, which may be a retiring Council, starts to pass legislation like that it does look like a retiring Council. We have no authority to consider this lease until January 1, 1950.

Mr. Chairman, I move that the Bill be referred back to the Committee on Lands, Buildings and Housing for further study. I knew nothing about the Bill until it was placed on the calendar. It was introduced at a meeting of Council last Monday at 11:30 o'clock in the morning and came up in Committee at 2:30 o'clock in the afternoon. We sent for Director Greene at the time of the meeting. There were five members present at the meeting when Director Greene appeared and he gave a brief explanation of the reason for the five year lease. I did not like the explanation and voted No in Committee for the reason I wanted to look into it. I looked into the matter the best I

could and I inquired of real estate people and they told me they never heard of such a ridiculous thing of renewing a lease now that does not expire until the first of May, 1950. I do not think we have a right to do such a thing. I am not opposed to leasing to Hites but I am opposed to it when you start to tie up a lease for a future Council. We do not have the authority to take the matter up until after January 1, 1950. Their excuse is the A. B. C. Ordinance. I know people downtown that got to spend thousands of dollars, and are spending it, to comply with the restaurant ordinance. It is bad business for the City to renew a lease for five years in August when it does not expire until May 1, 1950, and that is the reason I ask for the Bill to be recommitted.

Mr. McArdle:

Mr. Leonard wants the Bill recommitted for further study. I will second the motion.

Mr. Demmler:

I would vote No on further study of the Bill because the Bill was introduced in Council and considered in Committee. However, if it is a question of the legality of the Bill or whether we have the right to proceed on this lease that is another question, but simply to vote to defer for further study I vote against the motion.

The Chair:

If the City is making a good bargain is there any particular reason why we should not study it further?

Mr. Leonard:

As Mr. Demmler suggested that is one of the reasons I was going to ask in Committee; can we legally do this?

Mr. Duff:

I do not see any reason why we could not refer the Bill back to Committee. There is nothing to hide in the proposition. It all concerns the legality of the Bill and the discretion of Council. Certainly it is fair and reasonable to depend on the judgment of our Director, a competent real estate man, who has full knowledge of the matter. He has studied the matter

and reported to the Committee that the rent is fair and reasonable. If Mr. Leonard has any desire for further study of the Bill I have no objection.

Mr. Weir:

If I had to vote today I would not vote one way or the other. I might say though that this has nothing to do with the Hites because of my own personal observation they have conducted their store to the credit of the community over there. However, I would like the opportunity to read the report with respect to the rental. I do not care whether you vote to day or not. If I have to vote I will not vote either way.

Mr. Gallagher:

I have no objection to recommitting the Bill. Mr. Hite wants to be protected when he says he has a property that is going to be vacant and he wants to know if he is going to have a lease. I am in favor of recommitting the bill.

The Chair:

I see no harm in studying the Bill for a week.

Mr. Leonard moved

That Bill No. 3260 be recommitted and No. 3324 be referred to the Committee on Lands, Buildings and Housing.

Which motion prevailed.

MOTIONS AND RESOLUTIONS

Mr. Leonard presented

No. 3325. Mr. McArdle presented

No. 3327. An Ordinance repealing Ordinance No. 356, entitled, "An Ordinance authorizing the taking, using, appropriating and condemning by the City of Pittsburgh of certain property of Robert B. King, Ruth Newcomer, and John E. Tesaro, Jr., and Anna May, his wife, situate in the 11th Ward of the City of Pittsburgh, for the enlargement of Highland Park, the erection of a municipal Outdoor Theatre and other public purposes and authorizing the Director of the Department of Public Works and the Director of the Department of Parks and Recreation of the City of Pittsburgh to take the necessary proceedings therefor," approved July 20, 1949.

Which was read and referred to the Committee on Finance.

Mr. Duff presented

No. 3328. Resolution authorizing the issuing of a warrant in favor of Frank Leuch, Foreman in the Bureau of Highways and Sewers, Department of Public Works, in the sum of \$74.00, in payment for damages caused his automobile which was used in line

of duty, and charging same to Code Account No. 42, Contingent Fund.

Which was read and referred to the Committee on Finance.

The Chair presented

No. 3329. Resolution approving the application of the Housing Authority of the City of Pittsburgh to the Public Housing Administration for a preliminary loan not to exceed \$650,000.00 and pledging cooperation of the City of Pittsburgh.

Which was read and referred to the Committee on Finance.

Mr. McArdle:

Mr. President: On August 15th last in a letter to Doctor Edward R. Weidlein, Chairman of the Allegheny Conference on Community Development, Mayor Lawrence directed the Conference to give renewed thought and study to the problem of the site for the proposed Civic Opera Theatre. At the same time, the Mayor directed the City Solicitor's Office to petition the Court to continue indefinitely the prohibition against the City's use of Eminent Domain in taking the private properties involved. This action represented a complete about-face on the part of the Mayor who had previously insisted that the Highland Park site was the best of all possible sites, and had branded those of us who opposed the seizure of property for such a project as "publicity seekers" and "pressure groups." Evidently, the Mayor is beginning to see the light or has suddenly discovered the obvious fact that an aroused citizenry, protecting their properties is something more than a pressure group and that the seizure of their lands by a doubtful right of Eminent Domain might have, for the Mayor, unpleasant repercussions in the coming elections.

There is one element in the Mayor's statement that should, I think, be clarified. And it is the duty of City Council to do the clarifying. The Mayor leaves the way open, for the seizure of the private properties involved. He merely asks the Commission to review and reanalyze the data on site selection. If the Commission, after election of course, reaffirms the pre-

vious recommendation of the Highland Park site then the City could proceed to condemn and acquire the King and Tesaro properties. The Mayor may be just stalling for time or he may be throwing a smoke screen to hide his real intentions by asking for further study on the subject. The Mayor has given no indication of his real intentions and no guarantee that he will not seize properties for the opera theatre site.

I therefore propose Council as the legislative body of the City, adopt my ordinance and by its adoption wipe off the books the ordinance permitting the City to seize the private properties of citizens for the opera site. Let this action be clear and unqualified. It was the action of Council that permitted the City to attempt the seizure

of the property and it should be by the action of Council that the City once and for all restore this property and affirm its intention and determination not to seize it for purposes not consonant with the general public interest. Let City Council, by the adoption of this Ordinance, guarantee to respect the inherent rights of private citizens to hold their properties and redeem itself for a previous action that was unjust, capricious and impolitic.

Mr. Weir moved

That the Minutes of Council of Monday, August 15, 1949, be approved.

Which motion prevailed.

And upon motion of Mr. Wolk

Council adjourned.

Which motion prevailed.

Mr. McArdle presented

No. 3368. Resolution directing the Director of the Department of Parks and Recreation to immediately begin, under the present Bond Issue, to develop property in the 27th Ward, known as "The Sophia Evert Playground No. 3."

Mr. McArdle:

Mr. President: That section of the City, particularly that section of the 27th Ward, as you all know, is a very congested area, and it is also in dire need of a playground and a field for recreation purposes. This is a piece of property that has been given to the City of Pittsburgh for that express purpose, and I think while other sections of the City need playgrounds too a lot of them are around looking for property, but this is a piece of property that has been given to the City and it is the only purpose it can be used for. I think we should start the planning and get the necessary physical work done on it so as to make it available for the lower end of the North Side.

Which was read and referred to the Committee on Parks, Recreation and Libraries.

The Chair presented

No. 3369. An Ordinance authorizing the City of Pittsburgh to enter into an Agreement with the Commonwealth of Pennsylvania for the improvement of Saw Mill Run boulevard between Banksville road and Steuben street and prescribing the form of the Agreement and authorizing its execution.

Which was read and referred to the Committee on Finance.

Also

No. 3370. An Ordinance granting unto the Esso Standard Oil Company of Pennsylvania (a Delaware Corporation), its successors or assigns, the right and privilege to construct, maintain and use column footings in the southerly sidewalk area of 34th street and in the westerly side of Spruce way, adjoining its property in the

Sixth Ward, Pittsburgh, Penna.

Also

No. 3371. An Ordinance granting unto The Peoples First National Bank and Trust Company and the Electric Heat Devices, Inc., the right to construct, maintain and use a pedestrian bridge over and across Book way, from the rear of The Peoples First National Bank and Trust Company's Building on the easterly side of Book way and known as 513 Wood street, to the rear of the Electric Heat Devices, Inc., building on the westerly side of Book way and known as 222-224-226-228 Oliver avenue, in the Second Ward, Pittsburgh, Penna.

Also

No. 3372. An Ordinance vacating Spruce way from Thirty-third street to Thirty-fourth street in the Sixth Ward of the City of Pittsburgh, abandoning a certain water line on Spruce way between said terminals and providing certain terms and conditions.

Also

No. 3373. An Ordinance changing the name of Stanton Terrace in the Tenth Ward, between Woodbine street and Stanton avenue, to Woodbine street.

Which were severally read and referred to the Committee on Public Service and Surveys.

Also

No. 3374. An Ordinance transferring the sum of \$1,200.00 from Code Account No. 1461 to Code Account No. 1464, Bureau of Fire, Department of Public Safety.

Also

No. 3375. An Ordinance transferring the sum of \$500.00 from Code Account No. 1500 to Code Account No. 1525, both in the General Office, Department of Public Works.

Also

No. 3376. An Ordinance transferring the sum of \$5,000.00 from Code Account Nos. 1545, 1577 and 1583 to Code Account Nos. 1531, 1533, 1534, 1579

and 1582, all within the Bureau of Engineering, Department of Public Works.

Which were severally read and referred to the Committee on Finance.

Also

No. 3377. Petition of residents of the 10th Ward, requesting the installation of flood lights on the Morningside Field for the purpose of Community sports.

Which was read and referred to the Committee on Parks, Recreation and Libraries.

Mr. Duff:

Mr. President: In view of the fact that next Monday is Labor Day, a legal holiday, I move that when Council adjourns it shall adjourn to meet on Monday, September 12, 1949, at 1:00 o'clock, P. M., E. S. T.

Mr. Leonard:

Mr. President: I think there is legislation on the calendar and there is no reason we can't meet the following Tuesday after Labor Day. There is one petition. It seems a lot of promises were made for the Morningside Field for lights. I understand they can have those lights for football season, but if you are going to miss two weeks they are not going to have lights. I don't see any reason to skip a week.

The Chair:

I don't think the citizens of Pittsburgh will object to Council taking a day off. I have been here all summer. The matter you speak of is only a petition. There is no bill. It will be

immediately sent to the Department.

Mr. Leonard:

Mr. President: That petition was presented and you refer it to the Committee. I am only bringing out the promises that are being made.

The Chair:

Who made them?

Mr. Leonard:

Mr. President: The citizens of Pittsburgh. I read that Council is in session and is going to stay in session. In fact it has never been out for three and a half years and I don't think we ought to break that record. That is only my opinion.

And the question recurring on the adoption of the motion, the ayes and noes were taken, and being taken were:

Ayes:—Messrs.

Demmler

Weir

Duff

Wolk

Gallagher

Kilgallen, (Pres't)

Stewart

Noes:—Messrs.

Leonard

McArdle

Ayes 7. Noes 2.

And a majority of the votes of Council being in the affirmative, the motion prevailed.

Mr. Weir moved

That the Minutes of Council of Monday, August 22, 1949, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

ALLEGHENY COUNTY PLANNING COMMISSION

September 9, 1949.

John T. Duff, Jr., Councilman,
City of Pittsburgh,
City-County Building,
Pittsburgh, Pa.

Dear Mr. Duff:

This is in reply to your letter of September 8, requesting information as to the attitude of the County Planning Commission, on Council Bill No. 1058, "An Ordinance which provides for a change of Zone in Map Sheet Z-S10-E30 from a "B" residence (U-5) to a Commercial (U-3) District, all that certain property bounded by Browns Hill Road; the easterly lines of property, now or late of G. Dobda, et ux., and the Pittsburgh - Homestead High Level Bridge Approach."

Please be advised that after consultation with the County Works Department and inspection in the field, together with our knowledge of the existing land use and zoning regulations prevailing in the area, we can see no reason to oppose the proposed change, provided, the existing stone wall along the bridge approach is not disturbed.

Any change, modification, alteration or removal of this stone wall would require prior approval of the Board of County Commissioners, and, if for the purpose of establishing ingress and egress from the bridge approach, would be opposed by this Department. Ample access to the property is available from Old Browns Hill Road

Very truly yours,

T. H. Hester,
Director.

TICE F. RYAN, JR.

Attorney at Law

Pittsburgh 19, Pa.

September 9, 1949.

Mr. Thomas E. Kilgallen,

President of Council,

City of Pittsburgh,

Fifth Floor, City-County Building,

Pittsburgh 19, Pa.

Dear Mr. Kilgallen:

On Monday, August 22, 1949, there was for the consideration of Council a hearing on Zone Change Bill No. 3175 (49) which proposed the change from a "B" residence (U-5) district to a "C" residence (U-6) district of four blocks of Heberton street in the Eleventh

Ward of the City of Pittsburgh. This proposed change has been approved and recommended by the City Planning Commission.

At said hearing there were present in person before Council, numerous owners of property on Heberton street advocating said change and through myself as counsel a total of 33 such property owners were represented as being in favor of such rezoning. There were present in opposition to this proposed change only four property owners (or their counsel) who actually live on Heberton street, the remainder of the opposition living on DeVictor place, a small one block street adjacent to the area proposed to be rezoned. This opposition was most vociferous notwithstanding that the proposed change would in nowise affect their property. Thus out of approximately 40 affected property owners, 33 actively approve said change, only four expressed disapproval and approximately three expressed no opinion whatsoever.

Nevertheless, the Committee to which said proposed ordinance was referred has made a negative recommendation thereof which will be reported to Council at its regular meeting on Monday, September 12, 1949. This letter is to request reconsideration of the Committee's recommendation, inasmuch as it is the earnest belief of a great majority of the property owners, as well as the undersigned, that great benefit would accrue by this proposed change and that harm and detriment will result to the neighborhood if the zone classification is left as is. The obvious result of rooming houses and the conversion of old residences to multiple dwellings is to depreciate the property values in the City and it is only by protecting fine residential districts that the property values of a neighborhood can be maintained.

Therefore, on the basis of all of the foregoing, it is respectfully requested that City Council reconsider said ordinance or lay same on the table for further consideration at a later date. Your continued cooperation in this regard will be greatly appreciated.

Very truly yours,

(s) Tice F. Ryan, Jr.

Which was read, received and filed.

Mr. Weir:

Mr. President: I would like to point out that rooming houses are not involved as the zoning is now "B", and I think First Area. In any event, rooming houses are not involved one way or the other.

Mr. Duff:

Mr. President: I think what caused rise to this legislation is that there has been a lot of violation of "B" zoning and that is a thing we ought to look into, because if we have "B" zoning, we ought to enforce it.

Mr. Stewart:

Mr. President: One thing about this bill I dislike is the fact that it seemed to be something of an attempt to prevent a man who had bought a property in good faith from being used as a two-family dwelling—from doing that thing. To be sure, this man had asked for some variation from the Board of Adjustment, and I believe the Board granted it, and I believe an appeal is pending. I don't know, in an area like this, if the people want a "C" Residential District; it doesn't make much difference, but it is wrong to make this change when you have pending this question of a man who has bought for for that purpose. It seems to me it would not do any harm if we allowed this bill to remain on the table, with the thought on my part at least, that I would not want to vote for it, if at all, until the entire question of the rights of the person who has now pending an application to remodel that house is completely disposed of. To put it differently, I think at least some of the people who were asking for this zone change were trying to do something by change of zoning which they ought to do in another way. The Board of Adjustment was wrong in granting that variation. They have their remedy in appealing to the Court, but they are trying to anticipate or short-cut the regular machinery. As I have said a good many times in this Council, generally speaking, I do not think much of the "C" zoning. It doesn't seem to me that a two-family dwelling is a slum or is the undesirable type of zon-

ing. On the other hand, if the people who live in a certain area want "C" zoning so long as they do not affect people who have some rights and who have spent some money, based on the fact that they have a "B" zone, it doesn't matter. If we are to vote on it today, I would vote against it, but it might be a bad thing to let it stay on the table for a while.

Mr. Leonard:

Mr. President: The bill is up for a negative recommendation, is it?

The Chair:

Yes.

Mr. McArdle:

Mr. President: We have taken action in Committee and I think we ought to consider those people out there who bought property under a definite zone. I think we ought to kill the bill now. That was the decision made in Committee. I think we ought to vote on it today and not have the people calling us up pestering us wanting to know what to do.

Mr. Gallagher moved

That further action on the bill be indefinitely postponed.

Which motion prevailed.

Mr. Wolk presented

MOTIONS AND RESOLUTIONS

Mr. Leonard presented

No. 3447. Petition to extend construction of concrete steps leading from about 3300 Melwood avenue, along Jewell street to Flavian street, connecting with Linoleum way; also steps connecting Jewell street with an Unnamed way in the rear of Flavian street.

Which was read and referred to the Committee on Public Works.

Also

No. 3448. Petition from property owners and residents of the Sixth Ward protesting against nuisance, endangerment of lives and damage to property caused by the operation of trucks by the Go Eastern Motors and Daniels Motors, etc.

Which was read and referred to the Committee on Public Safety.

Also

No. 3449. Resolution requesting the Director of the Department of Public Works to furnish Council with a report as to the condition of the Filtration Plant, and also to furnish an estimate of the cost of making what repairs are necessary to the successful operation of the plant.

Which was read.

Mr. Leonard moved

The adoption of the resolution.

Mr. Weir:

Mr. President: I think it is a proper thing to be taken up in Committee meeting.

Mr. Leonard:

Mr. President: The reason I moved for the adoption of the resolution, I requested through the President of Council—I don't care to go into it, because it is the day before Election, but I notice by some of the editorials in the newspapers they are very misleading. I read one this morning that I said the condition of the Power Plant was bad. I never referred to the Power Plant, but you have a bad condition out there, and I am willing to wait. It is only one day. But I want to clear the record. The newspapers take note—I didn't send any letter to the President of City Council on the week-end. On Thursday I sent a telegram to the President of City Council asking Council to come back into session to investigate, in my opinion, a very serious condition in the Filtration Plant in the City of Pittsburgh. I will have figures and have the facts, and the pictures will speak for themselves. In answering one thing today and that is all, the reason I asked for this resolution to be passed. In answering one thing, the press release said I am Chairman

of the Public Safety Committee and should have been looking out for this long ago. I am not Chairman of the Filtration and Water Committee. I did not send the President of City Council a letter; I sent him a telegram on Thursday, not on a Friday, and I want that in the record. This resolution is serious, and I think the most serious thing of all since one of the newspapers published and pointed out the condition of your Filtration Plant there has been no member investigated it since. Councilman McArdle and I were out there the other day and found another serious condition that is not new. It is in regard to chlorine. I am telling you men, and I am not telling you before Election day, because I am willing to withhold my information, but I am telling you that you had better get a new Filtration Plant and find out what is causing the condition out there. If you don't have anything to do this afternoon, pictures will speak for themselves, but in the meantime, go up there and find out how much money it costs to pump 20 or 30 million gallons of water to your filtration beds and then it seeps back down to the river. It isn't a nice thing to put in the record, but investigate the dirty toilets and the dirty conditions that 54 men have to use. Go up beside the Filtration Plant, right underneath your subterranean system and look at the open septic tank that you would arrest anybody in the City for violating the ordinance. Look at the cracks in the ceilings of your Filtration Plant and your subterranean system. One man by the name of Adams, in charge, threatened employees they would go home if they didn't go in there and scrape off barnacles. I could come up here with reports and I will. I am not blaming the City Council. I am not attempting to blame City Council. We must go by the reports we get from the Directors. I am afraid to see what happens. People put in the new stream lined plumbing system and find out that the amount of chlorine that is being dumped into the water towards what was dumped in ten years ago and ask the employees what it does to the plumbing. Sea weeds and everything else going into them that haven't been cleaned out for years. Maybe I

am wrong, but if I am stood up here to be belittled because I was the only Councilman that listened to employees when they came in here and said their working conditions were horrible. I went up and found out and I don't think in the State of Pennsylvania there is a worse working condition than in the Filtration Plant where there is no ventilation and where the poor laborers are forced to go in and work in those conditions, with an open septic tank and one broken toilet, and supplies laying for two or three years. It is so bad that the shower bath that the men use in that subterranean system where fifty or sixty men work wringing wet summer and winter, and what do you think their shower bath is—a lard can with holes punched in it. That is the condition that exists. I am not making a political speech. I am making a speech of the condition of the Filtration Plant and that I and every person in the City of Pittsburgh drink its water. Do you know that you have employees in the Filtration Plant, on account of conditions, who would not even drink our water unless they boil it, because it has such a high content of soda ash and chlorine? I know you will come in with a lot of other stories, but the only thing I am telling you that you should do today, go up and look for yourselves. See if I am kidding you and see how many gallons of water go back to the river after it is pumped up. I didn't know this the other day—Mr. Post-Gazette. I had never been in the Pumping Station so I haven't said anything about the Pumping Station, but I have been outside it and because I felt it was an emergency call and we found in the shed that the floor is collapsing. They have to walk on planks over the iron plates, because they are all rusted and they can only walk on the planks and there is thirty-five feet of water underneath. Boy, you ought to see your Filtration Plant and you ought to see the condition. Wait until you find out the amount of money that it is going to cost to fix it. I, as one member of Council, have great respect for the people that head our Filtration Plant, but I feel now that their reports were pigeon-holed, as bad as they were. I had one man who said he would come

in front of this Council that one of our Department said we are not interested in things that people can't see for the amount of money we spend. I often wonder then if our whole bond issue was spent for an asphalt pile. I didn't intend to say anything about it today, but if Council wants to send it to Committee, then I am asking for its passage, because it might be one or two days early, but, believe me, there has not been one of you to the Filtration Plant since this happened and I only ask that you go out. It is your duty as a City Councilman to go and take a look for yourself and have someone who knows what it is all about go with you. I ask for the adoption of this resolution today.

Mr. Demmler:

Mr. President: Since mention was made of the telegram sent by Mr. Leonard to Council, I would ask that the telegram be spread on the record so we may have the exact wording of the same.

The Chair:

The telegram was delivered to my office late Friday and I was not here. I came in Saturday and I realized nothing could be done over the weekend, and so on Monday I talked to some of you gentlemen and we decided the matter could wait. City Council has been fully informed of the condition at the Filtration Plant. It has been a matter of discussion among us. You were absent.

Mr. Leonard:

I was absent because it was behind closed doors.

The Chair:

Please don't interrupt. We did not interrupt you.

Mr. Leonard:

Mr. President: I am sorry.

The Chair:

I will start again. City Council has been informed through the years, particularly since Mr. Lawrence has been Mayor of this City, as to conditions at the Filtration Plant. We are aware of those conditions. Repairs are needed.

Conditions are no where near so alarming or so catastrophic as Mr. Leonard would have the people of Pittsburgh believe. Nevertheless, this Council is committed to the making of repairs at the Filtration Plant. Out of the bond money voted on by the people of Pittsburgh last year we are committed to an expenditure of more than a quarter of a million dollars. More will be added next year if it is needed and more the years after that. I say to the people of Pittsburgh their water is safe. You can drink it. On February 7, 1949, Bill No. 2111 was presented in this Council. Mr. Leonard knows nothing about it. He wasn't here. He didn't attend any of those discussions and some were held in this Council Chamber. Bill No. 2111 was introduced by Mr. Gallagher and the bill reads this way: An Ordinance providing for a contract or contracts for rehabilitation of filtration plant and installation of chlorination facilities, and work incidental thereto, and for the payment of the cost thereof. The bill calls for repairs not to exceed the sum of \$250,000.00. If Mr. Leonard thought more money was needed he had every opportunity to say so, but shortly before election he makes this play, but when this bill was under discussion, did he ask for more money?"

Mr. Demmler:

Mr. President: Mr. Duff and I went up there some time in the Spring and the sediment basins were being cleaned out and we were even down in the sediment basins and know what the conditions were, and as to the safety of the water, we know that the water is absolutely safe. I know that through other outside people. When I visited other cities they always complimented us on our water. I have no fear as to the water that is being delivered to the people of Pittsburgh.

Mr. Leonard:

Mr. President: I didn't say our water isn't safe I have not at any time said our water is not safe, but I did say there was so much chlorine put into the water to make it safe, that the people who know, don't care to drink that much chlorine, and the high content of the chlorine is affecting the

joints on new streamlined plumbing, which is the system today. If you want to know what that is, it is the corrosion of green on lead and new streamlined plumbing, and that is what I said. I do say this, that anything could happen due to the beds and due to the collapse of the walls and dikes being washed out. In the sediment basins, if something does happen, then we are facing a catastrophe. I am asking you to go up and see for yourselves. I am telling you, Mr. Demmler, that the number one sediment basin, that if the water goes down one more foot, and in all the basins the water is four feet lower than it should be, and if it does go down another six inches, you will see an island in the center. I say that two or three feet below the water line before the water goes through the filtration beds that last one when the water is supposed to be pretty pure, if the basin is four feet lower than it should be and is full of sediment and sea weed. If I am wrong, correct me.

Mr. Demmler:

Mr. President: If Mr. Leonard will permit me to ask him one question. How many basins have been cleaned out?

Mr. Leonard:

That, Mr. Demmler, I cannot answer. Basin No. 3, and Basin No. 2, and Basin No. 1, when the water goes through the sediment basins, I know the walls are collapsing and the water storage is four feet lower than it should be. It amounts to millions and millions of gallons of water. I don't know, the last one that it goes through, No. 3, would have the return into it six inches lower. No. 2 has quite a bit of sediment and No. 1 is supposed to be pure is full of sea weed and sediment. If some of that would be taken out of it we would need less chlorine. I do know that. I am not an expert on water, but I am standing here as a City Councilman who uses common sense and knows the content of chlorine can be limited and I realize that when the Clarion River releases its black stuff we need more chlorine.

Mr. Gallagher:

Mr. President: I was out of the room

when Mr. Leonard's resolutions was read and I just came in when he was making his remarks. I asked Mr. Duff what the resolution calls for, and he said it asks the Director of the Department of Public Works to make a report on the condition of the Filtration Plant. I understand we are asking to send it to Committee. I see no harm in asking Director Devlin to make an investigation, because when the picture was in the Sun-Telegraph of the filtration beds, as Chairman of the Committee, I said to Director Devlin, "Is that true?" He said, "I have nothing to hide and I have nothing to be ashamed of. That is a picture of the part abandoned and it would cost money to remove it and it has nothing to do with the water." I think the Director would welcome a chance to defend himself. I have been in this Council about sixteen years and we are supposed to have one of the greatest chemists on water in the United States and I have never heard anything wrong about our water system. I say, let Director Devlin come up and give us the facts.

Mr. Leonard:

Mr. President: For Mr. Gallagher's information, I have not said that our water is not fit to drink.

Mr. Gallagher:

The implication is there.

Mr. Leonard:

The implication is not there. The physical structure is in very bad condition. In answer to Mr. Gallagher, I remember back in 1933 about, Mr. Gallagher headed a great committee and that committee did a great job. It was known as the Sweat Shop Labor Committee. Mr. Gallagher, as a labor man and Chairman of the Works Committee, I would suggest that you go up and see the bad conditions under which the laborers have to work.

Mr. Gallagher:

Mr. President: I have as much sympathy for the men at the Filtration Plant as any member of this Council and we were agreeable to change some conditions up there and some other people came in and tied a tail to their kite. That is the reason the things

were not corrected at the time.

Mr. Leonard:

Mr. President: It would have been very cheap to tear out the septic tanks and tear out the lard can they have for a shower.

Mr. Demmler:

Mr. President: One matter I would like to call particular attention to in the statement Mr. Leonard made, I took as an inference that the water is not fit to drink, and I am recalling from memory that he said there are workmen who will not drink the water until they boil it. I think that is an inference that our water is bad. As to my pipes in my home. I have galvanized and lead pipes since I bought it in 1919. Since then I have put in a few pieces of copper pipe, which I believe is called "streamline" which is soldered together at the joints and I find no condition that would cause me to be alarmed by our city water.

Mr. Leonard:

Mr. President: To keep this clear, I didn't say that our water was not fit to drink. I have said that our water is healthful. I said workers that work out there said our water is healthful but the water contains chlorine too high. I didn't say it wasn't healthful, but I did say this, that if something happened that our supply of water is too low, only four feet above the basin. I have never said our water was not healthful. I drink the water myself and I don't boil it. Speaking about water, I had a woman come to my house who uses Pennsylvania water, in the Thirteenth Ward, and she said she had a tadpole in her water. Where is a worse condition than the South Pittsburgh Water Company has been giving the people of the South Hills in water? All we do is talk about the filtration plant. I could keep you here all day, because I like it, and Mr. Devlin or nobody else is going to sell me with their fancy phrases. The facts speak for themselves. None of you have been up there since this thing broke.

Mr. Weir:

Mr. President: In addition to Mr.

Leonard's statement in regard to the workmen boiling the water, there was also mentioned septic tanks being near the filtration beds. I wonder if the inference he indicated the water was not fit to drink. It is a well known fact that the Pittsburgh water supply is at least as safe as any water supply in the Nation. It is also clear that the amount of chlorine that is used is not dependent upon the physical plant but on the condition of the Allegheny River at different times. I think the resolution should be referred to Committee simply because if we passed it, it would indicate there is something to this charge that the water supply is not fit. Obviously there will be a report from the Director. I think it might be that it lacks substance entirely.

Mr. Duff:

Mr. President: The question is on Mr. Leonard's motion that the Director of the Department of Public Works be requested to report to this body.

The Chair:

I think that is all right. If we show the same interest in the water plant that we have shown in the last two weeks.

Mr. Gallagher:

Mr. President: What difference does it make if we adopt it today—it will be up Wednesday. Director Devlin welcomes an opportunity to answer these accusations.

Mr. McArdle:

Mr. President: This resolution asks that the Director report on the condition of the Filtration Plant.

Mr. Leonard:

Mr. President: I only came in to put that in.

And the question recurring on the adoption of the resolution, the motion prevailed.

The Chair presented

No. 3450.

Pittsburgh, Pa.,
September 2, 1949.

Thomas E. Kilgallen:

President City Council,
510 City-County Bldg.

Stories and photographs in the Sun-Telegraph reveal shocking conditions at City Filtration Plant that require immediate remedial action.

I urge you to call meeting of City Council Tuesday, September 6 to investigate this matter. Suggest you require attendance of Director Devlin, Kennon, Drake, Miss Murphy and other employees of plant having knowledge of state of disrepair of plant. Insist that meeting be open to press and public.

Edward J. Leonard,
Member of Council.

Which was read, received and filed.

Mr. McArdle:

Mr. President: I rise to answer a statement made by our great Director of Public Health, since Council adjourned last. Director I. Hopeless Alexander stated in the public press that I wanted to impede the progress of the Health Department and wanted to put people in there who were not qualified registered nurses. Doctor I. Hopeless Alexander knows better than that. Never once did I say that any person who was not a registered nurse or that a registered nurse in the department should be substituted by other than a registered nurse. I said and I say now, that the nurses in the advancement of that Department should be given to citizens of the City of Pittsburgh and they should not go all over the Country soliciting people to take these jobs when you have people with seventeen to twenty years of experience in our Health Department. I say that in any job that is required by the City of Pittsburgh that there is some body in the City of Pittsburgh well qualified to do that job. I have proven to him that that can be done, but unfortunately we have a Director in name only. Each and every member of this Council knows that up until a year before last he had no more idea what the requirements of the hospitals were than my two little babies. He was sent out of the room on two or three different occasions to look up the price of food. He was the one man, when we

were making up the budget for 1949 that did not know that the cost of food and the cost of meats were increasing.

Which motion prevailed.

Mr. Duff moved

That the committee meetings, commencing with the Committee on Finance, be held on Wednesday, Sep-

tember 14, 1949, at 1:00 o'clock, p. m., Eastern Standard Time.

Mr. Weir moved

That the Minutes of Council of Monday, August 29, 1949, be approved.

Which motion prevailed.

And upon motion of Mr. Weir

Council adjourned.

The Chair presented

No. 3522.

URBAN REDEVELOPMENT AUTHORITY
of Pittsburgh

September 26, 1949.

President and Members,
City Council of Pittsburgh
Gentlemen:—

I have the honor to transmit, on behalf of the Urban Redevelopment Authority of Pittsburgh, a redevelopment-

ment proposal for Project Area 2-A, in Redevelopment Area No. 2, in the Sixteenth Ward of Pittsburgh.

The procedures outlined in the Redevelopment Law of 1945 have been fully complied with. The area has been certified to this Authority by the City Planning Commission as one subject to redevelopment under the terms of the Act. The Redevelopment Plan and proposed Redevelopment Contract have been submitted to the Planning Commission for review, and have been approved by that body with a minor amendment, which amendment has been incorporated into the proposal now before you.

It now becomes Council's function, under the terms of the law, to consider the redevelopment proposal and to provide for a public hearing upon it. If your final verdict is favorable, the Authority will then proceed to execute the redevelopment contract, and the work of land acquisition and construction will begin.

I am sure that the Council will agree with the Authority that the industrial expansion which this proposal makes possible is of enormous benefit to Pittsburgh. It guarantees, in effect, that the Jones and Laughlin Steel Corporation will maintain and expand its Pittsburgh works, which are a major agency in providing employment in this City. The redevelopment mechanism makes it possible to secure such expansion.

The Authority believes that the proposal includes many improvements in industrial planning, such as off-street parking, changes in street pattern, elimination of grade crossings, and smoke and metallurgical dust control that are also of community importance.

The Authority staff has discussed this project thoroughly with the United Steel Workers of America, representing the employees of the redeveloper, and that organization is on record in support of the redevelopment proposal. Many property owners in the area have indicated their desire to cooperate, and their wish for the Authority to proceed.

We trust that the Council will examine the proposal with the full

measure of consideration that it gives to all important matters before it. We hope that your deliberations will convince you, as those of the Authority have convinced its membership, that the proposal is clearly in the public interest.

Very truly yours,

David L. Lawrence,
Chairman.

No. 3523.

Whereas, the Council of the City of Pittsburgh has received for its approval from the Urban Redevelopment Authority of Pittsburgh a proposal for the redevelopment of the Project Area 2-A in Redevelopment Area No. 2 in the Sixteenth Ward of Pittsburgh for industrial purposes; and,

Whereas, the Urban Redevelopment Law, Act of May 24, 1945, P. L. 991, as amended, requires that a public hearing be held on said proposal and that notice of said hearing be given by public advertisement.

Now, Therefore, be it Resolved and it is hereby resolved:

Section 1. That a public hearing be held in the Council Chambers of the City of Pittsburgh, City-County Building, Pittsburgh, Pennsylvania on November 10, 1949, at 2 o'clock P. M. for the purpose of affording an opportunity to all persons or agencies interested to be heard and for Council to receive, make known, and consider recommendations in writing with reference to the redevelopment proposal.

Section 2. That the City Clerk is hereby authorized to advertise said hearing in accordance with provisions of the Urban Redevelopment Law.

CITY OF PITTSBURGH

CERTIFICATE OF EMERGENCY

Whereas, Article XIV, Section 13 of the Act of March 7, 1901, P. L. 20, as amended by the Act of May 31, 1911, P. L. 461, provides that all appropriations shall be made annually by general ordinance except in cases of emergency when special appropriations may be made to meet the same; and

Whereas, the City of Pittsburgh proposes to create a new position of Assistant Virologist at a salary of \$3,049.00 per year; and

Whereas, The Director of the Department of Public Health, by letters dated August 25, 1949, addressed to the Mayor and the City Controller, has stated that the Institute of Pathology of the West Penn Hospital will be unable to continue the examination of animal tissues, in the search for rabies, beyond September 1, 1949; that it is necessary that the Department of Public Health employ a person qualified to make such examinations, because the West Penn Hospital is the only institution in Western Pennsylvania equipped to furnish this service; and

Whereas, such appears as good and sufficient reason to impel the certification of an emergency under the circumstances;

Now, Therefore, we DAVID L. LAWRENCE, Mayor of the City of Pittsburgh, and EDWARD R. FREY, Controller of the City of Pittsburgh, do hereby certify to Council the existence of an emergency requiring the creation of the position of "Assistant Virologist at a salary of \$3,049.00 per year."

DAVID L. LAWRENCE,
Mayor.

EDWARD R. FREY,
Controller.

Dated: Sept. 19, 1949.
